

Cigna and Cigna Foundation Help People Affected by California Wildfires

BLOOMFIELD, Conn. – August 10, 2018 – REVISED August 21, 2018 – In recognition of the scope of devastation and needs of people affected by the wildfires sweeping across California, Cigna (NYSE:CI) and the Cigna Foundation are responding by easing some plan requirements where needed, opening up a toll-free counseling line and donating to the American Red Cross.

To ensure Cigna customers in California continue to have ready access to prescriptions during this difficult time, Cigna has lifted prescription refill requirements in affected areas through Sept. 25. Additionally, in Lake, Mariposa, Mendocino, Napa, Riverside, San Diego, Santa Barbara, Shasta and Siskiyou counties, more time will be allowed for prior authorizations, pre-certifications and referrals for medical care, and for filing claims. If in-network services or providers are not available in these areas due to the wildfires, out-of-network services will be covered at the in-network benefit level. Customers in California with questions on any aspect of their pharmacy or medical care may call the number on their customer ID card, or call 1-800-244-6224.

For all members of the communities affected by the wildfires, Cigna is providing free telephone counseling through Sept. 25, 2018. The special toll-free number is available by calling 1-866-912-1687, 24 hours a day, seven days a week.

Additionally, the Cigna Foundation is making a \$25,000 donation to the American Red Cross to assist with relief efforts. The Cigna Foundation also will match, dollar for dollar, up to \$100,000, all donations by Cigna employees in support of American Red Cross disaster relief.

About the Cigna Foundation The Cigna Foundation, founded in 1962, is a private foundation funded by contributions from Cigna Corporation (NYSE: CI) and its subsidiaries. The Cigna Foundation supports organizations sharing its commitment to enhancing the health of individuals and families, and the well-being of their communities, with a special focus on those communities where Cigna employees live and work.
