

Exclusive Cigna Home Delivery Pharmacy drug list

If your prescription drug plan includes Exclusive Cigna Home Delivery Pharmacy, you are required to fill maintenance medication prescriptions (medications taken on a regular basis) through Cigna Home Delivery Pharmacy. Depending on your benefit plan, you are typically allowed three fills before you are required to use Cigna Home Delivery Pharmacy. At that time, if you choose not use Cigna Home Delivery Pharmacy, your plan will not cover the cost of your medication.

To see real-time drug pricing, visit [myCigna.com](https://mycigna.com) and use the Prescription Drug Price Quote tool to search for medications and compare pricing for your selected medications and lower-cost alternatives. The tool provides guidance on options you can discuss with your doctor and shows annual savings when you use Cigna Home Delivery Pharmacy.

In addition to cost savings, Cigna Home Delivery Pharmacy offers valuable benefits, such as:

- Licensed pharmacists available 24/7
- Up to a 90-day supply of medications in one fill
- Standard delivery at no additional cost
- Reminders if you forget to fill your prescriptions
- Specialty medications, including those that require refrigeration and overnight delivery

The following is a list of medications that apply to your Exclusive Cigna Home Delivery Pharmacy plan. Refer to your enrollment materials to understand the medications covered under your plan and to see if there are any requirements such as prior authorization (PA), quantity limits (QL) or Step Therapy (ST), as well as those requiring use of Cigna Home Delivery Pharmacy.

If You Have Questions

We're here to help. Just call us at the toll-free number on your ID card and we will be happy to answer your questions.
