Cigna Pharmacy Management®

Prescription Drug List Changes

Starting January 1, 2017

Beginning January 1, 2017, the following medications will be considered non-preferred brand or not covered on Cigna's Prescription Drug List.

Some of these non-preferred brand medications also require approval from Cigna before they're covered under your prescription drug plan. You should take a look at your drug list on *myCigna.com* – if your medication has PA (prior authorization), ST (Step Therapy), AGE (age requirement) or QL (quantity limit) listed next to it, then it needs approval.

Cigna Rx Premiere Prescription Drug List

Non-preferred brand medications	Generic and/or preferred brand alternatives
Adderall XR	dextroamphetamine-amphetamine ER
