Introduction

About This Policy

Your medical coverage is provided under a Policy issued by Cigna Health and Life Insurance Company ("Cigna") This Policy is a legal contract between You and Us.

Under this Policy, "We", "Us", and "Our" mean Cigna. "You" or "Your" refers to the Policyholder whose application has been accepted by the Exchange under the Policy issued. When We use the term "Insured Person" in this Policy, We mean You and any eligible Family Member(s) who are covered under this Policy. You and all Family Member(s) covered under this Policy are listed on the Policy specification page.

The benefits of this Policy are provided only for those services that are Medically Necessary as defined in this Policy and for which the Insured Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Policy or phone Us at the number shown on Your Cigna identification card if You have any questions regarding whether services are covered.

This Policy contains many important terms (such as "Medically Necessary" and "Covered Service") that are defined in the section entitled "Definitions". Before reading through this Policy, be sure that You understand the meanings of these words as they pertain to this Policy.

In consideration for the payment of the premiums stated in this Policy, We will provide the services and benefits listed in this Policy to You and Your Family Member(s) covered under the Policy.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE POLICY, WE DISCOVER ANY ACT PRACTICE OR OMISSION THAT CONSTITUTES FRAUD, OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. ADDITIONALLY, IF WITHIN 2 YEARS AFTER ADDING ADDITIONAL FAMILY MEMBER(S) (EXCLUDING NEWBORN CHILDREN OF THE INSURED ADDED WITHIN 31 DAYS AFTER BIRTH), WE DISCOVER ANY ACT PRACTICE OR OMISSION THAT CONSTITUTES FRAUD, OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED WE MAY RESCIND COVERAGE FOR THE ADDITIONAL FAMILY MEMBER(S) AS OF THE DATE HE OR SHE ORIGINALLY BECAME EFFECTIVE. IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR POLICY LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEED TOTAL PREMIUMS PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PROVIDER IN FULL FOR SERVICES RENDERED AT THE PROVIDER'S REGULAR BILLED RATE, NOT AT THE CIGNA NEGOTIATED RATE.

Choice of Hospital and Physician: Nothing contained in this Policy restricts or interferes with an Insured Person's right to select the Hospital or Physician of their choice. However, non-emergency services from a Non-Participating Provider are not covered by this Plan, except as stated in the "Special Circumstances" and "Network Exception" provisions of this Plan.

THIS IS AN EXCLUSIVE PROVIDER NETWORK ONLY PLAN

That means this Plan does not provide benefits for any services You receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of an Emergency Medical Condition, or
- Medically Necessary services that are not available through an In-Network (Participating) Provider

In-Network (Participating) Providers include Physicians, Hospitals, and other health care facilities. Check the Provider directory, available on **Cigna.com/ifp-providers**, or log onto myCigna.com or call the number on

Your ID card to determine if a Provider is In-Network (Participating), or to request a printed copy of the Provider Directory be mailed to You.

Choosing a Primary Care Physician

When You enroll as an Insured Person, You must choose a Primary Care Physician (PCP). Each covered Family Member also must choose a PCP. If You do not select a PCP, we will assign one for You. If Your PCP ceases to be a Participating Physician, You will be able to choose a new PCP.

You have the right to designate as Your PCP any Primary Care Physician who participates in the network and who is available to accept You or Your Family Members. For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physician, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of Your ID card. For children, You may designate a pediatrician as the Primary Care Physician.

Changing Primary Care Physicians

You may voluntarily change Your PCP but not more than once in any calendar month. We reserve the right to determine the number of times during a Plan Year that You will be allowed to change Your PCP. You may request a change from one Primary Care Physician to another by contacting Us at the Customer Service number on Your ID card. Any such change will be effective on the first day of the month following the month in which the processing of the change request is completed. In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify You 30 days in advance, for the purpose of selecting a new Primary Care Physician.

Continuity of Care

If Your PCP or specialist ceases to be a Participating Physician, except when he or she is terminated from this Plan's network for cause, We will permit that Provider to render health care services for a period of at least 90 days to any member who:

- Was in an active course of treatment from the Provider prior to the notice of termination; and
- Requests to continue receiving health care services from the Provider.

Also, Cigna will permit any Provider who ceases to be a Participating Physician, except when he or she is terminated from this Plan's network for cause, to continue rendering health services to any member who

- has entered the second trimester of pregnancy at the time of the Provider's termination of participation. Such treatment shall, at the member's option, continue through the provision of postpartum care directly related to the delivery; or
- is determined to be terminally ill (as defined under § 1861 (dd)(3)(A) of the Social Security Act) at the time of a Provider's termination of participation. Such treatment shall, at the member's option, continue for the remainder of the member's life for care directly related to the treatment of the terminal illness.

We shall reimburse a Provider for continuity of coverage in accordance with the agreement that the Provider had with Us immediately before the Provider's termination of participation.

Referrals to Specialists

You must obtain a Referral from Your PCP before visiting any Provider other than Your PCP in order for the visit to be covered, except as indicated below under "Exceptions to the Referral Process". The Referral authorizes the specific number of visits that You may make to a Provider within a specified period of time. If You receive treatment from a Provider other than Your PCP without a Referral from Your PCP, the treatment is not covered, and You will be responsible for paying 100% of the associated costs.

Exceptions to the Referral process:

You can obtain certain services from Participating Providers, and Emergency Services, without a Referral from Your PCP. The following services are excepted from the Referral process:

- Emergency Services

  You do not need a Referral from Your PCP for Emergency Services as defined in the "Definitions." In the event of an emergency, get help immediately. Go to the nearest emergency room, the nearest hospital or call or ask someone to call 911 or Your local emergency service, police or fire department for help. You do not need a Referral from Your PCP for Emergency Services, but You do need to call Your PCP as soon as possible for further assistance and advice on follow-up care. **In an emergency, You should seek immediate medical attention and then as soon as possible thereafter You need to call Your PCP for further assistance and advice on follow-up care.**

- In an Urgent Care situation a Referral is not required for a Participating Urgent Care facility, but You should, whenever possible, contact Your PCP for direction prior to receiving services.

- If You are a female Insured Person, You do not need a Referral or Authorization from Your PCP in order to obtain access to obstetrical or gynecological care from a Participating Provider who specializes in obstetrics or gynecology. The obstetrical/gynecological Provider, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of Participating Providers who specialize in obstetrics or gynecology, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of Your ID card.

- If You are an Insured Person under age 19, You may visit a network dentist for Pediatric Dental Benefits or a Provider in Cigna's vision network for Pediatric Vision Benefits without a Referral from Your PCP.

- You may also visit a qualified Participating Provider for covered Pediatric Vision Care Services and Pediatric Dental Care Services, as defined in "Covered Services and Supplies", without a referral from Your PCP.

- You do not need a Referral from Your PCP for preventive care services.

- You also do not need a referral from Your PCP for a Virtual visit with a Telehealth Connection Program Physician.

Standing Referral to Specialist

You may apply for a standing referral to a Provider other than Your PCP when all of the following conditions apply:

1 You are enrolled for coverage under this Plan;
2 You have a disease or condition that is life threatening, degenerative, chronic or disabling; and requires specialized medical care over a prolonged period of time, or You are diagnosed with cancer.
3 A standing referral to a board-certified Physician in pain management or oncologist who is authorized to provide services under this Plan and has been selected by You if You are diagnosed with cancer.
4 Your PCP in conjunction with an In-Network specialist determines that Your care requires another Provider's expertise;
5 Your PCP determines that Your disease or condition will require ongoing medical care for an extended period of time;
6 The standing referral is made by Your PCP to an In-Network specialist who will be responsible for providing and coordinating Your specialty care; and

7 The In-Network specialist is authorized by Cigna to provide the services under the standing referral.

A standing referral remains in effect for the duration of the course of treatment. If You receive a standing referral or any other referral from Your PCP, that referral remains in effect even if the PCP ceases to be a Participating Physician. If the treating specialist leaves Cigna's network, the standing referral then becomes subject to the Continuity of Care provision above. If You cease to be an Insured Person, the standing referral expires.

Network Exception

If Medically Necessary Covered Services are not available through Participating Physicians or Participating Providers, Cigna will, upon the request of an In-Network PCP or Provider:

- Allow Referral to an Out-of-Network (Non-Participating) Provider; and
- Fully reimburse the Out-of-Network (Non-Participating) Provider at the Maximum Reimbursable rate or at an agreed rate:

Prior to denying a request for referral to an Out-of-Network (Non-Participating) Provider, Cigna must provide for a review conducted by a specialist of the same or similar type of specialty as the Physician or Provider to whom the Referral is requested.

Note Regarding Health Savings Accounts (HSAs)

Cigna offers some plans that are intended to qualify as "high deductible health plans" (as defined in 26 U.S.C. §223(c)(2)). Plans that qualify as high deductible health plans may allow You, if You are an "eligible individual" (as defined in 26 U.S.C. §223(c)(1)), to take advantage of the income tax benefits available when You establish an HSA and use the money You deposit into the HSA to pay for qualified medical expenses as allowed under federal tax law.

Cigna does not provide tax advice. It is Your responsibility to consult with Your tax advisor or attorney about whether a plan qualifies as a high deductible health plan and whether You are eligible to take advantage of HSA tax benefits.

Important Information Regarding Benefits

Prior Authorization Program

Cigna provides You with a comprehensive personal health solution medical management program which focuses on improving quality outcomes and maximizes value for You.

PRIOR AUTHORIZATION FOR INPATIENT SERVICES

Prior Authorization is required for all non-emergency inpatient admissions, and certain other admissions, in order to be eligible for benefits. Please note: A Participating Provider is responsible for obtaining Prior Authorization.

Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of Your ID card.

To verify Prior Authorization requirements for inpatient services, including which other types of facility admissions require Prior Authorization, You can:

- call Cigna at the number on the back of Your ID card, or

Please note that emergency admissions will be reviewed post admission.

Inpatient Prior Authorization reviews both the necessity for the admission and the need for continued stay in the hospital.

PRIOR AUTHORIZATION FOR OUTPATIENT SERVICES

Prior Authorization is also required for certain outpatient procedures and services in order to be eligible for benefits. Please note: A Participating Provider is responsible for obtaining Prior Authorization.

Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of Your ID card. Outpatient Prior Authorization should only be requested for non-emergency procedures or services, at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

To verify Prior Authorization requirements for outpatient procedures and services, including which procedures and services require Prior Authorization, You can:

- call Cigna at the number on the back of Your ID card, or
- check mycigna.com, under "View Medical Benefit Details"

PRIOR AUTHORIZATION IS NOT A GUARANTEE OF PAYMENT. Prior Authorization does not guarantee payment of benefits. Coverage is always subject to other requirements of this Policy limitations and exclusions, payment of premium and eligibility at the time care and services are provided.

Retrospective Review

If Prior Authorization was not performed Cigna will use retrospective review to determine if a scheduled or Emergency admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this Policy. If it is determined that a service was not Medically Necessary, the Insured Person is responsible for payment of the charges for those services.

PRIOR AUTHORIZATION FOR PRESCRIPTION DRUGS

Prior Authorization is required for certain Prescription Drugs and Related Supplies. **For complete, detailed information about Prescription Drug authorization procedures, exceptions and Step Therapy, please refer to the section of this Policy titled 'Prescription Drug Benefits'.**

NOTE: a Dependent Spouse, Domestic Partner or a Dependent child must reside in the Service Area, unless the child is covered under a Qualified Medical Child Support Order and lives outside the Service Area. A child eligible to enroll as a Dependent under this Agreement who resides outside of the Service Area is entitled to receive, while outside the Service Area, only out-of-area emergency benefits under the “Emergency Services” provision of the “Services and Benefits” section. However, that child, when he or she is within the Service Area, is eligible for benefits for Covered Services from In-Network Providers, as outlined in this Policy.

Cigna requires written proof of such disability and dependency within 31 days after the child's 26th birthday. Periodically thereafter, but not more often than annually, Cigna may require written proof of such disability or dependency.
- Your own, or Your spouse's or Domestic Partner’s Newborn children are automatically covered for the first 31 days of life. To continue coverage past that time You must enroll the child as an Insured Family Member by applying for his or her enrollment as a dependent within 60 days of the date of birth, and pay any additional premium. Coverage for a newborn dependent child enrolled within 60 days of birth will be retroactive to the date of the child’s birth. This also applies to a newborn child with respect to whom:
    - a decree of adoption by You has been entered within 31 days after the date of the child’s birth; or

- adoption proceedings have been instituted by You within 31 days after the date of the child's birth and You have temporary custody; or

This shall continue unless the placement is disrupted prior to final decree of adoption and the child is removed from placement.

- An adopted child, including a child who is placed with You for adoption, is automatically covered for 31 days from the date of the adopted child's placement for adoption or initiation of a suit of adoption. To continue coverage past that time You must enroll the child as an Insured Family Member by applying for his or her enrollment as a dependent within 60 days of the court order date, and paying any additional premium. Court-ordered coverage for a dependent child enrolled within 60 days of the court order will be retroactive to the date of the court order. If a court has ordered an Insured to obtain coverage for a child, and that parent fails to obtain coverage as ordered, the child's other parent or the Virginia Department of Social Services may enroll the child for coverage as a dependent of the Insured.

When Can I Apply?

Application to Enroll or Change Coverage

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Open Enrollment Period must wait until the next Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day Special Enrollment Period during which an eligible person can enroll and an Insured Person can add dependents and change coverage.

The Open Enrollment Period and Special Enrollment Period are explained below.

Annual Open Enrollment Period

The Annual Open Enrollment Period is a specified period of time each Year during which individuals who are eligible as described above can apply to enroll for coverage or change coverage from one plan to another.

To be enrolled for coverage under this Plan, You must submit a completed and signed application for coverage under this Policy for Yourself and any eligible Dependent(s), and the Exchange must receive that application during the Annual Open Enrollment Period.

Your coverage under this Policy will then become effective upon the earliest day allowable under federal rules for that Year's open enrollment period. **Note: If You do not apply to obtain or change coverage during the Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

Special Enrollment Periods

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible Dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

Triggering events for a special enrollment period are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage, pregnancy-related Medicare/Medicaid coverage, or medically needy coverage (only once per calendar year), or the qualified individual or dependent is enrolled in any non-calendar year group or individual health insurance coverage (even if they have the option to renew such coverage). The date of the loss of minimum essential coverage, pregnancy-related coverage, or medically needy coverage is the last day the individual would have coverage under the plan. The date of loss of non-calendar year insurance is the last day of the plan or policy year; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage, birth, adoption or placement for adoption, placement in foster care, or through a child support order or other court order; or
- An eligible dependent spouse, Domestic Partner or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status, or an individual is released from incarceration; or
- An eligible individual's enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual or his or her dependent adequately demonstrates to the Marketplace that the qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to that person; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan:
    - The enrollee or dependent is determined newly eligible or ineligible for advanced premium tax credit (APTC) or has a change in eligibility for cost-sharing reductions;

- A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for APTC based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage;
- A qualified individual who was previously ineligible for APTC because of a household income below 100% FPL and who was also ineligible for Medicaid because he or she was living in a non-Medicaid expansion state, either experiences a change in income or moves to a different state, making them newly eligible for APTC.

The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or

- An eligible individual or enrollee gains access to new qualified health plans as a result of a permanent move (including a move outside the Service Area of the individual's current plan) and either (1) had minimum essential coverage for one or more days during the 60 days preceding the date of the move, or (2) was living outside of the United States, or in a United States territory at the time of the move. Additionally, the eligible individual may access the special enrollment period 60 days in advance of the move; or
- The qualified individual who gains or maintains status as an Indian, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or a qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator;
- A qualified individual or dependent applies for Marketplace or Medicaid or Family Access to Medical Insurance Security Plan (FAMIS) coverage during open enrollment or due to a qualifying life event, but is determined ineligible for Medicaid or FAMIS after the Exchange open enrollment period has ended or more than 60 days after a qualifying life event;
- The qualified individual or enrollee (or their dependent) adequately demonstrates to the Marketplace that a material error related to plan benefits, service area or premium influenced their decision to purchase a QHP, or there was a violation by a QHP of material contract provisions;
- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of Exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence.

Triggering events **do not** include loss of coverage due to failure to make premium payments on a timely basis, including COBRA premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. Persons who enroll during a special enrollment period will have coverage effective dates determined as follows):

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care;

- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the effective dates are:

- For an application made between the first and the 15th day of any month, the effective date of coverage will be the first day of the following month;
- For an application made between the 16th and the last day of the month, the effective date of coverage will be the first day of the second following month.

Specific Causes for Ineligibility

Except as described in the Continuation section, an Insured Person **will become ineligible for coverage** under the Policy:

- When premiums are not paid according to the due dates and grace periods described in the premium section.
- For the spouse - when the spouse is no longer married to the Insured.
- For the Domestic Partner, when the domestic partnership is dissolved or otherwise ceases to exist.
- For You and Your Family Member(s) when You no longer meet the requirements listed in the Eligibility Requirements section;
- The date the Policy terminates.
- When the Policyholder no longer resides, lives, or works in the Service Area.

Remember, it is Your responsibility to notify Cigna immediately of any changes affecting You or any of Your Insured Family Member(s) eligibility for benefits under this Policy.

Continuation

If a spouse or domestic partner's eligibility under this Plan would terminate due to the Insured's death, except for the Insured's failure to pay premium, that spouse or domestic partner has the right to continuation of his or her insurance. Coverage will be continued under the spouse or domestic partner's name. In such a case, coverage will continue without evidence of insurability.

If an Insured Person's eligibility under this Plan would terminate due to divorce or if other Insured Family Member(s) would become ineligible due to age or no longer qualify as dependents for coverage under this Plan; except for the Insured's failure to pay premium, that Family Member has the right to continuation of his or her insurance. Coverage will be continued under that member's name if the Family Member exercising the continuation right notifies Cigna and pays the appropriate monthly premium within 60 days following the date this Agreement would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

How The Policy Works

Services for which You do not have a PCP Referral are not covered. Services performed by a Non-Participating (Out-of-Network) Provider are not covered under this Plan except for Emergency Services, and as stated under the "Special Circumstances" and "Network Exception" provisions in this Plan.

Benefit Schedule

The Benefit Schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Insured Person's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this Policy.

In addition, no benefits are payable unless the Insured Person receives services from a Participating Provider, as indicated below under "Special Circumstances".

Participating Hospitals, Participating Physicians and Other Participating Providers

Covered Expenses for Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Negotiated Rates for Covered Services. Participating Providers may charge the Insured Person for services that are not Covered Services under the Policy. In addition, Participating Providers will file claims with Us for the Insured Person, and will request Prior Authorization when it is required.

Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna.

Special Circumstances

Covered Expenses for the services and supplies of a Non-Participating Provider will be paid according to the Participating Provider benefit schedule in certain circumstances as provided below:

- **Hospital Emergency Services**
  Emergency Services for an Emergency Medical Condition will be paid at the Participating Provider benefit schedule. Once the patient is Stabilized and his/her condition permits transfer to a Participating Hospital, services of a Non-Participating Hospital will no longer be covered.

- **Physician or other Provider Emergency Services**
  Covered Expense will be paid at the Participating Provider benefit schedule for the initial care of an Emergency Medical Condition.

- **Specialty care not available from an In-Network Provider**
  When Medically Necessary specialist care is not available from an In-Network Provider Covered Expense for Covered Services will be paid at the Participating Provider benefit schedule.

- **Facility Services for an Urgent Health Problem**
  Services for an Urgent Health Problem in an office, Urgent Care facility or other outpatient facility will be paid at the Participating Provider benefit schedule until the patient is Stabilized and his/her condition permits release to home or transfer to a Participating facility, services of a Non-Participating facility will no longer be covered.

- **Physician or other Provider Services for an Urgent Health Problem**
  Covered Expense will be paid at the Participating Provider benefit schedule for the initial care of an Urgent Health Problem.

Note: Charges for Non-Participating Providers are reimbursed at the Maximum Reimbursable Charge as defined in this Policy. If the Non-Participating Provider charges exceed the Maximum Reimbursable Charge allowed for the service You received, You will be responsible to pay the Provider any amount in excess of the Maximum Reimbursable Charge.

Deductibles

Deductibles are prescribed amounts of Covered Expenses the Insured Person must pay before benefits are available. Deductibles apply to all Covered Expenses as described in the Definitions section of this Policy, unless expressly stated otherwise in the Benefit Schedule. Deductibles do not include any amounts in excess of Maximum Reimbursable Charges, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which an Insured Persons claims are received and processed by Us, not necessarily in the order in which the Insured Person received the service or supply.

Deductible

The Deductible is stated in the Benefit Schedule. The Deductible is the amount of Covered Expenses You must pay for **any** Covered Services (except as specifically stated otherwise in the Benefit Schedule) incurred from Participating Providers each Year before any benefits are available. There are two ways an Insured Person can meet his or her Deductible:

- When an Insured Person meets his or her Individual Deductible, that Insured Person's benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are covered under this Policy, the Family Deductible will apply. Each Insured Person can contribute up to the individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.

Out of Pocket Maximum

Is the maximum amount of Deductible, Copayment and Coinsurance each Individual or Family incurs in Covered Expenses from Participating Providers in a Year. The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for Covered medical and pharmacy Services. Once the Individual Out-of-Pocket Maximum has been met for the Year, for Covered Services, You will no longer have to pay any Coinsurance or Copayment for medical or pharmacy services for Covered Expenses incurred during the remainder of that Year. The amount of the Individual Out-of-Pocket Maximum is described in the Schedule of Benefits section of this Policy. The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of your Family Member(s) are Insured under this Policy. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for Covered medical and pharmacy Services, paid by each Family Member for Covered Expenses for medical Covered Services during a Year. If you cover other Family Member(s), each Insured Person's Covered Services accumulate toward the Family Out-of-Pocket Maximum. Each Insured Person can contribute up to the Individual Out-of-Pocket amount toward the Family Out-of-Pocket Maximum. Once the Out-of-Pocket has been met, the Family will no longer have to pay any Deductible, Coinsurance or Copayments for Covered Expenses incurred during the remainder of that Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the Schedule of Benefits section of this Policy.

Special Limits

There may be limits applied to certain Covered Services in the form of an Annual maximum on the number of visits, days or events the Plan will cover for a specific type of service. The expenses you incur which exceed specific maximums described in this Policy will be Your responsibility. Any Special Limits applicable to benefits in this Plan are described in the Benefit Schedule. The expenses You incur which exceed specific maximums described in this Policy will be Your responsibility.

Prescription Drug Benefits

Pharmacy Payments

For Definitions associated with Prescription Drug benefits, refer to the 'Definitions' section of this Policy.

Covered Prescription Drugs and Related Supplies purchased at a Pharmacy are subject to the annual medical Deductible and, once the Deductible is satisfied, subject to any applicable Copayments and/or Coinsurance shown in the Benefit Schedule.

Cigna's Prescription Drug List is available upon request by calling the Customer Service number on Your ID card or on http://www.cigna.com/ifp-drug-list.

In the event that You request a Brand-Name drug that has a Generic equivalent, You will be financially responsible for the amount by which the cost of the Brand-Name drug exceeds the cost of the Generic drug, plus the Generic Copayment or Coinsurance shown in the Benefit Schedule.

Your responsibility for covered Prescription Drugs and Related Supplies will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug, or
- Cigna's discounted rate for the Prescription drug; or
- the Pharmacy's Usual and Customary (U&C) charge for the Prescription Drug.

Usual & Customary (U&C), with respect to Prescription Drug benefits in this Plan, means the established Pharmacy retail cash price, less all applicable customer discounts that Pharmacy usually applies to its customers, regardless of the customer's payment source.

Prescription Drugs and Specialty Medication Covered as Medical

When Prescription Drugs and Specialty Medications on Cigna's Prescription Drug List are administered in a health care setting by a Physician or health care professional, and are billed with the office or facility charges, they will be covered under the medical benefits of this Policy. However, they may still be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

Covered Expenses

If an Insured Person(s), while covered under this Policy, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna will provide coverage for those expenses as shown in the Benefit Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to You or Your Family Members by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When You or Your Family Members are issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by Cigna, as if filled by a Participating Pharmacy.

Access to Participating Retail Pharmacies

Access to prescription drug benefits from Participating Retail Pharmacies is required, unless: (i) the Drug is subject to restricted distribution by the USFDA; or (ii) Special handling, provider coordination, or patient education is required for the drug and cannot be provided by a retail pharmacy.

Choice of Pharmacy

This Plan allows You to select, without limitation, the Pharmacy of Your choice to fill Your prescriptions. This right of selection includes Non-Participating Pharmacies that have previously notified Cigna, by facsimile or otherwise, of their agreement to accept reimbursement for their services at rates applicable to Participating Pharmacies, including any Copayment or Coinsurance consistent with the benefits of this Plan, as payment in full. Cigna shall permit prompt electronic or telephonic transmittal of the reimbursement agreement by the Pharmacy and ensure prompt verification to the Pharmacy of the terms of reimbursement. In no event shall You, when receiving a covered Prescription Drug benefit from a Non-Participating Pharmacy which has submitted a reimbursement agreement, be responsible for amounts that may be charged by the Non-Participating Pharmacy in excess of the Copayment or Coinsurance and Cigna's reimbursement applicable to all Preferred Pharmacy providers.

Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna is required for certain Prescription Drugs and Related Supplies, meaning that Your Physician must obtain authorization from Cigna before the Prescription Drug or Related Supply will be covered.

Prior Authorization
When Your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna requires Your Physician to obtain authorization before the prescription or supply can be filled. To obtain Prior Authorization, Your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy
Step Therapy is a type of Prior Authorization. Cigna may require an Insured Person to follow certain steps before covering some Prescription Drugs and Related Supplies, including some higher-cost and Specialty Medications for treatment of conditions including allergies, asthma, diabetes, high cholesterol, mental health and stomach acid reflux. We may require You to try similar Prescription Drugs and Related Supplies, including Specialty Medications, that have been determined to be safe, effective, and more cost effective for most people that have the same condition. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at www.mycigna.com. If Your Physician prescribes a drug for You that is on the Step Therapy list, after You initially fill the Prescription You and Your Physician will receive a letter from Cigna informing You of the Step Therapy Drug You will be required to use when You refill the Prescription. To obtain Step Therapy Authorization, Your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Exceptions for Prescription Drugs and Related Supplies not on the Prescription Drug List
If Your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna's Prescription Drug List, he or she can request that Cigna make an exception and agree to cover that drug or supply for Your condition. To obtain an exception for a Prescription Drug or Related Supply Your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Prescription Drug and Related Supply Authorization and Exception Request Process
To obtain an exception, Your Physician may call Cigna, or complete the appropriate form and fax it to Cigna to request an exception. Your Physician can certify in writing that You have previously used a Prescription Drug or Related Supply that is on Cigna's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to Your health or has been ineffective in treating Your condition and, in the opinion of Your Physician, is likely to again be detrimental to Your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna within 24 hours of receipt.

Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request
An expedited review may be requested by Your Physician when You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function or when You are undergoing a current course of treatment using a drug not on Cigna's Prescription Drug List. The expedited review will be reviewed and completed by Cigna within 24 hours of receipt.

If the request is approved, it will be without additional cost-sharing beyond that of a drug on the Prescription Drug List. Your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna's pharmacy claim system to allow You to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until You no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When Your Physician advises You that coverage for the Prescription Drugs or Related Supplies has been approved, You should contact the Pharmacy to fill the prescription(s).

If the request is denied, You and Your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

Appeal of a Prior Authorization, Step Therapy or Prescription Drug Exception Denial
If You, a person acting on Your behalf or the prescribing Physician or other prescriber disagree with a coverage decision, You, a person acting on Your behalf or the prescribing Physician or other prescriber may appeal that decision in accordance with the provisions of this Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered. Please see the section of this Policy entitled "WHEN YOU HAVE A COMPLAINT OR AN APPEAL" which describes the process for the External Independent Review.

If You have questions about specific Prescription Drug List exceptions, Prior Authorization or a Step Therapy request, call Customer Service at the toll-free number on the back of Your ID card.

Coverage of New Drugs
All new Food and Drug Administration (FDA)-approved drug products (or new FDA-approved indications) are designated as Non-Prescription Drug List drugs until the Cigna business decision team makes a placement decision on the new drug (or new indication), which decision shall be based in part on the P & T Committee's clinical review of the drug. The P&T Committee makes a reasonable effort to review all new FDA approved drug products (or new FDA approved indications) within 90 days of its release to the market. The business decision team must make a reasonable effort to review a new FDA approved drug product (or new indications) within 90 days, and make a decision on each new FDA approved drug product (or new FDA approved indication) within 180 days of its release onto the market, or a clinical justification must be documented if this timeframe is not met.

The alternate treatment plan must be mutually agreed to by Us, the Insured Person, and the Physician, Provider, or other healthcare practitioner. Insurance with Other Companies

For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

The Independent Review Organization is composed of persons who are not employed by Cigna or any of its affiliates. You will be considered to have exhausted the internal appeal process if You have:

- completed Cigna's appeal process;
- filed an appeal requesting a review of an adverse determination, and, except to the extent that You agreed to a delay, have not received a written decision from Cigna within 15 days for pre-service claims and 30 days for post-service claims, following the date the appeal was filed with Cigna; or

the independent review organization (IRO) conducting the external review will determine whether You are required to complete Cigna's expedited appeal process before it conducts the expedited external review. The IRO must promptly notify You of this determination, and either proceed with the expedited external review or wait until completion of the internal expedited appeal process.

- A request for an external review of an adverse determination may be made before You have exhausted Cigna's internal appeal process if Cigna agrees to waive the exhaustion requirement. If the exhaustion requirement is waived, You may file a request in writing for a standard external review.
- The request for an external review must be submitted within 120 days of Your receipt of a final adverse determination. - a final adverse determination if You have a medical condition where the time frame for completion of a standard external appeal would seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function, or if the final adverse determination concerns an admission, availability of care, continued stay or health care service for which You received Emergency Services but have not been discharged from a facility.

Retrospective adverse determinations are not eligible for an expedited review. If Your request is approved for an Expedited Appeal, the IRO assigned by the BOI will make a decision, as expeditiously as Your medical condition or circumstances requires, but in no event more than 72 hours after the date of receipt, to uphold or reverse the adverse determination. You, Cigna and the BOI will be provided written notice within 48 hours after the date of providing the initial determination.

Investigational Treatment, please contact Customer Service at the number on the back of Your member ID card, or You can contact the Virginia Bureau of Insurance at the contact information shown above.

Terms of the Policy

- **Entire Contract Changes:** This Policy, including the specification page, endorsements, and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid unless approved by an Officer of Cigna and attached to this Policy. No agent has authority to change this Policy or to waive any of its provisions.

- **Grace Period:** If You purchased Your Plan from a Marketplace and You have elected to receive Your advanced premium tax credit, Your grace period is extended for three consecutive months provided You have paid at least one full month's premium during the benefit year. Coverage will continue during the 90 day grace period and if You are receiving advanced premium tax credits claims for services rendered after the first 30 days of the grace period will be pended. However, if We do not receive Your premium, due in full before the end of the grace period, Your coverage will be terminated on the last day of the grace period. Please see the following provisions, for further information regarding cancellation and reinstatement.

  If You did not purchase Your plan from a Marketplace, or elect to not receive advanced premium tax credit, there is a grace period of 31 days for the receipt at our office or P.O. Box of any premium due after the first premium. Please see the following provisions, for further information regarding cancellation and reinstatement.

- **Cost-Share Reduction Contingency:** If You purchased Your Policy through a federally-facilitated or state-based marketplace and You satisfy certain income thresholds, You may have been eligible for, and Your Policy may include, cost-sharing reductions under federal law. In that case, Your cost-sharing obligation (e.g., copayments, coinsurance or deductible, as applicable) are less than the cost-sharing obligation that would otherwise apply under this Policy.

  Any such cost-share reduction is predicated upon payment by the federal government to Cigna of amounts that are intended to reimburse Cigna for the difference between Your cost-sharing obligation and the cost-sharing obligation that would otherwise apply under this Policy. In the event that the federal government fails to make such payments or such payments are otherwise determined to be impermissible or unavailable, Your reduced cost-sharing obligation (e.g., copayments, coinsurance or deductible, as applicable) may, upon 30 days' prior written notice, be increased to the amount that would otherwise apply under this Policy. In such a case, Your cost-sharing obligations will continue to be administered in accordance with applicable federal and state laws and regulations.

  In the event that Cigna is prohibited, for any reason, from increasing Your cost sharing obligation in accordance with this section, Your premium may be increased upon 75 days prior written notice to reflect the loss of reimbursement to Cigna.

- **Cancellation by Cigna: We may cancel this Policy only in the event of any of the following:**

  1. You fail to pay Your premiums as they become due or by the end of the 31 day grace period for plans not purchased from a Marketplace or the 90 day grace period for plans purchased from a Marketplace.
  2. If You have committed any act or practice that constitutes fraud, or made an intentional misrepresentation of material fact under the terms of this Policy or coverage.
  3. When We cease to offer policies of this type to all individuals in Your class. In this event, Virginia law requires that we do the following: (1) provide written notice to each Insured Person of the discontinuation before the 90th day preceding the date of the discontinuation of the coverage; (2) offer to each Insured Person on a guaranteed issue basis the option to purchase any other individual hospital medical or surgical insurance coverage offered by Us at the time of discontinuation; and (3) act uniformly without regard to any health status related factors of an Insured Person.
  4. When We cease offering any plans in the individual market in Virginia, We will notify You of the impending termination of Your coverage at least 180 days prior to Your cancellation.
  5. When the Insured no longer resides, lives, or works in the Service Area.

Cancellation will be without prejudice to any claim originating prior to the effective date of cancellation.

  If You become an active-duty member of the military, upon receipt of a written notice of military service We will cancel Your Policy and refund premium on a pro rata basis. Note: in the event a dependent covered under Your policy becomes an active-duty member of the military, cancellation of coverage will apply only to that dependent and not to the entire Policy.

Any cancellation shall be without prejudice for any claim for Covered Expense incurred before cancellation.

- **Modification of Coverage:**

  We reserve the right to modify this policy, including Policy provisions, benefits and coverages, so long as such modification is consistent with state or federal law and effective on a uniform basis among all individuals with coverage under this same Policy form. We will only modify this Policy for all Insured Persons in the same class and covered under the same Policy form, and not just on an individual basis. We will send written notice of intent to increase the annual premium or any deductible 75 days prior to the renewal of coverage. This Individual Plan renews on January 1 of each Year.

- **Reinstatement:**
  If this Policy cancels because You did not pay Your premium within the grace period, and if We, or an agent We have authorized to accept premium, then accepts a late premium payment from You without asking for an application for reinstatement, We will reinstate this Policy as of that date.

  If an application is required and approved, the Policy will be reinstated as of the approval date. However, if We require an application for reinstatement and give You a conditional receipt for Your late premium payment, We will only reinstate this Policy if either We approve Your reinstatement application, or lacking such approval, upon the forty-fifth day following the date on Our conditional receipt if We have not by that date notified You in writing of Our disapproval of Your application.

  If this Policy is reinstated, You and Cigna shall have the same rights as existed under the Policy immediately before the due date of the lapsed premium, subject to any amendments or endorsements attached to the reinstated Policy.

  Any premiums accepted in connection with a reinstatement will be applied to a period for which You have not previously paid premium, but not to exceed sixty days prior to the date of reinstatement. There is a $50 fee for reinstatement.

- **The Insured Person(s) are the only persons entitled to receive benefits under this Policy.** ANY ACT, PRACTICE, OR OMISSION THAT CONSTITUTES FRAUDULENT USE OF SUCH BENEFITS WILL RESULT IN RESCISSION OF THIS POLICY.

- The Effective Date of this Policy is printed on the Cigna identification card and on the Policy specification page.

Claim Determination Procedures

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the Policy. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a pre-service, concurrent, or post-service basis, as described below.

Certain services require Prior Authorization in order to be covered. This Prior Authorization is called a "pre-service medical necessity determination." The Policy describes who is responsible for obtaining this review. The Insured Person or their authorized representative (typically, their health care Provider) must request Medical Necessity determinations according to the procedures described below, in the Policy, and in the Insured Person's Provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, the Insured Person or their representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Policy, in the Insured Person's Provider's network participation documents, and in the determination notices.

Pre-service Medical Necessity Determinations
When the Insured Person or their representative requests a required Medical Necessity determination prior to care, Cigna will notify the Insured Person or their representative of the determination within 2 business days after receiving the request if no additional information is required. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within two business days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

If the determination periods above would (a) seriously jeopardize the Insured Person's life or health, their ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of the Insured Person's health condition, cause them severe pain which cannot be managed without the requested services, Cigna will make the pre-service determination on an expedited basis. Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. Cigna will notify the Insured Person or their representative of an expedited determination within one calendar day, 24 hours after receiving the request. Determinations related to cancer pain prescriptions will be determined within 24 hours. However, if necessary information is missing from the expedited request, Cigna will notify the Insured Person or their representative within one calendar day after receiving the request to specify what information is needed. The Insured person or their representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify the Insured Person or their representative of the expedited benefit determination within 48 hours after the Insured Person or their representative responds to the notice. Determinations may be provided orally, followed within 3 calendar days by written or electronic notification.

If the Insured Person or their representative fails to follow Cigna's procedures for requesting a required pre-service medical necessity determination, Cigna will notify them of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless the Insured Person or their representative requests written notification.

Concurrent Medical Necessity Determinations
When an ongoing course of treatment has been approved for an Insured Person and they wish to extend the approval, the Insured Person or their representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When the Insured Person or their representative requests such a determination, Cigna will notify them of the determination within 24 hours after receiving the request.

Post-service Medical Necessity Determinations
When an Insured Person or their representative requests a Medical Necessity determination after services have been rendered, Cigna will notify them of the determination within two business days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within two business days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

Post-service Claim Determinations
When an Insured Person or their representative requests payment for services which have been rendered, Cigna will notify them of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and resume on the date the Insured Person or their representative responds to the notice.

Notice of Adverse Determination
Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the adverse determination; (3) reference to the specific plan provisions on which the determination is based; (4) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding Your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; (6) information about any office of health insurance consumer assistance or ombudsman available to assist You with the appeal process; and (7) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Premiums

The monthly premium amount is listed on the Policy specification page which was sent with this Policy. This monthly premium amount applies to individuals whose monthly payment is deducted directly from their checking account.

You will be responsible for an additional $45 charge for any check or electronic funds transfer that is returned to Us unpaid.

Your premium may change from time to time due to (but not limited to):

a. Deletion or addition of a new eligible Insured Person(s)
b. A change in age of any Insured Person which results in a higher premium
c. A change in residence

These changes will be effective on the first of the month following the change, unless as otherwise stated on Your premium notice.

Cigna also reserves the right to change the premium with written notice to You 75 days prior to the proposed date of renewal. However, We will not modify the premium schedule on an individual basis, but only for all Insured Persons in the same class and covered under the same Policy as You. The change will become effective on the date shown on the notice, and payment of the new premiums will indicate acceptance of the change.

Cigna will not accept the direct or indirect payment of premiums by any person or entity other than You, Your Family Members or an Acceptable Third Party Payor, except as expressly permitted by Cigna in writing.
