Information about this drug list

Frequently Asked Questions (FAQs)

Understanding your prescription medication coverage can be confusing. Here are answers to some commonly asked questions.

Q. How often is the drug list updated? How do I know if my medication coverage changed?

A. We regularly review and update your plan's drug list to make sure you're getting coverage for low-cost, safe, clinically effective medications. We make changes for many reasons – like when new medications become available or are no longer available, or when medication prices change. These changes may include:

- **Moving a medication to a lower cost tier.**
This can happen at any time during the year.
- **Moving a brand medication to a higher cost tier when a generic becomes available.**
This can happen at any time during the year.
- **Moving a medication to a higher cost tier and/or no longer covering a medication.**
This typically happens twice a year on January 1st and July 1st.
- **Adding extra coverage requirements to a medication.**

When we make a change that affects the coverage of a medication you're taking, we let you know before it happens. This way, you have time to talk with your doctor about your options. Only you and your doctor can decide what's best for your treatment.

Q. Why doesn't my plan cover certain medications?

A. To help lower your overall health care costs, your plan doesn't cover certain high-cost brand-name medications that have lower-cost alternatives. That's because these lower-cost options work the same as, or similar to, the non-covered medication. If you're taking a medication that isn't covered and your doctor feels a different medication isn't right for you, he or she can ask Cigna Healthcare to consider approving your medication through the coverage review process.

There are also certain medications and products that can't be covered by your plan for any reason because they're considered to be a "plan or benefit exclusion." This means the medication or product isn't on your plan's drug list, and there's no option to ask Cigna Healthcare to consider approving it through the coverage review process. For example, your plan doesn't cover, or "excludes," medications that aren't approved by the U.S. Food and Drug Administration (FDA).

Q. How do you decide which medications to cover?

A. The Cigna Healthcare Prescription Drug List is developed with the help of the Cigna Healthcare Pharmacy and Therapeutics (P&T) Committee, which is a group of practicing doctors and pharmacists, most of whom work outside of Cigna Healthcare. The group meets regularly to review medical evidence and information provided by federal agencies, drug manufacturers, medical professional associations, national organizations and peer-reviewed journals about the safety and effectiveness of medications that are newly approved by the FDA and medications already on the market. The Cigna Healthcare Health Plan Commercial Value Assessment Committee (HVAC) then looks at the results of the P&T Committee's clinical review, as well as the medication's overall value and other factors before adding it to, or removing it from, the drug list.

Q. Why do certain medications need approval before my plan will cover them?

A. The review process helps to make sure you're receiving coverage for the right medication, at the right cost, in the right amount and for the right situation.

Information about this drug list

Frequently Asked Questions (FAQs) *(cont.)*

Q. How do I know if I'm taking a medication that needs approval?

A. Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to learn more about how your plan covers your medications. If your medication has a **PA** or **ST** next to it, your medication needs approval before your plan will cover it. If it has a **QL** next to it, you may need approval depending on the amount you're filling. If it has **AGE** next to it, you may need approval depending on the covered age range for the medication.

Q. What types of medications typically need approval?

A. Medications that:

- May be unsafe when combined with other medications
- Have lower-cost, equally effective alternatives available
- Should only be used for certain health conditions
- Are often misused or abused

Q. What types of medications typically have quantity limits?

A. Medications that are often:

- Taken in amounts larger than (or for longer than) may be appropriate
- Misused or abused

Q. What types of medications require Step Therapy?

A. High-cost medications that are used to treat many conditions, such as:

- ADD/ADHD
- Allergies
- Bladder problems
- Breathing problems
- Depression
- High blood pressure
- High cholesterol
- Osteoporosis
- Pain
- Skin conditions
- Sleep disorders

Q. Why does my medication have an age requirement?

A. The FDA considers certain medication to only be clinically appropriate for people of a certain age or within a certain age range.

Q. How do I get approval (prior authorization) for my medication?

A. Ask your doctor's office to contact Cigna Healthcare to start the coverage review process. They know how the review process works and will take care of everything for you. In case the office asks, they can download a request form from the Cigna Healthcare provider portal at **cignaforhcp.com**.

Cigna Healthcare will review information your doctor sends us to make sure your medication meets coverage requirements. We'll send you and your doctor a letter with the decision and next steps. It can take 1-5 business days to hear from us. You can always check with your doctor's office to find out if a decision's been made. You can also log in to the **myCigna App** or **myCigna.com** to check the status of your approval.

If your medication isn't approved, your doctor can send us more information to review, using the same process as before. We're happy to review the request again. Depending on what your doctor sends this time, we may be able to approve coverage. Or, you and your doctor can appeal the decision by sending Cigna Healthcare a written request explaining why the medication should be covered.

- **For non-urgent requests**, Cigna Healthcare will let you and your doctor know within 72 hours of the decision. If approved, coverage will be provided until the prescription runs out (including refills).
- **For urgent requests based on exigent circumstances**, Cigna Healthcare will let you and your doctor know within 24 hours of the decision. If approved, coverage will be provided for the duration of the exigency. If Cigna

Healthcare doesn't respond to a completed prior authorization exception request within 72 hours of receiving a non-urgent request and 24 hours of receiving a request based on exigent circumstances, the request will be considered approved and your plan can't deny coverage of the medication. Also, if you've already received approval from Cigna Healthcare for your plan to cover your medication, Cigna Healthcare can't limit or exclude coverage for that medication if your doctor continues to prescribe it to treat your condition (as long as the medication is appropriately prescribed and is safe and effective in treating your condition).

Q. My plan doesn't cover my medication. I need to take it because it's medically necessary for my treatment. How do I get approval (prior authorization) for my medication?

A. If your doctor feels that your medication is necessary for your treatment and an alternative isn't right for you, he or she can ask Cigna Healthcare to consider approving coverage of your medication. Ask your doctor's office to contact Cigna Healthcare to start the coverage review process. They know how the review process works and will take care of everything for you. In case the office asks, they can download a request form from the Cigna Healthcare provider portal at cignaforhcp.com.

Cigna Healthcare will review information your doctor sends us to make sure your medication meets coverage requirements. We'll send you and your doctor a letter with the decision and next steps. time, we may be able to approve coverage. Or, you and your doctor can appeal the decision by sending Cigna Healthcare a written request explaining why the medication should be covered.

- **For non-urgent requests**, Cigna Healthcare will let you and your doctor know within 72 hours of the decision. If approved, coverage will be provided until the prescription runs out (including refills).
- **For urgent requests based on exigent circumstances**, Cigna Healthcare will let you and your doctor know within 24 hours of the decision. If approved, coverage will be provided for the duration of the exigency. **It's important to know that when medications are approved, it's typically for one year of coverage.** If your medication is approved for less time, it's because there's a clinical reason based on Cigna Healthcare coverage requirements for the medication and/or the reviewing doctor.

Q. My medication was just taken off the drug list. My doctor still wants me to take it. What do I have to do to get it covered?

A. You don't need to do anything. If your doctor continues to prescribe the medication, we'll continue to cover it. If your medication already requires prior authorization, your doctor just has to continue to request (and receive) approval from Cigna Healthcare for the medication to be covered.

Q. My medication is part of the Step Therapy program. I don't want to try an alternative. How do I get approval (prior authorization) for my medication?

A. If you and your doctor feel an alternative medication won't work for you, your doctor can ask Cigna Healthcare to consider approving coverage of your current medication. Ask your doctor's office to contact Cigna Healthcare to start the coverage review process. They know how the review process works and will take care of everything for you. In case the office asks, they can download a request

Your Step Therapy rights under California State law:

- I. A carrier may impose prior authorization requirements on prescription drug benefits.
2. When there is more than one drug that is appropriate for the treatment of a medical condition, a carrier may require step therapy.
 - a. In circumstances where an insured is changing policies, the new policy shall not require a repeat of step therapy when that insured is already being treated for a medical condition by a prescription drug provided that the drug is appropriately prescribed and is considered safe and effective. A new policy can impose a prior authorization requirement for the continued coverage of a prescription drug prescribed pursuant to step therapy imposed by the former policy. A new policy must also allow a prescribing provider to prescribe another drug covered by the new policy that is medically appropriate for the insured.
3. A carrier shall provide coverage for the medically necessary dosage and quantity of the drug prescribed for the treatment of a medical condition consistent with professionally recognized standards of practice.

Q. What happens if I try to fill a prescription that needs approval but I don't get approval ahead of time?

A. When your pharmacist tries to fill your prescription, he or she will see that the medication needs preapproval from Cigna Healthcare. Because you didn't get approval ahead of time, your plan won't cover the cost of your medication. You should ask your doctor to contact Cigna Healthcare to start the coverage review process. Or, you can choose to pay the medication's full cost out-of-pocket directly to the pharmacy (the cost can't be applied to your annual deductible or out-of-pocket maximum).

Q. What happens if I try to fill a prescription that has a quantity limit?

A. Your pharmacist will only fill the amount your plan covers. If you want to fill more than what's allowed, your doctor's office will have to contact Cigna Healthcare and ask us to approve a larger amount.

Information about this drug list

Frequently Asked Questions (FAQs) *(cont.)*

Q. Are all of the medications on this drug list approved by the FDA?

A. Yes.

Q. Does my plan cover medications that the FDA recently approved?

A. We review all recently approved medications and products to see if they should be covered – and if so, at what cost-share (tier). It can take up to six months from the date the FDA approved them to make a decision. These include, but are not limited to, medications, medical supplies and/or devices covered under standard pharmacy benefits. If your doctor wants you to use a recently approved medication, he or she can ask Cigna Healthcare to consider approving it through the coverage review process.

Q. Which medications are covered under the health care reform law?

A. The Patient Protection and Affordable Care Act (PPACA), commonly referred to as “health care reform,” was signed into law on March 23, 2010. Under this law, certain preventive medications (including some over-the-counter products) may be available to you at no cost-share (\$0), depending on your plan. Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to learn more about how your plan covers preventive medications. You can also view the PPACA No Cost-Share Preventive Medications drug list at **Cigna.com/PDL**. For more information about health care reform, go to **informedonreform.com** or **CignaHealthcare.com**.

Q. What are preventive medications?

A. Preventive medications are used to keep certain conditions from developing or from coming back. These conditions include, but are not limited to asthma, depression, diabetes, heart attack, high blood pressure, high cholesterol, osteoporosis, prenatal nutrient deficiency and stroke.

Q. I see several medications on this drug list that can be used to treat my condition. Will my doctor write me a prescription for all of them?

A. No. Just because a medication is listed on your plan’s drug list doesn’t mean your doctor will write you a prescription for it. Your doctor will work with you to find the medication he or she feels is best for your specific treatment.

Q. How can I find out how much I’ll pay for a specific medication?

A. When you and your doctor are considering the right medication for your treatment, knowing how much it costs, what lower-cost alternatives are available and which pharmacies offer the best prices can help you avoid surprises. Log in to the **myCigna App** or **myCigna.com** and use the Price a Medication tool to see how much your medication costs before you get to the pharmacy counter – or, even before you leave your doctor’s office.²

Q. What’s a cost-share?

A. It’s the amount you pay out of your own pocket for a covered prescription and/or an eligible health care or related service. For some plans, the cost-share is a copay; for other plans, it’s a coinsurance.

Q. How can I save money on my prescription medications?

A. Consider using a medication that’s covered on a lower tier (such as a generic or preferred brand medication) or by filling a 90-day supply (if your plan allows). You should talk with your doctor to see if one of these options may work for you.

Q. What’s a generic medication?

A. A generic medication is the same as its brand-name version in safety, effectiveness, quality, strength and dosage, as well as in the way it’s taken and used.³ Brand-name medications are protected by patents. Patents keep other manufacturers from selling generic versions of the brand-name medication. Once a patent ends, other companies can make and sell a generic version of the brand-name medication. Generics are typically sold under their chemical or scientific name, instead of the manufacturer’s patented brand name.

Information about this drug list

Frequently Asked Questions (FAQs) *(cont.)*

Q. Do generics work the same as brand-name medications?

A. Yes. A generic medication works in the same way and provides the same clinical benefit as its brand-name version.

Q. What are the differences between generic and brand-name medications?

A. The medications may look different. For example, generics may have a different shape, size or color than their brand-name versions. They may also have a different flavor, have different preservatives, come in different packaging and/or with different labeling and may expire at different times. Generics may look different than their brand-name versions, but they're just as safe and effective.

Generics typically cost much less than brand-name medications – in some cases, up to 85% less. Just because generics cost less, it doesn't mean they're lower quality.

Q. Can I fill my prescription at any pharmacy in my network?

A. It depends. Some plans only allow fills at certain in-network pharmacies or through home delivery. Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to learn more about the pharmacies in your plan's network.

Q. How do I know which pharmacies are in my plan's network?

A. There are thousands of retail pharmacies in your plan's network. They include local pharmacies, grocery stores, retail chains and wholesale warehouse stores – all places where you may already shop. And some stores are open 24-hours. To find an in-network pharmacy near you, log in to the **myCigna App** or **myCigna.com**. Then click on the Prescriptions tab and choose "Find a Pharmacy" from the dropdown menu.

Q. My pharmacy isn't in my plan's network. Can I continue to fill my prescriptions there?

A. To get the most from your plan coverage, you should use an in-network pharmacy. If your plan offers out-of-network coverage, you'll pay your out-of-network cost-share to fill a prescription there.

Q. Do I have to use home delivery to fill my prescription?

A. It depends on your plan. Some plans require you to fill maintenance medications through Express Scripts® Pharmacy and/or specialty medications through Accredo® specialty pharmacy for them to be covered.⁴ Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to find out what your plan requires.

Q. Can I fill my prescriptions by mail?

A. Yes, as long as your plan offers home delivery.

Express Scripts® Pharmacy for maintenance medications

Express Scripts® Pharmacy is a convenient option when you're taking a medication on a regular basis to treat an ongoing health condition. It's simple and safe, and saves you trips to the pharmacy. To learn more, go to **Cigna.com/homedelivery**.

- Easily order, manage, track and pay for your medications on your phone or online
- Standard shipping at no extra cost⁵
- Automatic refills or refill reminders
- Fill up to a 90-day supply at one time⁶
- Helpful pharmacists available 24/7
- Flexible payment options

Here are three easy ways to get started.

- 1. Log in to the myCigna App or myCigna.com to move your prescription electronically.** Click on the Prescriptions tab and select My Medications from the dropdown menu. Then click the button next to your medication name to move your prescription(s). Or,

Frequently Asked Questions (FAQs) *(cont.)*

- 2. Call your doctor's office.** Ask them to send a 90-day prescription (with refills) electronically to Express Scripts® Home Delivery. Or,
- 3. Call Express Scripts® Pharmacy at 800.835.3784.** They'll contact your doctor's office to help transfer your prescription. Have your Cigna Healthcare ID card, doctor's contact information and medication name(s) ready when you call.

Accredo for specialty medications

If you're taking a specialty medication to treat a complex medical condition, Accredo's team of specialty trained pharmacists and nurses can help. They'll fill and ship your specialty medication to your home (or location of your choice).⁷ They'll also provide you with the personalized care and support you need to manage your therapy – at no extra cost.

- 24/7 access to specialty-trained pharmacists and nurses
- Personalized care services such as training on how to administer your medication
- Help you find ways to pay for your medications
- Fast shipping at no extra cost
- Easy refills and free reminders
- Easily manage your medications online and track your orders

To get started using Accredo, call 877.826.7657, Monday–Friday, 7:00 am–10:00 pm CST and Saturdays, 7:00 am–4:00 pm CST. To learn more about Accredo, go to [Cigna.com/specialty](https://www.cigna.com/specialty).

Q. I take a medication every day to treat diabetes. My plan requires me to fill my medication through Express Scripts® Pharmacy. How do I get started?

A. Some plans allow one or more fills at a retail pharmacy before switching to home delivery. Check your plan materials to find out if your plan allows retail fills. Here are three easy ways to get started.

- 1. Log in to the myCigna App or myCigna.com to move your prescription electronically.** Click on the Prescriptions tab and select My Medications

from the dropdown menu. Then click the button next to your medication name to move your prescription(s). Or,

- 2. Call your doctor's office.** Ask them to send a 90-day prescription (with refills) electronically to Express Scripts® Home Delivery. Or,
- 3. Call Express Scripts® Pharmacy at 800.835.3784.** They'll contact your doctor's office to help transfer your prescription. Have your Cigna Healthcare ID card, doctor's contact information and medication name(s) ready when you call.

Q. I take a specialty medication to treat my multiple sclerosis. My plan requires me to fill my medication through Accredo. How do I get started?

A. Some plans allow one or more fills at a retail pharmacy before switching to Accredo. Check your plan materials to find out if your plan allows retail fills.

To get started using Accredo, call 877.826.7657, Monday–Friday, 7:00 am–10:00 pm CST and Saturdays, 7:00 am–4:00 pm CST. Be sure to call Accredo about two weeks before your next refill so they have time to get a new prescription from your doctor's office.

Q. I take a specialty medication that can only be filled at certain pharmacies in the United States. How do I fill my prescription?

A. Talk with your doctor. He or she should be able to tell you which in-network pharmacies can fill your prescription. Once you find a pharmacy, ask your doctor to send them your prescription.

You may also be able to use Accredo, to fill your prescription. Accredo has access to most specialty medications. Call 877.826.7657 for more information. Representatives are available Monday–Friday, 7:00 am–10:00 pm CST and on Saturdays, 7:00 am–4:00 pm CST.

Information about this drug list

Frequently Asked Questions (FAQs) *(cont.)*

Q. How do I fill my prescription?

A. First, you'll need to get a prescription from your doctor. Then, your doctor can either:

- 1. Send it electronically** to the in-network pharmacy of your choice or to Express Scripts® Pharmacy.
- 2. Give you a paper prescription.** You can bring it to the in-network pharmacy of your choice or mail it to Express Scripts® Pharmacy.

Q. How can I get help with my specialty medication?

A. Managing a complex condition isn't easy. As part of your pharmacy benefits, you have access to Accredo. Accredo's team of specialty-trained pharmacists and nurses will provide you with the personalized care and support you need to manage your complex medical condition. They'll help you work through side effects, check in with you and your doctor to see how your therapy's going, help you get your medications approved for coverage, and more.

Go to [Cigna.com/specialty](https://www.cigna.com/specialty) to learn more about Accredo or call 877.826.7657, Monday–Friday, 7:00 am–10:00 pm CST and Saturdays, 7:00 am–4:00 pm CST.

Q. Where can I find more information about my pharmacy benefits?

A. You can use the online tools and resources on the **myCigna App** or **myCigna.com** to help you better understand your pharmacy coverage. You can find out how much your medication costs, see which medications your plan covers, find an in-network pharmacy, ask a pharmacist a question, see your pharmacy claims and coverage details and more. You can also manage your Express Scripts® Pharmacy orders.

Q. How can I find out my cost-share for each tier of the drug list?

A. Covered medications are divided into tiers (or cost-share levels). Typically, the higher the tier, the higher the price you'll pay to fill the prescription. Here are three places you can go to find out how much

you'll pay for your medication based on the tier it's listed in, including the maximum cost-share amount allowed:

- 1. Check your Cigna Healthcare ID card.** It lists your cost-share for Tier 1, Tier 2, Tier 3 and Tier 4 medications.
- 2. Log in to the myCigna App or myCigna.com to view your pharmacy coverage information.** You can also use the Price a Medication tool to find out how much your medication may cost you at the different pharmacies in your plan's network.
- 3. Check your Summary of Benefits** coverage document.

Q. What's the difference between medications covered under the pharmacy benefit and medical benefit?

A. Some medications are covered under the pharmacy benefit, some are covered under the medical benefit, and others are covered under both benefits. Typically, medications that are injected or infused are covered under the medical benefit. These are given to you at a doctor's office, an infusion center or at home. Typically, medications that you take yourself and can be filled at a retail pharmacy or through home delivery are covered under the pharmacy benefit. Check your medical summary of benefits coverage to learn more about how your plan covers these medications.

Q. I take an oral cancer medication. How much will it cost me to fill?

A. On January 1, 2015, California passed a bill limiting the cost-share for oral chemotherapy medications. This means that if you have both your medical and pharmacy benefits through Cigna Healthcare, here's how certain oral cancer medications are covered:

- **For copay plans:** These medications will be covered at 100%, or no cost-share (\$0) to you.

Information about this drug list

Frequently Asked Questions (FAQs) *(cont.)*

- **For high deductible health plans (HDHPs) that include a Health Savings Account (HSA) or qualified HDHPs:** You'll pay your plan deductible first. After that, these medications will be covered at 100%, or no cost-share (\$0) to you. This is because of a federal HSA requirement.
- **For plans with a combined deductible [including Health Reimbursements Accounts (HRAs) with a combined deductible]:** You'll pay your plan deductible first. After that, these medications will be covered at 100%, or no cost-share (\$0) to you.
- **For plans with a split deductible [including Health Reimbursements Accounts (HRAs) with a split deductible]:** These medications will be covered at 100%, or no cost-share (\$0) to you.
- **Oral fertility medications:** Covered at their applicable tier cost-share. For some plans, injectable fertility medications are covered under the medical benefit.
- **Generic preventive care medications:** Covered at 100%, or no cost-share (\$0) to you before you meet your deductible. You'll pay your deductible and applicable cost-share to fill a preferred brand and/or non-preferred brand preventive care medication.
- **Diabetic supplies:** Covered at their applicable cost-share.
- **Growth Hormones:** Need approval from Cigna Healthcare before your plan will cover them (prior authorization). If you receive approval for coverage, you'll pay your applicable tier cost-share to fill the medication.

Q. How are medications, devices and FDA-approved diabetic, contraceptive and federally-mandated products covered under the pharmacy benefit?

A. Here is how these products are covered under the pharmacy benefit:

- **Preventive care medications and products covered under the Patient Protection and Affordable Care Act (PPACA), also known as "health care reform:"**
 - **Contraceptives:** Covered at 100%, or no cost-share (\$0) to you. Certain prescription contraceptives are available at their applicable cost-share.
 - **Tobacco cessation products:** Up to two (2) 90-day courses of treatment per plan year are covered at 100%, or no cost-share (\$0) to you. Certain prescription tobacco cessation products are available at their applicable cost-share.
 - **Certain vitamins:** Covered at 100%, or no cost-share (\$0) to you. All other prescription vitamins are available at their applicable cost-share and deductible (if applicable).
- **Certain over-the-counter (OTC) products:** If you have a prescription from your doctor, these are covered at 100%, or no cost-share (\$0) to you. All other OTC products are excluded from coverage.
- **Compounded medications:** If the medication is more than \$200, you'll need approval from Cigna Healthcare before your plan will cover them (prior authorization). coverage, you'll pay your applicable tier cost-share to fill the medication.
- **Vaccines:** Vaccines are now covered under the pharmacy benefit. Not all plans cover vaccines in the same way. Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to find out how your specific plan covers them.

Words you may need to know

- **Brand name drug:** A drug that is marketed under a proprietary, trademark-protected name. The brand name drug shall be listed in all CAPITAL letters.
- **Coinsurance:** A percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.
- **Copayment:** A fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

Information about this drug list

Words you may need to know *(cont.)*

- **Deductible:** The amount an enrollee pays for covered health care benefits before the enrollee's health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.
- **Drug tier:** A group of prescription drugs that corresponds to a specified cost sharing tier in the health plan's prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee's portion of the cost for the drug.
- **Enrollee:** A person enrolled in a health plan who is entitled to receive services from the plan.
- **Exception request:** A request for coverage of a prescription drug. If an enrollee, his or her designee, or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee's condition.
- **Exigent circumstances:** When an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function, or when an enrollee is undergoing a current course of treatment using a nonformulary drug.
- **Formulary:** The complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.
- **Generic drug:** The same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.
- **Non-formulary drug:** A prescription drug that is not listed on the health plan's formulary.
- **Out-of-pocket costs:** Copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.
- **Prescribing provider:** A health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.
- **Prescription:** An oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.
- **Prescription drug:** A drug that is prescribed by the enrollee's prescribing provider and requires a prescription under applicable law.
- **Prior Authorization:** A health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.
- **Step Therapy:** A process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee's medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee's prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.
- **Subscriber:** The person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan. status, except for family dependency, is the basis for eligibility for membership in the plan.

Information about this drug list

About this drug list

This is a list of the most commonly prescribed medications covered on the Cigna Healthcare Standard 4-Tier Prescription Drug List as of July 1, 2024. Medications are listed alphabetically by their generic and brand names within their therapeutic category and class.

The drug list is updated often so it isn't a full list of the medications your plan covers. Also, your specific plan may not cover all of these medications. Log in to the **myCigna App** or **myCigna.com**, or check your plan materials, to see all of the medications your plan covers.

How to read this drug list

Medications are listed alphabetically by their generic and brand names within their therapeutic category and class.* You can also find your medication using the index at the end of this drug list.

- The generic version of a brand-name medication is listed in parentheses and in **bold, lowercase italicized** letters next to the brand-name medication.
- If a generic equivalent for a brand-name medication is both available and covered, the generic will be listed separately from the brand-name medication in **bold, lowercase italicized** letters.
- If a generic equivalent for a brand-name medication isn't available on the market or isn't covered, the medication won't be listed separately by its generic version.
- If a generic medication is marketed under a proprietary, trademark-protected brand name, the brand-name medication will be listed in CAPITAL letters after the generic version in parentheses and regular typeface with the first letter of each word capitalized. For example: *quinapril hcl* (Accupril).

Tiers

Covered medications are divided into tiers or cost-share levels. Typically, the higher the tier, the higher the price you'll pay to fill the prescription.

• Tier 1 – Typically Generics	(Lowest-cost medication)	\$
• Tier 2 – Typically Preferred Brands	(Medium-cost medication)	\$\$
• Tier 3 – Typically Non-Preferred Brands	(Higher-cost medication)	\$\$\$
• Tier 4 – Specialty Medications	(Highest-cost medication)	\$\$\$\$

* Medications are listed in the therapeutic category and class provided by First Databank.

Letters (acronyms) next to medication names

Certain medications may need approval from Cigna Healthcare before they can be covered.* This extra step helps make sure you're getting the right coverage for the right medication. In this drug list, medications that have extra coverage requirements or limits have **letters (acronyms)** in the Coverage Requirements and Limits column. Here's what they mean.

PA	Prior Authorization – This medication needs approval from Cigna Healthcare before your plan will cover it. Your doctor's office will have to send us information to review to make sure the medication meets coverage requirements.
QL	Quantity Limits – Your plan will only cover a certain amount of this medication at one time. If your doctor wants you to fill more than what's allowed, your doctor's office can ask Cigna Healthcare to approve more.
ST	Step Therapy – Your plan doesn't cover this high-cost medication until you try at least one lower-cost option first (typically a generic or preferred brand) and it didn't work for you. If your doctor feels a different medication isn't right for you, your doctor's office can ask Cigna Healthcare to approve coverage of this medication.
AGE	Age Requirement – Your plan will only cover this medication if you're a certain age or within a certain age range. If you're not within the allowed age range and your doctor wants you to take this medication, your doctor's office can ask Cigna Healthcare to approve coverage.
SP	Specialty Medications are used to treat complex medical conditions. They're typically injected or infused and may need special handling (like refrigeration). Some plans may limit coverage to a 30-day supply and/or require you to use a preferred specialty pharmacy to receive coverage.
HD	Home Delivery Medications – Some plans only cover certain maintenance medications if they're filled through home delivery with Express Scripts® Pharmacy. Depending on your plan, you may be able to get coverage for one, two or three fills at an in-network retail pharmacy before switching to home delivery.
PPACA	No Cost-Share Preventive Medications – Health care reform under the Patient Protection and Affordable Care Act (PPACA) requires plans to cover certain preventive medications and products at 100%, or no cost-share (\$0), to you.
CSL	Oral Cancer Medications Subject to Cost-Share Limits – State law in California limits the cost-share (or amount you pay out-of-pocket) for certain oral chemotherapy medications.

* These coverage requirements may not apply to your specific plan. Log in to the myCigna App or myCigna.com, or check your plan materials, to find out if your plan includes prior authorization, quantity limits, Step Therapy and/or age requirements.

How to read this drug list (cont.)

Use the chart below to help you read this drug list. This chart is just an example. It may not show how these medications are actually covered on the Cigna Healthcare Standard 4-Tier Prescription Drug List.

ANALGESICS (Pain Relief and Inflammatory Disease)		
Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
ANALGESIC, NON-SALICYLATE AND BARBITURATE COMBINAT		
<i>butalbital/acetaminophen</i>	T1	
ANALGESIC, SALICYLATE, BARBITURATE, XANTHINE COMB.		
<i>butalb-aspirin-caffe 50-325-40</i>	T1	QL (6 tabs/day)
<i>butalbital-asa-caffeine cap</i> (Fiorinal)	T1	QL (6 caps/day)
FIORINAL (<i>butalbital-aspirin-caffeine</i>)	T3	QL (6 caps/day)
ANALGESIC, NON-SALICYLATE, BARBITURATE, XANTHINE COMB.		
<i>butalb/acetaminophen/caffeine</i>	T3	
<i>butalb/acetaminophen/caffeine</i> (Esgic)	T3	QL (6 caps/day)
<i>butalb-acetamin-caff 50-300-40</i> (Fioricet)	T1	QL (6 caps/day)
<i>butalb-acetamin-caff 50-325-40</i> (Esgic)	T1	QL (6 tabs/day)
ESGIC 50-325-40 MG TABLET (<i>butalbital-acetaminophen-caffe</i>)	T3	QL (6 tabs/day)
ESGIC CAPSULE (<i>zebutal</i>)	T3	QL (6 caps/day)
FIORICET (<i>phrenilin forte</i>)	T1	QL (6 caps/day)
ANALGESIC/ANTIPYRETICS, SALICYLATES		
<i>choline salicyl/mag salicylate</i>	T1	HD
<i>diflunisal</i>	T1	HD
ANTI-MIGRAINE PREPARATIONS		
AIMOVIG AUTOINJECTOR	T2	PA
AJOVY AUTOINJECTOR	T2	PA
AJOVY SYRINGE	T2	PA
<i>almotriptan malate</i>	T1	QL (12 tabs/30 days)
CAFERGOT (<i>ergotamine-caffeine</i>)	T3	QL (40 tabs/28 days)
<i>dihydroergotamine 1 mg/ml amp</i>	T1	QL (10 amps/30 days)
<i>eletriptan hydrobromide</i>	T1	QL (6 tabs/30 days)
EMGALITY PEN	T2	PA
EMGALITY SYRINGE	T2	PA
<i>ergotamine tartrate/caffeine</i>	T1	
<i>ergotamine tartrate/caffeine</i> (Cafergot)	T1	QL (40 tabs/28 days)

Therapeutic drug category and class describes the condition the medication is used to treat

Coverage requirements and limits lets you know if your plan has extra requirements before it will cover the medication

Drug tier gives you an idea of how much you may pay for a medication

Prescription drug name is the name of the medication

Medications are listed in **alphabetical order** within each column

Brand name medications are in all **CAPITAL** letters

Generic medications are in **lowercase italics**

This chart is just a sample. It may not show how these medications are actually covered on the Cigna Healthcare Standard 4-Tier Prescription Drug List.

Information about this drug list

How to find your medication

First, look for the therapeutic category/class your medication is in using the alphabetical list below. Then, go to that page to see the covered medications available to treat the condition.

Condition	Page	Condition	Page
Analgesics (Pain Relief and Inflammatory Disease)	19-23	Anti-Infectives/Miscellaneous (Infections)	45, 46
Analgesics (Urinary Tract Conditions)	23	Anti-Infectives/Miscellaneous (Miscellaneous)	46, 47
Anesthetics (Miscellaneous)	23	Anti-Infectives/Miscellaneous (Skin Conditions)	47
Anesthetics (Pain Relief and Inflammatory Disease)	24	Anti-Inflammatory Tumor Necrosis Factor Inhibiting Agents (Pain Relief and Inflammatory Disease)	47, 48
Anesthetics (Urinary Tract Conditions)	24	Anti-Neoplastics (Cancer)	48-53
Anti-Allergy (Allergy and Nasal Sprays)	24	Anti-Neoplastics (Skin Conditions)	53, 54
Anti-Arthritics (Pain Relief and Inflammatory Disease)	24-27	Anti-Obesity Drugs (Weight Management)	54
Anti-Asthmatics (Asthma/COPD/Respiratory)	27-29	Anti-Parasitics (Infections)	55
Antibiotics (Allergy/Nasal Sprays)	29	Anti-Parkinson's Drugs (Parkinson's Disease)	55-57

Exclusions and limitations for coverage

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and be medically necessary. If your plan provides coverage for certain preventive prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, the prescription may not be covered. Certain drugs may require prior authorization, or be subject to step therapy, quantity limits or other utilization management requirements.

Plans generally do not provide coverage for the following under the pharmacy benefit, except as required by state or federal law, or by the terms of your specific plan:⁹

- Over-the-counter (OTC) medicines (those that do not require a prescription) except insulin unless state or federal law requires coverage of such medicines.
- Prescription medications or supplies for which there is a prescription or OTC therapeutic equivalent or therapeutic alternative.
- Doctor-administered injectable medications covered under the Plan's medical benefit, unless otherwise covered under the Plan's prescription drug list or approved by Cigna Healthcare.
- Implantable contraceptive devices covered under the Plan's medical benefit.
- Medications that are not medically necessary.
- Experimental or investigational medications, including U.S. Food and Drug Administration (FDA)-approved medications used for purposes other than those approved by the FDA unless the medication is recognized for the treatment of the particular indication.
- Medications that are not approved by the FDA.
- Prescription and non-prescription devices, supplies, and appliances other than those supplies specifically listed as covered.
- Medications used for fertility,¹⁰ sexual dysfunction, cosmetic purposes, weight loss, smoking cessation,¹⁰ or athletic enhancement.
- Prescription vitamins (other than prenatal vitamins) or dietary supplements unless state or federal law requires coverage of such products.
- Immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis.
- Replacement of prescription medications and related supplies due to loss or theft.
- Medications which are to be taken by or administered to a covered person while they are a patient in a licensed hospital, skilled nursing facility, rest home or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceuticals.
- Prescriptions more than one year from the date of issue.
- Coverage for prescription medication products for the amount dispensed (days' supply) which is more than the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which is more than the quantity limit(s) or dosage limit(s) set by the P&T Committee.
- More than one prescription order or refill for a given prescription supply period for the same prescription medication product prescribed by one or more doctors and dispensed by one or more pharmacies.
- Prescription medication products dispensed outside the jurisdiction of the United States, except as required for emergency or urgent care treatment.

In addition to the plan's standard pharmacy exclusions, certain new FDA-approved medication products (including, but not limited to, medications, medical supplies or devices that are covered under standard pharmacy benefit plans) may not be covered for the first six months of market availability unless approved by Cigna Healthcare as medically necessary.

Cigna Healthcare reserves the right to make changes to the drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna Healthcare may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna Healthcare. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the U.S. Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

1. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
2. Prices shown on myCigna are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna for more information.
3. U.S. Food and Drug Administration (FDA) website, "Generic Drugs: Questions and Answers." Last updated 03/16/21. [fda.gov/drugs/questions-answers/generic-drugs-questions-answers](https://www.fda.gov/drugs/questions-answers/generic-drugs-questions-answers).
4. Not all plans offer Express Scripts® Pharmacy and Accredo as covered pharmacy options. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network. Cigna Healthcare maintains an ownership interest in Express Scripts® Pharmacy's home delivery services and Accredo's specialty pharmacy services. However, you have the right to fill prescriptions at any pharmacy in your plan's network. You won't be penalized. Standard shipping costs are included as part of your prescription plan.
5. Standard shipping costs are included as part of your prescription plan.
6. Some medications aren't available in a 90-day supply and may only be packaged in lesser amounts. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
7. As allowable by law. For medications administered by a health care provider, Accredo will ship the medication directly to your doctor's office.
8. **For insured plans that must follow Delaware's state insurance laws:** Brand-name antidepressants, smoking cessation, attention deficit hyperactivity disorder (ADHD) and anti-psychotic medications that don't have a generic equivalent available will be covered as Tier 2 (preferred brand). This is true even if the medication is listed as Tier 3 (non-preferred brand) on your plan's drug list. To find out how your specific plan covers these medications, log in to the myCigna App or myCigna.com, or call Customer Service using the number on your ID card.
9. Costs and complete details of the plan's prescription drug coverage are set forth in the plan documents. If there are any differences between the information provided here and the plan documents, the information in the plan documents takes complete precedence.
10. **For plans that must follow state insurance laws, such as Delaware:** Your plan may provide coverage for infertility medications and smoking cessation medications even if this drug list states that your plan may not cover them. To find out if your specific plan covers these medications, log in to the myCigna App or myCigna.com, or check your plan materials.

Para obtener ayuda en español llame al número en su tarjeta de Cigna Healthcare.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.

All Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)
Complaint forms are available at
<http://www.hhs.gov/ocr/office/file/index.html>.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc. ATTENTION: If you speak languages other than English, language assistance services, free of charge are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711). ATENCIÓN: Si usted habla un idioma que no sea inglés, tiene a su disposición servicios gratuitos de asistencia lingüística. Si es un cliente actual de Cigna, llame al número que figura en el reverso de su tarjeta de identificación. Si no lo es, llame al 1.800.244.6224 (los usuarios de TTY deben llamar al 711).

Proficiency of Language Assistance Services

English – ATTENTION: Language assistance services, free of charge, are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711).
