View your plan's drug list online

The myCigna® App or website – Log in and click on the “Find Care & Costs” tab. Select “Price a Medication,” then type in your medication name.

Cigna.com/ifp-drug-list – Select **Virginia** from the drop down menu, then choose your search method. Then type in your medication name or view the full list.

Questions?

Call the toll-free number on your Cigna ID card, or call **866.494.2111**. We're here to help. If it's easier, you can also chat with us online on the **myCigna** website, Monday-Friday, 9:00 am-8:00 pm EST.

About your prescription drug list

This document shows the prescription medications covered on the Cigna Premiere Virginia 5-Tier Prescription Drug List as of January 1, 2021. All of these medications are approved by the U.S. Food and Drug Administration (FDA). Medications are listed alphabetically. **If you don't see a specific medication in this document, log in to the myCigna App or website to see a more current list of medications your plan covers.**

How to read your drug list

Use the sample chart below to help you understand this drug list. **This chart is just an example.** It may not show how these medications are actually covered on the 2021 Cigna Premiere Virginia 5-Tier Prescription Drug List.

Medications are listed in **alphabetical** order

MEDICATION NAME	Tier	NOTES (PA, ST, QL, AGE, SRX, LDD)
ABACAVIR 300 MG TABLET	2	
ABACAVIR-LAMIVUDINE	2	
ABACAVIR-LAMIVUDINE-ZIDOVUDINE	2	
ACAMPROSATE	3	
ACETYLCYSTEINE 10% VIAL	2	
ACETYLCYSTEINE 20% VIAL	2	
ACITRETIN 10 MG CAPSULE	4	
ACITRETIN 17.5 MG CAPSULE	4	
ACITRETIN 25 MG CAPSULE	4	
ACTHIB	2	
ACYCLOVIR 200 MG CAPSULE	1	
ACYCLOVIR 200 MG/5 ML SUSPENSION	2	
ACYCLOVIR 400 MG TABLET	2	
ACYCLOVIR 800 MG TABLET	2	
ADACEL TDAP	2	
ADAPALENE 0.1% CREAM	2	AGE
ADAPALENE 0.1% GEL	2	
ADEFOVIR DIPIVOXIL	4	SRX
AFIRMELLE	1	
AFTERA	4	
AK-POLY-BAC	2	
ALISKIREN	4	QL
ALLOPURINOL	1	
ALOMIDE	4	
ALOSETRON	4	
ALPRAZOLAM 0.25 MG TABLET	2	

Tier (cost-share level) gives you an idea of how much you may pay for a medication

Medications that have extra coverage requirements will have an **abbreviation** in the Notes section

Specialty medications have "SRX" listed next to them in the Notes section

This chart is just a sample. It may not show how these medications are actually covered on the 2021 Cigna Premiere Virginia 5-Tier Prescription Drug List.

Tiers

Covered medications are divided into tiers or cost-share levels. Typically, the higher the tier, the higher the price you'll pay to fill the prescription.

Tier 1 – Preferred Generic Medications. This tier typically includes preferred generic medications. These medications have the same strength, and active ingredients as brand name medications, but often cost much less. Preferred generic medications are covered at your plan's lowest cost share.	Lowest-cost medication	\$
Tier 2 – Generic Medications. This tier typically includes most generic medications and some low cost brand name medications. Generic medications have the same strength and active ingredients as brand name medications, but often cost much less.	Lower-cost medication	\$\$
Tier 3 – Preferred Brand Medications. This tier typically includes preferred brand name medications and some high cost generic medications.	Medium-cost medication	\$\$\$
Tier 4 – Non-Preferred Medications. This tier typically includes non-preferred brand name medications and some high cost generic medications.	Higher-cost medication	\$\$\$\$
Tier 5 – Specialty and Other High Cost Medications. This tier typically includes Specialty medications and high cost generic and brand name medications.	Highest-cost medication	\$\$\$\$\$

Abbreviations next to medications

Some medications on your drug list have extra requirements before your plan will cover them. This helps to make sure you're receiving coverage for the right medication, at the right cost, in the right amount and for the right situation. These medications will have an abbreviation next to them in the Notes column in this drug list. Here's what each of the abbreviations mean.

PA	Prior Authorization – Cigna will review information your doctor provides to make sure you meet coverage guidelines for the medication. If approved, your plan will cover the medication.
ST	Step Therapy – This is a prior authorization program. Certain high-cost medications are part of the Step Therapy program. Step Therapy encourages the use of lower-cost medications (typically generics and preferred brands) that can be used to treat the same condition as the higher-cost medication. Your plan doesn't cover the higher-cost Step Therapy medication until you try one or more alternatives first (unless you receive approval from Cigna).
QL	Quantity Limits – For some medications, your plan will only cover up to a certain amount over a certain length of time. For example, 30mg per day for 30 days. Your plan will only cover a larger amount if your doctor requests and receives approval from Cigna.
AGE	Age Requirements – For certain medications, you must be within a specific age range for your plan to cover them. This is because some medications aren't considered clinically appropriate for individuals who aren't within that age range.
SRX	Specialty Medications are limited to a 30-day supply.
LDD	Limited Distribution Drugs are only available at specific pharmacies in the United States and are used to treat conditions that are extremely hard to manage. These medications require special handling, patient support and monitoring.

Specialty medications

Specialty medications are used to treat complex medical conditions like multiple sclerosis, hepatitis C and rheumatoid arthritis. In this drug list, specialty medications have “SRX” listed next to them in the Notes section.

Your plan limits specialty medications to a 30-day supply. Log in to the **myCigna** App or website, or check your plan materials, to learn more about how your plan covers specialty medications.

Plan exclusions

Your plan excludes certain types of medications or products from coverage. This is known as a “plan (or benefit) exclusion.” This means that your plan doesn’t cover any prescription medications in the drug class or to treat the specific condition. There’s also no option to receive coverage through a medication review process. Log in to the **myCigna** App or website, or check your plan materials, to find out if your plan excludes your medication from coverage.

How to find your medication

Use the table below to find the page your medication is listed on.

Medication name starts with the letter...	Page
A–B	6–10
C–D	10–14
E–G	14–17
H–J	17–19
K–L	19–21
M–N	21–24
O–P	24–28
Q–S	28–30
T–U	30–32
V–Z	32–33

Prescription drug list FAQs

Understanding your prescription medication coverage can be confusing. Below are answers to some commonly asked questions.

Why do you make changes to the drug list?

Cigna regularly reviews and updates the prescription drug list. We make changes for many reasons – like when new medications become available or are no longer available, or when medication prices change. We try to give you many options to choose from to treat your health condition. These changes may include:

- Moving a medication to a lower cost tier.
- Moving a brand medication to a higher cost tier when a generic becomes available.
- Moving a medication to a higher cost tier and/or no longer covering a medication.
- Adding coverage requirements to a medication. For example, requiring approval from Cigna before a medication may be covered or adding a quantity limit to a medication.

When a medication changes tiers or is no longer covered, you may pay a different amount to fill it. It's important to know that when we make a change that affects the coverage of a medication you're taking, we let you know before it happens so you have time to talk with your doctor.

Why doesn't my plan cover certain medications?

To help lower your overall health care costs, your plan doesn't cover certain high-cost brand medications because they have lower-cost, covered alternatives which are used to treat the same condition. Meaning, the alternative works the same or similar to the non-covered medication. If you're taking a medication that your plan doesn't cover and your doctor feels an alternative medication isn't right for you, he or she can ask Cigna to consider approving coverage.

Your plan may also exclude certain medications or products from coverage. This is known as a "plan (or benefit) exclusion." For example, your plan excludes medications that aren't approved by the U.S. Food and Drug Administration (FDA).

How do you decide which medications are covered?

The Prescription Drug List is managed by the Business Decision Team, which makes, subject to the Pharmacy and Therapeutics Committee's review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your Policy/Service Agreement coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Drugs or Specialty Medications. Placement

of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supplies is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your Policy/Service Agreement is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The coverage status of a Prescription Drug or Related Supply may change periodically during the Policy Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, You may be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access www.mycigna.com or call Customer Service at the telephone number on Your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

Which medications are covered under the health care reform law?

The Patient Protection and Affordable Care Act (PPACA), commonly referred to as "health care reform," was signed into law on March 23, 2010. Under this law, certain preventive medications (including some over-the-counter products) may be available to you at no cost-share (\$0), depending on your plan. Log in to the **myCigna** App or website, or check your plan materials, to learn more about how your plan covers preventive medications. You can also view the PPACA No Cost-Share Preventive Medications drug list at Cigna.com/ifp-drug-list.

For more information about health care reform, go to www.informedonreform.com or Cigna.com.

Are medications newly approved by the FDA covered on my drug list?

All new Food and Drug Administration (FDA)-approved drug products are designated as not covered under your drug list until the Cigna business decision team makes a placement decision on the new drug (or new indication), which decision shall be based in part

Prescription drug list FAQs (cont)

on the P&T Committee's clinical review of the drug. The P&T Committee makes a reasonable effort to review all new FDA approved drug products (or new FDA approved indications) within 90 days of its release to the market. The business decision team must make a reasonable effort to review a new FDA approved drug product (or new indications) within 90 days, and make a decision on each new FDA approved drug product (or new FDA approved indication) within 180 days of its release onto the market, or a clinical justification must be documented if this timeframe is not met. If your doctor feels a currently covered medication isn't right for you, he or she can ask Cigna to consider approving coverage of the newly approved medication.

How can I find out how much I'll pay for a specific medication?

Prescription prices can vary by pharmacy. Before you fill your prescription, compare your costs online. Log in to the **myCigna** App or website and click on "Price a Medication" to see how much your medication may cost you at the different pharmacies in your plan's network. You can also see if there are lower-cost alternatives available.¹

How can I save money on my prescription medications?

You may be able to save money by switching to a medication that's on a lower tier (ex. preferred generic or generic) or by filling a 90-day supply, if your plan allows. You should talk with your doctor to find out if one of these options may work for you.

Do generics work the same as brand name medications?

Yes. A generic medication works in the same way and provides the same clinical benefit as its brand name version.² Generic and brand name medications have the same active ingredients, strength/dosage form, effectiveness, quality and safety.

Generics typically cost much less than brand name medications – in some cases, up to 85% less.² Just because generics cost less than brands, it doesn't mean they're lower-quality medications.

Why do certain medications need approval before my plan will cover them?

The review process helps to make sure you're receiving coverage for the right medication, at the right cost, in the right amount and for the right situation.

My medication needs prior approval. How do I get it?

Ask your doctor's office to contact Cigna so we can start the coverage review process. They know how the review process works and will take care of everything for you. In case the office asks, they can download a request form from Cigna's provider portal at cignaforhcp.com.

What happens if I try to fill a prescription that needs approval but I don't get approval ahead of time?

When your pharmacist tries to fill your prescription, he or she will see that the medication needs prior approval. Because you didn't get approval ahead of time, your pharmacist won't be able to fill it.

What happens if I try to fill a prescription that has a quantity limit?

Your pharmacist will only fill the amount your plan covers. If you want to fill more than what's allowed, your doctor's office will need to contact Cigna to request approval for coverage.

Can I fill my prescriptions by mail?

Yes. If you're taking a medication on a regular basis to treat an ongoing health condition like diabetes, high blood pressure, high cholesterol or asthma, you can order up to a 90-day supply through Express Scripts Pharmacy®, our home delivery pharmacy. Avoid the pharmacy lines and get your medication shipped to your home – **at no extra cost**. Express Scripts Pharmacy also offers payment assistance options and automatic refills. You can also manage your medications online and talk with a pharmacist 24/7 if you have questions. To get started using home delivery, call **800.835.3784**.

If you're taking a specialty medication to treat a complex medical condition like multiple sclerosis, hepatitis C and rheumatoid arthritis, you can fill your prescription through Accredo, a Cigna specialty pharmacy. Accredo will ship your medication to your home (or location of your choice).³ Their team of specialty trained pharmacists and nurses can also help you manage your complex medical condition – **at no extra cost**. To get started using Accredo, call **877.826.7657**, Monday-Friday, 7:00 am-10:00 pm CST and Saturdays, 7:00 am-4:00 pm CST. **Be sure to call Accredo about two weeks before your next refill so they have time to get a new prescription from your doctor's office.** To learn more about Accredo, go to Cigna.com/specialty.

Where can I find more information about my pharmacy benefits?

You can use the online tools and resources on the **myCigna** App or website to help you better understand your pharmacy coverage. You can find out how much your medication costs, see which medications your plan covers, find an in-network pharmacy, ask a pharmacist a question and see your pharmacy claims and coverage details. You can also manage your home delivery prescription orders.

Virginia Exclusions And Limitations: What Is Not Covered By This Policy

Excluded Services

- ▶ **Services obtained from a Non-Participating/ Out-of-Network Provider**, except for Emergency Services and non-Emergency Services provided to an Insured Person at a Participating facility if the non-Emergency Services involve Surgical or Ancillary Services provided by a Non-Participating Provider. Services for an Urgent Health Problem in an office, Urgent Care facility, or another outpatient facility and the related Physician and other related Provider Services. Medically Necessary services that are not available from a Participating Provider.
- ▶ Any amounts in excess of maximum benefit limitations of Covered Expenses stated in this Policy.
- ▶ Services **not specifically listed as Covered Services** in this Policy in the sections titled “Comprehensive Services What The Policy Pays For”, “Prescription Drug Benefits”, “Pediatric Vision Benefits” and the “benefit schedule”.
- ▶ Services or supplies that are **not Medically Necessary**, except for Preventive Care Services as provided in this Policy.
- ▶ Services or supplies that are considered to be for **Experimental Procedures or Investigative Procedures or Unproven Procedures**, except as otherwise stated in this Policy under ‘Clinical Trials’.
- ▶ Services **received before the Effective Date of coverage**.
- ▶ Services **received after coverage under this Policy ends**.
- ▶ Services **for which you have no legal obligation to pay** or for which no charge would be made if you did not have a health plan or insurance coverage.
- ▶ Any condition for which benefits are recovered or can be recovered, either by adjudication, settlement or otherwise, **under any workers’ compensation, employer’s liability law or occupational disease law**, except coverage for any medical condition pursuant to such exclusion if (i) an award of the Workers’ Compensation Commission denies compensation benefits relating to such medical condition and no request for review of such award is made pursuant to and within the time prescribed by applicable law; or (ii) an award of the Workers’ Compensation Commission, after review by the full Commission, denies compensation benefits relating to such medical condition. Following the entry of a workers’ compensation award pursuant to clause (i) or (ii) having the effect of prohibiting the application of any such exclusion, Cigna shall immediately provide coverage for such medical condition to the extent otherwise covered under the contract, subscription contract or health services plan. If, upon appeal to the Court of Appeals or the Supreme Court, such medical condition is held to be compensable under the Virginia Workers’ Compensation Act (Title 65.2), Cigna may recover from the applicable employer or workers’ compensation insurance carrier the costs of coverage for medical conditions found to be compensable under the Act.
- ▶ Conditions caused by: (a) an **act of war (declared or undeclared)**; (b) the **inadvertent release of nuclear energy** when government funds are available for treatment of Illness or Injury arising from such release of nuclear energy; however, benefits may not be able to be provided or may be delayed in the event of a major disaster. (c) an Insured Person **participating in the military service of any country** (note: for information about an Insured Person who becomes an active duty member of the military, please see “Cancellation by You”, under “Terms of the Policy” in the “General Provisions” section); (d) an Insured Person **participating in an insurrection, rebellion, or riot**.
- ▶ Any **services provided by a local, state or federal government agency** (except Medicaid), except when payment under this Policy is expressly required by federal or state law.
- ▶ Any services **required by state or federal law** to be supplied by a public school system or school district.
- ▶ Any **services for which payment may be obtained from any local, state or federal government agency** (except Medicaid). Veterans Administration Hospitals and Military Treatment Facilities, except for services rendered on an emergency basis where a legal liability exists for charges made to the Insured Person for such services.
- ▶ **If the Insured Person is eligible for Medicare** Part A, B, C or D, Cigna will provide claim payment according to this Policy minus any amount paid by Medicare, not to exceed the amount Cigna would have paid if it were the sole insurance carrier.
- ▶ **Court-ordered treatment or hospitalization**, unless such treatment is an involuntary hold or prescribed by a Physician and listed as covered in this Policy.
- ▶ **Professional services** performed by a member of the covered person’s immediate family and services for which no charge is normally made in the absence of insurance.

- › **Supplies received or purchased directly or on Your behalf** from any of the following:
 - Yourself, or a company under your partial or complete ownership;
 - A person who is your spouse, Domestic Partner, child, stepchild, parent, brother or sister.
 - A facility or health care professional that provides remuneration to you, directly or indirectly, or to an organization from which you receive, directly or indirectly, remuneration.
- › Services of a Hospital emergency room **for any condition that is not an Emergency Medical Condition** as defined in this Policy.
- › **Custodial Care, including but not limited to rest cures; infant, child or adult day care, including geriatric day care.** This exclusion does not apply to Hospice Care Services, or Occupational Therapy to restore activities such as walking, eating, drinking, dressing, toileting, transferring from wheelchair to bed, bathing, and job related activities.
- › **Private duty nursing** in the inpatient setting, except when provided as part of the Hospice Services benefit in this Policy.
- › Inpatient room and board **charges in connection with a Hospital stay primarily for environmental change or physical therapy.**
- › Services received during **an inpatient stay when the stay is primarily related to** behavioral, social maladjustment, lack of discipline or other antisocial actions which are not specifically the result of a Mental Health Disorder.
- › **Complementary and alternative medicine services**, including but not limited to: massage therapy; animal therapy, including but not limited to equine therapy or canine therapy; art therapy; meditation; visualization; acupuncture; acupressure; acupuncture point injection therapy; reflexology; rolfing; light therapy; aromatherapy; music or sound therapy; dance therapy; sleep therapy, except as stated in this Policy under “Sleep Testing and Treatment”; hypnosis; energy-balancing; breathing exercises; movement and/or exercise therapy including but not limited to yoga, pilates, tai-chi, walking, hiking, swimming, golf; and any other alternative treatment as defined by the National Center for Complementary and Alternative Medicine (NCCAM) of the National Institutes of Health. Services specifically listed as covered under “Rehabilitative Therapy” and “Habilitative Therapy” are not subject to this exclusion.
- › Any services or supplies provided by or at a place for the aged, a nursing home, or any facility where a significant portion of the activities of which include **rest, recreation, leisure**, or any other services that are not Covered Services.
- › **Assistance in activities of daily living**, including but not limited to: bathing, eating, dressing, or other Custodial Care, self-care activities or homemaker services, and services primarily for rest, domiciliary or convalescent care.
- › **Services performed by unlicensed practitioners** or services which do not require licensure to perform, for example meditation, breathing exercises, guided visualization.
- › Inpatient room and board **charges in connection with a Hospital stay primarily for diagnostic tests** which could have been performed safely on an outpatient basis.
- › **Services which are self-directed** to a free-standing or Hospital based diagnostic facility.
- › Services ordered by a **Physician or other who is an employee or representative** of a free-standing or Hospital-based diagnostic facility, when that Physician or other Provider:
 - Has not been actively involved in your medical care prior to ordering the service, or
 - Is not actively involved in your medical care after the service is received.

This exclusion does not apply to mammography.
- › **Dental services**, dentures, bridges, crowns, caps or other Dental Prostheses, extraction of teeth or treatment to the teeth or gums, except as specifically provided in this Policy under “Oral Surgery” and “Dental Care”.
- › **Orthodontic Services**, braces and other orthodontic appliances including orthodontic services for Temporomandibular Joint Dysfunction, except for services as stated in this Policy under “Congenital Defects and Birth Anomalies for Newborns”.
- › **Dental Implants**: Dental materials implanted into or on bone or soft tissue or any associated procedure as part of the implantation or removal of dental implants.
- › Any services covered under **both this medical plan and an accompanying exchange-certified pediatric dental plan** and reimbursed under the dental plan will not be reimbursed under this plan.
- › **Hearing aids** including but not limited to semi-implantable hearing devices, audient bone conductors and Bone Anchored Hearing Aids (BAHAs). For the purposes of this exclusion, a hearing aid is any device that amplifies sound. Does not apply to cochlear implants.

- › **Routine hearing tests** except as provided under Preventive Care.
- › **Genetic screening**, except as stated in this Policy under “Pregnancy and Maternity Care” and “Women’s Preventive Care”, or pre-implantations genetic screening: general population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- › **Gene Therapy** including, but not limited to, the cost of the Gene Therapy product, and any medical, surgical, professional and facility services directly related to the administration of the Gene Therapy product.
- › **Optometric services**, eye exercises including orthoptics, eyeglasses, contact lenses, routine eye exams, and routine eye refractions, except as specifically stated in this Policy under Pediatric Vision.
- › An **eye surgery solely for the purpose of correcting refractive defects** of the eye, such as near-sightedness (myopia), astigmatism and/or farsightedness (presbyopia).
- › **Cosmetic surgery, therapy** or other services for beautification, to improve or alter appearance or self-esteem. This exclusion shall not include Reconstructive Surgery when such service is incidental to or follows surgery resulting from trauma, infection or other diseases of the involved part, and Reconstructive Surgery because of congenital disease or anomaly of a covered dependent child which has resulted in a functional defect.
- › **Aids or devices that assist with nonverbal communication**, including but not limited to communication boards, prerecorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- › **Non-Medical counseling or ancillary services**, including but not limited to: education, training, vocational rehabilitation, behavioral training, biofeedback, neurofeedback, employment counseling, back school, return to work services, work hardening programs, driving safety, and services, training, educational therapy or other non-medical ancillary services for learning disabilities and developmental delays.
- › **Services and procedures for** redundant skin surgery including abdominoplasty/panniculectomy, removal of skin tags, craniosacral/cranial therapy, applied kinesiology, prolotherapy and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions, macromastia or gynecomastia; and blepharoplasty **regardless of clinical indications**.
- › All services related to **Applied Behavior Analysis treatment**, including but not limited to: the design, implementation, and evaluation of environmental modifications using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relations between environment and behavior.
- › Any treatment, prescription drug, service or supply to treat **sexual dysfunction**, enhance sexual performance or increase sexual desire.
- › All services related to **the evaluation or treatment of fertility and/or Infertility**, including, but not limited to, all tests, consultations, examinations, medications, invasive, medical, laboratory or surgical procedures including reversals of elective sterilization and In vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), except as specifically stated in this Policy.
- › **Cryopreservation** of sperm or eggs, or storage of sperm for artificial insemination (including donor fees).
- › Fees associated with the **collection or donation of blood or blood products**, except for autologous donation in anticipation of scheduled services where in the utilization review Physician’s opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- › Blood administration **for the purpose of general improvement in physical condition**
- › **Orthopedic shoes** (except when joined to braces), shoe inserts, foot orthotic devices.
- › **External and internal power enhancements** or power controls for prosthetic limbs and terminal devices.
- › **Myoelectric prostheses** peripheral nerve stimulators.
- › **Electronic prosthetic limbs or appliances** unless Medically Necessary, when a less-costly alternative is not sufficient.

- › **Prefabricated foot Orthoses.**
- › **Cranial banding/cranial orthoses/other similar devices**, except when used postoperatively for synostotic plagiocephaly.
- › **Orthosis shoes**, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers.
- › **Orthoses** primarily used for cosmetic rather than functional reasons.
- › **Non-foot Orthoses**, except **only** the following non-foot orthoses are covered when Medically Necessary:
 - Rigid and semi-rigid custom fabricated Orthoses;
 - Semi-rigid pre-fabricated and flexible Orthoses; and
 - Rigid pre-fabricated Orthoses, including preparation, fitting and basic additions, such as bars and joints.
- › Services primarily for **weight reduction or treatment of obesity including morbid obesity**, or any care which involves weight reduction as a main method for treatment. This includes any morbid obesity surgery, even if the Insured Person has other health conditions that might be helped by a reduction of obesity or weight, or any program, product or medical treatment for weight reduction or any expenses of any kind to treat obesity, weight control or weight reduction.
- › **Routine physical exams or tests** that do not directly treat an actual illness, injury or condition. This includes reports, evaluations, or hospitalization not required for health reasons; physical exams required for or by an employer or for school, or sports physicals, or for insurance or government authority, and court ordered, forensic, or custodial evaluations, except as otherwise specifically stated in this Policy.
- › Therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected. This does not apply to Preventive Care Services, Rehabilitative or Habilitative Services as stated in this Policy.
- › Treatment that will not result in a favorable modification or prevent deterioration.
- › **Educational services** except for the treatment of autism or otherwise stated in this Policy under “Treatment of Diabetes”, “Mastectomy Notice” regarding lymphedema under “Reconstructive Surgery” and “Inpatient Treatment” under “Mental Health and Substance Use Disorders” or as specifically provided or arranged by Cigna.
- › **Nutritional counseling** except when provided as part of Home Health Care, treatment of an eating disorder, or “Diabetic Self-Management Training Programs”, “Preventive Care Services” subsections; or food supplements except as described in the “Nutritional Formulas: Amino Acid-Based Elemental Formula or Organic Acid Metabolism, Metabolic Abnormality or Severe Protein or Soy Allergies” sections, of this Policy.
- › **Exercise equipment, comfort items and other medical supplies and equipment** not specifically listed as Covered Services in the Covered Services section of this Policy. Excluded medical equipment includes, but is not limited to: air purifiers, air conditioners, humidifiers; treadmills; spas; elevators; supplies for comfort, hygiene or beautification; wigs, disposable sheaths and supplies; correction appliances or support appliances and supplies such as stockings, and consumable medical supplies other than ostomy supplies and urinary catheters, including, but not limited to, bandages and other disposable medical supplies, skin preparations and test strips except as otherwise stated in this Policy under the “Prescription Drug Benefit” section.
- › All **Foreign Country Provider charges** are excluded under this Policy except as specifically stated under “Treatment received from Foreign Country Providers” in the section of this Policy titled “Comprehensive Benefits What the Policy Pays For”.
- › **Routine foot care** unless Medically Necessary. This Exclusion applies to cutting or removing corns and calluses; trimming nails; cleaning and preventive foot care, including but not limited to:
 - Cleaning and soaking the feet.
 - Applying skin creams to care for skin tone.
 - Other services that are given when there is not an illness, injury or symptom involving the foot.
 This Exclusion does not apply to the treatment of corns, calluses, and care of toenails for patients with diabetes or vascular disease.
- › Charges for the **services of a standby Physician.**
- › Charges for **animal to human organ transplants.**
- › **Claims received by Cigna after 90 days** from the date service was rendered, except (a) in the event of a legal incapacity this time frame is extended to 15 months or (b) if the claim is received by Cigna later than 90 days but as soon as reasonably possible.

Cigna reserves the right to make changes to this drug list without notice. Please reference [Cigna.com/ifp-drug-list](https://www.cigna.com/ifp-drug-list) for an up-to-date listing. Your plan may cover additional medications; please refer to your policy/service agreement for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)
Complaint forms are available at
<http://www.hhs.gov/ocr/office/file/index.html>.
