1. Availability of \$0 preventive care (no cost share) by plan may vary. Includes eligible in-network preventive care services. Some preventive care services may not be covered, including most immunizations for travel. Reference plan documents for a list of covered and non-covered preventive care services.

2. Cigna provides access to dedicated virtual care through a national telehealth provider, MDLIVE located on myCigna, as part of your health plan. Providers are solely responsible for any treatment provided to their patients. Video chat may not be available in all areas or with all providers. This service is separate from your health plan's network and may not be available in all areas. **\$0 virtual care benefit (no cost share) for minor acute medical care is not available for all plans. HSA plans and non-minor acute medical care may apply a copay, coinsurance or deductible. Virtual care does not guarantee that a prescription will be written.** Refer to plan documents for complete description of virtual care services and costs, including other telehealth/telemedicine benefits. For IL customers, a primary care provider referral may be required for specialist virtual visits.

3. Health benefit plans may be different, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and be medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may have to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Look at your plan documents for more information about your plan's prescription drug coverage.

4. Pediatric dental is not available in all states. Some states have stand-alone dental plans with pediatric services. Additionally, some states have a bundled pediatric dental option for off-exchange consumers.

All rewards may be considered taxable income. Contact your personal tax advisor for details. Program participation along with reward redemption is dependent on qualifying premiums being current and fully paid.

6. **Healthy Rewards® programs are NOT insurance.** Rather, these programs give a discount on the cost of certain goods and services. The customer must pay the entire discounted cost. Some Healthy Rewards programs are not available in all states, and programs may be discontinued at any time. Participating providers are solely responsible for their goods and services.

Three things to think about before making your choice.

1. Cost

Choose a plan that meets your budget. Each plan has a variety of costs. These include:

- **Premium.** This is the payment you make each month to keep your coverage.
- **Deductible.** This is the set amount you pay out of pocket for covered medical services before your insurance starts sharing the cost.
- **Coinsurance.** Once you’ve met your annual deductible, you pay for a percentage of covered medical services and your health plan pays the rest.
- **Copays.** This is the fixed amount you pay for doctor visits, prescriptions or other medical services.

Cigna offers a variety of plans, including some with a \$0 deductible or \$0 copays.⁷ When choosing a plan, consider what’s best for your budget and your needs.

Plans are available in three metal levels.

Each is available on the Exchange and pays different amounts of the total cost of an average person’s care. The higher the metal level, the more expenses your plan covers. To learn more, be sure to read the Summary of Benefits and Coverage found on each plan page or visit HealthCare.gov.

⁷ \$0 deductible and \$0 copay are available on select Cigna Individual and Family health care plans. Reference plan documents for more information.

2. Financial assistance

Nearly 9 out of 10 Cigna customers receive federal financial assistance when buying a plan on the Exchange.⁸

- **Premium tax credits** can reduce your monthly payment when you enroll in a Qualified Health Plan (QHP).⁹
- **American Rescue Plan (ARP)** helped nearly 4 out of 10 new customers enroll in a plan for \$10 or less per month after federal financial assistance.¹⁰
- **Cost-sharing reductions** on Silver plans can reduce the amount you pay out of pocket when you get care. Household size and income requirements determine the reduction amount. Cost-sharing reductions may be combined with a premium tax credit.

Native Americans and Alaska Natives may qualify for tax credits and special cost-sharing reductions if specific requirements are met.

3. Care and coverage

The Cigna Connect Network is a **Health Maintenance Organization (HMO)**, which gives you access to local providers selected with cost and quality in mind. To avoid extra expenses, make sure your current doctor is in-network or consider switching to one who is. To find out if your current doctor is in-network, visit Cigna.com/ifp-providers.

In-network

means the doctor or facility meets certain requirements and agrees to accept a discounted rate for services under your plan.

Out-of-network

means the doctor or facility is not contracted with your health plan and can charge you full price for services.

We offer Cigna individual and family health plans in the following South Carolina counties:

9. Federal financial assistance can only be applied to the purchase of a QHP, which is an insurance plan that's certified by the Health Insurance Marketplace[®], provides essential health benefits, follows established limits on cost-sharing (including deductibles, copayments and out-of-pocket maximum amounts) and meets other requirements under the Affordable Care Act (ACA).

Frequently asked questions.

Q Does the plan require a primary care provider (PCP)?
