IMPORTANT NOTICES

Direct Access to Obstetricians and Gynecologists

You do not need Prior Authorization from the plan or from any other person (including your Primary Care Physician) in order to obtain access to obstetrical or gynecological care from a health care professional in Our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of your ID card.

Selection of a Primary Care Physician

This plan may require or allow the designation of a Primary Care Physician. You have the right to designate any Primary Care Physician who participates in the network and who is available to accept You or Your Family Members. If your plan requires the designation of a Primary Care Physician, Cigna may designate one for you until you make this designation. For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physicians, visit www.mycigna.com or contact Customer Service at the phone number listed on the back of your ID card.

For children, You may designate a pediatrician as the Primary Care Physician.

Please be advised that if you choose a Non-Participating Provider you will be responsible for any charges not covered by your health insurance plan. If you have questions concerning your rights to see one of these Providers, you may contact Us on www.mycigna.com, or by calling the number on your ID card. If We do not resolve your problem, you may contact the Office of Consumer Health Assistance in the Insurance Department, toll free.

Introduction

About This Policy

Your medical coverage is provided under a Policy issued by Cigna Health and Life Insurance Company (“Cigna”). This Policy is a legal contract between You and Us.

Under this Policy, “We”, “Us”, and “Our” mean Cigna. “You” or “Your” refers to the Policyholder whose application has been accepted by Us under the Policy issued. When We use the term “Insured Person” in this Policy, We mean You and any eligible Family Member(s) who are enrolled for coverage under this Policy. You and all Family Member(s) covered under this Policy are listed on the Policy specification page.

The benefits of this Policy are provided only for those services that are Medically Necessary as defined in this Policy and for which the Insured Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Policy or phone Us at the number shown on your Cigna identification card if you have any questions regarding whether services are covered.

This Policy contains many important terms (such as “Medically Necessary” and “Covered Service”) that are defined in the section entitled “Definitions”. Before reading through this Policy, be sure that You understand the meanings of these words as they pertain to this Policy.

We provide coverage to You under this Policy based upon the answers submitted by You and Your Family Member(s) on Your signed individual application. In consideration for the payment of the Premiums stated in this Policy, We will provide the services and benefits listed in this Policy to You and Your Family Member(s) covered under the Policy.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE POLICY, WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. ADDITIONALLY, IF WITHIN 2 YEARS AFTER ADDING ADDITIONAL FAMILY MEMBER(S) (EXCLUDING NEWBORN CHILDREN ADDED WITHIN 31 DAYS AFTER BIRTH), WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND COVERAGE FOR THE ADDITIONAL FAMILY MEMBER(S) AS OF THE DATE HE OR SHE ORIGINALLY BECAME EFFECTIVE. IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR POLICY LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEED TOTAL PREMIUMS PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PROVIDER IN FULL FOR SERVICES RENDERED AT THE PROVIDER’S REGULAR BILLED RATE, NOT AT THE CIGNA NEGOTIATED RATE.

Choice of Hospital and Physician: Nothing contained in this Policy restricts or interferes with an Insured Person's right to select the Hospital or Physician of their choice. However, non-emergency services from a Non-Participating Provider are not covered by this Policy.

THIS IS AN EXCLUSIVE PROVIDER POLICY

That means this Policy does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of a Medical Emergency, or
- Medically Necessary services that are not available through an In-Network Provider

In-Network Providers include Physicians, Hospitals, and Other Health Care Facilities. Check the provider directory, available on www.mycigna.com, or call the number on your ID card to determine if a Provider is In-Network.

Choosing a Primary Care Physician

A Primary Care Physician may serve an important role in meeting health care needs by providing or arranging for medical care for each Insured Person. For this reason, when you enroll as an Insured Person, you will be asked to select a Primary Care Physician ("PCP"). Your PCP will provide your regular medical care and assist in coordinating your care. You may select your PCP by calling the customer service phone number on your ID card or by visiting Our website at www.mycigna.com. The Primary Care Physician You select for Yourself may be different from the Primary Care Physician You select for each of Your Family Member(s). You have the right to designate any Primary Care Physician who participates in Our network for this plan and is available to accept You or Your Family Members.

If You Need A Specialist

Your PCP is important to the coordination of your care. While this Policy does not require referrals to visit specialists, if you need specialty care you are encouraged to work with your PCP, who can coordinate your care and assist you in selecting a specialist appropriate for your care.

The referral system can be used to keep your PCP involved in and apprised of all of your health care needs. If you receive Covered Services from a specialist in the Policy's network without a referral, you will not be subject to a penalty, and the claims for those Covered Services will be processed according to the applicable in-network level of benefits.

Changing Primary Care Physicians

You may voluntarily change your PCP but not more than once in any calendar month. We reserve the right to determine the number of times during a plan Year that you will be allowed to change your PCP. You may request a change from one Primary Care Physician to another by going to mycigna.com, clicking on "Manage My Health Team", click "Additional info on PCP selection", and follow the directions displayed or by contacting Us at the Customer Service number on your ID card.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify you 30 days in advance, for the purpose of selecting a new Primary Care Physician.

If Your Physician Leaves the Network

If your PCP or specialist ceases to be a Participating Physician, We will notify you in writing of his or her impending termination at least 30 days in advance of the date the PCP leaves the network and provide assistance in selecting a new PCP or identifying a new specialist to continue providing Covered Services. If you are receiving treatment from a Participating Provider at the time his or her Participating Provider agreement is terminated, for reasons other than medical incompetence or professional misconduct, you may be eligible for continued care with that Provider.

Continuity of Care

If your PCP ceases to be a Participating Physician, We will notify you. Under certain medical circumstances, We may continue to reimburse Covered Expenses from your PCP or a specialist you've been seeing at the Participating Provider benefit level even though he or she is no longer affiliated with Cigna's network. If you are undergoing an active course of treatment for an acute or chronic condition and continued treatment is Medically Necessary, you may be eligible to receive continuing care from the Non-Participating Provider for a specified time, subject to the treating Provider's agreement. You may also be eligible to receive continuing care if you are in your second or third trimester of pregnancy. In this case, continued care may be extended through your delivery and include a period of postpartum care.

Such continuity of care must be approved in advance by Cigna, and your Physician must agree to accept Our reimbursement rate and to abide by Cigna's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a Provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

You may request continuity of care from Cigna after your Participating Provider's termination from Cigna's network; start by calling the toll-free number on your ID card. Continuity of care must be Medically Necessary and approved in advance by Us. Continuity of care will cease upon the earlier of:

- Successful transition of your care to a Participating Provider; or
- Completion of your treatment; or
- The next Annual Open Enrollment Period; or
- The length of time approved for continuity of care ends.

Confined to a Hospital

If you are confined in a Hospital on the Effective date of your coverage, you must notify Us of such a hospitalization within two (2) days, or as soon as reasonably possible thereafter. When you are enrolled as an Insured Person, you agree to permit Cigna to assume direct coordination of your health care. We reserve the right to transfer you to the care of a Participating Provider and/or Participating Hospital if Cigna, in consultation with your attending Physician, determines that it is medically safe to do so.

If you are hospitalized on the Effective Date of coverage and you fail to notify Us of this hospitalization, refuse to permit Us to coordinate your care, or refuse to be transferred to the care of a Participating Provider or Participating Hospital, We will not be obligated to pay for any medical or Hospital expenses that are related to your hospitalization following the first two (2) days after your coverage begins.

Important Information Regarding Benefits

Prior Authorization Program

Cigna provides you with a comprehensive personal health solution medical management program which focuses on improving quality outcomes and maximizes value for you.

PRIOR AUTHORIZATION FOR INPATIENT SERVICES

Prior Authorization is required for all non-emergency inpatient admissions, and certain other admissions, in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO AN ELECTIVE ADMISSION to a Hospital or certain other facilities MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.

Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of your ID card.

To verify Prior Authorization requirements for inpatient services, including which other types of facility admissions require Prior Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- check www.mycigna.com, under "Coverage" then select "Medical".

Please note that emergency admissions will be reviewed post admission.

Inpatient Prior Authorization reviews both the necessity for the admission and the need for continued stay in the Hospital.

PRIOR AUTHORIZATION FOR OUTPATIENT SERVICES

Prior Authorization is also required for certain outpatient procedures and services in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO CERTAIN ELECTIVE OUTPATIENT PROCEDURES AND SERVICES MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.

Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of your ID card. Outpatient Prior Authorization should only be requested for non-emergency procedures or services, at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

To verify Prior Authorization requirements for outpatient procedures and services, including which procedures and services require Prior Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- check www.mycigna.com, under "Coverage" then select "Medical".

PRIOR AUTHORIZATION IS NOT A GUARANTEE OF PAYMENT. Prior Authorization does not guarantee payment of benefits. Coverage is always subject to other requirements of this Policy limitations and exclusions, payment of Premium and eligibility at the time care and services are provided.

Retrospective Review

If Prior Authorization was not performed, Cigna will use retrospective review to determine if a scheduled or Emergency admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this Policy. If it is determined that a service was not Medically Necessary, Cigna will not cover any Charges for that service.

PRIOR AUTHORIZATION FOR PRESCRIPTION DRUGS

Prior Authorization is required for certain Prescription Drugs and Related Supplies. **For complete, detailed information about Prescription Drug Authorization procedures, exceptions and Step Therapy, please refer to the section of this Policy titled “Prescription Drug Benefits”.**

To verify Prior Authorization requirements for Prescription Drugs and Related Supplies, including which Prescription Drugs and Related Supplies require Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- log on to www.cigna.com/ifp-drug-list.

NOTE REGARDING PRIOR AUTHORIZATION OF INPATIENT SERVICES, OUTPATIENT SERVICES AND PRESCRIPTION DRUGS

Some services or therapies may require you to use particular Providers approved by Cigna for the particular service or therapy, and will not be covered if you receive them from any other Provider regardless of participation status.

When Can I Apply?

Application to Enroll or Change Coverage

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Annual Open Enrollment Period must wait until the next Annual Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day Special Enrollment Period during which an eligible person can enroll and an Insured Person can add dependents and change coverage.

The Annual Open Enrollment Period and Special Enrollment Period are explained below.

Annual Open Enrollment Period

The Annual Open Enrollment Period is a specified period of time each Year during which individuals who are eligible as described above can apply to enroll for coverage or change coverage from one plan to another.

To be enrolled for coverage under this Policy, You must submit a completed and signed application for coverage under this Policy for Yourself and any eligible dependent(s), and We must receive that application during the Annual Open Enrollment Period.

Your coverage under this Policy will then become effective upon the earliest day allowable under federal rules for that Year's Annual Open Enrollment Period. **Note: If You do not apply to obtain or change coverage during the Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

Special Enrollment Periods

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

Triggering events for a special enrollment period OFF Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth adoption or placement for adoption, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status; or
- An eligible individual's enrollment or non-enrollment in a qualified health plan (QHP) is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a QHP. The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Enrollment Area of the individual's current plan).
- An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA).
- An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

Triggering events **do not** include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care;
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the Effective Dates are:

- For an application made between the first and the 15th day of any month, the Effective Date of coverage will be the first day of the following month;
- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Triggering events for a special enrollment period ON Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage, pregnancy-related Medicare/Medicaid coverage, or medically needy coverage (only once per Calendar Year), or the qualified individual or dependent is enrolled in any non-calendar year group or individual health insurance coverage (even if they have the option to renew such coverage). The date of the loss of minimum essential coverage, pregnancy-related coverage, or medically needy coverage is the last day the individual would have coverage under the plan. The date of loss of non-calendar year insurance is the last day of the plan or policy year; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth adoption or placement for adoption, or through a child support order or other court order; or
- An eligible dependent spouse or child loses coverage under an employer-sponsored health plan due to the employee's becoming entitled to Medicare, divorce or legal separation of the covered employee, and death of the covered employee; or
- An eligible individual, or his or her dependent, who has purchased an off-Marketplace plan who experiences a decrease in household income; is newly determined eligible for APTC; and had minimum essential coverage for one or more days during the 60 days preceding the date of the financial change; or
- At the option of the Marketplace, the enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation, or if the enrollee or his or her dependent dies;
- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- A qualified individual or dependent becomes newly eligible for enrollment in a QHP when they satisfy the Marketplace's citizenship requirement or are released from incarceration; or

- An eligible individual's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and as the result of the error, misrepresentation, or inaction of an officer, employee or agent of the state Marketplace, or of the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Marketplace. In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual adequately demonstrates to the Marketplace that the QHP in which he or she is enrolled substantially violated a material provision of its contract in relation to that person; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan:
 - The enrollee or dependent is determined newly eligible or ineligible for the advanced premium tax credit (APTC) or has a change in eligibility for cost-sharing reductions;
 - A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for APTC based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage;
 - A qualified individual who was previously ineligible for APTC because of a household income below 100% of the federal poverty level (FPL) and who was also ineligible for Medicaid because he or she was living in a non-Medicaid expansion state, either experiences a change in income or moves to a different state, making them newly eligible for APTC.
- The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Enrollment Area of the individual's current plan) and either (1) had minimum essential coverage for one or more days during the 60 days preceding the date of the move, or (2) was living outside of the United States; or
- The qualified individual who gains or maintains status as an Indian or an Alaska Native, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or a qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator; or
- A qualified individual or dependent applies for Marketplace or Medicaid or CHIP coverage during open enrollment or due to a qualifying life event, but is determined ineligible for Medicaid or CHIP after the exchange Annual Open Enrollment Period has ended or more than 60 days after a qualifying life event; or
- The qualified individual or enrollee (or their dependent) adequately demonstrates to the Marketplace that a material error related to plan benefits, Service Area or Premium influenced their decision to purchase a QHP; or

- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence.
 - An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA).
 - An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

Triggering events do not include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows):

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care;
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month.

For all other triggering events the Effective Dates are:

- For an application made between the first and the 15th day of any month, the Effective Date of coverage will be the first day of the following month;
- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Specific Causes for Ineligibility

Except as described in the Continuation section, an Insured Person **will become ineligible for coverage** under the Policy:

- When Premiums are not paid according to the due dates and grace periods described in the Premium section.
- For the spouse - when the spouse is no longer married to the Policyholder.
- For You and Your Family Member(s) when you no longer meet the requirements listed in the Eligibility Requirements section;
- The date the Policy terminates.
- When the Insured Person no longer lives in the Enrollment Area.

Remember, it is Your responsibility to notify Cigna immediately of any changes affecting You or any of Your Family Member(s) eligibility for benefits under this Policy.

Continuation

If an Insured Person's eligibility under this Policy would terminate due to the Policyholder's death, divorce or if other Family Member(s) would become ineligible due to age or no longer qualify as dependents for coverage under this Policy; except for the Policyholder's failure to pay Premium, that Family Member has the right to continuation of his or her insurance. Coverage will be continued if the Family Member exercising the continuation right notifies Cigna and pays the appropriate monthly Premium within 60 days following the date this Policy would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

How The Policy Works

Note: Services performed by a Non-Participating (an Out-of-Network) Provider are not covered under this Policy except for Emergency Services.

Benefit Schedule

The benefit schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Insured Person's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this Policy.

In addition, no benefits are payable unless the Insured Person receives services from a Participating Provider, except as indicated below under "Special Circumstances".

Participating Hospitals, Participating Physicians and Other Participating Providers

Covered Expenses for Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Negotiated Rates for Covered Services. Participating Providers may charge the Insured Person for services that are not Covered Services under the Policy. In addition, Participating Providers will file claims with Us for the Insured Person, and will request Prior Authorization when it is required.

Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna.

Special Circumstances

This Policy does not cover expenses incurred for services provided by Non-Participating Providers except in the limited situations described below. Your cost-sharing for Covered Expenses incurred for the services of a Non-Participating Provider in these special circumstances is indicated in the benefit schedule.

Please be aware that Non-Participating Providers may balance bill you for any amounts over the Maximum Reimbursable Charge as described in the "Definitions" section of this Policy.

▪ **Emergency Services**

Covered Expenses incurred for the treatment of an Emergency Medical Condition provided in the emergency department of a Non-Participating Hospital are covered as described in the benefit schedule. Any expenses incurred for services of a Non-Participating Provider after the patient is Stabilized and his/her condition permits transfer to a Participating Hospital and/or to the care of a Participating Physician are not covered.

▪ **Other Circumstances**

Covered Expenses for non-Emergency, Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the benefit schedule in the following cases:

- when those services are unavailable from a Participating Provider, or
- for any other reason We determine it is in your best interests to receive services from a Non-Participating Provider.

Deductibles

Deductibles are prescribed amounts of Covered Expenses the Insured Person must pay before benefits are available. Deductibles apply to all Covered Expenses as described in the “Definitions” section of this Policy, unless expressly stated otherwise in the benefit schedule. Deductibles do not include any amounts in excess of Maximum Reimbursable Charges, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which an Insured Person's claims are received and processed by Us, not necessarily in the order in which the Insured Person received the service or supply.

Deductible

The Deductible is stated in the benefit schedule. The Deductible is the amount of Covered Expenses you must pay for **any** Covered Services (except as specifically stated otherwise in the benefit schedule) incurred from Participating Providers each Year before any benefits are available. There are two ways an Insured Person can meet his or her Deductible:

- When an Insured Person meets his or her Individual Deductible, that Insured Person's benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are enrolled for coverage under this Policy, the Family Deductible will apply. Each Insured Person can contribute up to the Individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.

Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the maximum amount of Deductible, Copayment and Coinsurance each Family Member incurs in Covered Expenses from Participating Providers in a Year.

- The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services. Once the Individual Out-of-Pocket Maximum has been met for the Year, for Covered Services, You will no longer have to pay any Coinsurance or Copayment for medical or pharmacy services for Covered Expenses incurred during the remainder of that Year. Non-compliance penalty charges do not apply to the Individual Out-of-Pocket Maximum and will always be paid by you. The amount of the Individual Out-of-Pocket Maximum is described in the benefit schedule section of this Policy.
- The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of Your Family Member(s) are enrolled for coverage under this Policy. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services, paid by each Family Member for Covered Expenses during a Year. If You cover other Family Member(s), each Insured Person's Covered Services accumulate toward the Family Out-of-Pocket Maximum. Each Insured Person can contribute up to the Individual Out-of-Pocket amount toward the Family Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum has been met, the Family Members will no longer have to pay any Deductible, Coinsurance or Copayments for Covered Expenses incurred during the remainder of that Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the benefit schedule section of this Policy.

Special Limits

There may be limits applied to certain Covered Services in the form of an Annual maximum on the number of visits, days or events the Policy will cover for a specific type of service. The expenses you incur which exceed specific maximums described in this Policy will be your responsibility. Any Special Limits applicable to benefits in this Policy are described in the benefit schedule.

The expenses You incur which exceed specific maximums described in this Policy will be your responsibility.

Penalties

A penalty is an amount of Covered Expenses that is:

- Not counted toward any Deductible;
- Not counted toward the Out-of-Pocket Maximum; and
- Not eligible for benefit payment once the Deductible is satisfied

The following services require Prior Authorization. Penalties will be assessed against your Provider if your Provider fails to obtain Prior Authorization:

- Inpatient Hospital admissions and all other facility admissions.
- Free Standing Outpatient Surgical Facility Services.
- Certain outpatient surgeries and diagnostic procedures.

Penalties are applied before any benefits are available.

Comprehensive Benefits: What the Policy Pays For

Please refer to the benefit schedule for additional benefit provisions which may apply to the information below.

To be eligible for benefits under this Policy, the Provider must be appropriately licensed according to state and local laws and accredited to provide services within the scope of the Provider's license and accreditation.

Before this Participating Provider Policy pays for any benefits, You and Your Family Member(s) must satisfy any Deductibles that may apply. After you satisfy the appropriate Deductibles, We will begin paying for Covered Services as described in this section.

The benefits described in this section will be paid for Covered Expenses incurred on the date You and Your Family Member(s) receive the service or supply for which the charge is made. These benefits are subject to all terms, conditions, Deductibles, penalties, exclusions, and limitations of this Policy. All services will be paid at the percentages indicated in the benefit schedule and subject to limits outlined in the section entitled "How the Policy Works".

Following is a general description of the supplies and services for which the Policy will pay benefits if such services and supplies are Medically Necessary and for which you are otherwise eligible as described in this Policy.

Note: Services from an Out-of-Network (Non-Participating) Provider are not covered except for Emergency Services.

If you are inpatient in a Hospital or Other Health Care Facility on the day your coverage begins, We will pay benefits for Covered Services that you receive on or after your first day of coverage related to that inpatient stay as long as you receive Covered Services in accordance with the terms of this Policy. These benefits are subject to any prior carrier's obligations under state law or contract.

Prescription Drug Benefits

Pharmacy Payments

For Definitions associated with Prescription Drug benefits, refer to the "Definitions" section of this Policy. Prescription Drug benefits are subject to the provisions within this section, and all other Policy provisions.

Covered Prescription Drugs and Related Supplies purchased at a Pharmacy are subject to the Deductible shown in the benefit schedule, and, once the Deductible is satisfied, subject to any applicable Copayments and/or Coinsurance shown in the benefit schedule. For additional information on the Deductible, please refer to the "Definitions" section of the Policy.

Cigna's Prescription Drug List is available upon request by calling the Customer Service number on your ID card or at www.cigna.com/ifp-drug-list.

In the event that you request a Brand Name Drug that has a Generic equivalent, you will be financially responsible for the amount by which the cost of the Brand Name Drug exceeds the cost of the Generic Drug, plus the Generic Copayment or Coinsurance shown in the benefit schedule.

Your responsibility for covered Prescription Drugs and Related Supplies will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug or Related Supplies; or
- Cigna's discounted rate for the Prescription Drug; or
- the Pharmacy's Usual and Customary (U&C) charge for the Prescription Drug.
- the retail price of the Prescription Drug or Related Supplies without Prescription Drug coverage.

Usual & Customary (U&C) means the established Pharmacy retail cash price, less all applicable customer discounts that Pharmacy usually applies to its customers, regardless of the customer's payment source.

Prescription Drugs Covered under the Medical Benefits

When Prescription Drugs on Cigna's Prescription Drug List are administered in a health care setting by a Physician or health care professional, and are billed with the office or facility charges, they will be covered under the medical benefits of this Policy. However, they may still be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

For certain Limited Distribution Drugs covered under the medical benefits of this Policy, the Provider who administers the drug must obtain the drug directly from a Cigna designated Limited Distribution Drug Provider, which may be a home delivery Pharmacy, in order for that drug to be covered. If you have questions about the acquisition of the drugs being administered to you, please consult your Provider.

Self-Administered Injectable Medication and Infusion and Injectable Medication Benefits

Drugs Covered under the Prescription Drug Benefits

Self-Administered Injectable Medications, and syringes for the self-administration of those drugs, are covered under the Prescription Drug benefits of this Policy. To determine if a drug prescribed for you is covered, you can:

- log into your mycigna.com account, and
- view the Cigna Prescription Drug List at www.cigna.com/ifp-drug-list, and
- then choose the Cigna Prescription Drug List for your state.

Note: the drugs may be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

Medications Covered under the Medical Benefits

Infusion and Injectable Medications on Cigna's Prescription Drug List are covered under the medical benefits of this Policy when Infusion and Injectable Medications on Cigna's Prescription Drug List are administered in a healthcare setting by a Physician or Other Health Care Professional, and are billed with the office or facility charges.

You or your Physician can view the Cigna Prescription Drug List by:

- accessing www.cigna.com/ifp-drug-list, and
- choose your state.

Note: the drugs may be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

Split Fill Dispensing Program

This program applies for the first 30 days when you start a new therapy on certain Limited Distribution Drugs and Specialty Prescription Drugs. The split fill dispensing program is designed to prevent wasted Prescription Drugs if your Prescription Drug or dose changes. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and reactions. You will initially get up to a 15 day supply of your Prescription Order for certain drugs filled at Accredo or Express Scripts, Our home delivery pharmacy instead of the full Prescription Order. You pay half the 30 day Cost Share for this initial 15 day supply, and would be responsible for the other half of the 30 day Cost Share if an additional 15 day supply is provided. The therapeutic classes of Prescription Drugs that are included in this program are determined by Cigna and will be managed for continuation in this program as new clinical guidelines and dispensing experience dictates.

Prescription Drug List Management

The Prescription Drug List is managed by the Business Decision Team, which makes, subject to the P&T Committee's review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your Policy's coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Name Drugs or Specialty Medications. Placement of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supplies is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your Policy, is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The coverage status of a Prescription Drug or Related Supply may change periodically during the Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, you may be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access www.mycigna.com through the Internet or call Customer Service at the telephone number on your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

Covered Expenses

If an Insured Person, while covered under this Policy, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna will provide coverage for those expenses as shown in the benefit schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to You or Your Family Members by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When You or Your Family Members are issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by Cigna as if filled by a Participating Pharmacy.

Patient Assurance Program

Your Policy offers additional discounts for certain covered Prescription Drugs that are dispensed by a Pharmacy included in what is known as the "Patient Assurance Program". As may be described elsewhere in this Policy, from time to time Cigna may directly or indirectly enter into arrangements with pharmaceutical manufacturers for discounts that result in a reduction of your out of pocket expenses for certain covered Prescription Drugs for which Cigna directly or indirectly earns the discounts. Specifically, some or all of the Patient Assurance Program discount earned by Cigna for certain covered Prescription Drugs included in the Patient Assurance Program is applied or credited to a portion of your Copayment or Coinsurance, if any. The Copayment or Coinsurance, if any, otherwise applicable to those certain covered Prescription Drugs as set forth in the benefit schedule may be reduced in order for Patient Assurance Program discounts or other payments earned by Cigna to be applied or credited to the Copayment or Coinsurance, if any, as described above.

For example, certain insulin drugs covered under the Prescription Drug benefit for which Cigna directly or indirectly earns a discount in connection with the Patient Assurance Program may result in a credit toward some or all of your Copayment or Coinsurance, if any, which, as noted, may be reduced from the amount set forth in the benefit schedule, for the insulin drugs. In addition, the covered insulin drugs eligible for Patient Assurance Program discounts may not be subject to any applicable Deductible, if any.

Any Patient Assurance Program discount that is used to satisfy your Copayment or Coinsurance, if any, for covered Prescription Drugs under the Patient Assurance Program applies toward your Out-of-Pocket Maximum.

Please note that the Patient Assurance Program discounts that Cigna may earn for Prescription Drugs, and may apply or credit to your Copayment or Coinsurance, if any, in connection with the Patient Assurance Program are unrelated to any rebates or other payments that Cigna may earn from a pharmaceutical manufacturer for the same or other Prescription Drugs. Except as may be noted elsewhere in this Policy, you are not entitled to the benefit of those rebates or other payments earned by Cigna because they are unrelated to the Patient Assurance Program. Additionally, the availability of the Patient Assurance Program, as well as the Prescription Drugs included in the Patient Assurance Program and/or your Copayment or Coinsurance, if any for those eligible Prescription Drugs, may change from time to time depending on factors including, but not limited to, the continued availability of the Patient Assurance Program discount(s) to Cigna in connection with the Patient Assurance Program. More information about the Patient Assurance Program including the Prescription Drugs included in the program, is available at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Please Note: the out-of-pocket costs that you and your Family Member(s) pay for any Prescription Drugs or Related Supplies the plan does not cover will not be applied to the Insured Person's Deductible or Out-of-Pocket Maximum.

Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna is required for certain Prescription Drugs and Related Supplies, meaning that your Physician must obtain Authorization from Cigna before the Prescription Drug or Related Supply will be covered.

Prior Authorization

When your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna requires your Physician to obtain Authorization before the prescription or supply can be filled. To obtain Prior Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy

Step Therapy is a type of Prior Authorization. Cigna may require an Insured Person to follow certain steps before covering some Prescription Drugs and Related Supplies, including without limitation, some higher-cost and Specialty Medications. If a Prescription Drug or Related Supply is subject to a Step Therapy requirement, then you must try one or more similar Prescription Drugs and Related Supplies before the Policy will cover the requested Prescription Drug or Related Supply. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at www.mycigna.com. To obtain Step Therapy Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Exceptions for Prescription Drugs and Related Supplies not on the Prescription Drug List

If your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna's Prescription Drug List, he or she can request that Cigna make an exception and agree to cover that drug or supply for your condition. To obtain an exception for a Prescription Drug or Related Supply, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Prescription Drug and Related Supply Authorization and Exception Request Process

To obtain an exception, your Physician may call Cigna, or complete the appropriate form and fax it to Cigna to request an exception. Your Physician can certify in writing that you have previously used a Prescription Drug or Related Supply that is on Cigna's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to your health or has been ineffective in treating your condition and, in the opinion of your Physician, is likely to again be detrimental to your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna within 72 hours of receipt.

Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request

An expedited review may be requested by your Physician when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Prescription Drug or Related Supply not on Cigna's Prescription Drug List. The expedited review will be reviewed and completed by Cigna within 24 hours of receipt.

If the request is approved, your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna's pharmacy claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until you no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, you and your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

Appeal of a Prior Authorization, Step Therapy or Prescription Drug Exception Denial

If you, a person acting on your behalf or the prescribing Physician or other prescriber disagree with a coverage decision, you, a person acting on your behalf or the prescribing Physician or other prescriber may appeal that decision in accordance with the provisions of this Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered. Please see the section of this Policy entitled "When You Have a Complaint or an Appeal" which describes the process for the External Independent Review.

If you have questions about specific Prescription Drug List exceptions, Prior Authorization or a Step Therapy request, call Customer Service at the toll-free number on the back of your ID card.

Coverage of New Drugs

All new Food and Drug Administration (FDA)-approved Prescription Drug or Related Supplies (or new FDA-approved indications) are designated as Non-Prescription Drug List Prescription Drugs or Related Supplies until the Cigna Business Decision Team makes a placement decision on the new Prescription Drug or Related Supplies (or new indication), which decision shall be based in part on the P & T Committee's clinical review of the drug. The P&T Committee makes a reasonable effort to review all new FDA approved Prescription Drugs and Related Supplies (or new FDA approved indications) within 90 days of its release to the market. The Business Decision Team must make a decision on each new FDA approved drug product (or new FDA approved indication) within 180 days of its release onto the market, or a clinical justification must be documented if this timeframe is not met.

General Provisions

Third Party Liability

You agree to advise Us, in writing, within a reasonable time of your claim against the third party and to take such action, provide such information and assistance, and execute such documents as We may reasonably require to facilitate enforcement of the claim. You also agree to take no action that may prejudice the rights or interests of Us under this Policy. Failure to provide notice of a claim or to cooperate with Us, or actions that prejudice our rights or interests, may be considered to be a material breach by Us and may subject you to legal action.

We may have a right to a lien, to the extent of benefits advanced, upon any recovery that you receive from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by Us under this Policy for the treatment of the Illness, disease, Injury or condition for which the third party is liable. We will be entitled to collect on our lien even if the amount recovered by or for the Insured Person (or his or her estate, parent or legal guardian) from or for the account of such third party as compensation for the Injury, Illness or condition is less than the actual loss suffered by the Insured Person. Note: The coverage under this Policy is secondary to any automobile no-fault or similar coverage.

In addition, if an Insured Person incurs expenses for Illness or Injury that occurred due to the negligence of a third party:

- We have the right to reimbursement for all benefits we paid from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the Insured Person, Insured Person's parents, if the Insured Person is a minor, or Insured Person's legal representative as a result of that Illness or Injury; and
- We are assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits we paid for that Illness or Injury.
- We shall have the right to first reimbursement out of all funds the Insured Person, the Insured Person's parents, if the Insured Person is a minor, or the Insured Person's legal representative, is or was able to obtain for the same expenses we have paid as a result of that Illness or Injury.

You are required to furnish any information or assistance or provide any documents that we may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

Alternate Cost Containment Provision

We may, in certain situations, approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Policy. The alternate treatment plan must be mutually agreed to by Us, the Insured Person, and the Physician, Provider, or other healthcare practitioner. Our offering an alternate treatment plan in a particular case in no way commits Us to do so in another case, nor does it prevent Us from strictly applying the express benefits, limitations, and exclusions of the Policy at any other time or for the Insured Person.

COORDINATION OF BENEFITS

This section describes what this Policy will pay for Covered Expenses that are also covered under one or more other plans. You should file all claims with each plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits in the form of payment or services for:

- An insurance plan issued to an individual/nongroup or a group; or a self-insured group health plan providing benefits in the form of reimbursement or services for medical care or treatment/items.
- Governmental benefits as permitted by law, except for Medicaid, Medicare and Medicare supplement policies.
- Medical benefits coverage under any form of group or individual automobile insurance.

Each plan or part of a plan which has the right to coordinate benefits will be considered a separate plan.

Primary Plan

The plan that pays first as determined by the Order of Benefit Determination Rules below.

Secondary Plan

The plan that pays after the Primary Plan as determined by the Order of Benefit Determination Rules below. The benefits under the Secondary Plan are reduced based on the benefits under the Primary Plan.

Allowable Expense

The portion of a Covered Expense used in determining the benefits this plan pays when it is the Secondary Plan. The Allowable Expense is the lesser of:

- the charge used by the Primary Plan in determining the benefits it pays;
- the charge that would be used by this plan in determining the benefits it would pay if it were the Primary Plan, and
- the amount of the Covered Expense.

If the benefits for a Covered Expense under your Primary Plan are reduced because you did not comply with the Primary Plan's requirements (for example, getting pre-certification of Hospital admission or a second surgical opinion), the amount of the Allowable Expense is reduced by the amount of the reduction.

Claim Determination Period

A Calendar Year, but does not include any part of a year during which you are not covered under this plan or any date before this section or any similar provision takes effect.

Order of Benefit Determination Rules

A plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one that applies:

- The plan that covers you as an enrollee or an employee shall be the Primary Plan and the plan that covers you as a dependent shall be the Secondary Plan;
- If you are a dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the plan which covers the parent whose birthday falls first in the Calendar Year as an enrollee or employee;
- If you are the dependent of divorced or separated parents, benefits for the dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the plan of the parent with custody of the child;
 - then, the plan of the spouse of the parent with custody of the child;
 - then, the plan of the parent not having custody of the child, and
 - finally, the plan of the spouse of the parent not having custody of the child.
- The plan that covers you as an active employee (or as that employee's dependent) shall be the Primary Plan and the plan that covers you as a laid-off or retired employee (or as that employee's dependent) shall be the Secondary Plan. If the other plan does not have a similar provision and, as a result, the plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the plan that covers you as an active employee or retiree (or as that employee's dependent) shall be the Primary Plan. If the other plan does not have a similar provision and, as a result, the plans cannot agree on the order of benefit determination, this paragraph shall not apply.

If none of the above rules determines the order of benefits, the plan that has covered you for the longer period of time shall be primary.

Effect on the Benefits Payable

- If this plan is the Primary Plan, the amount this plan pays for a Covered Expense will be determined without regard for the benefits payable under any other plan.
- If this plan is the Secondary Plan, the amount this plan pays for a Covered Expense is the Allowable Expense less the amount paid by the Primary Plan during a Claim Determination Period.

If while covered under this plan, you are also covered by another Cigna individual or group plan, you will be entitled to the benefits of only one plan. You may choose this plan or the plan under which you will be covered. Cigna will then refund any Premium received under the other plan covering the time period both policies were in effect. However, any claim payments made by Cigna under the plan you elected to cancel will be deducted from any such refund of Premium.

Recovery of Excess Benefits

If this plan is the Secondary Plan and Cigna pays for Covered Expenses that should have been paid by the Primary Plan, or if Cigna pays any amount in excess of what it is obligated to pay, Cigna will have the right to recover the actual overpayment made. Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If We request, you must execute and deliver to Us such instruments and documents as We determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information We request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Enrollment

If an Insured Person is enrolled for Medicare, Cigna will calculate the claim payment for Covered Services according to the benefit levels of this Policy based on the allowed amount defined below, and pay this amount minus any amount paid by Medicare. A person is considered enrolled in Medicare on the earliest date any coverage under Medicare becomes effective for him/her. In no event will the amount paid exceed the amount that Cigna would have paid if it were the sole insurance carrier.

Under this scenario, the allowed amount will be the lesser of:

- The amount Medicare allowed; or
- Cigna's Negotiated Rate for a Participating Provider; or
- Cigna's Maximum Reimbursable Charge for a Non-Participating Provider.

WHEN YOU HAVE A COMPLAINT OR AN APPEAL

For the purposes of this section, any reference to "you," "your" or "Insured Person" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care and services you receive. That is why We have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and to help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you can call Our toll-free number and explain your concern to one of Our Customer Service representatives. Please call Us at the Customer Service Toll-Free Number that appears on your benefit identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If We need more time to review or investigate your concern, We will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

Appeals Procedure

Cigna has a two-step appeals procedure for coverage decisions. To initiate an appeal for most claims, you must submit a request for an appeal within 365 days of receipt of a denial notice. However, if Cigna reduces or terminates coverage (except where the reduction or termination is due to a plan amendment or termination) for an ongoing course of treatment that Cigna previously approved, and the reduction or termination in coverage will occur before the end of the period of time or number of treatments that Cigna approved, then to initiate an appeal you must submit a request for an appeal of that reduction or termination in coverage within 30 days of receipt of the denial notice. If you appeal timely a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal. Appeals may be submitted to the following address:

Cigna
National Appeals Organization (NAO)
PO Box 188011
Chattanooga, TN 37422

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call us at the toll-free number on your benefit identification card, explanation of benefits or claim form.

Level-One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level-one appeals, We will respond in writing with a decision within 15 calendar days after We receive an appeal for a required preservice or concurrent care coverage determination (decision). We will respond within 30 calendar days after We receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, We will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to Your medical condition. Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Level Two Appeal

If you are dissatisfied with Our level one appeal decision, you may request a second review. To start a level two appeal, follow the same process required for a level one appeal.

If the appeal involves a coverage decision based on issues of medical necessity, clinical appropriateness or experimental treatment, a medical review will be conducted by a Physician reviewer in the same or similar specialty as the care under consideration, as determined by Cigna's Physician reviewer. For all other coverage plan-related appeals, a second-level review will be conducted by someone who was a) not involved in any previous decision related to your appeal, and b) not a subordinate of previous decision makers. Provide all relevant documentation with your second-level appeal request.

For required preservice and concurrent care coverage determinations, Cigna's review will be completed within 15 calendar days. For postservice claims, Cigna's review will be completed within 30 calendar days. If more time or information is needed to make the determination, We will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the level-two appeal, Cigna will provide this information to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond. You will be notified in writing of the decision within five working days after the decision is made, and within the review time frames above if Cigna does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. Cigna's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Independent Review Procedure

If you are not fully satisfied with the decision of Cigna's level two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by Cigna HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by Cigna. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must notify the Appeals Coordinator within 180 days of your receipt of Cigna's level two appeal review denial. Cigna will then forward the file to the Independent Review Organization. The Independent Review Organization will render an opinion within 30 days, unless the review is expedited. An expedited independent review is available if the adverse benefit determination: (a) involves a medical condition which would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function; (b) in the opinion of the your attending provider, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the adverse benefit determination; or (c) concerns an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility. The independent Review Organization will as soon as possible, but no later than 72 hours after receipt of the request for an expedited independent review, make a decision to uphold or reverse the adverse benefit determination.

The Independent Review Program is a voluntary program arranged by Cigna.

To the extent permitted by law, any controversy between Cigna and an Insured Person (including any legal representative acting on Your behalf), arising out of or in connection with this Policy may be submitted to binding arbitration upon mutual agreement of the parties. Such arbitration shall be governed by the provisions of the Commercial Arbitration Rules of the American Health Lawyers Association, to the extent that such provisions are not inconsistent with the provisions of this section.

If either party refuses or otherwise fails to choose an arbitrator within such 15-working-day-period, the arbitrator chosen shall choose a third arbitrator in accordance with these requirements. To the extent permitted by law, the decision of the arbitrator, or the decision of any two arbitrators if there are three arbitrators, shall be binding upon both parties conclusive of the controversy in question, and enforceable in any court of competent jurisdiction.

If the Insured Person would like a more extensive directory, or needs a new Provider listing for any other reason, please call Cigna at the number on the ID card and We will provide the Insured Person with one, or visit our website, www.cigna.com.
- **Failure by Cigna to enforce or require compliance with any provision herein** will not waive, modify or render such provision unenforceable at any other time, whether the circumstances are or are not the same.

If Insured Person(s) were covered by a prior Individual Cigna Policy that is replaced by this Policy with no lapse of coverage, benefits used under the prior Policy will be charged against the benefits payable under this Policy.

- **Cigna reserves the right to:** (i) change the rates chargeable under the Policy and (ii) amend the terms of this Policy to eliminate, alter, or modify provisions required only by the Patient Protection and Affordable Care Act (P.L. 111-148) in the event of either (a) entry of a final judgment by a court declaring all or part of the law invalid, unconstitutional, or otherwise ineffective or (b) amendments to the law by legislative act.
- **Physical Examination and Autopsy:**
Cigna, at its own expense, shall have the right and the opportunity to examine any Insured Person for whom a claim is made, when and so often as We may reasonably require during the pendency of a claim under this Policy. In the case of death of an Insured Person, Cigna shall have the right and opportunity to make an autopsy where it is not prohibited by law.

Other Insurance With This Insurer

If while covered under this Policy, the Insured Person(s) is also covered by another Cigna individual or group policy, the Insured Person(s) will be entitled to the benefits of only one policy. Insured Person(s) may choose this policy or the policy under which Insured Person(s) will be covered. Cigna will then refund any Premium received under the other Policy covering the time period both policies were in effect.

However, any claims payments made by Us under the Policy you elect to cancel will be deducted from any such refund of Premium.

How to File a Claim for Benefits

Notice of Claim: There is no paperwork for claims for services from Participating Providers. You will need to show your ID card and pay any applicable Copayment; your Participating Provider will submit a claim to Us for reimbursement. Claims for Emergency Services from Non-Participating Providers can be submitted by the Provider if the Provider is able and willing to file on your behalf. If a Non-Participating Provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on your ID card.

Claim Forms: You may get the required claim forms from www.cigna.com under Health Care Providers, Coverage and Claims, or by calling Member Services using the toll-free number on your identification card.

Claim Reminders:

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CLAIM FORMS, OR WHEN YOU CALL YOUR Cigna CLAIM OFFICE.
 - YOUR MEMBER ID IS SHOWN ON YOUR ID CARD.
 - YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR ID CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM.

Proof of Loss: You must give Us written proof of loss within 15 months, or as soon as reasonably possible, after the date of the loss. Proof of loss is a claim form as described above. Canceled checks or receipts are not acceptable. Cigna will not be liable for benefits if it does not receive written proof of loss within this time period or as soon as reasonably possible, however failure to file a claim form does not bar recovery under the policy if Cigna fails to show it was prejudiced by the failure.

Assignment of Claim Payments:

Medical benefits are assignable to the Provider; when You assign benefits to a Provider, you have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting a patient's payment on the charge, it is the Provider's responsibility to reimburse the patient. Because of Cigna's contracts with Providers, all claims from contracted Providers should be assigned.

We will recognize and consider any assignment made under the Policy, only if:

1. it is duly executed on a form acceptable to Us; and
2. a copy is on file with Us; and
3. it is made by a Provider licensed and practicing within the United States.

We may, at Our option, make payment to You for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Family Members, You or Your Family Members are responsible for paying the Non-Participating Provider and Our payment to You will be considered fulfillment of Our obligation.

We assume no responsibility for the validity or effect of an assignment.

Timely Payment of Claims: Benefits will be paid immediately upon receipt of due written proof of loss.

Payment of Claims: Any benefits payable under this Policy for Covered Services provided by a Participating Provider will be paid directly to that Participating Provider unless You direct otherwise, in writing, by the time proofs of loss are filed. Any benefits payable under this Policy for Covered Services provided by a Non-Participating Provider will be paid directly to You unless You direct otherwise, in writing, by the time proofs of loss are filed. In the event of Your death, We will issue any benefits payable to You to the beneficiary of Your estate as determined by applicable law.

Claim Determination Procedures Under Federal Law (Provisions of the laws of this state may supersede.)

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the Policy. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a pre-service, concurrent, or post-service basis, as described below.

Certain services require Prior Authorization in order to be covered. This Prior Authorization is called a "pre-service Medical Necessity determination." The Policy describes who is responsible for obtaining this review. The Insured Person or their authorized representative (typically, their health care Provider) must request Medical Necessity determinations according to the procedures described below, in the Policy, and in the Insured Person's Provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, the Insured Person or their representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Policy, in the Insured Person's Provider's network participation documents, and in the determination notices.

Pre-service Medical Necessity Determinations

When the Insured Person or their representative requests a required Medical Necessity determination prior to care, Cigna will notify the Insured Person or their representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 15 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

If the determination periods above would (a) seriously jeopardize the Insured Person's life or health, their ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of the Insured Person's health condition, cause them severe pain which cannot be managed without the requested services, Cigna will make the pre-service determination on an expedited basis. Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. Cigna will notify the Insured Person or their representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify the Insured Person or their representative within 24 hours after receiving the request to specify what information is needed. The Insured Person or their representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify the Insured Person or their representative of the expedited benefit determination within 48 hours after the Insured Person or their representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If the Insured Person or their representative fails to follow Cigna's procedures for requesting a required pre-service Medical Necessity determination, Cigna will notify them of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless the Insured Person or their representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for an Insured Person and they wish to extend the approval, the Insured Person or their representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When the Insured Person or their representative requests such a determination, Cigna will notify them of the determination within 24 hours after receiving the request.

Post-service Medical Necessity Determinations

When an Insured Person or their representative requests a Medical Necessity determination after services have been rendered, Cigna will notify them of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Insured Person or their representative responds to the notice.

Post-service Claim Determinations

When an Insured Person or their representative requests payment for services which have been rendered, Cigna will notify them of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Insured Person or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Insured Person or their representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and resume on the date the Insured Person or their representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the adverse determination; (3) reference to the specific plan provisions on which the determination is based; (4) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; (6) information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and (7) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Premiums

The monthly Premium amount is listed on the Policy specification page which was sent with this Policy.

You will be responsible for an additional \$45 charge for any check or electronic funds transfer that is returned to Us unpaid. This additional charge is part of Your Premium obligation. You will not be considered to have paid Your Premium until Your Premium amount and any additional charges incurred by You are received by Cigna.

Your Premium may change due to (but not limited to):

- a. Deletion or addition of a new eligible Insured Person(s)
- b. A change in age of any Insured Person which results in a higher Premium
- c. A change in residence
- d. Application of any additional charges as a result of a late or returned payment

These changes will be effective on the first of the month following the change, unless as otherwise stated on Your Premium notice.

Cigna also reserves the right to change the Premium on 45 days' prior written notice to You. However, We will not modify the Premium schedule on an individual basis, but only for all Insured Persons in the same class and covered under the same Policy as You. The change will become effective on the date shown on the notice, and payment of the new Premiums will indicate acceptance of the change.

Premiums are to be paid by You to Us.

Cigna will not accept the direct or indirect payment of Premiums by any person or entity other than You, Your Family Members or an Acceptable Third Party Payor, except as expressly permitted by Cigna in writing. Cigna may request and upon request, You shall provide, a certified statement from You that You are not receiving payment or other remuneration from anyone other than an Acceptable Third Party Payor as defined above for the partial or full payment of Your Premium or other cost-sharing obligations under this Policy.
