Coverage for these essential health benefits.

- Ambulatory patient services (outpatient services)
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorder services, including behavioral health treatment
- Prescription drugs
- Rehabilitative and habilitative services (those that help patients acquire, maintain or improve skills necessary for daily functioning) and devices

1. Includes eligible in-network preventive care services. Some preventive care services may not be covered, including most immunizations for travel. Reference plan documents for a list of covered and non-covered preventive care services.

2. \$0 virtual care (no cost share) for eligible preventive care and Dedicated Virtual Urgent Care for minor acute medical conditions. Not available for all plans. HSA plans and non-minor acute medical care may apply a copay, coinsurance or deductible. Cigna Healthcare provides access to Dedicated Virtual Care through a national telehealth provider, MDLive located on myCigna, as part of your health plan. Providers are solely responsible for any treatment provided to their patients.

3. Health benefit plans may be different, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and be medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you have to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Look at your plan documents for more information about your plan's prescription drug coverage.

Rewards for healthy actions.

Cigna® Healthy Rewards®

With Healthy Rewards,⁴ you can save time and money on a wide variety of health products, wellness programs and other services, including:

Nutrition

Fitness and exercise

Hearing and vision care

4. Healthy Rewards programs are NOT insurance. Rather, these programs give a discount on the cost of certain goods and services. The customer must pay the entire discounted cost. Some Healthy Rewards programs are not available in all states, and programs may be discontinued at any time. Participating providers are solely responsible for their goods and services.

Three things to think about before making your choice.

I. Cost

Choose a plan that fits your budget.

Each plan has a variety of costs. These include:

- **Premium.** This is the payment you make each month to keep your coverage.
- **Deductible.** This is the set amount you pay out of pocket for covered medical services before your insurance starts sharing the cost.
- **Coinsurance.** Once you've met your annual deductible, you pay for a percentage of covered medical services and your health plan pays the rest.
- **Copays.** This is the fixed amount you pay for doctor visits, prescriptions or other medical services.

Cigna Healthcare offers a variety of plans, including some with a \$0 deductible and some with \$0 copays.⁵ When choosing a plan, consider what's best for your budget and your needs.

Plans are available in three metal levels.

Each is available through Georgia Access, Georgia's health insurance enrollment platform, and pays different amounts of the total cost of an average person's care. The higher the metal level, the more expenses your plan covers. To learn more visit GeorgiaAccess.gov.

2. Financial assistance

Health care can be expensive—but you've got options. Let us help you find ways to reduce your monthly payment or lower out-of-pocket costs.

- **Premium tax credits** can reduce your monthly payment when you enroll in a qualified health plan (QHP).⁶
- **Cost-sharing reductions** on Silver plans can lower the amount you pay out of pocket when you get care. Household size and income requirements determine the reduction amount. Cost-sharing reductions may be combined with a premium tax credit.

Native Americans and Alaska Natives may qualify for tax credits and special cost-sharing reductions if specific requirements are met.

3. Care and coverage

The Cigna Connect Network is a **Health Maintenance Organization (HMO)**, which gives you access to local providers selected with cost and quality in mind. To avoid extra expenses, make sure your current doctor is in-network or consider switching to one who is. To find out if your current doctor is in-network, visit Cigna.com/ifp-providers.

In-network

means the doctor or facility meets certain requirements and agrees to accept a discounted rate for services under your plan.

Out-of-network

means the doctor or facility is not contracted with your health plan and can charge you full price for services.

⁶ Financial assistance can only be applied to the purchase of a Qualified Health Plan (QHP), which is an insurance plan that's certified by the Health Insurance Marketplace®, provides essential health benefits, follows established limits on cost-sharing (including deductibles, copayments and out-of-pocket maximum amounts) and meets other requirements under the Affordable Care Act (ACA).

Frequently asked questions.
