INTRODUCTION

This Service Agreement is a legal contract between You as the Subscriber, and Cigna.

Under this Agreement, “We”, “Us”, and “Our” mean Cigna. “You” or “Your” refers to the Subscriber whose application has been accepted by Us under the Agreement issued. When We use the term “Member” in this Agreement, We mean You and any eligible Dependent(s) who are covered under this Agreement.

The benefits of this Agreement are provided only for those services that are Medically Necessary as defined in this Agreement and for which the Member has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Agreement or phone Us at the number shown on Your Cigna identification card if You have any questions regarding whether services are covered.

This Agreement contains many important terms (such as “Medically Necessary” and “Covered Service”) that are defined in the section entitled “Definitions”. Before reading through this Agreement, be sure that You understand the meanings of these words as they pertain to this Agreement.

We provide coverage to You under this Agreement based upon the answers submitted by You and Your Dependent(s) on Your signed individual application. In consideration for the payment of the premiums stated in this Agreement, We will provide the services and benefits listed in this Agreement to You and Your Dependent(s) covered under the Agreement.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE AGREEMENT, WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED, OMITTED OR THAT YOU OR YOUR DEPENDENT (S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. ADDITIONALLY, IF WITHIN 2 YEARS AFTER ADDING ADDITIONAL DEPENDENT(S) (EXCLUDING NEWBORN CHILDREN OF THE INSURED ADDED WITHIN 31 DAYS AFTER BIRTH), WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED, OMITTED OR THAT YOU OR YOUR DEPENDENT(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND COVERAGE FOR THE ADDITIONAL DEPENDENT (S) AS OF THE DATE HE OR SHE ORIGINALLY BECAME EFFECTIVE. **IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR AGREEMENT LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEEDS TOTAL PREMIUM PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PHYSICIAN IN FULL FOR SERVICES RENDERED AT THE PHYSICIAN’S REGULAR BILLED RATE, NOT AT THE CIGNA NEGOTIATED RATE.**

RIGHT TO RETURN CONTRACT

If You are not satisfied, for any reason, with the terms of this Agreement You may return it to Us within 10 days of receipt. We will then cancel Your coverage as of the original Effective Date and promptly refund any premium You have paid. This Agreement will then be null and void.

SERVICE AREA RESTRICTIONS

This Agreement includes a Service Area restriction which requires that all Members receive services in the defined service area. Coverage outside of the defined Service Area is limited to

Emergency Services and Emergency Medical Treatment only. The Service Area for this Plan is anywhere within Maricopa County, AZ.

ROLE OF THE PRIMARY CARE PHYSICIAN

Establishment of the Physician-Patient Relationship

By enrolling, You are choosing to have services and benefits under the “Services and Benefits” Section provided by, or arranged for by, a Primary Care Physician. The Primary Care Physician maintains the physician-patient relationship with Members who select him or her as their Primary Care Physician. The Primary Care Physician is responsible to Cigna for providing and/or coordinating Medical Services and Hospital Services for overall health care needs of such Members.

Choosing a Primary Care Physician

When You enroll as a Member, You must choose a Primary Care Physician (PCP). Each covered Member of Your family also must choose a PCP. If You do not select a PCP, we will assign one for You. If Your PCP leaves the Cigna network, You will be able to choose a new PCP.

Your choice of a Primary Care Physician may affect the specialists and facilities from which You may receive services. Your choice of a specialist may be limited to specialists in Your Primary Care Specialist’s medical group or network, including a Limited network. Therefore, You may not have access to every specialist or Participating Physician in Your Service Area. Before You select a Primary Care Physician, You should check to see if that Primary Care Physician is associated with the specialist or facility You prefer to use. If the Referral is not possible, You should ask the specialist or facility about which Primary Care Physicians can make Referrals to them, and then verify the information with the Primary Care Physician before making Your selection.

Changing Primary Care Physicians

You may voluntarily change Your PCP but not more than once in any calendar month. We reserve the right to determine the number of times during a Plan Year that You will be allowed to change Your PCP. You may request a change from one Primary Care Physician to another by contacting Us at the Customer Service number on Your ID card. Any such change will be effective on the first day of the month following the month in which the processing of the change request is completed. In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify You 30 days in advance, for the purpose of selecting a new Primary Care Physician.

If Your PCP Leaves the Network

If Your Primary Care Physician or In-Network specialist ceases to be a Participating Physician, We will notify You in writing of his or her impending termination at least 30 days in advance of the date the Primary Care Physician leaves the network and provide assistance in selecting a new Primary Care Physician or identifying a new In-Network specialist to continue providing Covered Services. If You are receiving treatment from a Participating Physician at the time his or her Participating Physician agreement is terminated, for reasons other than medical incompetence or professional misconduct, You may be eligible for continued care with that Provider.

Continuity of Care

If Your Primary Care Physician ceases to be a Participating Physician, We will notify You. Under certain medical circumstances, We may continue to reimburse Covered Expenses from Your PCP or a specialist You've been seeing at the Participating Provider benefit level even though he or she is no longer affiliated with Cigna's network.

If You are undergoing an active course of treatment for an acute or chronic condition and continued treatment is Medically Necessary, You may be eligible to receive continuing care from the Non-Participating Provider for not more than 30 days after the date of either Your enrollment or the date Your treating Physician ceased to be a Participating Physician, subject to the treating Provider's agreement.

You may also be eligible to receive continuing care if You are in your second or third trimester of pregnancy. In this case, continued care may be extended through Your delivery and, for services related to the delivery up to 6 weeks after the delivery.

Such continuity of care must be approved in advance by Cigna, and Your doctor must agree to accept Our reimbursement rate and to abide by Cigna's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

You may request continuity of care from Cigna after your Participating Provider's termination from Cigna's network; start by calling the toll-free number on your ID card. Continuity of care must be Medically Necessary and approved in advance by Us. Continuity of care will cease upon the earliest of:

- Successfully transition of Your care to a Participating Provider, or
- Completion of Your treatment; or
- The next open enrollment period; or
- The length of time approved for continuity of care ends.

Referrals to Specialists

You must obtain a Referral from Your Primary Care Physician before visiting any Physician other than Your Primary Care Physician in order for the visit to be covered. The Referral authorizes the specific number of visits that You may make to a Physician within a specified period of time. If You receive treatment from a Physician other than Your Primary Care Physician without a Referral from Your Primary Care Physician, the treatment is not covered, and You will be responsible for paying 100% of the associated cost.

Exceptions to the Referral process:

If You are a female Member, You may visit a qualified Participating Physician for covered obstetrical and gynecological services, as defined in "Covered Services," without a Referral from Your PCP. You do not need a Primary Care Physician Referral for Virtual visits with a CignaTelehealth Connection Physician.

If You are a Member under age 19, You may visit a Network Dentist for Pediatric Dental Benefits or a Physician in Cigna's vision network for Pediatric Vision Benefits without a Referral from Your PCP.

You do not need a Referral from Your PCP for Emergency Services as defined in the "Covered Services and Supplies." In the event of an emergency, get help immediately. Go to the nearest emergency room, the nearest hospital or call or ask someone to call 911 or Your local emergency service, police or fire department for help. You do not need a Referral from Your PCP for Emergency Services, but You do need to call Your PCP as soon as possible for further assistance and advice on follow-up care.

In an emergency, You should seek immediate medical attention and then as soon as possible thereafter You need to call Your PCP for further assistance and advice on follow-up care.

In an Urgent Care situation a Referral is not required but You should, whenever possible, contact Your PCP for direction prior to receiving services

You may also visit a qualified Participating Physician for covered Vision Care Services and Chiropractic Care Services, as defined in "Covered Services and Supplies", without a referral from Your PCP.

Standing Referral to Specialist

You may apply for a standing Referral to a Physician other than Your PCP when all of the following conditions apply:

1. You are a covered Member of the Cigna HMO Plan;
2. You have a disease or condition that is life threatening, degenerative, chronic or disabling;
3. Your PCP in conjunction with a network specialist determines that Your care requires another Physician expertise;
4. Your PCP determines that Your disease or condition will require ongoing medical care for an extended period of time;
5. The standing Referral is made by Your PCP to a network specialist who will be responsible for providing and coordinating Your specialty care; and
6. The network specialist is authorized by Cigna to provide the services under the standing Referral.

We may limit the number of visits and time period for which You may receive a standing Referral. If You receive a standing Referral or any other Referral from Your PCP, that referral remains in effect even if the PCP ceases to be a Participating Physician. If the treating specialist leaves Cigna's network or You cease to be a covered member, the standing Referral expires.

Network Exception

If You receive covered services from a Non-Participating Provider either:

- Because there is no Participating Provider accessible or available that can provide You timely covered services, or
- For any reason We determine it is in Your best interests to receive care from a Non-Participating Provider, then:

Coverage received through the Non-Participating Provider is limited to:

- Covered Services to which You would have been entitled under this Agreement, and
- You will be responsible for only the amount of Non-Participating Provider Covered Expenses that You would have incurred if You received the services from an In-Network Provider.

Application to Enroll or Change Coverage

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Open Enrollment Period must wait until the next Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day Special Enrollment Period during which an eligible person can enroll and a Subscriber can add dependents and change coverage. Cost Share Reduction Contingency

If You purchased Your Policy through a federally-facilitated or state-based marketplace and You satisfy certain income thresholds, You may have been eligible for, and your Policy may include, cost-sharing reductions under federal law. In that case, Your cost-sharing obligation (e.g., copayments, coinsurance or deductible, as applicable) are less than the cost-sharing obligation that would otherwise apply under this Agreement.

Any such cost-share reduction is predicated upon payment by the federal government to Cigna of amounts that are intended to reimburse Cigna for the difference between Your cost-sharing obligation and the cost-sharing obligation that would otherwise apply under this Agreement. In the event that the federal government fails to make such payments or such payments are otherwise determined to be impermissible or unavailable, Your reduced cost-sharing obligation (e.g., copayments, coinsurance or deductible, as applicable) may, upon 30 days' prior written notice, be increased to the amount that would otherwise apply under this Policy. In such a case, Your cost-sharing obligations will continue to be administered in accordance with applicable federal and state laws and regulations.

In the event that Cigna is prohibited, for any reason, from increasing Your cost sharing obligation in accordance with this section, Your premium may be increased upon 60 days prior written notice to reflect the loss of reimbursement to Cigna.

Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna is required for certain Prescription Drugs and Related Supplies, meaning that Your Physician must obtain authorization from Cigna before the Prescription Drug or Related Supply will be covered.

Prior Authorization

When Your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna requires Your Physician to obtain authorization before the prescription or supply can be filled. To obtain Prior Authorization, Your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy

Step Therapy is a type of Prior Authorization. Cigna may require a Member to follow certain steps before covering some Prescription Drugs and Related Supplies, including some higher-cost and Specialty Medications for treatment of conditions including allergies, asthma, diabetes, high cholesterol, mental health and stomach acid reflux. Drugs and Related Supplies, including Specialty Medications, that have been determined to be safe, effective, and more cost effective for most people that have the same condition. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at www.mycigna.com. If Your Physician prescribes a drug for You that is on the Step Therapy list, after You initially fill the Prescription You and Your Physician will receive a letter from Cigna informing You of the Step Therapy Drug You will be required to use when You refill the Prescription. To obtain Step Therapy Authorization, Your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Exceptions for Prescription Drugs and Related Supplies not on the Prescription Drug List

If Your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna's Prescription Drug List, he or she can request that Cigna make an exception and agree to cover that drug or supply for Your condition. Prescription Drug and Related Supply Authorization and Exception Request Process

To obtain an exception, Your Physician may call Cigna, or complete the appropriate form and fax it to Cigna to request an exception. Your Physician can certify in writing that You have previously used a Prescription Drug or Related Supply that is on Cigna's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to Your health or has been ineffective in treating Your condition and, in the opinion of Your Physician, is likely to again be detrimental to Your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna within 72 hours of receipt.

Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request

An expedited review may be requested by Your Physician when You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function or when You are undergoing a current course of treatment using a drug not on Cigna's Prescription Drug List. The expedited review will be reviewed and completed by Cigna within 24 hours of receipt.

If the request is approved, Your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna's pharmacy claim system to allow You to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until You no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When Your Physician advises You that coverage for the Prescription Drugs or Related Supplies has been approved, You should contact the Pharmacy to fill the prescription(s).

If the request is denied, You and Your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

RELATION OF THE AGREEMENT TO OTHER SOURCES OF PAYMENT FOR HEALTH SERVICES

Workers' Compensation

Benefits under this Agreement should not duplicate any benefit which the Member is entitled to receive under workers' compensation law. In the event Cigna renders or pays for health services which are covered by a workers' compensation plan, Cigna shall have a right to receive reimbursement either (1) directly from the entity which provides Member's workers' compensation coverage; or (2) directly from the Member to the extent, if any, that the Member has received payment from such entity, as follows:

1. Where Cigna has directly rendered or arranged for the rendering of services, Cigna shall have the right to reimbursement to the extent of the Prevailing Rates for the care and treatment so rendered.
2. Where Cigna does not render services but pays for those services which are within the scope of the "Services and Benefits" Section of the Agreement, Cigna shall have a right of reimbursement to the extent that Cigna has made payments for the care and treatment so rendered.

In addition, it is the Member's obligation to fully cooperate with any attempts by Cigna to recover such expenses against the Member's employer in the event that coverage is not available as a result of the failure of the employer to take the steps required by law or regulation in connection with such coverage.

Recovery of Excess Benefits

In the event a service or benefit is provided by Cigna which is not required by this Agreement, that service or benefit shall be considered an excess benefit. The payment or provision of an excess benefit may occur due to a claim overpayment or the provision of services to non-Members. Cigna shall have the right to recover to the extent of the excess benefit. If the excess benefit is a service, recovery shall be based upon the Reasonable Cash Value for that service. If the excess benefit is a payment, recovery shall be based upon the actual payment made. Recovery may be sought from any person or entity to, or for, or with respect to whom, such services were provided or such payments were made. This right of recovery shall be Cigna's alone and at its sole discretion. Medicare Benefits

Cigna will pay as the Secondary Plan for an Insured Person who is enrolled in Medicare as permitted by the Social Security Act of 1965 as amended.

Cigna will estimate the amount Medicare would have paid, and pay as secondary to that estimated amount in the following circumstances:

- an Insured Person who is eligible for Part A of Medicare without premium payment, but did not apply, or
- an Insured Person who is eligible for Part B of Medicare but is not enrolled

An Insured Person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for that person.

Right to Receive and Release Information

We, without consent of or notice to You, may release to or obtain from any person or organization or governmental entity any information with respect to the administration of this Section. You shall provide Cigna any information it requests to implement this provision. We, without consent of or notice to You, may obtain information from and release information to any Plan with respect to You in order to coordinate Your benefits pursuant to this section. You shall provide us with any information we request in order to coordinate Your benefits pursuant to this section.

Healthcare Physician Liens

Arizona law (A.R.S. §20-1072) prohibits Participating Physicians from charging You more than the applicable Copayment or other amount You are obligated to pay under this Service Agreement for Covered Services. However, Arizona law (A.R.S. §33-931, et seq.), also entitles certain Participating Physicians to assert a lien for their customary Charges for the care and treatment of an injured person upon any and all claims of liability or indemnity, except health insurance. This means that if You are injured and have a claim against a non-health liability insurer (such as automobile or homeowner insurance) or any other payor source for injuries sustained, a Participating Physician may be entitled to a lien against available proceeds from any such insurer or payor in an amount equal to the difference between: (1) the applicable Member Copayment plus what the Participating Physician has received from Cigna as payment for Covered Services, and (2) the Participating Physician's full billed Charges.
