

Your Cigna 90 Now pharmacy benefits.

Five things to remember so you can make the most of your health plan.

1. Use the myCigna® App or myCigna.com.

24/7 access to all you need to know about your coverage.

- Manage, track, order and pay for your home delivery prescription orders online
- Find out how much your medication costs
- See which medications your plan covers
- Find an in-network pharmacy
- Ask a pharmacist a question
- See your pharmacy claims and coverage details

2. Compare your medication costs online.

Prescription prices can vary by pharmacy. Log in to the [myCigna App](#) or [myCigna.com](#) and click on “Price a Medication” to find out how much your medication may cost at the different retail pharmacies in your plan’s network and through Express Scripts® Pharmacy, our home delivery pharmacy. You can also see if there are lower-cost alternatives available!

3. Choose a generic and save money.

Generic medications work in the same way and provide the same clinical benefit as their brand-name versions. They have the same active ingredients, strength, dosage form, effectiveness, quality and safety – and they typically cost 85% less.² Just because generics cost less than brands, it doesn’t mean they’re lower-quality medications.

4. Make life easier. Get a 90-day supply.

- **Fill less often and stay healthy.** With a 90-day supply on hand, you’re less likely to miss a dose.^{3,4,6}
- **Choose your pharmacy:** Use select in-network retail pharmacies or Express Scripts® Pharmacy, our home delivery pharmacy.
- Log into the [myCigna® App](#) or [myCigna.com](#), or go to [Cigna.com/Rx90network](#), to learn more.

Home delivery is a convenient option when you’re taking a medication on a regular basis. Log in to the [myCigna® App](#) or [myCigna.com](#) to easily move your prescription electronically from a retail pharmacy to Express Scripts® Pharmacy.
