Preventive medications are used to keep certain conditions from developing or from coming back.

Certain preventive medications are available at no cost-share to you

Health care reform under the Patient Protection and Affordable Care Act (PPACA) requires plans to cover certain preventive medications and products at 100%, or no cost-share ($0), to you. The U.S. Preventive Services Task Force and the Institute of Medicine provides guidance on which drug classes should be covered on this list. These recommendations are meant to help prevent disease, as well as meet women’s unique health care needs.

Talk with your doctor to see if one of these medications may work for you. If your doctor feels a certain contraceptive product or quit smoking medication/product on this list isn’t right for you, ask your doctor to contact Cigna Healthcare℠. Together, we’ll look for other medications that may be available at no cost-share.

About this drug list

This is a list of the preventive prescription medications and over-the-counter (OTC) products available to you at no cost-share (copay, coinsurance and/or deductible).

- For your plan to cover these medications at 100%, you’ll need to get a prescription from your doctor – even for the OTC products, which are typically available without a prescription.
- Medications are listed alphabetically by drug category.
- Generic medications are listed in all lowercase letters and brand-name medications are listed in all capital letters.
- This drug list is updated as the U.S. Preventive Services Task Force makes new recommendations. Log in to the myCigna® App® or myCigna.com®, or check your plan materials, to learn more about how your plan covers preventive medications.
PPACA No Cost-Share Preventive Medications

This is a list of the preventive prescription medications and the over-the-counter (OTC) products available to you at no cost-share under PPACA. This drug list is updated as the U.S. Preventive Services Task Force makes new recommendations.

Aspirin Products

Important change: Starting January 1, 2024, aspirin products will no longer be covered under PPACA.5

- Adult aspirin regimen
- Aspirin 81mg
- Aspirin ec 81mg

Generic medications are listed in all lowercase letters and brand-name medications are listed in all capital letters.
1. This is a list of the medications and other products covered at 100% under the plan’s pharmacy benefit at this time, based on existing legal requirements, and is subject to plan terms like limitations and exclusions. For example, this list of medications may change if legal requirements for preventive coverage changes.

2. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.

3. Low-dose aspirin (81 mg/day) will stay covered at 100%, or no cost-share ($0), under PPACA’s preventive services requirement for women who are at least 12 weeks pregnant and at high risk for pre-eclampsia.

4. Male condoms that are stocked behind the pharmacy counter and given to you by the pharmacist will be available at no cost-share to you. Quantity limits apply.

5. If your doctor feels these medications aren’t right for you, ask him or her to call Cigna Healthcare. There may be other generics/brands available at no cost-share to you.

6. Generic hormonal contraceptives are available at no cost-share to you, even though they may not be listed here.

7. This medication will only be covered at no cost-share ($0) if used alone instead of in combination with other HIV medications.

8. Generic nicotine replacement therapy (known as “store-brands”) are available at no cost-share to you, even though they may not be listed here.

9. Not all plans cover vaccines in the same way. Log in to the myCigna App or myCigna.com, or check your plan materials, to find out how your specific plan covers them. You can also see a current list of covered vaccines and pharmacies in your plan’s network. Most immunizations for travel aren’t covered. Call your pharmacy to make sure the vaccine is covered and available at their location. You shouldn’t need to make an appointment to get a vaccination.

If you need language assistance, or have a disability, please call us at 866.494.2111 (For TTY services, dial 711). Accommodations are available and provided at no cost to you.

Medical insurance policies/service agreements contain exclusions and limitations. To be eligible for coverage, a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. Refer to your plan documents for costs and complete details of your plan’s prescription drug coverage.

Cigna Healthcare reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist.

Product availability may vary by location and plan type and is subject to change. All health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.

Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.
