About this drug list

This is a list of the prescription medications covered on the Cigna Healthcare Plus Florida 4-Tier Prescription Drug List as of January 1, 2026. All medications are approved by the U.S. Food and Drug Administration (FDA). Medications are listed in alphabetical order (A-Z). If you don't see a certain medication listed here, log in to the myCigna App or **myCigna.com** to see all of the medications your plan covers.

Medications are listed in **alphabetical** order (A-Z)

Tier (cost-share level) gives you an idea of how much you may pay for a medication

Medications that have extra coverage rules (requirements) have **letters (acronyms)** listed next to them in the Notes column

Specialty medications have SRX listed next to them in the Notes column

*This table is just an example. It may not show how these medications are currently covered on this drug list.

Tiers

We put covered medications into tiers (or cost-share levels). Typically, the higher the tier, the higher the price you'll pay for the medication.

Tier 1	Generic Medications (and some low-cost brand-name medications). Generics work in the same way and provide the same clinical benefits as their brand-name versions – and typically cost much less. ²	\$
Tier 2	Preferred Brand Medications (and some high-cost generics).	\$\$
Tier 3	Non-Preferred Brand Medications (and some high-cost generics).	\$\$\$
Tier 4	Specialty and Other High-Cost Generic and Brand-Name Medications. Your plan covers Tier 4 medications in up to a 30-day supply. <i>These medications are covered at your plan's highest cost-share.</i>	\$\$\$\$

Letters (acronyms) in the Notes column

In this drug list, some medications have **letters (acronyms)** next to them in the Notes column. Here's what they mean.

PA	Prior Authorization – This medication needs approval from Cigna Healthcare before your plan will cover it. Your doctor's office will have to send us information to review to make sure you meet the medication's coverage rules (requirements).
QL	Quantity Limit – Your plan will only cover so much of this medication at one time. If your doctor wants you to fill more than what's allowed, your doctor's office can ask us to cover more.
ST	Step Therapy – This high-cost medication is part of a prior authorization (approval) program. It has a lower-cost alternative(s) that treats the same condition. Your plan won't cover this medication until you try at least one preferred medication first (typically a generic or preferred brand) and can show that it didn't work for you. If your doctor feels a preferred medication isn't right for you, your doctor's office can ask us to cover the higher-cost medication.
AGE	Age Requirement – Your plan will only cover this medication if you're a certain age or within a certain age range. If you're not within the allowed age range and your doctor wants you to use the medication, your doctor's office can ask us to cover it.
SRX	This is a specialty medication , which is used to treat rare and/or complex medical conditions. They're typically injected or infused and may need special handling, such as refrigeration.
LDD	This is a "limited distribution drug." It a high-cost specialty medication that treats medical conditions that are very hard to manage and need special handling, patient support and monitoring. It can only be filled at a select number of specialty pharmacies in the United States.

Plan exclusions

There are certain medications and products that your plan won't cover for any reason. They're known as a "plan (or benefit) exclusion." This means they aren't on your plan's drug list and there's no option to ask us to cover them through our medication review process.

For example, your plan doesn't cover, or "excludes," medications that the FDA hasn't approved.

How to find your medication

Frequently Asked Questions (FAQs)

Here are answers to questions you may have about your drug list and prescription medication coverage.

Q. Why do you make changes to the drug list?

A. We review and update the drug list on a regular basis to make sure you have coverage for low-cost, safe and effective medications. We make changes for many reasons; for example, when a new medication comes out or is no longer available, or when a medication's price changes. These changes may include:

- Moving a medication to a lower cost tier.
- Moving a brand medication to a higher cost tier when a generic becomes available.
- Moving a medication to a higher cost tier and/or no longer covering a medication.
- Adding extra coverage rules (requirements) to a medication.

When we make a change that affects your medication (for example, it'll cost more, won't be covered, and/or has an extra coverage requirement), we let you know before it happens. This way, you have time to talk with your doctor about your options. Only you and your doctor can decide what's best for your treatment.

Q. Why doesn't my plan cover certain medications?

A. To help lower your overall health care costs, your plan doesn't cover certain high-cost brand-name medications that have lower-cost alternatives that can treat the same condition. If your medication isn't covered and your doctor feels a different medication isn't right for you, your doctor's office can ask us to cover it through our review process.

There are also some medications and products that your plan won't cover for any reason because they're a "plan (or benefit) exclusion." This means the medication or product isn't on your drug list, and there's no option to ask us to cover it through our medication review process. For example, your plan doesn't cover (or "excludes") medications that the FDA hasn't approved.

Q. How do you decide which medications to cover?

A. The prescription drug list is managed by the Health Plan Value Assessment Committee (HVAC), which makes, subject to the Pharmacy and Therapeutics Committee's review and approval of the prescription drug list, coverage tier placement decisions of prescription drugs or related supplies and/or applies utilization management requirements to certain prescription drugs or related supplies.

Your Policy/Service Agreement coverage tiers may contain prescription drugs or related supplies that are generic drugs, brand drugs or specialty medications. Placement of any prescription drug or related supplies in a specific tier, and application of utilization management requirements to a prescription drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the prescription drug or related supplies, and economic factors include, without limitation, the cost and/or available rebates for prescription drugs or related supplies.

Whether a particular prescription drug or related supply is appropriate for you or any of your family member(s), regardless of its eligibility coverage under Your Policy/Service Agreement is a determination that is made by you (or your family member) and the prescribing physician.

Q. Why do certain medications need approval before my plan will cover them?

A. The review process helps make sure you're getting coverage for the right medication, at the right cost, in the right amount and for the right situation.

Q. How do I know if a medication needs approval?

A. Check your drug list or log in to the myCigna App or **myCigna.com** and use the Price a Medication tool. If the medication has:

- **PA** (Prior Authorization) or **ST** (Step Therapy) next to it, it needs approval before your plan will cover it.

Frequently Asked Questions (FAQs) (cont.)

- **QL** (Quantity Limit) next to it, you may need approval depending on how much you're filling at one time.
- **AGE** (Age Requirement) next to it, you may need approval depending on your age.

Q. What types of medications typically need approval?

A. Medications that:

- May not be safe when you take them with other medications.
- Have lower-cost alternatives that work just as well at treating the same condition.
- Should only be used for certain health conditions.
- Are often used in the wrong way or are abused (taken more often than you should).

Q. What types of medications typically have quantity limits?

A. Medications that are often:

- Taken in a greater amount or used for a longer time than they should be.
- Used in the wrong way or are abused (taken more often than you should).

Q. What medications are part of Step Therapy?

A. They're typically high-cost medications that treat conditions such as:

- | | |
|---------------------------------|--|
| • ADD/ADHD | • High blood pressure |
| • Allergies | • High cholesterol |
| • Asthma/COPD | • Mental health |
| • Cardiovascular health | • Overactive bladder/ bladder problems |
| • Diabetes | • Pain management |
| • Heartburn/ulcer/ stomach acid | • Sleep disorders |

Q. Why does my medication have an age requirement?

A. Not all medications are right for all ages. Some medications work best for people of a certain age or within a certain age range. As you get older, body changes can decrease the body's ability to break down or get rid of certain medications. This means

that the medication may stay in your body longer. So, an older adult may need a lower dose of the medication or a different medication that's safer.

Q. How do I get approval (prior authorization) for my medication?

A. Ask your doctor's office to contact us to start the coverage review process. They know how the review process works and will take care of everything for you. In case the office asks, they can download a request form from our provider portal at cignaforhcp.com.

We'll review the information your doctor sends us to make sure you meet the medication's coverage rules (requirements). We'll send you and your doctor a letter with our decision (approved/not approved) and next steps. It can take up to five (5) business days to hear from us. You can always check with your doctor's office to find out if we've made a decision. Or, you can log in to the myCigna App or myCigna.com to see where your medication is in the review process or to read about the decision we made.

Many times, we don't get all of the information we need from the doctor's office to approve coverage. If we don't approve your medication, your doctor can send us more information to review, using the same process as before. We're happy to review the request again. Depending on what your doctor sends this time, we may be able to approve coverage. Or you and your doctor can appeal the decision by sending us a request, in writing, that explains why we should cover the medication.

Q. What happens if I try to fill a prescription that needs approval but I don't it ahead of time?

A. When your pharmacist tries to fill your prescription, they'll see that the medication needs our approval before it can be covered. Because you didn't get approval ahead of time, your plan won't cover its cost.

You can still fill it (without using your plan/insurance), but you'll pay its full price at the pharmacy counter. And, if you do this, your costs can't be applied to your annual deductible or out-of-pocket maximum.

Frequently Asked Questions (FAQs) *(cont.)*

Q. What happens if I try to fill a prescription that has a quantity limit?

A. Your pharmacist will only fill the amount your plan covers. If you want to fill more than what's allowed, your doctor's office can ask us to cover it through our review process.

Q. Are all of the medications on this drug list approved by the FDA?

A. Yes.

Q. Does my plan cover medications that the FDA recently approved?

A. We review all recently approved medications and products to see if they should be covered, and if so, at what cost-share (tier). These include, but are not limited to, medications, medical supplies and/or devices covered under standard pharmacy benefits. It can take up to six months from the date the FDA approved them for us to make a decision.

If your doctor wants you to use a recently approved medication, your doctor's office can ask us to cover it through our review process.

Q. What are preventive medications?

A. Preventive medications can help keep you from getting certain long-term health conditions such as asthma, depression, diabetes, heart attack, high blood pressure, high cholesterol, osteoporosis, prenatal nutrient deficiency and stroke. They improve your chances of staying well and living longer.

Q. Which medications are covered under the health care reform law?

A. The Patient Protection and Affordable Care Act (PPACA), known as health care reform, helps make health care and preventive care more affordable. PPACA requires health plans to cover the full cost of certain preventive medications and over-the-counter (OTC) products. This means you don't have to pay anything – not even a copay, coinsurance or deductible for these products.

To see a list of \$0 medications, go to **Cigna.com/PDL** and click on the link for the IFP PPACA No Cost-Share Preventive Drug List.

Q. How can I find out how much my medication will cost me?

A. When you and your doctor are thinking about the right medication for your treatment, knowing how much it costs, what lower-cost options are available, and which pharmacies have the best prices can help you avoid surprises. Log in to the myCigna App or **myCigna.com** and use the Price a Medication tool to see how much your medication costs before you get to the pharmacy counter – or even before you leave your doctor's office.³

Q. What's a cost-share?

A. It's the amount you pay out of your own pocket for a covered prescription and/or an eligible health care or related service. For some plans, the cost-share is a copay; for other plans, it's a coinsurance.

Q. How can I save money on my prescription medications?

A. You should think about using a medication that's covered on a lower tier, such as a generic or preferred brand medication, or by filling a 90-day supply (if your plan allows). Ask your doctor if one of these options may work for you.

Q. What's a generic medication?

A. A generic is the same as its brand-name version. It has the same active ingredient, strength and dosage form, treats the same condition(s), and works in the same way – and typically costs less.² Generics are typically sold under their chemical or scientific name, instead of the brand name.

Q. Do generics work the same as brand-name medications?

A. Yes. A generic medication works in the same way and provides the same clinical benefit as the brand-name medication.²

Q. What are the differences between generic and brand-name medications?

A. The generic and brand-name medication may:²

- Look different. For example, generics may have a different shape, size or color than their brand-name versions.

Frequently Asked Questions (FAQs) (cont.)

- Have a different flavor and/or different preservatives, come in different packaging and/or with different labeling and may expire at different times.

It's important to know that these differences don't affect how well the generic works.

Q. My pharmacy isn't in my plan's network. Can I continue to fill my prescriptions there?

A. Your plan doesn't offer out-of-network coverage. This means you'll have to use an in-network pharmacy for your medication to be covered.

Q. Can I fill my prescriptions by mail?

A. Yes.⁴

Fill maintenance medications through Express Scripts® Pharmacy.

Home delivery is a convenient option when you're taking a medication on a regular basis to treat an ongoing health condition. It's simple and safe, and saves you trips to the pharmacy. To learn more, go to **Cigna.com/homedelivery**.

Cigna Healthcare reserves the right to make changes to this drug list without notice. Please reference [Cigna.com/ifp-drug-list](https://www.cigna.com/ifp-drug-list) for an up-to-date listing. Your plan may cover additional medications; please refer to your policy/service agreement for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the U.S. Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

1. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
2. U.S. Food and Drug Administration (FDA) website, "Generic Drug Facts." Content current as of 11/01/21. [fda.gov/drugs/generic-drugs/generic-drug-facts](https://www.fda.gov/drugs/generic-drugs/generic-drug-facts).
3. Prices shown on myCigna are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna for more information.
4. Cigna Healthcare, Express Scripts and Accredo are all part of The Cigna Group. This means we have an ownership interest in Express Scripts Pharmacy's home delivery services and Accredo's specialty pharmacy services. However, you have the right to fill prescriptions at any pharmacy in your plan's network (as your plan allows).
5. Standard shipping costs are included as part of your prescription plan.
6. Not all medications come in a 90-day supply. For example, oral contraceptives come in a 3-pack, which is an 84-day supply. It's important to know that even though it's not a full "90-day supply," we still think of it as a 90-day prescription. **Tier 4 medications are limited to a 30-day supply.**
7. You can sign up to get emails and/or texts from Express Scripts Pharmacy. To get text messages, you'll have to sign up for the Express Scripts texting service. You can do this online or over the phone. Once you sign up, simply reply to their welcome text to get started. Standard text messaging rates apply.
8. You can only refill certain specialty medications by text. To get text messages, you'll have to sign up for Accredo's texting service. You can do this when you call Accredo to refill your prescription. Once you sign up, just reply to their welcome text to get started. Standard text messaging rates apply.

Product availability may vary by location and plan type and is subject to change. All health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.
