

00:04 Welcome to Benefit Tips with Dr. T.

00:06 I'm Dr. Grant Tarbox,

00:07 and I'm happy

00:08 to be sharing some helpful information

00:10 about your Medicare Advantage benefits.

00:14 Did you know that your plan may include a Part B

00:16 give back benefit?

00:18 Sounds complicated, but it's not.

00:20 It's just a way to save on your Part B premium.

00:24 The monthly savings are automatic.

00:26 Here's how it works.

00:28 We pay a portion of your

00:30 Part B costs directly to Social Security.

00:33 Social Security

00:34 then deducts that amount from your monthly Part B

00:37 premium bill.

00:39 So you pay less

00:40 and keep more of every Social Security check.

00:44 Sounds good, right?

00:45 Here's a tip.

00:46 It may take up to 90 days

00:48 to start seeing your savings

00:50 due to processing time.

00:51 But don't you worry.

00:52 You'll get a payment

00:53 for every month missed during processing.

00:56 There's nothing

00:57 you need to do to get things rolling.

00:59 Just keep an eye out for the savings

01:01 in your Social Security check,

01:02 and we'll keep on keeping

01:04 you saving all year long.

01:06 Be sure to check out the rest

01:08 of our Benefits video series.

01:09 We'll keep the tips coming so you can keep

01:12 healthy going.
