

PLAN FOR YOUR FUTURE.

Cigna Term Life Insurance

It's hard to think about, but what would your family do if something were to happen to you? Would they be able to make ends meet? For how long?

Cigna Term Life insurance provides your family with additional financial resources if you should pass away prematurely.* It can help your family:

- › Cover final expenses
- › Cover your family's living expenses
- › Pay off your mortgage and other debts
- › Take care of your children's education

Life insurance is an important part of your family's financial plan, especially during a time that could be difficult enough without added financial stress.

How much life insurance should you buy?

Many factors need to be considered, including:

- › The financial support your family will lose if you're gone
- › Costs associated with final expenses, child care and education
- › Debts, such as unpaid mortgage, credit cards and other loans
- › Your spouse's retirement needs

Even if you already have some life insurance, is it enough? Use our insurance needs calculator at [Cigna.com/liam](https://www.cigna.com/liam) to help you find out how much you might need.

How does it work?

Once you select a coverage amount and enroll in supplemental term life insurance, pending approval if needed, you'll pay for your selected coverage amount through convenient payroll deductions.

You'll be covered for a specific period of time, or "term." If you pass away during the term, the beneficiary you designate will receive a payment for a covered claim. Please be sure to let your beneficiary know you've designated them, so they can submit a claim for the life insurance.
