## CASE MANAGEMENT REFERRAL FORM

If your patient with CIGNA-administered medical coverage is suddenly faced with a complex medical condition, our case management team can help.

CIGNA's case management teams have trained health care specialists with the skills, experience and compassion to assist you and your patient in accessing necessary medical or mental health services. Supported by CIGNA's staff of board certified physicians, our case managers work closely with your patient, his or her family, and other health care professionals to coordinate access to care, explore service and funding source alternatives, monitor progress to established goals (set forth by you and the patient), assist with coordinating discharge planning and follow-up, and help ensure the patient's benefits are used effectively.

If you think a CIGNA case manager could help your patient, please complete and submit this form to:
