## IMPORTANT NOTICES

### **Direct Access to Obstetricians and Gynecologists**

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact Customer Service at the phone number listed on the back of your ID card.

### **Selection of a Primary Care Provider**

This plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires the designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact Customer Service at the phone number listed on the back of your ID card.

## **Introduction**

### **About This Policy**

Your medical coverage is provided under a Policy issued by Cigna Health and Life Insurance Company ("Cigna"). This Policy is a legal contract between You and Us.

Under this Policy, "We", "Us", and "Our" mean Cigna. "You" or "Your" refers to the Policyholder whose application has been accepted by Us under the Policy issued. When We use the term "Insured Person" in this Policy, We mean You and any eligible Family Member(s) who are covered under this Policy. You and all Family Member(s) covered under this Policy are listed on the Policy specification page.

The benefits of this Policy are provided only for those services that are Medically Necessary as defined in this Policy and for which the Insured Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Policy or phone Us at the number shown on Your Cigna identification card if You have any questions regarding whether services are covered.

This Policy contains many important terms (such as "Medically Necessary" and "Covered Service") that are defined in the section entitled "Definitions". Before reading through this Policy, be sure that You understand the meanings of these words as they pertain to this Policy.

We provide coverage to You under this Policy based upon the answers submitted by You and Your Family Member(s) on Your signed individual application. In consideration for the payment of the premiums stated in this Policy, We will provide the services and benefits listed in this Policy to You and Your Family Member(s) covered under the Policy.

If, within 2 years after the Effective Date of Your participation in the Policy, We discover any fraud or material facts that were INTENTIONALLY misrepresented or that You or Your Family Member (s) knew, but intentionally did not disclose in Your application, We may rescind this Coverage as of the original Effective Date. Additionally, if within 2 years after adding additional Family Member(s) (excluding newborn children of the insured added within 61 days after birth), We discover any material facts that were INTENTIONALLY misrepresented or that You or Your Family Member (s) knew, but did not disclose in Your application, We may rescind coverage for the additional Family Member(s) as of the date he or she originally became effective. If We rescind Your coverage, We will provide you with 30 days advance notice and We will refund all premiums You paid for your Policy less the amount of any claims paid by Cigna. Rescission of Your coverage will result in denial of all pending claims and, if claim payments exceed total premiums paid, then claims previously paid by Cigna will be retroactively denied, obligating You to pay the provider in full for services rendered at the provider's regular billed rate, not at the Cigna Negotiated Rate.

**Choice of Hospital and Physician:** Nothing contained in this Policy restricts or interferes with an Insured Person's right to select the Hospital or Physician of their choice. However, non-emergency services from a Non-Participating Provider are not covered by this Policy.

### **THIS IS A NETWORK-ONLY POLICY**

That means this Policy does not provide benefits for any services You receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of a Medical Emergency, or
- Medically Necessary services that are not available through an In-Network (Participating) Provider

In-Network (Participating) Providers include Physicians, Hospitals, and other health care facilities. Check the provider directory, available at [www.mycigna.com](http://www.mycigna.com), or call the number on Your ID card to determine if a Provider is In-Network (Participating).

## **Choosing a Primary Care Physician**

When You enroll as an Insured Person, You must choose a Primary Care Physician (PCP). Each covered Family Member must also choose a PCP. If You do not select a PCP, we will assign one for You. If Your PCP ceases to be a Participating Physician, You will be able to choose a new PCP.

Your choice of a PCP may affect the specialists and facilities from which You may receive services. Your choice of a specialist may be limited to specialists in Your PCP's medical group or network, including a Limited Network. Therefore, You may not have access to every specialist or Participating Provider in your Service Area. Before You select a PCP, you should check to see if that PCP is associated with the specialist or facility You prefer to use. If the Referral is not possible, You should ask the specialist or facility about which PCPs can make Referrals to them, and then verify the information with the PCP before making your selection.

## **Changing Primary Care Physicians**

You may voluntarily change Your PCP for other reasons but not more than once in any calendar month. We reserve the right to determine the number of times during a Plan Year that You will be allowed to change Your PCP. You may request a change from one Primary Care Physician to another by contacting Us at the Customer Service number on Your ID card. Any such change will be effective on the first day of the month following the month in which the processing of the change request is completed. In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify You 30 days in advance, for the purpose of selecting a new Primary Care Physician.

## **If Your PCP Leaves the Network**

If Your PCP or In-Network specialist ceases to be a Participating Physician, We will notify You in writing of his or her impending termination at least 30 days in advance of the date the PCP leaves the network and provide assistance in selecting a new PCP or identifying a new In-Network specialist to continue providing Covered Services. If You are receiving treatment from a Participating Provider at the time his or her Participating Provider agreement is terminated, for reasons other than medical incompetence or professional misconduct, You may be eligible for continued care with that Provider.

## **Referrals to Specialists**

You must obtain a Referral from Your PCP before visiting any Provider other than Your PCP in order for the visit to be covered. The Referral authorizes the specific number of visits that You may make to a Provider within a specified period of time. If You receive treatment from a Provider other than Your PCP without a Referral from Your PCP, the treatment is not covered, and You will be responsible for paying 100% of the associated costs.

## **Exceptions to the Referral process:**

If You are a female Insured Person, You may visit a qualified Participating Provider for covered obstetrical and gynecological services, as defined in "Covered Services and Supplies," without a Referral from Your PCP.

You do not need a PCP referral for Virtual visits with a Telehealth Connection Program Physician.

If You are an Insured Person under age 19, You may visit a network dentist for Pediatric Dental Benefits or a Provider in Cigna's vision network for Pediatric Vision Benefits without a Referral from Your PCP.

You do not need a Referral from Your PCP for Emergency Services as defined in the "Definitions." In the event of an emergency, get help immediately. Go to the nearest emergency room, the nearest hospital or call or ask someone to call 911 or Your local emergency service, police or fire department for help. You do not need a Referral from Your PCP for Emergency Services, but You do need to call Your PCP as soon as possible for further assistance and advice on follow-up care.

In an emergency, You should seek immediate medical attention and then as soon as possible thereafter You need to call Your PCP for further assistance and advice on follow-up care.

In an Urgent Care situation a Referral is not required but You should, whenever possible, contact Your PCP for direction prior to receiving services.

You may also visit a qualified Participating Provider for covered Pediatric Vision Care Services and Pediatric Dental Care Services, as defined in "Covered Services and Supplies", without a referral from Your PCP.

## Standing Referral to Specialist

You may apply for a standing referral to a Provider other than Your PCP when all of the following conditions apply:

1. You are enrolled for coverage under this Policy;
2. You have a disease or condition that is life threatening, degenerative, chronic or disabling;
3. Your PCP in conjunction with an In-Network specialist determines that Your care requires another Provider's expertise;
4. Your PCP determines that Your disease or condition will require ongoing medical care for an extended period of time;
5. The standing referral is made by Your PCP to an In-Network specialist who will be responsible for providing and coordinating Your specialty care; and
6. The In-Network specialist is authorized by Cigna to provide the services under the standing referral.

We may limit the number of visits and time period for which You may receive a standing referral. If You receive a standing referral or any other referral from Your PCP, that referral remains in effect even if the PCP ceases to be a Participating Physician. If the treating specialist leaves Cigna's network or You cease to be an Insured Person, the standing referral expires.

## Network Exception

Covered Expenses for non-Emergency, Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the Benefit Schedule in the following cases:

- when those services are unavailable from a Participating Provider, or
- for any other reason We determine it is in Your best interests to receive services from a Non-Participating Provider.

**Note:** if you are using a Non-Participating Provider for either of the reasons above, please be aware that it is your responsibility to obtain any required Prior Authorization required for services the Provider performs.

## Continuity of Care

There may be instances in which Your PCP or specialist ceases to be a Participating Physician. In such cases, You will be notified and provided assistance in selecting a new PCP or identifying a new In-Network specialist to continue providing Covered Services. However, in special circumstances, You may be able to continue seeing Your PCP or specialist, even though he or she is no longer affiliated with Cigna.

If Your PCP or network specialist terminates his or her agreement with Cigna, or if Cigna terminates the provider's agreement without cause, , upon written request to Cigna, You may continue an active course of treatment with Your Provider at the Participating Provider level during a transitional period if:

1. You are under active treatment for a particular injury or sickness, in which case You may continue to receive covered benefits from the treating provider for the injury or sickness for a period of one hundred twenty (120) days from the date of notice of termination; or
2. You entered, or are in the second trimester of pregnancy on the effective date of enrollment, in which case the transitional period includes the delivery and any care until completion of postpartum care; or
3. You are being treated at an In-Network inpatient facility, in which case You may continue to receive covered benefits until You are discharged.

Such continuity of care must be approved in advance by Cigna, and Your Physician must agree to accept our reimbursement rate and to abide by Cigna's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a Provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

## **Note Regarding Health Savings Accounts (HSAs)**

Cigna offers some plans that are intended to qualify as “high deductible health plans” (as defined in 26 U.S.C. § 223(c)(2)). Plans that qualify as high deductible health plans may allow You, if You are an “eligible individual” (as defined in 26 U.S.C. § 223(c)(1)), to take advantage of the income tax benefits available when You establish an HSA and use the money You deposit into the HSA to pay for qualified medical expenses as allowed under federal tax law.

Cigna does not provide tax advice. **It is Your responsibility to consult with Your tax advisor or attorney about whether a plan qualifies as a high deductible health plan and whether You are eligible to take advantage of HSA tax benefits.**

### **Retrospective Review**

If Prior Authorization was not performed Cigna will use retrospective review to determine if a scheduled or Emergency admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this Policy. ## **When Can I Apply?**

### **Application to Enroll or Change Coverage**

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Annual Open Enrollment Period must wait until the next Annual Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day Special Enrollment Period during which an eligible person can enroll and an Insured Person can add dependents and change coverage.

The Annual Open Enrollment Period and Special Enrollment Period are explained below.

### **Annual Open Enrollment Period**

The Annual Open Enrollment Period is a specified period of time each Year during which Individuals who are eligible as described above can apply for coverage or change coverage from one plan to another.

To be enrolled for coverage under this Policy. You must submit a completed and signed application for coverage under this Policy for Yourself and any eligible Dependents, and We must receive that application during the Annual Open Enrollment Period.

Your coverage under this Policy will then become effective upon the earliest day allowable under federal rules for that Year's Open Enrollment Period. **Note: If You do not apply to obtain or change coverage during the Year's Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

## Special Enrollment Periods

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible Dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

### Triggering events for a special enrollment period OFF Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent by marriage, birth, adoption or placement for adoption, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, or death of the covered employee; or
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status; or
- An eligible individual's enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan. The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to new qualified health plans as a result of a permanent move (including a move outside the service area of the individual's current plan).

Triggering events **do not** include loss of coverage due to failure to make premium payments on a timely basis, including COBRA premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61<sup>st</sup> day following the triggering event. Persons who enroll during a special enrollment period will have coverage effective dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care;
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the effective dates are:

- For an application made between the first and the 15<sup>th</sup> day of any month, the effective date of coverage will be the first day of the following month; or
- For an application made between the 16<sup>th</sup> and the last day of the month, the effective date of coverage will be the first day of the second following month.

**Triggering events for a special enrollment period ON Marketplace are:**

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage, pregnancy-related Medicare/Medicaid coverage, or medically needy coverage (only once per calendar year), or the qualified individual or dependent is enrolled in any non-calendar year group or individual health insurance coverage (even if they have the option to renew such coverage). The date of the loss of minimum essential coverage, pregnancy-related coverage, or medically needy coverage is the last day the individual would have coverage under the plan. The date of loss of non-calendar year insurance is the last day of the plan or Policy year; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage, birth adoption or placement for adoption, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- At the option of the Marketplace, the enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation, or if the enrollee or his or her dependent dies;
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status, or an individual is released from incarceration; or
- A qualified individual or dependent becomes newly eligible for enrollment in a QHP when they satisfy the Marketplace's citizenship requirement or are released from incarceration;
- An eligible individual's enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual adequately demonstrates to the Marketplace that the qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to that person; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan:
  - The enrollee or dependent is determined newly eligible or ineligible for the advanced premium tax credit (APTC) or has a change in eligibility for cost-sharing reductions;
  - A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for APTC based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage;
  - A qualified individual who was previously ineligible for APTC because of a household income below 100% FPL and who was also ineligible for Medicaid because he or she was living in a non-Medicaid expansion state, either experiences a change in income or moves to a different state, making them newly eligible for APTC.

The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or

- An eligible individual gains access to new qualified health plans as a result of a permanent move (including a move outside the service area of the individual's current plan) and either (1) had minimum essential coverage for one or more days during the 60 days preceding the date of the move, or (2) was living outside of the United States; or
- The qualified individual who gains or maintains status as an Indian, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or A qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator;
- A qualified individual or dependent applies for Marketplace or Medicaid or CHIP coverage during open enrollment or due to a qualifying life event, but is determined ineligible for Medicaid or CHIP after the Exchange open enrollment period has ended or more than 60 days after a qualifying life event;
- The qualified individual or enrollee (or their dependent) adequately demonstrates to the Marketplace that a material error related to plan benefits, service area or premium influenced their decision to purchase a QHP; or
- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of Exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence.

**Triggering events do not include** loss of coverage due to failure to make premium payments on a timely basis, including COBRA premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61<sup>st</sup> day following the triggering event. Persons who enroll during a special enrollment period will have coverage effective dates determined as follows):

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care;
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the effective dates are:

- For an application made between the first and the 15<sup>th</sup> day of any month, the effective date of coverage will be the first day of the following month;
- For an application made between the 16<sup>th</sup> and the last day of the month, the effective date of coverage will be the first day of the second following month.

### **Specific Causes for Ineligibility**

Except as described in the Continuation section, an Insured Person **will become ineligible for coverage** under the Policy:

- When premiums are not paid according to the due dates and grace periods described in the premium section.

- For –You and Your Family Member(s) when You no longer meet the requirements listed in the Eligibility Requirements section;

Remember, it is Your responsibility to notify Cigna immediately of any changes affecting You or any of Your Insured Family Member(s) eligibility for benefits under this Policy.

### **Continuation**

If an Insured Person's eligibility under this Policy would terminate due to the Insured's death, divorce or if other Insured Family Member(s) would become ineligible due to age or no longer qualify as dependents for coverage under this Policy; except for the Insured's failure to pay premium, that Insured Person has the right to continuation of his or her insurance. Coverage will be continued if the Insured Person exercising the continuation right notifies Cigna and pays the appropriate monthly premium within 60 days following the date this Policy would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

## **How The Policy Works**

**Note: Services for which you do not have a PCP Referral are not covered. Services performed by a Non-Participating (Out-of-Network) Provider are not covered under this Policy except for Emergency Services.**

### **Benefit Schedule**

The Benefit Schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Insured Person's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this Policy.

In addition, no benefits are payable unless the Insured Person receives services from a Participating Provider, except as indicated below under "Special Circumstances".

### **Participating Hospitals, Participating Physicians and Other Participating Providers**

Covered Expenses for Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Negotiated Rates for Covered Services. Participating Providers may charge the Insured Person for services that are not Covered Services under the Policy. In addition, Participating Providers will file claims with Us for the Insured Person, and will request Prior Authorization when it is required.

**Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna.**

### **Special Circumstances**

This Policy does not cover expenses incurred for services provided by Non-Participating Providers except in the limited situations described below. Your cost-sharing for Covered Expenses incurred for the services of a Non-Participating Provider in these special circumstances is indicated in the Benefit Schedule.

#### ▪ **Emergency Services**

Covered Expenses incurred for the treatment of an Emergency Medical Condition provided in the emergency department of a Non-Participating Hospital are covered as described in the benefits Schedule. Any expenses incurred for services of a Non-Participating Provider after the patient is Stabilized and his/her condition permits transfer to a Participating Hospital and/or to the care of a Participating Physician are not covered. Please be aware that Non-Participating Providers may balance bill you for any amounts over the Maximum Reimbursable Charge as described in the Definitions section of this Policy.

#### ▪ **Other Circumstances**

Covered Expenses for non-Emergency, Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the Benefit Schedule in the following cases:

- when those services are unavailable from a Participating Provider, or
- for any other reason We determine it is in Your best interests to receive services from a Non-Participating Provider.

Services provided under this "Other Circumstances" section must have been approved by Cigna and You may not be billed for amounts over the Maximum Reimbursable Charge as described in the Definitions section of this Policy. Please call Cigna at the phone number on Your ID card if You feel you have been billed in error.

## **Deductibles**

Deductibles are prescribed amounts of Covered Expenses the Insured Person must pay before benefits are available. Deductibles apply to all Covered Expenses as described in the Definitions section of this Policy, unless expressly stated otherwise in the Benefit Schedule. Deductibles do not include any amounts in excess of Maximum Reimbursable Charges, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which an Insured Person's claims are received and processed by Us, not necessarily in the order in which the Insured Person received the service or supply.

## **Deductible**

The Deductible is stated in the Benefit Schedule. The Deductible is the amount of Covered Expenses You must pay for **any** Covered Services (except as specifically stated otherwise in the Benefit Schedule) incurred from Participating Providers each Year before any benefits are available. There are two ways an Insured Person can meet his or her Deductible:

- When an Insured Person meets his or her Individual Deductible, that Insured Person's benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are covered under this Policy, the Family Deductible will apply. Each Insured Person can contribute up to the individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.

## **Out-of-Pocket Maximum**

The Out-of-Pocket Maximum is the maximum amount of Deductible, Copayment and Coinsurance each Individual or Family incurs in Covered Expenses from Participating Providers in a Year.

- The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services. Once the Individual Out-of-Pocket Maximum has been met for the Year, for Covered Services, You will no longer have to pay any Coinsurance or Copayment for medical or pharmacy services for Covered Expenses incurred during the remainder of that Year. Non-compliance penalty charges do not apply to the Individual Out-of-Pocket Maximum. The amount of the Individual Out-of-Pocket Maximum is described in the Benefit Schedule section of this Policy.
- The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of your Family Member(s) are Insured under this Policy. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services, paid by each Family Member for Covered Expenses during a Year. Each Insured Person can contribute up to the Individual Out-of-Pocket Maximum toward the Family Out-of-Pocket Maximum. Once the Family Out-of-Pocket Maximum is satisfied in a Year, any remaining Individual Deductibles will be waived for the remainder of the Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the Benefit Schedule section of this Policy.

## **Special Limits**

There may be limits applied to certain Covered Services in the form of an Annual maximum on the number of visits, days or events the Policy will cover for a specific type of service. The expenses you incur which exceed specific maximums described in this Policy will be Your responsibility. Any Special Limits applicable to benefits in this Policy are described in the Benefit Schedule.

The expenses you incur which exceed specific maximums described in this Policy will be Your responsibility.

## **Penalties**

A Penalty is an amount of Covered Expenses that is:

- Not counted toward any Deductible;
- Not counted toward the Out-of-Pocket Maximum; and
- Not eligible for benefit payment once the Deductible is satisfied.

Penalties will be assessed against Your Participating Provider and will apply under the following circumstances:

- Inpatient Hospital admissions may be subject to a Penalty if Your Participating Provider fails to obtain Prior Authorization.
- Free Standing Outpatient Surgical Facility Services may be subject to a Penalty per admission, if Your Participating Provider fails to obtain Prior Authorization.

If Your Participating Provider fails to obtain Prior Authorization for such an outpatient surgery or diagnostic procedure, Your Participating Provider may be responsible for a Penalty, per admission or per procedure.
- Authorization is required prior to certain other admissions and prior to receiving certain other services and procedures. Failure to obtain Authorization prior these admissions or to receiving these services or procedures may result in a Penalty to your Participating Provider.

**Penalties are applied before any benefits are available.**

The benefits described in this section will be paid for Covered Expenses incurred on the date You and Your Family Members receive the service or supply for which the charge is made. ## **Prescription Drug Benefits**

### **Pharmacy Payments**

For Definitions associated with Prescription Drug benefits, refer to the 'Definitions' section of this Policy. Prescription Drug benefits are subject to the provisions within this section, and all other Policy provisions.

Covered Prescription Drugs and Related Supplies purchased at a Pharmacy are subject to the Deductible shown in the Benefit Schedule, and once the Deductible is satisfied, subject to any applicable Copayments and/or Coinsurance shown in the Benefit Schedule. For additional information on the Deductible, please refer to the Definitions section of the Policy.

**Cigna's Prescription Drug List is available upon request by calling the Customer Service number on Your ID card or on [www.Cigna.com/ifp-drug-list](http://www.Cigna.com/ifp-drug-list).**

In the event that You request a Brand-Name Drug that has a Generic equivalent, You will be financially responsible for the amount by which the cost of the Brand-Name Drug exceeds the cost of the Generic Drug, plus the Generic Copayment or Coinsurance shown in the Benefit Schedule.

Your responsibility for covered Prescription Drugs and Related Supplies will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug, or
- Cigna's discounted rate for the Prescription drug; or
- the Pharmacy's Usual and Customary (U&C) charge for the Prescription Drug.

Usual & Customary (U&C) means the established Pharmacy retail cash price, less all applicable customer discounts that Pharmacy usually applies to its customers, regardless of the customer's payment source.

If You redeem a coupon or offer from a pharmaceutical manufacturer for a drug covered under this Policy, Cigna will not allow the dollar amount of the coupon or offer to reduce Your Deductible, Copayment and/or Coinsurance. Cigna has the right to determine the amount and duration of any reduction, coupon or financial incentive available for any specific drug covered under this Policy.

For certain Limited Distribution Drugs covered under the medical benefits of this Policy, the Provider who administers the drug must obtain the drug directly from a Cigna contracted Limited Distribution Drug Provider in order for that drug to be covered. If you have questions about the acquisition of the drugs being administered to You, please consult Your Provider.

The Prescription Drug List is managed by the Business Decision Team, which makes, subject to the P&T Committee's review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your Policy's coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Drugs or Specialty Medications. Placement of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supplies is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your Policy, is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The coverage status of a Prescription Drug or Related Supply may change periodically during the Policy Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, You may be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access [www.mycigna.com](http://www.mycigna.com) through the Internet or call Customer Service at the telephone number on Your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

## **General Provisions**

---

### **Expenses For Which A Third Party May be Liable**

If you incur a Covered Expense for which, in Our opinion, another party may be liable We shall, to the extent permitted by law, be subrogated to all rights, claims or interests which you may have against such party for medical expenses and shall automatically have a lien upon the proceeds designated for medical expense of any recovery by judgment, settlement or award by you from such party to the extent of any benefits paid for such expenses under the Policy. You or your representative shall execute such documents as may be required to secure Our subrogation rights. Note: The coverage under this Policy is secondary to any automobile no-fault or similar coverage.

### **Alternate Cost Containment Provision**

We may, in certain situations, approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Policy. The alternate treatment plan must be mutually agreed to by Us, the Insured Person, and the Physician, Provider, or other healthcare practitioner. Our offering an alternate treatment plan in a particular case in no way commits Us to do so in another case, nor does it prevent Us from strictly applying the express benefits, limitations, and exclusions of the Policy at any other time or for the Insured Person.

### **Coverage with Other Insurance**

This is an Individual Policy, not subject to the coordination of benefits regulation. If any Insured Person has other coverage, whether group or individual, this Policy will always pay as secondary for Covered Services. Other coverage means other comprehensive medical coverage including, but not limited to, commercial major medical coverage, but does not include Medicaid, Medicare, TennCare or limited benefit coverage. Benefits will be calculated as the difference between the amount paid by the other coverage and the greater of Our Covered Expenses or the amount such other coverage considers the allowable expense.

If such other coverage has a provision that states it will always pay secondary, Cigna will pay as the primary carrier. In any event, Our liability shall be limited to the amount We would have paid in the absence of other insurance.

### **Medicare Eligibles**

If an Insured Person is eligible for Medicare, Cigna will calculate the claim payment for Covered Services according to the benefit levels of this Policy based on the allowed amount defined below, and pay this amount minus any amount paid by Medicare. Cigna will estimate the amount Medicare would have paid and reduce benefits by this amount for any Insured Person who is eligible to enroll in Medicare but is not enrolled. In no event will the amount paid exceed the amount that Cigna would have paid if it were the sole insurance carrier.

Under this scenario, the allowed amount will be the lesser of:

- The amount Medicare allowed or
- Cigna's Negotiated Rate for a Participating Provider or
- Cigna's Maximum Reimbursable Charge for a Non Participating Provider

## **WHEN YOU HAVE A COMPLAINT OR AN APPEAL**

For the purposes of this section, any reference to the Insured Person also refers to a representative or provider designated by an Insured Person to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care received. That is why we have established a process for addressing concerns and solving your problems.

### **Start with Customer Service**

We are here to listen and help. If an Insured Person has a concern regarding a person, a service, the quality of care, an initial eligibility denial, a rescission of coverage, or contractual benefits, you can call our toll-free number and explain the concern to one of Our Customer Service representatives. Please call Cigna at the Customer Service Toll-Free Number that appears on your Benefit Identification card, explanation of benefits, or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If an Insured Person is not satisfied with the results of a coverage decision, they can start the appeals procedure.

### **Appeals Procedure**

To initiate an appeal, the Insured Person must submit a request for an appeal in writing, within 180 days of receipt of the denial notice, to the following address:

Cigna  
National Appeals Organization (NAO)  
PO Box 188011  
Chattanooga, TN 37422

The Insured Person should state the reason why he or she feels the appeal should be approved and include any information supporting the appeal. If an Insured Person is unable or chooses not to write, he or she may ask to register the appeal by telephone. Call Us at the toll-free number on the Benefit Identification card, explanation of benefits or claim form.

Requests for a review will be conducted by the Appeals Committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician reviewer in the same or similar specialty as the care under consideration, as determined by Cigna's Physician reviewer. The Insured Person may present his or her situation to the Committee in person or by conference call.

We will acknowledge in writing that we have received the request within five working days after the date we receive the request for a Committee review and schedule a Committee review. For required pre-service and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For post-service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify the Insured Person in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, Cigna will provide this information to the Insured Person as soon as possible and sufficiently in advance of the decision, so that the Insured Person will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to the Insured Person as soon as possible and sufficiently in advance of the decision so that the Insured Person will have an opportunity to respond.

The Insured Person will be notified in writing of the Committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

The Insured Person may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize the Insured Person's life, health or ability to regain maximum function or in the opinion of his or her Physician would cause severe pain which cannot be managed without the requested services; or (b) the appeal involves non-authorization of an admission or continuing inpatient Hospital stay. If the Insured Person requests that the appeal be expedited based on (a) above, the Insured Person may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited internal appeal would be detrimental to the Insured Person's medical condition.

Cigna's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

If the Insured Person is not satisfied with Cigna's decision regarding eligibility of an expedited external review, the Insured Person may file a complaint with the Commissioner's office. The Commissioner may make a different determination regarding the Insured Person's eligibility for an expedited external review. The Commissioner's office may be contacted at the following address and telephone number:

Tennessee Department of Commerce and Insurance  
500 James Robertson Parkway  
Nashville, TN 37423  
800-342-4029

### **Independent Review Procedure**

If the Insured Person is not fully satisfied with the decision of Cigna's appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by Cigna or any of its affiliates. A decision to request an appeal to an Independent Review Organization will not affect the claimant's rights to any other benefits under the Policy.

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a determination by Cigna regarding Medical Necessity, clinical appropriateness, healthcare setting, level of care, or effectiveness of the service or treatment the Insured Person requested. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, the Insured Person must notify the Appeals Coordinator within 180 days of the Insured Person's receipt of Cigna's appeal review denial. Cigna will then forward the file to the Independent Review Organization.

The Independent Review Organization will render an opinion within 45 days. When requested and if (a) a delay would be detrimental to the Insured Person's condition, as determined by Cigna's Physician reviewer, or if (b) the Insured Person's appeal concerns an admission, availability of care, continued stay, or health care item or service for which the Insured Person received emergency services, but the Insured Person has not yet been discharged from the facility, the review shall be completed within 72 hours.

If the Insured Person is not satisfied with Cigna's decision regarding eligibility for an expedited external review, the Insured Person may file a complaint with the Commissioner's office. The Commissioner may make a different determination regarding the Insured Person's eligibility for an expedited external review. The Commissioner's office may be contacted at the address and telephone number given below for an Appeal to the State of Tennessee.

## **Appeal to the State of Tennessee**

## **Notice of Benefit Determination on Appeal**

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the denial decision; (3) reference to the specific Policy provisions on which the decision is based; (4) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and (6) information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of adverse determination will include a discussion of the decision.

## **Relevant Information**

Relevant Information is any document, record, or other information which (a) was relied upon in making the benefit determination; (b) was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; (c) demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or (d) constitutes a statement of policy or guidance with respect to the Policy concerning the denied treatment option or benefit or the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

## **Dispute Resolution**

All complaints or disputes relating to coverage under this Policy must be resolved in accordance with Our grievance procedures. Grievances may be reported by telephone or in writing. All grievances received by Us that cannot be resolved by telephone conversation (when appropriate) to the mutual satisfaction of both the Insured Person and Us will be acknowledged in writing, along with a description of how We propose to resolve the grievance.

## **Binding Arbitration**

To the extent permitted by law, any controversy between Cigna and an insured (including any legal representative acting on Your behalf), arising out of or in connection with this Policy shall be submitted to binding arbitration upon written notice by one party to another. To initiate an appeal, the Insured Person must submit a request for an appeal in writing, within 180 days of receipt of the denial notice. Such arbitration shall be governed by the provisions of the Commercial Arbitration Rules of the American Health Lawyers Association, to the extent that such provisions are not inconsistent with the provisions of this section.

If the parties cannot agree upon a single arbitrator within 30 days of the effective date of written notice of arbitration, each party shall choose one arbitrator within 15 working days after the expiration of such 30-day period and the two arbitrators so chosen shall choose a third arbitrator, who shall be an attorney duly licensed to practice law in the applicable state. If either party refuses or otherwise fails to choose an arbitrator within such 15-working-day-period, the arbitrator chosen shall choose a third arbitrator in accordance with these requirements. In the case of an arbitration, the Arbitrator shall not have authority to conduct a Class Action, combine or aggregate similar claims of an entity or person not a party to this agreement, or make an award to any person or entity not a party to this agreement.

The arbitration hearing shall be held within 30 days following appointment of the third arbitrator, unless otherwise agreed to by the parties. If either party refuses to or otherwise fails to participate in such arbitration hearing, such hearing shall proceed and shall be fully effective in accordance with this section, notwithstanding the absence of such party. In the case of an arbitration, the Arbitrator shall not have authority to conduct a Class Action, combine or aggregate similar claims of an entity or person not a party to this agreement, or make an award to any person or entity not a party to this agreement.

The arbitrator(s) shall render his (their) decision within 30 days after the termination of the arbitration hearing. To the extent permitted by law, the decision of the arbitrator, or the decision of any two arbitrators if there are three arbitrators, shall be binding upon both parties conclusive of the controversy in question, and enforceable in any court of competent jurisdiction.

No party to this Policy shall have a right to cease performance of services or otherwise refuse to carry out its obligations under this Policy pending the outcome of arbitration in accordance with this section, except as otherwise specifically provided under this Policy.

  - YOUR MEMBER ID IS SHOWN ON YOUR ID CARD.
  - YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR ID CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM.

**Proof of Loss:** You must give Us written proof of loss within 18 months after the date of the loss, except in absence of legal capacity. Proof of loss is a claim form as described above. Canceled checks or receipts are not acceptable. Cigna will not be liable for benefits if it does not receive written proof of loss within this time period.

### **Assignment of Claim Payments:**

Medical Benefits are assignable to the Provider; when you assign benefits to a Provider, you have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting a patient's payment on the charge, it is the Provider's responsibility to reimburse the patient. Because of Cigna's contracts with Providers, all claims from contracted Providers should be assigned.

We will recognize and consider any assignment made under the Policy, only if:

1. It is duly executed on a form acceptable to Us; and
2. a copy is on file with Us; and
3. it is made by a Provider licensed and practicing within the United States.

We assume no responsibility for the validity or effect of an assignment.

**Time Payment of Claims:** All claims and indemnities payable under the terms of this Policy shall be paid immediately following written receipt by Us of due proof of loss.

### **Claim Determination Procedures Under Federal Law (Provisions of the laws of this state may supersede.)**

#### **Procedures Regarding Medical Necessity Determinations**

In general, health services and benefits must be Medically Necessary to be covered under the Policy. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a pre-service, concurrent, or post-service basis, as described below.

Certain services require Prior Authorization in order to be covered. This Prior Authorization is called a "pre-service medical necessity determination." The Policy describes who is responsible for obtaining this review. The Insured Person or their authorized representative (typically, their health care Provider) must request Medical Necessity determinations according to the procedures described below, in the Policy, and in the Insured Person's Provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, the Insured Person or their representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Policy, in the Insured Person's Provider's network participation documents, and in the determination notices.

#### **Pre-service Medical Necessity Determinations**

When the Insured Person or their representative requests a required Medical Necessity determination prior to care, Cigna will notify the Insured Person or their representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 15 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

If the determination periods above would (a) seriously jeopardize the Insured Person's life or health, their ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of the Insured Person's health condition, cause them severe pain which cannot be managed without the requested services, Cigna will make the pre-service determination on an expedited basis. Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. Cigna will notify the Insured Person or their representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify the Insured Person or their representative within 24 hours after receiving the request to specify what information is needed. The Insured person or their representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify the Insured Person or their representative of the expedited benefit determination within 48 hours after the Insured Person or their representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If the Insured Person or their representative fails to follow Cigna's procedures for requesting a required pre-service medical necessity determination, Cigna will notify them of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless the Insured Person or their representative requests written notification.

### **Concurrent Medical Necessity Determinations**

When an ongoing course of treatment has been approved for an Insured Person and they wish to extend the approval, the Insured Person or their representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When the Insured Person or their representative requests such a determination, Cigna will notify them of the determination within 24 hours after receiving the request.

### **Post-service Medical Necessity Determinations**

When an Insured Person or their representative requests a Medical Necessity determination after services have been rendered, Cigna will notify them of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

### **Post-service Claim Determinations**

When an Insured Person or their representative requests payment for services which have been rendered, Cigna will notify them of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and resume on the date the Insured Person or their representative responds to the notice.

### **Notice of Adverse Determination**

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the adverse determination; (3) reference to the specific plan provisions on which the determination is based; (4) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; (6) information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and (7) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.
