All, or a part of the subsidy can be used towards your premium. Subsidies are based on certain household size and income requirements.
- **Cost-sharing reductions²** These may lower the amount you pay out-of-pocket when you get medical care like copays or coinsurance. Cost-sharing reduction subsidies/financial assistance are based on certain household size and income requirements and may be available in addition to tax credit subsidies.

- **Cigna Telehealth Connection Partner Service** A Telehealth visit, requested by the insured person and provided by a provider who is participating in the Cigna Telehealth Connection program, by phone or via secure video chat, for minor acute medical conditions such as a cold, flu, sore throat, rash or headache. - **Prior Authorization** Approval from the insurance carrier (Cigna) before a routine hospital stay, outpatient procedure or certain prescription drugs and related supplies.
