Our Networks: it’s about quality and savings

Cigna Connect plans.

Cigna’s Connect health insurance plans are designed to provide you with quality care. You have access to personalized care and attention from providers in the Connect Network in your local area. Some of the health care professionals in our network have separately earned the Cigna Care Designation (CCD), recognized for achieving top results on Cigna quality and cost-efficiency measures. Find providers with this designation at Cigna.com/ifp-providers.

How it works

Simply choose your in-network primary care physician (PCP) who will get to know your needs, direct you to specialists when needed, and ensure that your providers are communicating and coordinating your care.
