

# Five things to remember.

Get the most from your pharmacy benefits.

## 1. Use the myCigna® App<sup>1</sup> and myCigna.com®

### 24/7 access to your coverage information

- Find out how much your medication costs
- See which medications your plan covers
- Find an in-network pharmacy
- Order, manage, track and pay for your home delivery prescription orders<sup>2</sup>
- Ask a pharmacist a question
- See your pharmacy claims and coverage details

## 2. Compare your medication costs online.

When you and your doctor are considering the right medication for your treatment, knowing how much it costs, what lower-cost alternatives are available and which pharmacies offer the best prices can help you avoid surprises. Log in to **myCigna** and use the Price a Medication tool to see how much your medication costs before you get to the pharmacy counter – or, even before you leave your doctor's office.<sup>3</sup>

## 3. Go generic and save money.

Generics work in the same way and provide the same clinical benefit as their brand-name versions. They have the same active ingredients, strength, dosage, effectiveness, quality, and safety – and they typically cost 85% less.<sup>4</sup> Just because generics cost less than brands, it doesn't mean they're lower-quality.

## 4. Make fills easier with a 90-day supply.<sup>5</sup>

- **Make fewer trips** to the pharmacy for refills – fill four times a year instead of every month
- **Choose your pharmacy** – use select in-network retail pharmacies or home delivery with Express Scripts® Pharmacy

## 5. Use Accredo to help manage a complex medical condition

If you're using a specialty medication, Accredo® can help. They can provide you with the personalized care and support you need to manage your therapy – at no extra cost.

- **24/7 access** to specialty-trained pharmacists and nurses
- **Personalized** care services
- **Manage your medications online** and track your orders
- Fast shipping, at **no extra cost**<sup>6</sup>
- **Easy refills** and free reminders
- Help you **find ways to pay** for your medications
