IMPORTANT NOTICES

Direct Access to Obstetricians and Gynecologists

You do not need Prior Authorization from the plan or from any other person (including your Primary Care Physician) in order to obtain access to obstetrical or gynecological care from a health care professional in Our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of your ID card.

Selection of a Primary Care Physician

This plan may require or allow the designation of a Primary Care Physician. You have the right to designate any Primary Care Physician who participates in the network and who is available to accept You or Your Family Members. If your plan requires the designation of a Primary Care Physician, Cigna Healthcare may designate one for you until you make this designation. For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physicians, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of your ID card.

For children, You may designate a pediatrician as the Primary Care Physician.

Introduction

About This EOC

Your medical coverage is provided under an Evidence of Coverage (EOC) issued by Cigna HealthCare of Arizona, Inc. (referred to herein as Cigna Healthcare). This EOC is a legal contract between You and Us.

Under this EOC, “We,” “Us,” and “Our” mean Cigna Healthcare. “You” or “Your” refers to the Subscriber whose application has been accepted by Us under the EOC issued. When We use the term “Member” in this EOC, We mean You and any eligible Family Member(s) who are enrolled for coverage under this EOC. You and all Family Member(s) covered under this EOC are listed on the EOC specification page.

The benefits of this EOC are provided only for those services that are Medically Necessary as defined in this EOC and for which the Member has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this EOC or phone Us at the number shown on your Cigna Healthcare identification card if you have any questions regarding whether services are covered.

This EOC contains many important terms (such as “Medically Necessary” and “Covered Service”) that are defined in the section entitled “Definitions.” Before reading through this EOC, be sure that You understand the meanings of these words as they pertain to this EOC.

We provide coverage to You under this EOC based upon the answers submitted by You and Your Family Member(s) on Your signed individual application. In consideration for the payment of the Premiums stated in this EOC, We will provide the services and benefits listed in this EOC to You and Your Family Member(s) covered under the EOC.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE EOC, WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. ADDITIONALLY, IF WITHIN 2 YEARS AFTER ADDING ADDITIONAL FAMILY MEMBER(S) (EXCLUDING NEWBORN CHILDREN ADDED WITHIN 31 DAYS AFTER BIRTH), WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND COVERAGE FOR THE ADDITIONAL FAMILY MEMBER(S) AS OF THE DATE HE OR SHE ORIGINALLY BECAME EFFECTIVE. IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR EOC LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA HEALTHCARE. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEED TOTAL PREMIUMS PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA HEALTHCARE WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PROVIDER IN FULL FOR SERVICES RENDERED AT THE PROVIDER’S REGULAR BILLED RATE, NOT AT THE CIGNA HEALTHCARE NEGOTIATED RATE.

Choice of Hospital and Physician: Nothing contained in this EOC restricts or interferes with a Member’s right to select the Hospital or Physician of their choice. However, non-Emergency Services from a Non-Participating Provider are not covered by this EOC except as shown in the section titled “Special Circumstances.”

THIS IS AN HMO EOC

That means this EOC does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of an Emergency Medical Condition, or
- Medically Necessary services that are not available through an In-Network Provider.

In-Network Providers include Physicians, Hospitals, and Other Health Care Facilities. Check the Provider directory, available at www.mycigna.com, or call the number on your ID card to determine if a Provider is In-Network.

Choosing a Primary Care Physician (PCP)

A Primary Care Physician may serve an important role in meeting health care needs by providing or arranging for medical care for each Member. For this reason, when you enroll as a Member, you will be asked to select a Primary Care Physician (PCP). Your PCP will provide your regular medical care and assist in coordinating your care. You may select your PCP by calling the customer service phone number on your ID card or by visiting Our website at www.mycigna.com. The Primary Care Physician You select for Yourself may be different from the Primary Care Physician You select for each of Your Family Member(s). You have the right to designate any Primary Care Physician who participates in Our network for this plan and is available to accept You or Your Family Members.

If You Need a Specialist

Your PCP is important to the coordination of your care. While this EOC does not require referrals to visit specialists, if you need specialty care you are encouraged to work with your PCP, who can coordinate your care and assist you in selecting a specialist appropriate for your care.

The referral system can be used to keep your PCP involved in and apprised of all of your health care needs. If you receive Covered Services from a specialist in the EOC's network without a referral, you will not be subject to a penalty, and the claims for those Covered Services will be processed according to the applicable In-Network level of benefits.

Changing Primary Care Physicians

You may voluntarily change your PCP, but not more than once in any calendar month. We reserve the right to determine the number of times during a plan Year that you will be allowed to change your PCP. You may request a change from one Primary Care Physician to another by going to www.mycigna.com, under your name, click on "My Health Team," click "Change," and follow the directions displayed, or by contacting Us at the customer service number on your ID card.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify you 30 days in advance, for the purpose of selecting a new Primary Care Physician.

If Your Physician Leaves the Network

If your PCP or specialist ceases to be a Participating Provider, We will notify you in writing of his or her impending termination at least 30 days in advance of the date the PCP leaves the network and provide assistance in selecting a new PCP or identifying a new specialist to continue providing Covered Services. If you are receiving treatment from a Participating Provider at the time his or her Participating Provider agreement is terminated, for reasons other than medical incompetence or professional misconduct, you may be eligible for continued care with that Provider.

Continuity of Care

If your PCP, specialist or facility ceases to be a Participating Provider, We will notify you. Under certain medical circumstances, We may continue to reimburse Covered Expenses from your facility, PCP or a specialist you've been seeing at the Participating Provider benefit level even though he or she is no longer affiliated with Cigna Healthcare's network. If you are undergoing a course of treatment for a Serious and Complex Condition; or undergoing a course of institutional or inpatient care; or scheduled to undergo non-elective surgery, including receipt of postoperative care with respect to such a surgery; or determined to be terminally ill and are receiving treatment for such illness, and continued treatment is Medically Necessary, you may be eligible to receive continuing care from the Non-Participating Provider for a specified time, subject to the treating Provider's agreement. You may also be eligible to receive continuing care if (1) you are pregnant and undergoing a course of treatment for the pregnancy, in which case, continued care may be extended through your delivery and include a period of postpartum care or (2) you are pregnant and have entered the third trimester of pregnancy as of the date your Provider is terminated from the provider network, in which case, continuity of care may continue through the delivery and may extend to any care related to the delivery up to six weeks after your delivery.

Such continuity of care must be approved in advance by Cigna Healthcare, and your Provider must agree to accept Our reimbursement rate and to abide by Cigna Healthcare's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a Provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

You may request continuity of care from Cigna Healthcare after your Participating Provider's termination from Cigna Healthcare's network; start by calling the toll-free number on your ID card. Continuity of care must be Medically Necessary and approved in advance by Us. Continuity of care will cease upon the earlier of:

- The 90-day period beginning on the date on which notice was provided to you that your PCP, specialist or facility will no longer be a Participating Provider; or
- The date on which you are no longer a continuing care patient with respect to your PCP, specialist or facility.

If you are a newly-enrolling Member whose Provider is not in Our Provider Network, you can continue an active course of treatment with that Provider during a transitional period after the Effective Date of your coverage by making a written request to Us, if both of the following apply:

- You have either:
 - A life-threatening disease or condition, in which case the transition period is not more than 30 days after the date your coverage is effective, or
 - You entered the third trimester of pregnancy on your Effective Date, in which case the transitional period includes the delivery and any care related to the delivery for up to six weeks after the delivery;

- And Your Provider agrees in writing to do all of the following:
 - Except for copayment, coinsurance or deductible amounts, accept as payment in full reimbursement from Cigna Healthcare at the rates that are established by Us and that are not more than the level of reimbursement applicable to similar services by In-Network health care Providers.
 - Comply with Cigna Healthcare's quality assurance and utilization review requirements and provide to Us any necessary medical information related to the care.
 - Comply with Cigna Healthcare's policies and procedures including procedures relating to referrals and obtaining Prior Authorization, claims handling and treatment plan approval by Us.

Confined to a Hospital

If you are confined in a Hospital on the Effective date of your coverage, you must notify Us of such a hospitalization within two (2) days, or as soon as reasonably possible thereafter. When you are enrolled as a Member, you agree to permit Cigna Healthcare to assume direct coordination of your health care. We reserve the right to transfer you to the care of a Participating Provider and/or Participating Hospital if Cigna Healthcare, in consultation with your attending Physician, determines that it is medically safe to do so.

If you are hospitalized on the Effective Date of coverage and you fail to notify Us of this hospitalization, refuse to permit Us to coordinate your care, or refuse to be transferred to the care of a Participating Provider or Participating Hospital, We will not be obligated to pay for any medical or Hospital expenses that are related to your hospitalization following the first two (2) days after your coverage begins, except if you are incapacitated.

Note Regarding Health Savings Accounts (HSAs)

Cigna Healthcare offers some plans that are intended to qualify as "high deductible health plans" (as defined in 26 U.S.C. §223(c)(2)). Plans that qualify as high deductible health plans may allow You, if You are an "eligible individual" (as defined in 26 U.S.C. §223(c)(1)), to take advantage of the income tax benefits available when You establish an HSA and use the money You deposit into the HSA to pay for qualified medical expenses as allowed under federal tax law.

Cigna Healthcare does not provide tax advice. It is Your responsibility to consult with Your tax advisor or attorney about whether a plan qualifies as a high deductible health plan and whether You are eligible to take advantage of HSA tax benefits.

Important Information Regarding Benefits

Prior Authorization Program

Cigna Healthcare provides you with a comprehensive personal health solution medical management program which focuses on improving quality outcomes and maximizes value for you.

PRIOR AUTHORIZATION FOR INPATIENT SERVICES

Prior Authorization is required for all non-emergency inpatient admissions, and certain other admissions, in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO AN ELECTIVE ADMISSION to a Hospital or certain other facilities MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT TO THE PROVIDER FOR THE SERVICES RENDERED.

Prior Authorization must be obtained by the Participating Provider by calling the number on the back of your ID card.

To verify Prior Authorization requirements for inpatient services, including which other types of facility admissions require Prior Authorization, you can:

- call Cigna Healthcare at the number on the back of your ID card, or
- check www.mycigna.com, under “Coverage” then select “Medical.”

Please note that emergency admissions will be reviewed post admission.

Inpatient Prior Authorization reviews both the necessity for the admission and the need for continued stay in the Hospital.

PRIOR AUTHORIZATION FOR OUTPATIENT SERVICES

Prior Authorization is also required for certain outpatient procedures and services in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO CERTAIN ELECTIVE OUTPATIENT PROCEDURES AND SERVICES MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT TO THE PROVIDER FOR THE SERVICES RENDERED.

Prior Authorization must be obtained by the Participating Provider by calling the number on the back of your ID card. Outpatient Prior Authorization should only be requested for non-emergency procedures or services, at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

To verify Prior Authorization requirements for outpatient procedures and services, including which procedures and services require Prior Authorization, you can:

- call Cigna Healthcare at the number on the back of your ID card, or
- check www.mycigna.com, under “Coverage” then select “Medical.”

PRIOR AUTHORIZATION IS NOT A GUARANTEE OF PAYMENT. Prior Authorization does not guarantee payment of benefits. Coverage is always subject to payment of Premium and eligibility at the time care and services are provided.

Retrospective Review

If Prior Authorization was not performed, Cigna Healthcare will use retrospective review to determine if a scheduled admission was Medically Necessary. Cigna Healthcare will also use retrospective review to determine if an emergency admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this EOC. If it is determined that a service was not Medically Necessary, Cigna Healthcare will not cover any Charges for that service.

PRIOR AUTHORIZATION FOR PRESCRIPTION DRUGS

Prior Authorization is required for certain Prescription Drugs and Related Supplies. **For complete, detailed information about Prescription Drug authorization procedures, exceptions and Step Therapy, please refer to the section of this EOC titled “Prescription Drug Benefits.”**

To verify Prior Authorization requirements for Prescription Drugs and Related Supplies, including which Prescription Drugs and Related Supplies require authorization, you can:

- call Cigna Healthcare at the number on the back of your ID card, or
- log on to www.cigna.com/ifp-drug-lists.

NOTE REGARDING PRIOR AUTHORIZATION OF INPATIENT SERVICES, OUTPATIENT SERVICES AND PRESCRIPTION DRUGS

Some services or therapies may require you to use particular Providers approved by Cigna Healthcare for the particular service or therapy, and will not be covered if you receive them from any other Provider regardless of participation status.

When Can I Apply?

Application to Enroll or Change Coverage

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Annual Open Enrollment Period must wait until the next Annual Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a special enrollment period during which an eligible person can enroll and a Subscriber can add dependents and change coverage.

The Annual Open Enrollment Period and special enrollment period are explained below.

Annual Open Enrollment Period

The Annual Open Enrollment Period is a specified period of time each Year during which individuals who are eligible as described above can apply to enroll for coverage or change coverage from one plan to another.

To be enrolled for coverage under this EOC, You must submit a completed and signed application for coverage under this EOC for Yourself and any eligible dependent(s), and We must receive that application during the Annual Open Enrollment Period.

Your coverage under this EOC will then become effective upon the earliest day allowable under federal rules for that Year's Annual Open Enrollment Period. **Note: If You do not apply to obtain or change coverage during the Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

Special Enrollment Periods

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

Triggering events for a special enrollment period OFF Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage including Medicaid or Children's Health Insurance Program (CHIP); or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or

- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status; or
- An eligible individual's enrollment or non-enrollment in a qualified health plan (QHP) is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a QHP. The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Service Area of the individual's current plan); or
- An eligible individual newly gains access to an employer-sponsored individual coverage health reimbursement account (ICHRA); or
- An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

Triggering events **do not** include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

In most cases, the special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. In certain cases, an individual may also qualify for a special enrollment period during the 60 days leading up to the triggering event. In certain cases, an individual may also qualify for a special enrollment period during the 60 days leading up to the triggering event and up to 90 days following the loss of Medicaid or CHIP. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care; or
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the Effective Dates are:

- For an application made between the first and the 15th day of any month, the Effective Date of coverage will be the first day of the following month; or
- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Triggering events for a special enrollment period ON Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage including Medicaid or Children's Health Insurance Program (CHIP), pregnancy-related Medicare/Medicaid coverage, or medically needy coverage (only once per Calendar Year), or the qualified individual or dependent is enrolled in any non-Calendar Year group or individual health insurance coverage (even if they have the option to renew such coverage). The date of the loss of minimum essential coverage, pregnancy-related coverage, or medically needy coverage is the last day the individual would have coverage under the plan. The date of loss of non-Calendar Year insurance is the last day of the plan or policy year; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- An eligible individual, or his or her dependent, who has purchased an off-Marketplace plan who experiences a decrease in household income; is newly determined eligible for APTC; and had minimum essential coverage for one or more days during the 60 days preceding the date of the financial change; or
- At the option of the Marketplace, the enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation, or if the enrollee or his or her dependent dies; or
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- A qualified individual or dependent becomes newly eligible for enrollment in a QHP when they satisfy the Marketplace's citizenship requirement or are released from incarceration; or
- An eligible individual's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual's enrollment in a QHP was influenced by a material error related to plan benefits, Service Area, cost-sharing or Premium; or

- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan:
 - The enrollee or dependent is determined newly eligible or ineligible for the advanced premium tax credit (APTC) or has a change in eligibility for cost-sharing reductions;
 - A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for APTC based in part on a finding that such individual is ineligible for qualifying coverage in an eligible employer-sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage;
 - A qualified individual who was previously ineligible for APTC because of a household income below 100% of the federal poverty level (FPL) and who was also ineligible for Medicaid because he or she was living in a non-Medicaid expansion state, either experiences a change in income or moves to a different state, making them newly eligible for APTC.
- The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Service Area of the individual's current plan) and either (1) had minimum essential coverage for one or more days during the 60 days preceding the date of the move, or (2) was living outside of the United States; or
- The qualified individual who gains or maintains status as an Indian or an Alaska Native, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or a qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator; or
- A qualified individual or dependent applies for Marketplace or Medicaid or CHIP coverage during open enrollment or due to a qualifying life event, but is determined ineligible for Medicaid or CHIP after the exchange Annual Open Enrollment Period has ended or more than 60 days after a qualifying life event; or
- The qualified individual or enrollee (or their dependent) adequately demonstrates to the Marketplace that a material error related to plan benefits, Service Area or Premium influenced their decision to purchase a QHP; or
- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence; or
- An eligible individual newly gains access to an employer-sponsored individual coverage health reimbursement account (ICHRA); or
- An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

Triggering events do not include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

In most cases, the special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. In certain cases, an individual may also qualify for a special enrollment period during the 60 days leading up to the triggering event. In certain cases, an individual may also qualify for a special enrollment period during the 60 days leading up to the triggering event and up to 90 days following the loss of Medicaid or CHIP. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care; or
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, and plan selection is made on or before the last day of the month preceding the triggering event, coverage Effective Date is the first day of the month in which the triggering event occurs. If the plan selection is after the triggering event, coverage Effective Date is the first day of the following month; or
- In the case where a qualified individual loses employer contribution or government subsidies for COBRA and plan selection is made on or before the last day of the month preceding the triggering event, coverage Effective Date is the first day of the month in which the triggering event occurs. If the plan selection is made after the triggering event, coverage Effective Date is the first day of the following month; or
- In the case of untimely notice of a triggering event, the exchange must provide the earliest Effective Date that would have been available based on the applicable triggering event.

For all other triggering events the Effective Dates are:

- For an application made between the first and the 15th day of any month, the Effective Date of coverage will be the first day of the following month; or
- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Specific Causes for Ineligibility

Except as described in the Continuation section, a Member **will become ineligible for coverage** under the EOC:

- When Premiums are not paid according to the due dates and grace periods described in the Premium and “General Provisions” section.
- For the spouse - when the spouse is no longer married to the Subscriber.
- For You and Your Family Member(s) - when you no longer meet the requirements listed in the Eligibility Requirements section.
- The date the EOC terminates.
- When the Member no longer lives in the Service Area. This does not apply to a dependent child living outside the Service Area.

Remember, it is Your responsibility to notify Cigna Healthcare immediately of any changes affecting You or any of Your Family Member(s') eligibility for benefits under this EOC.

Continuation

If a Member's eligibility under this EOC would terminate due to the Subscriber's death, divorce or if other Family Member(s) would become ineligible due to age or no longer qualify as dependents for coverage under this EOC, except for the Subscriber's failure to pay Premium, that Family Member has the right to continuation of his or her insurance. Coverage will be continued if the Family Member exercising the continuation right notifies Cigna Healthcare and pays the appropriate monthly Premium within 60 days following the date this EOC would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

How the EOC Works

Note: Services performed by a Non-Participating (an Out-of-Network) Provider are not covered under this EOC except for Emergency Services and as shown in the section titled “Special Circumstances.”

Benefit Schedule

The benefit schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Member's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this EOC.

In addition, no benefits are payable unless the Member receives services from a Participating Provider, except as indicated below under “Special Circumstances.”

Participating Hospitals, Participating Physicians and Other Participating Providers

Covered Expenses for services provided by Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Healthcare Negotiated Rates for Covered Services. Participating Providers may charge the Member for services that are not Covered Services under the EOC. In addition, Participating Providers will file claims with Us for the Member, and will request Prior Authorization when it is required.

Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna Healthcare.

Special Circumstances

This EOC does not cover Charges incurred for services provided by Non-Participating Providers except in the limited situations described below. Your cost-sharing for Covered Expenses incurred for the services of a Non-Participating Provider in these special circumstances is indicated in the benefit schedule.

▪ Emergency Services

Covered Expenses incurred for the treatment of an Emergency Medical Condition provided in the emergency department of a Non-Participating Hospital or of an independent freestanding emergency facility are paid as described in the benefit schedule. This includes coverage for additional out-of-network post-stabilization Covered Services as required by applicable federal law. Any expenses incurred for services of a Non-Participating Provider after the patient is Stabilized and his/her condition permits transfer to a Participating Hospital and/or to the care of a Participating Provider are not covered, except as stated in the Other Circumstances section below.

- **Other Circumstances**

Covered Expenses for Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the benefit schedule in the following cases:

- Emergency Services.
- Non-Emergency services provided to a Member at a participating facility if the non-Emergency Services involve surgical or ancillary services provided by a Non-Participating Provider.
- Services for an Urgent Health Problem in an office, Urgent Care facility, or another outpatient facility and the Physician and other related Provider services.
- Medically Necessary services that are not available from a Participating Provider.

Note: if you are using a Non-Participating Provider for any of the reasons above, except for Emergency Services, please be aware that it is your responsibility to obtain any Prior Authorization required for services the Provider performs.

Emergency Services and Urgent Care – What to Do if You Need Emergency/Urgent Care:

Emergency Services Both In and Out of the Service Area. In the event of an emergency, get help immediately. Go to the nearest emergency room, the nearest Hospital or call or ask someone to call 911 or your local emergency service, police or fire department for help. You do not need a referral for Emergency Services, but you do need to call your PCP or the Cigna HealthCare 24-Hour Health Information Line SM as soon as possible for further assistance and advice on follow-up care.

If you receive Emergency Services outside the Service Area, you must notify Us as soon as reasonably possible. We may arrange to have you transferred to a Participating Provider for continuing or follow-up care if it is determined to be medically safe to do so.

If you require specialty care or a Hospital admission, your PCP or the Cigna HealthCare 24-Hour Health Information Line SM will coordinate it and handle the necessary Authorizations for care or hospitalization. Participating Providers are on call twenty-four (24) hours a day, seven (7) days a week, to assist you when you need Emergency Services.

Urgent Care Inside the Service Area. For urgent care inside the Service Area, you must take all reasonable steps to contact the Cigna HealthCare 24-Hour Health Information Line SM or your PCP for direction and you must receive care from a Participating Provider, unless otherwise authorized by your PCP or by Cigna Healthcare.

Urgent Care Outside the Service Area. In the event you need urgent care while outside the Service Area, you should, whenever possible, contact the Cigna HealthCare 24 Hour Health Information Line SM or your PCP for direction and Authorization prior to receiving services.

Continuing or Follow-up Treatment. Continuing or follow-up treatment, whether in or out of the Service Area, is not covered unless it is provided or arranged for by your PCP, a Participating Provider or upon Prior Authorization of Cigna Healthcare.

Notification, Proof of a Claim, and Payment. Inpatient hospitalization for any Emergency Services or urgent care requires notification to and Authorization by Cigna Healthcare. Notification of inpatient hospitalization is required as soon as reasonably possible, but no later than within forty-eight (48) hours of admission. This requirement shall not cause denial of an otherwise valid claim if you could not reasonably comply, provided that notification is given to Us as soon as reasonably possible. If you receive Emergency Services or urgent care from Non-Participating Providers, you must submit a claim to Us as soon as is reasonably possible. The claim shall contain an itemized statement of treatment, expenses, and diagnosis. This requirement shall not cause denial of an otherwise valid claim if you could not reasonably comply, provided you submit the claim and the itemized statement to Us as soon as reasonably possible. Coverage for Emergency Services and urgent care received through Non-Participating Providers shall be limited to Covered Services to which you would have been entitled under this EOC. Cigna Healthcare will work directly with the Provider and the Member will not be subject to any costs above their in-network cost share.

Deductibles

Deductibles are prescribed amounts of Covered Expenses the Member must pay before this EOC will pay your claims. Deductibles apply to all Covered Expenses as described in the “Definitions” section of this EOC, unless expressly stated otherwise in the benefit schedule. Deductibles do not include any amounts in excess of the Allowed Expense, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which a Member’s claims are received and processed by Us, not necessarily in the order in which the Member received the service or supply.

Deductible

The Deductible is stated in the benefit schedule. The Deductible is the amount of Covered Expenses you must pay for **any** Covered Services (except as specifically stated otherwise in the benefit schedule) incurred from Participating Providers each Year before this EOC will pay your claims. There are two ways a Member can meet his or her Deductible:

- When a Member meets his or her Individual Deductible, that Member’s benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are enrolled for coverage under this EOC, the Family Deductible will apply. Each Member can contribute up to the Individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.

Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the maximum amount of Deductible, Copayment and Coinsurance each Family Member incurs in Covered Expenses in a Year.

- The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services. Once the Individual Out-of-Pocket Maximum has been met for the Year for In-Network Covered Services, you will no longer have to pay any Coinsurance or Copayment for medical or Pharmacy services for Covered Expenses incurred In-Network during the remainder of that Year. Non-compliance penalty charges do not apply to the Individual Out-of-Pocket Maximum and will always be paid by you. The amount of the Individual Out-of-Pocket Maximum is described in the benefit schedule section of this EOC.

- The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of Your Family Member(s) are enrolled for coverage under this EOC. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services, paid by each Family Member for Covered Expenses during a Year. If You cover other Family Member(s), each Member's Covered Services accumulate toward the Family Out-of-Pocket Maximum. Each Family Member can contribute up to the Individual Out-of-Pocket amount toward the Family Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum for Covered Services has been met, the Family Members will no longer have to pay any Deductible, Coinsurance or Copayments for Covered Expenses incurred during the remainder of that Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the benefit schedule section of this EOC.

Special Limits

There may be limits applied to certain Covered Services in the form of an Annual maximum on the number of visits, days or events the EOC will cover for a specific type of service. The expenses you incur which exceed specific maximums described in this EOC will be your responsibility. Any special limits applicable to benefits in this EOC are described in the benefit schedule.

The expenses you incur which exceed specific maximums described in this EOC will be your responsibility.

Penalties

A penalty is an amount of Covered Expenses that is:

- Not counted toward any Deductible;
- Not counted toward the Out-of-Pocket Maximum; and
- Not eligible for benefit payment once the Deductible is satisfied.

The following services require Prior Authorization. Penalties may be assessed against your Provider if your Provider fails to obtain Prior Authorization:

- Inpatient Hospital admissions and all other facility admissions,
- Free Standing Outpatient Surgical Facility Services,
- Certain outpatient surgeries and diagnostic procedures.

Provider penalties are applied before this EOC pays claims.

Certain Specialty Medications may be covered only under the Prescription Drug benefits of this EOC when one or more of the following criteria is met:

- Cost of the medication is lower under Pharmacy sources than medical sources in the Cigna Pathwell Specialty Network;
- Provider accepts the medication from the Pharmacy source;
- The Member is able to self-administer the medication procured from a Pharmacy.

Split Fill Dispensing Program

This program applies for the first 30 days when you start a new therapy on certain Limited Distribution Drugs and Specialty Medications. The split fill dispensing program is designed to prevent wasted Prescription Drugs if your Prescription Drug or dose changes. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and reactions. You will initially get up to a 15-day supply of your Prescription Order for certain drugs filled at Accredo or Express Scripts, Our home delivery Pharmacy instead of the full Prescription Order. You pay half the 30-day Cost Share for this initial 15-day supply, and would be responsible for the other half of the 30-day Cost Share if an additional 15-day supply is provided. The therapeutic classes of Prescription Drugs that are included in this program are determined by Cigna Healthcare and will be managed for continuation in this program as new clinical guidelines and dispensing experience dictates.

Prescription Drug List Management

The Prescription Drug List, which may also be referred to as a formulary, is a list of Prescription Drugs or Related Supplies that the EOC covers. The Prescription Drug List is organized by coverage “tiers” that are subject to different levels of cost-share requirements. The EOC’s coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Drugs, or Specialty Medications.

The Prescription Drug List is managed by the Health Plan Value Assessment Committee (HVAC), which makes, subject to the P&T Committee’s review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your EOC’s coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Name Drugs or Specialty Medications. Placement of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee’s evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supply is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your EOC, is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The Prescription Drug List is reviewed at least annually. While most changes to the Prescription Drug List occur on the policy year anniversary date, the Prescription Drug List may change throughout the Calendar Year. New Prescription Drug are reviewed by the P&T Committee and, based on consideration of the factors set forth previously, may be added to the Prescription Drug List during the Calendar Year. The coverage status of a Prescription Drug or Related Supply already included on the Prescription Drug List may change periodically during the Calendar Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, you may, for example, be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access www.mycigna.com through the Internet or call Customer Service at the telephone number on your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

How to find out if a specific Prescription Drug is on the Prescription Drug List

We will inform you, upon your request, if a drug is included on the Prescription Drug List within 3 business days. To make a request, you can call Customer Service at the phone number on your ID card or you can view the Prescription Drug List at www.cigna.com/ifp-drug-list.

Please note: the inclusion of a drug in Cigna Healthcare’s Prescription Drug List does not guarantee that your Physician will or must prescribe that drug for a particular medical condition or mental illness.

Covered Expenses

If a Member, while covered under this EOC, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna Healthcare will provide coverage for those expenses as shown in the benefit schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a Prescription issued to You or Your Family Members by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When You or Your Family Members are issued a Prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that Prescription cannot reasonably be filled by a Participating Pharmacy, the Prescription will be covered by Cigna Healthcare as if filled by a Participating Pharmacy.

Patient Assurance Program

Your EOC offers additional discounts for certain covered Prescription Drugs that are dispensed by a Pharmacy included in what is known as the “Patient Assurance Program.” As may be described elsewhere in this EOC, from time to time Cigna Healthcare may directly or indirectly enter into arrangements with pharmaceutical manufacturers for discounts that result in a reduction of your out of pocket expenses for certain covered Prescription Drugs for which Cigna Healthcare directly or indirectly earns the discounts. Specifically, some or all of the Patient Assurance Program discount earned by Cigna Healthcare for certain covered Prescription Drugs included in the Patient Assurance Program is applied or credited to a portion of your Copayment or Coinsurance, if any. The Copayment or Coinsurance, if any, otherwise applicable to those certain covered Prescription Drugs as set forth in the benefit schedule may be reduced in order for Patient Assurance Program discounts or other payments earned by Cigna Healthcare to be applied or credited to the Copayment or Coinsurance, if any, as described above.

For example, certain insulin drugs covered under the Prescription Drug benefit for which Cigna Healthcare directly or indirectly earns a discount in connection with the Patient Assurance Program may result in a credit toward some or all of your Copayment or Coinsurance, if any, which, as noted, may be reduced from the amount set forth in the benefit schedule, for the insulin drugs. In addition, the covered insulin drugs eligible for Patient Assurance Program discounts may not be subject to any applicable Deductible, if any.

Any Patient Assurance Program discount that is used to satisfy your Copayment or Coinsurance, if any, for covered Prescription Drugs under the Patient Assurance Program applies toward your Out-of-Pocket Maximum.

Please note that the Patient Assurance Program discounts that Cigna Healthcare may earn for Prescription Drugs, and may apply or credit to your Copayment or Coinsurance, if any, in connection with the Patient Assurance Program are unrelated to any rebates or other payments that Cigna Healthcare may earn from a pharmaceutical manufacturer for the same or other Prescription Drugs. Except as may be noted elsewhere in this EOC, you are not entitled to the benefit of those rebates or other payments earned by Cigna Healthcare because they are unrelated to the Patient Assurance Program. Additionally, the availability of the Patient Assurance Program, as well as the Prescription Drugs included in the Patient Assurance Program and/or your Copayment or Coinsurance, if any for those eligible Prescription Drugs, may change from time to time depending on factors including, but not limited to, the continued availability of the Patient Assurance Program discount(s) to Cigna Healthcare in connection with the Patient Assurance Program. More information about the Patient Assurance Program, including the Prescription Drugs included in the program, is available at the website shown on your ID card or by calling Customer Service at the telephone number on your ID card.

Please note: the out-of-pocket costs that You and Your Family Member(s) pay for any Prescription Drugs or Related Supplies the plan does not cover will not be applied to the Member's Deductible or Out-of-Pocket Maximum.

Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna Healthcare is required for certain Prescription Drugs and Related Supplies, meaning that your Physician must obtain Authorization from Cigna Healthcare before the Prescription Drug or Related Supply will be covered.

Prior Authorization

When your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna Healthcare requires your Physician to obtain Authorization before the Prescription or supply can be filled. To obtain Prior Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy

Step Therapy is a type of Prior Authorization. Cigna Healthcare may require a Member to follow certain steps before covering some Prescription Drugs and Related Supplies, including without limitation, some higher-cost and Specialty Medications. If a Prescription Drug or Related Supply is subject to a Step Therapy requirement, then you must try one or more similar Prescription Drugs and Related Supplies before the EOC will cover the requested Prescription Drug or Related Supply. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at www.mycigna.com. To obtain Step Therapy Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Exceptions for Prescription Drugs and Related Supplies Not on the Prescription Drug List

If your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna Healthcare's Prescription Drug List, he or she can request that Cigna Healthcare make an exception and agree to cover that drug or supply for your condition. To obtain an exception for a Prescription Drug or Related Supply, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Prescription Drug and Related Supply Authorization and Exception Request Process

To obtain an exception, your Physician may call Cigna Healthcare, or complete the appropriate form and fax it to Cigna Healthcare to request an exception. Your Physician can certify in writing that you have previously used a Prescription Drug or Related Supply that is on Cigna Healthcare's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to your health or has been ineffective in treating your condition and, in the opinion of your Physician, is likely to again be detrimental to your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna Healthcare within 72 hours of receipt.

Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request

An expedited review may be requested by your Physician when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Prescription Drug or Related Supply not on Cigna Healthcare's Prescription Drug List. The expedited review will be reviewed and completed by Cigna Healthcare within 24 hours of receipt.

If the request is approved, your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna Healthcare's pharmacy claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until you no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the Prescription(s).

If the request is denied, you and your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

Appeal of a Prior Authorization, Step Therapy or Prescription Drug Exception Denial

If you, a person acting on your behalf or the prescribing Physician or other prescriber disagree with a coverage decision, you, a person acting on your behalf or the prescribing Physician or other prescriber may appeal that decision in accordance with the provisions of this EOC, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered. Please see the section of this EOC entitled "When You Have a Complaint or an Appeal" which describes the process for the external independent review.

If you have questions about specific Prescription Drug List exceptions, Prior Authorization or a Step Therapy request, call Customer Service at the toll-free number on the back of your ID card.

Coverage of New Drugs

All new FDA-approved Prescription Drugs or Related Supplies (or new FDA-approved indications) are designated as non-Prescription Drug List Prescription Drugs or Related Supplies until the Cigna Health Plan Value Assessment Committee (HVAC) makes a placement decision on the new Prescription Drug or Related Supply (or new indication), which decision shall be based in part on the P&T Committee's clinical review of the drug. The P&T Committee makes a reasonable effort to review all new FDA-approved Prescription Drugs or Related Supplies (or new FDA-approved indications) within 90 days of its release to the market. The Health Plan Value Assessment Committee (HVAC) must make a decision on each new FDA-approved drug product (or new FDA-approved indication) within 180 days of its release onto the market, or a clinical justification must be documented if this timeframe is not met.

General Provisions

Healthcare Physician Liens

Arizona law (A.R.S. §20-1072) prohibits Participating Physicians from charging You more than the applicable Copayment or other amount You are obligated to pay under this EOC for Covered Services. However, Arizona law (A.R.S. §33-931, et seq.), also entitles certain Participating Physicians to assert a lien for their customary Charges for the care and treatment of an injured person upon any and all claims of liability or indemnity, except health insurance. This means that if You are injured and have a claim against a non-health liability insurer (such as automobile or homeowner insurance) or any other payor source for injuries sustained, a Participating Physician may be entitled to a lien against available proceeds from any such insurer or payor in an amount equal to the difference between: (1) the applicable Member Copayment plus what the Participating Physician has received from Cigna Healthcare as payment for Covered Services, and (2) the Participating Physician's full billed Charges.

Alternate Cost Containment Provision

We may, in certain situations, approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the EOC. The alternate treatment plan must be mutually agreed to by Us, the Member, and the Physician, Provider, or other healthcare practitioner. Our offering an alternate treatment plan in a particular case in no way commits Us to do so in another case, nor does it prevent Us from strictly applying the express benefits, limitations, and exclusions of the EOC at any other time or for the Member.

Medicare Enrollment

If a Member is enrolled in Medicare, Cigna Healthcare will calculate the claim payment for Covered Services according to the benefit levels of this EOC based on the allowed amount defined below, and pay this amount minus any amount paid by Medicare. A person is considered enrolled in Medicare on the earliest date any coverage under Medicare becomes effective for him/her. In no event will the amount paid exceed the amount that Cigna Healthcare would have paid if it were the sole insurance carrier.

Under this scenario, the allowed amount will be the lesser of:

- The amount Medicare allowed; or
- Cigna Healthcare's Negotiated Rate for a Participating Provider; or
- Cigna Healthcare's Allowed Expense for a Non-Participating Provider.

However, any claims payments made by Us under the policy You elect to cancel will be deducted from any such refund of Premium.

How to File a Claim for Benefits

Notice of Claim: There is no paperwork for claims for services from Participating Providers. You will need to show your ID card and pay any applicable Copayment; your Participating Provider will submit a claim to Us for reimbursement. Claims for Emergency Services from Non-Participating Providers can be submitted by the Provider if the Provider is able and willing to file on your behalf. If a Non-Participating Provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on your ID card.

Claim Forms: You may get the required claim forms from www.cigna.com under Health Care Providers, Coverage and Claims, or by calling Customer Service using the toll-free number on your identification card.

Claim Reminders:

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CLAIM FORMS, OR WHEN YOU CALL YOUR Cigna Healthcare CLAIM OFFICE.
 - YOUR MEMBER ID IS SHOWN ON YOUR ID CARD.
 - YOUR GROUP NUMBER IS THE 8-DIGIT NUMBER SHOWN ON YOUR ID CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM.

Proof of Loss: You must give Us written proof of loss within 15 months after the date of the loss, except in absence of legal capacity. Proof of loss is a claim form as described above. Canceled checks or receipts are not acceptable. Cigna Healthcare will not be liable for benefits if it does not receive written proof of loss within this time period.

Assignment of Claim Payments:

Medical benefits are assignable to the Provider; when you assign benefits to a Provider, you have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting a patient's payment on the Charge, it is the Provider's responsibility to reimburse the patient. Because of Cigna Healthcare's contracts with Providers, all claims from contracted Providers should be assigned.

We will recognize and consider any assignment made under the EOC, only if:

1. it is duly executed on a form acceptable to Us;
2. a copy is on file with Us; and
3. it is made by a Provider licensed and practicing within the United States.

We may, at Our option, make payment to You for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Family Member(s), You or Your Family Member(s) are responsible for paying the Non-Participating Provider and Our payment to You will be considered fulfillment of Our obligation.

We assume no responsibility for the validity or effect of an assignment.

Timely Payment of Claims: Benefits will be paid immediately upon receipt of due written proof of loss.

Payment of Claims: Any benefits payable under this EOC for Covered Services provided by a Participating Provider will be paid directly to that Participating Provider unless you direct otherwise, in writing, by the time proofs of loss are filed. Any benefits payable under this EOC for Covered Services for non-Emergency Services performed by a Non-Participating Provider at a Participating Facility, Emergency Services provided by a Non-Participating Provider, and air ambulance services provided by a Non-Participating Provider will be paid directly to the Non-Participating Provider. Any other benefits payable under this EOC for Covered Services provided by a Non-Participating Provider will be paid directly to you unless you direct otherwise, in writing, by the time proofs of loss are filed. In the event of your death, We will issue any benefits payable to you to the beneficiary of your estate as determined by applicable law.

Claim Determination Procedures Under Federal Law

(Provisions of the laws of this state may supersede.)

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the EOC. The procedures for determining medical necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical necessity determinations are made on either a pre-service, concurrent, or post-service basis, as described below.

Certain services require Prior Authorization in order to be covered. This Prior Authorization is called a “pre-service medical necessity determination.” The EOC describes who is responsible for obtaining this review. The Member or their authorized representative (typically, their health care Provider) must request medical necessity determinations according to the procedures described below, in the EOC, and in the Member’s Provider’s network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, the Member or their representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the EOC, in the Member’s Provider’s network participation documents, and in the determination notices.

Pre-service Medical Necessity Determinations

When the Member or their representative requests a required medical necessity determination prior to care, Cigna Healthcare will notify the Member or their representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna Healthcare’s control, Cigna Healthcare will notify the Member or their representative within 15 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information to Us within 45 days after receiving the notice. The determination period will be suspended on the date Cigna Healthcare sends such a notice of missing information, and the determination period will resume on the date the Member or their representative responds to the notice.

If the determination periods above would (a) seriously jeopardize the Member’s life or health, their ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of the Member’s health condition, cause them severe pain which cannot be managed without the requested services, Cigna Healthcare will make the pre-service determination on an expedited basis. Cigna Healthcare’s Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. Cigna Healthcare will notify the Member or their representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna Healthcare will notify the Member or their representative within 24 hours after receiving the request to specify what information is needed. The Member or their representative must provide the specified information to Us within 48 hours after receiving the notice. Cigna Healthcare will notify the Member or their representative of the expedited benefit determination within 48 hours after the Member or their representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If the Member or their representative fails to follow Cigna Healthcare's procedures for requesting a required pre-service medical necessity determination, Cigna Healthcare will notify them of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless the Member or their representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for a Member and they wish to extend the approval, the Member or their representative must request a required concurrent medical necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When the Member or their representative requests such a determination, Cigna Healthcare will notify them of the determination within 24 hours after receiving the request.

Post-service Medical Necessity Determinations

When a Member or their representative requests a medical necessity determination after services have been rendered, Cigna Healthcare will notify them of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Our control, We will notify the Member or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information to Us within 45 days after receiving the notice. The determination period will be suspended on the date Cigna Healthcare sends such a notice of missing information, and the determination period will resume on the date the Member or their representative responds to the notice.

Post-service Claim Determinations

When a Member or their representative requests payment for services which have been rendered, Cigna Healthcare will notify them of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Our control, We will notify the Member or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna Healthcare sends such a notice of missing information, and resume on the date the Member or their representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the adverse determination; (3) reference to the specific plan provisions on which the determination is based; (4) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a medical necessity, Experimental treatment or other similar exclusion or limit; (6) information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and (7) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Premiums

The monthly Premium amount is listed on the EOC specification page which was sent with this EOC.

You will be responsible for an additional \$45 charge for any check or electronic funds transfer that is returned to Us unpaid. This additional charge is part of Your Premium obligation. You will not be considered to have paid Your Premium until Your Premium amount and any additional charges incurred by You are received by Cigna Healthcare.

Your Premium may change due to (but not limited to):

- a. Deletion or addition of a new eligible Member(s)
- b. A change in age of any Member which results in a higher Premium
- c. A change in residence
- d. Application of any additional charges as a result of a late or returned payment

These changes will be effective on the first of the month following the change, unless as otherwise stated on Your Premium notice.

Cigna Healthcare also reserves the right to change the Premium on 60 days' prior written notice to You. However, We will not modify the Premium schedule on an individual basis, but only for all Members in the same class and covered under the same EOC as You. The change will become effective on the date shown on the notice, and payment of the new Premiums will indicate acceptance of the change.

Premiums are to be paid by You to Us.

Cigna Healthcare will not accept the direct or indirect payment of Premiums by any person or entity other than You, Your family members or an Acceptable Third Party Payor, except as expressly permitted by Cigna Healthcare in writing. Cigna Healthcare may request and upon request, You shall provide, a certified statement from You that You are not receiving payment or other remuneration from anyone other than an Acceptable Third Party Payor as defined above for the partial or full payment of Your Premium or other cost-sharing obligations under this EOC.
