

# 2018 Cigna-HealthSpring COMPREHENSIVE DRUG LIST (Formulary)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT ALL OF THE DRUGS WE COVER IN THIS PLAN.**

## **Plans covered**

Cigna-HealthSpring Preferred (HMO)  
Cigna-HealthSpring Preferred (PPO)  
Cigna-HealthSpring Preferred AR (HMO)  
Cigna-HealthSpring Preferred KNX (HMO)  
Cigna-HealthSpring Preferred NGA (HMO)  
Cigna-HealthSpring Preferred SMS (HMO)  
Cigna-HealthSpring Preferred Plus (HMO)  
Cigna-HealthSpring Premier (HMO-POS)  
Cigna-HealthSpring PreventiveCare (HMO)

This drug list was updated in May 2018. For more recent information or other questions, please contact Cigna-HealthSpring Customer Service, at 1-800-668-3813 or, for TTY users, 711, 7 days a week, 8 a.m. - 8 p.m., or visit [www.CignaHealthSpring.com](http://www.CignaHealthSpring.com). The Formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary. Cigna-HealthSpring is contracted with Medicare for PDP plans, HMO and PPO plans in select states, and with select State Medicaid programs. Enrollment in Cigna-HealthSpring depends on contract renewal.

**Note to existing customers: This drug list has changed since last year. Please review this document to make sure that it still contains the drugs you take.**

**When this drug list (formulary) refers to “we,” “us,” or “our,” it means Cigna-HealthSpring. When it refers to “plan” or “our plan,” it means Cigna-HealthSpring Preferred (HMO), Cigna-HealthSpring Preferred (PPO), Cigna-HealthSpring Preferred AR (HMO), Cigna-HealthSpring Preferred KNX (HMO), Cigna-HealthSpring Preferred NGA (HMO), Cigna-HealthSpring Preferred SMS (HMO), Cigna-HealthSpring Preferred Plus (HMO), Cigna-HealthSpring Premier (HMO-POS), Cigna-HealthSpring PreventiveCare (HMO).**

**This document includes a list of the drugs (formulary) for our plans, which is current as of May 2018. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.**

**You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2019, and from time to time during the year.**

### **What is the Cigna-HealthSpring Comprehensive Drug List?**

A drug list is a list of covered drugs selected by Cigna-HealthSpring in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Cigna-HealthSpring will generally cover the drugs listed in our drug list as long as the drug is medically necessary, the prescription is filled at a Cigna-HealthSpring network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

### **Can the Drug List (formulary) change?**

Generally, if you are taking a drug on our 2018 drug list that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2018 coverage year except when a new, less expensive generic equivalent of the drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of drug list changes, such as removing a drug from our drug list, will not affect customers who are currently taking the drug. It will remain available at the same cost-sharing for those customers taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the drugs that were available when you chose our plan, except for cases in which you can save additional money on the generic equivalent or we can ensure your safety.

If we remove drugs from our drug list, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected customers of the change at least 60 days before the change becomes effective, or at the time the customer requests

a refill of the drug, at which time the customer will receive a 60-day supply of the drug. If the Food and Drug Administration (FDA) deems a drug on our drug list to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our drug list and provide notice to customers who take the drug. The enclosed drug list is current as of May 2018. To get updated information about the drugs covered by Cigna-HealthSpring, please contact us. Our contact information appears on the front and back cover pages. If there are significant changes made to the printed drug list within the covered year, you may be notified by mail identifying the changes. Drug lists located on our website are reviewed and updated on a monthly basis.

### **How do I use the Drug List?**

There are two ways to find your drug within the drug list:

#### **Medical Condition**

The drug list begins on page 14. The drugs in this drug list are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “CARDIOVASCULAR AGENTS”. If you know what your drug is used for, look for the category name in the list that begins on page 14. Then look under the category name for your drug.

#### **Covered Drug Index**

If you are not sure what category to look under, you should look for your drug in the Covered Drugs Index section that begins on page 58. The Covered Drugs Index provides a list of all of the drugs included in this document. Both brand name drugs and generic drugs are in the Drug List. Next to your drug, you will see the page number where you can find coverage information.

Turn to the page listed in the Covered Drug Index and find the name of your drug in the drug name column of the list.

### **What are generic drugs?**

Cigna-HealthSpring covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

### **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Cigna-HealthSpring requires you or your doctor to get prior authorization for certain drugs. This means that you will need to get approval from Cigna-HealthSpring before you fill your prescriptions. If you don't get approval, Cigna-HealthSpring may not cover the drug.
- **Quantity Limits:** For certain drugs, Cigna-HealthSpring limits the amount of the drug that Cigna-HealthSpring will cover. For example, Cigna-HealthSpring allows for 1 tablet per day for BYSTOLIC 10MG. This applies to a standard one-month supply (for total quantity of 30 per 30 days) or three-month supply (for total quantity of 90 per 90 days).
- **Step Therapy:** In some cases, Cigna-HealthSpring requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Cigna-HealthSpring may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Cigna-HealthSpring will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the drug list that begins on page 14. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the drug list, appears on the front and back cover pages.

You can ask Cigna-HealthSpring to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Cigna-HealthSpring Drug List?" on page 3 for information about how to request an exception.

### **Options for Maintenance Medications**

Taking the medications prescribed by your doctor (or other prescriber) is important to your health.

We are committed to helping you achieve control of chronic conditions by making it easy for you to receive your maintenance medications. As part of our commitment to coordinating your healthcare needs, we have set a goal of helping you take your medications at least 80% of the time. There are several ways we can work together to accomplish this goal:

- Talk with your doctor about whether a 90-day supply of your ongoing, stable medications may be appropriate. Taking these medications every day as prescribed is important for your overall health, and getting 90-day prescriptions of these medications can help ensure that you do not miss a dose.
- You can receive a 90-day supply at most retail pharmacies or through one of our mail-order pharmacies.
- Talk to your pharmacist if you are experiencing any new challenges with your maintenance medications.

### **How can I use my prescription drug coverage to save money on my medications?**

There may be opportunities for you to save money on your medications using your Cigna-HealthSpring coverage.

- Ask your doctor (or other prescriber) if there are any lower-cost generic alternatives available for any of your current medications.
- Explore whether the 'CMS extra help' program may offer additional financial support for your medications.
- If your medication is not covered on the Cigna-HealthSpring drug list, talk with your doctor about alternative medications which are covered in the drug list.

### **What if my drug is not in the Drug List?**

If your drug is not included in this drug list, you should first contact Customer Service and ask if your drug is covered. If you learn that Cigna-HealthSpring does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by Cigna-HealthSpring. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Cigna-HealthSpring.
- You can ask Cigna-HealthSpring to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Cigna-HealthSpring Drug List?

You can ask Cigna-HealthSpring to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not in our drug list. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Cigna-HealthSpring limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to provide a tiering exception for a higher cost sharing drug to be covered at a lower cost-sharing tier. If your drug is contained in the Non-Preferred Drugs tier, you can ask us to cover it at the Preferred Brand Drugs tier, and if your drug is contained in the Generic Drugs tier, you can ask us to cover it at the Preferred Generic Drugs tier. This would lower the amount you must pay for your drug. Please note, if we grant your request to cover a drug that is not in our drug list, you may not ask us to provide a higher level of coverage for the drug. Also, you may not ask us to provide a higher level of coverage for drugs that are in the Specialty tier.

Generally, Cigna-HealthSpring will only approve your request for an exception if the alternative drugs included on the plan's drug list, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a drug list, tiering or utilization restriction exception. **When you request a drug list, tiering or utilization restriction exception you should submit a statement from your prescriber or doctor supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or existing customer in our plan you may be taking drugs that are not in our drug list. Or, you may be taking a drug

that is on our drug list but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a drug list exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a customer of our plan.

For each of your drugs that is not on our drug list or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs without a drug list exception, even if you have been a customer of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91- to 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a customer of our plan. If you need a drug that is not in our drug list or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a drug list exception.

In order to accommodate unexpected transitions of our customers that do not leave time for advanced planning, such as level-of-care changes due to discharge from a hospital to a nursing facility or to a home, Cigna-HealthSpring will allow a one-time 31-day supply (unless the prescription is written for fewer days).

## Cigna-HealthSpring's Drug List

The comprehensive drug list provides coverage information about all of the drugs covered by Cigna-HealthSpring. If you have trouble finding your drug in the list, turn to the Covered Drug Index that begins on page 58.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., BYSTOLIC) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if Cigna-HealthSpring has any special requirements for coverage of your drug.

Some Cigna-HealthSpring plans offer additional prescription drug coverage in the coverage gap. Please refer to your

Evidence of Coverage to see if your plan has this coverage and for more information.

We provide quantity limits on certain drugs which are indicated with a QL in the Covered Drugs by Category list on page 14 along with the amount dispensed per the days supplied. (For example: BYSTOLIC 10MG QL 30/30; this means the drug BYSTOLIC 10MG is limited to 30 tablets per 30 days. For 90-day supplies, this quantity limit would be expanded to 90 tablets per 90 days).

### What is a preferred network pharmacy?

If your plan has preferred network pharmacies, you will typically save money by using these pharmacies. Your prescription drug costs (like a copay or coinsurance) will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan. You will receive a Pharmacy Directory in your Welcome Kit after you enroll, or you can visit [www.CignaHealthSpring.com](http://www.CignaHealthSpring.com) for the most current Pharmacy Directory.

### For more information

For more detailed information about your Cigna-HealthSpring prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Cigna-HealthSpring, please contact us. Our contact information, along with the date we last updated the drug list, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

### Key:

**B/D** – This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending on circumstances.

**PA** – This drug requires prior authorization

**QL** – This drug has quantity limits

**ST** – This drug has step therapy requirements

Generally all medications in the drug list are available through mail order, except when special circumstances or situations prohibit mailing a particular medication to your home.

### Drug Tier and Cost-Share Table

The following table represents the plan name, plan service area, the drug tier number as it appears in the drug list, and the cost-share amount for that tier number. Tier 1 is for Preferred Generic drugs. Tier 2 is for Generic drugs. Tier 3 is for Preferred Brand drugs. Tier 4 is for Non-Preferred drugs. Tier 5 is for Specialty tier drugs. You may also refer to your Evidence of Coverage document for additional details.

Cigna-HealthSpring is not always able to keep all generic medications in the Preferred Generic and Generic drug tiers, and some generic medications may be in Tier 3, Tier 4 or Tier 5.

Keep in mind that the name “Tier 3: Preferred Brand Drugs” is just a description of the majority of the drugs in the tier. It does not mean that there are only brand drugs in that tier.

For customers receiving Extra Help: Your Low Income Subsidy (LIS) copay level will be based on how the Food and Drug Administration (FDA) classifies certain drugs. Due to this, a generic drug may receive a preferred brand copay, or a preferred brand drug may receive a generic drug copay. Please see your LIS Rider for additional information on these copay levels. Or call Customer Service for further clarification regarding a specific drug.

To locate your drug cost, please refer to the table(s) below to find your service area and the Medicare Advantage plan in which you are currently enrolled or would like to enroll.

Cigna-HealthSpring has pharmacies with preferred cost-shares. See your Pharmacy Directory or visit [www.CignaHealthSpring.com](http://www.CignaHealthSpring.com) for information on which stores with preferred cost-shares are near you.

### My Medications

In this section, you can write down all of the medications you are currently taking. You can then find your drug in the following drug list pages. Look and see what tier your drug is on. Once you find out what tier your drug is on, you can look at the charts before this page and locate your cost-share for that drug. If you need help locating your drugs and cost-share, please call Customer Service at 1-800-668-3813, 7 days a week, 8 a.m. - 8 p.m. TTY users can call 711.
