

## **Access Plan**

Each health benefit plan must include a delivery network that is adequate and complies with Texas Insurance Code Chapter 843 (HMO). All covered services that are offered by the health benefit plan must be sufficient in number and location to be readily available and accessible within the service area to all enrollees.

When contracted providers are not available within the TDI mileage access and/or availability standards outlined in Texas Administrative Code, Title 28, Section 11.1607 (HMO), Cigna HealthCare of Texas, Inc. will utilize procedures that will assist enrollees in obtaining medically necessary services when no network physician or provider is available, including procedures to coordinate care to eliminate or limit the likelihood of balance billing.

Cigna HealthCare of Texas, Inc. ensures that enrollees will be held harmless from any amounts beyond the copayment, deductible, coinsurance percentage and other out-of-pocket amounts in accordance with Texas Administrative Code, Title 28, Section 11.1611(d) (HMO).

See detailed worksheets for access information by county and by specialty.
