1. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network. Cigna Healthcare maintains an ownership interest in Express Scripts® Pharmacy's home delivery services and Accredo's specialty pharmacy services. However, you have the right to fill prescriptions at any pharmacy in your plan's network. You won't be penalized regardless of where you fill your prescriptions.
2. Standard shipping costs are included as part of your prescription plan.
3. Certain medications may only be packaged in less than a 90-day supply. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription. Tier 5 medications are limited to a 30-day supply in all states except for NC. In NC, Tier 5 medications are allowed in a 90-day supply.
