**Direct Access to Obstetricians and Gynecologists**

You do not need Prior Authorization from the plan or from any other person (including your Primary Care Physician) in order to obtain access to obstetrical or gynecological care from a health care professional in Our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact Customer Service at the phone number listed on the back of your ID card.

If your plan requires the designation of a Primary Care Physician, Cigna may designate one for you until you make this designation. For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physicians, visit [www.mycigna.com](http://www.mycigna.com) or contact Customer Service at the phone number listed on the back of your ID card.

## **Introduction**

### **About This EOC**

Your medical coverage is provided under an Evidence of Coverage (EOC) issued by Cigna HealthCare of Georgia, Inc. (referred to herein as Cigna). This EOC is a legal contract between You and Us.

Under this EOC, “We,” “Us,” and “Our” mean Cigna. “You” or “Your” refers to the Subscriber whose application has been accepted by Us under the EOC issued. When We use the term “Member” in this EOC, We mean You and any eligible Family Member(s) who are enrolled for coverage under this EOC. You and all Family Member(s) covered under this EOC are listed on the EOC specification page.

The benefits of this EOC are provided only for those services that are Medically Necessary as defined in this EOC and for which the Member has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this EOC or phone Us at the number shown on your Cigna identification card if you have any questions regarding whether services are covered.

This EOC contains many important terms (such as “Medically Necessary” and “Covered Service”) that are defined in the section entitled “Definitions.” Before reading through this EOC, be sure that You understand the meanings of these words as they pertain to this EOC.

We provide coverage to You under this EOC based upon the answers submitted by You and Your Family Member(s) on Your signed individual application. In consideration for the payment of the Premiums stated in this EOC, We will provide the services and benefits listed in this EOC to You and Your Family Member(s) covered under the EOC.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE EOC, WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. ADDITIONALLY, IF WITHIN 2 YEARS AFTER ADDING ADDITIONAL FAMILY MEMBER(S) (EXCLUDING NEWBORN CHILDREN ADDED WITHIN 31 DAYS AFTER BIRTH), WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT YOU OR YOUR FAMILY MEMBER(S) KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND COVERAGE FOR THE ADDITIONAL FAMILY MEMBER(S) AS OF THE DATE HE OR SHE ORIGINALLY BECAME EFFECTIVE. IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR EOC LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEED TOTAL PREMIUMS PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PROVIDER IN FULL FOR SERVICES RENDERED AT THE PROVIDER’S REGULAR BILLED RATE, NOT AT THE CIGNA NEGOTIATED RATE.

**Choice of Hospital and Physician:** Nothing contained in this EOC restricts or interferes with a Member's right to select the Hospital or Physician of their choice. However, non-Emergency Services from a Non-Participating Provider are not covered by this EOC.

## **THIS IS AN HMO EOC**

That means this EOC does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of an Emergency Medical Condition, or
- Medically Necessary services that are not available through an In-Network Provider.

In-Network Providers include Physicians, Hospitals, and Other Health Care Facilities. Check the provider directory, available at [www.mycigna.com](http://www.mycigna.com), or call the number on your ID card to determine if a Provider is In-Network.

### **Choosing a Primary Care Physician (PCP)**

A Primary Care Physician may serve an important role in meeting health care needs by providing or arranging for medical care for each Member. For this reason, when you enroll as a Member, you will be asked to select a Primary Care Physician (“PCP”). Your PCP will provide your regular medical care and assist in coordinating your care. You may select your PCP by calling the customer service phone number on your ID card or by visiting Our website at [www.mycigna.com](http://www.mycigna.com). The Primary Care Physician You select for Yourself may be different from the Primary Care Physician You select for each of Your Family Member(s). You have the right to designate any Primary Care Physician who participates in Our network for this plan and is available to accept You or Your Family Members.

### **If You Need a Specialist**

Your PCP is important to the coordination of your care. While this EOC does not require referrals to visit specialists, if you need specialty care you are encouraged to work with your PCP, who can coordinate your care and assist you in selecting a specialist appropriate for your care.

The referral system can be used to keep your PCP involved in and apprised of all of your health care needs. If you receive Covered Services from a specialist in the Policy’s network without a referral, you will not be subject to a penalty, and the claims for those Covered Services will be processed according to the applicable In-Network level of benefits.

### **Changing Primary Care Physicians**

You may voluntarily change your PCP but not more than once in any calendar month. We reserve the right to determine the number of times during a plan Year that you will be allowed to change your PCP. You may request a change from one Primary Care Physician to another by going to [www.mycigna.com](http://www.mycigna.com), clicking on “Manage My Health Team,” click “Additional info on PCP selection,” and follow the directions displayed or by contacting Us at the customer service number on your ID card.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify you 30 days in advance, for the purpose of selecting a new Primary Care Physician.

### **If Your Physician Leaves the Network**

If your PCP or specialist ceases to be a Participating Physician, We will notify you in writing of his or her impending termination at least 30 days in advance of the date the PCP leaves the network and provide assistance in selecting a new PCP or identifying a new specialist to continue providing Covered Services. If you are receiving treatment from a Participating Provider at the time his or her Participating Provider agreement is terminated, for reasons other than medical incompetence or professional misconduct, you may be eligible for continued care with that Provider.

## **Continuity of Care**

If your PCP or specialist ceases to be a Participating Physician, We will notify you. Under certain medical circumstances, We may continue to reimburse Covered Expenses from your PCP or a specialist you've been seeing at the Participating Provider benefit level even though he or she is no longer affiliated with Cigna's network. If you are undergoing an active course of treatment for an acute or chronic condition and continued treatment is Medically Necessary, you may be eligible to receive continuing care from the Non-Participating Provider for a specified time, subject to the treating Provider's agreement. You may also be eligible to receive continuing care if you are in your second or third trimester of pregnancy. In this case, continued care may be extended through your delivery and include a period of postpartum care.

Such continuity of care must be approved in advance by Cigna, and your Physician must agree to accept Our reimbursement rate and to abide by Cigna's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a Provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

You may request continuity of care from Cigna after your Participating Provider's termination from Cigna's network; start by calling the toll-free number on your ID card. Continuity of care must be Medically Necessary and approved in advance by Us. Continuity of care will cease upon the earlier of:

- Successful transition of your care to a Participating Provider; or
- Completion of your treatment; or
- The next Annual Open Enrollment Period; or
- The length of time approved for continuity of care ends.

## **Confined to a Hospital**

If you are confined in a Hospital on the Effective Date of your coverage, you must notify Us of such a hospitalization within two (2) days, or as soon as reasonably possible thereafter. When you are enrolled as a Member, you agree to permit Cigna to assume direct coordination of your health care. We reserve the right to transfer you to the care of a Participating Provider and/or Participating Hospital if Cigna, in consultation with your attending Physician, determines that it is medically safe to do so.

If you are hospitalized on the Effective Date of coverage and you fail to notify Us of this hospitalization, refuse to permit Us to coordinate your care, or refuse to be transferred to the care of a Participating Provider or Participating Hospital, We will not be obligated to pay for any medical or Hospital expenses that are related to your hospitalization following the first two (2) days after your coverage begins.

## **Important Information Regarding Benefits**

### **Prior Authorization Program**

Cigna provides you with a comprehensive personal health solution medical management program which focuses on improving quality outcomes and maximizes value for you.

### **PRIOR AUTHORIZATION FOR INPATIENT SERVICES**

**Prior Authorization is required for all non-emergency inpatient admissions, and certain other admissions, in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO AN ELECTIVE ADMISSION to a Hospital or certain other facilities MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.**

**Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of your ID card.**

**To verify Prior Authorization requirements for inpatient services, including which other types of facility admissions require Prior Authorization, you can:**

- call Cigna at the number on the back of your ID card, or
- check [www.mycigna.com](http://www.mycigna.com), under “Coverage” then select “Medical.”

**Please note that emergency admissions will be reviewed post admission.**

Inpatient Prior Authorization reviews both the necessity for the admission and the need for continued stay in the Hospital.

### **PRIOR AUTHORIZATION FOR OUTPATIENT SERVICES**

**Prior Authorization is also required for certain outpatient procedures and services in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO CERTAIN ELECTIVE OUTPATIENT PROCEDURES AND SERVICES MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.**

**Prior Authorization can be obtained by You, Your Family Member(s) or the Provider by calling the number on the back of your ID card.** Outpatient Prior Authorization should only be requested for non-emergency procedures or services, at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

**To verify Prior Authorization requirements for outpatient procedures and services, including which procedures and services require Prior Authorization, you can:**

- call Cigna at the number on the back of your ID card, or
- check [www.mycigna.com](http://www.mycigna.com), under “Coverage” then select “Medical.”

**PRIOR AUTHORIZATION IS NOT A GUARANTEE OF PAYMENT.** Prior Authorization does not guarantee payment of benefits. Coverage is always subject to other requirements of this EOC limitations and exclusions, payment of Premium and eligibility at the time care and services are provided.

### **Retrospective Review**

If Prior Authorization was not performed, Cigna will use retrospective review to determine if a scheduled admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this EOC. If it is determined that a service was not Medically Necessary, Cigna will not cover any Charges for that service.

## **PRIOR AUTHORIZATION FOR PRESCRIPTION DRUGS**

Prior Authorization is required for certain Prescription Drugs and Related Supplies. **For complete, detailed information about Prescription Drug Authorization procedures, exceptions and Step Therapy, please refer to the section of this EOC titled “Prescription Drug Benefits.”**

**To verify Prior Authorization requirements for Prescription Drugs and Related Supplies, including which Prescription Drugs and Related Supplies require Authorization, you can:**

- call Cigna at the number on the back of your ID card, or
- log on to [www.cigna.com/ifp-drug-list](http://www.cigna.com/ifp-drug-list).

## **NOTE REGARDING PRIOR AUTHORIZATION OF INPATIENT SERVICES, OUTPATIENT SERVICES AND PRESCRIPTION DRUGS**

Some services or therapies may require you to use particular Providers approved by Cigna for the particular service or therapy, and will not be covered if you receive them from any other Provider regardless of participation status.

## BENEFIT SCHEDULE

The following is the EOC benefit schedule, including medical, prescription drug and pediatric vision benefits. The EOC sets forth, in more detail, the rights and obligations of all Members and Cigna. It is, therefore, important that all Members **READ THE ENTIRE EOC CAREFULLY!**

**Remember, services from Non-Participating (Out-of-Network) Providers are not covered except for initial care to treat and Stabilize an Emergency Medical Condition. For additional details see the “How The EOC Works” section of Your EOC.**

## **When Can I Apply?**

### **Application to Enroll or Change Coverage**

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Annual Open Enrollment Period must wait until the next Annual Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day special enrollment period during which an eligible person can enroll and a Subscriber can add dependents and change coverage.

The Annual Open Enrollment Period and special enrollment period are explained below.

### **Annual Open Enrollment Period**

The Annual Open Enrollment Period is a specified period of time each Year during which individuals who are eligible as described above can apply to enroll for coverage or change coverage from one plan to another.

To be enrolled for coverage under this EOC, You must submit a completed and signed application for coverage under this EOC for Yourself and any eligible dependent(s), and We must receive that application during the Annual Open Enrollment Period.

Your coverage under this EOC will then become effective upon the earliest day allowable under federal rules for that Year's Annual Open Enrollment Period. **Note: If You do not apply to obtain or change coverage during the Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

### **Special Enrollment Periods**

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

### **Triggering events for a special enrollment period OFF Marketplace are:**

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth adoption or placement for adoption, or through a child support order or other court order; or

- An individual who was not previously a citizen, national or lawfully present individual gains such status; or

In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a QHP. - An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA); or

Triggering events **do not** include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61<sup>st</sup> day following the triggering event. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

The date of loss of non-calendar year insurance is the last day of the plan or policy year; or

- The qualified individual who gains or maintains status as an Indian or an Alaska Native, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or a qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator; or

- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence; or
- An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA); or

Coverage will be continued if the Family Member exercising the continuation right notifies Cigna and pays the appropriate monthly Premium within 60 days following the date this EOC would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

## **How the EOC Works**

**Note: Services performed by a Non-Participating (an Out-of-Network) Provider are not covered under this EOC except for Emergency Services.**

### **Benefit Schedule**

The benefit schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Member's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this EOC.

In addition, no benefits are payable unless the Member receives services from a Participating Provider, except as indicated below under "Special Circumstances."

### **Participating Hospitals, Participating Physicians and Other Participating Providers**

Covered Expenses for services provided by Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Negotiated Rates for Covered Services. Participating Providers may charge the Member for services that are not Covered Services under the EOC. In addition, Participating Providers will file claims with Us for the Member, and will request Prior Authorization when it is required.

**Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna.**

### **Special Circumstances**

This EOC does not cover Charges incurred for services provided by Non-Participating Providers except in the limited situations described below. Your cost-sharing for Covered Expenses incurred for the services of a Non-Participating Provider in these special circumstances is indicated in the benefit schedule.

Please be aware that Non-Participating Providers may balance bill you for any amounts over the Allowed Expense as described in the "Definitions" section of this EOC.

#### **▪ Emergency Services**

Covered Expenses incurred for the treatment of an Emergency Medical Condition provided in the emergency department of a Non-Participating Hospital are paid as described in the benefit schedule. Any expenses incurred for services of a Non-Participating Provider after the patient is Stabilized and his/her condition permits transfer to a Participating Hospital and/or to the care of a Participating Physician are not covered.

- **Other Circumstances**

Covered Expenses for non-emergency, Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the benefit schedule in the following cases:

- when those services are unavailable from a Participating Provider, or
- for any other reason We determine it is in your best interests to receive services from a Non-Participating Provider.

### **Emergency Services and Urgent Care – What to Do if You Need Emergency/Urgent Care:**

**Emergency Services Both In and Out of the Service Area.** In the event of an emergency, get help immediately. Go to the nearest emergency room, the nearest hospital or call or ask someone to call 911 or your local emergency service, police or fire department for help. You do not need a referral for Emergency Services, but you do need to call your PCP or the Cigna HealthCare 24-Hour Health Information Line<sup>SM</sup> as soon as possible for further assistance and advice on follow-up care.

If you receive Emergency Services outside the Service Area, you must notify Us as soon as reasonably possible. We may arrange to have you transferred to a Participating Provider for continuing or follow-up care if it is determined to be medically safe to do so.

If you require specialty care or a hospital admission, your PCP or the Cigna HealthCare 24-Hour Health Information Line<sup>SM</sup> will coordinate it and handle the necessary Authorizations for care or hospitalization. Participating Providers are on call twenty-four (24) hours a day, seven (7) days a week, to assist you when you need Emergency Services.

**Urgent Care Inside the Service Area.** For urgent care inside the Service Area, you must take all reasonable steps to contact the Cigna HealthCare 24-Hour Health Information Line<sup>SM</sup> or your PCP for direction and you must receive care from a Participating Provider, unless otherwise authorized by your PCP or by Cigna.

**Urgent Care Outside the Service Area.** In the event you need urgent care while outside the Service Area, you should, whenever possible, contact the Cigna HealthCare 24 Hour Health Information Line<sup>SM</sup> or your PCP for direction and Authorization prior to receiving services.

**Continuing or Follow-up Treatment.** Continuing or follow-up treatment, whether in or out of the Service Area, is not covered unless it is provided or arranged for by your PCP, a Participating Physician or upon Prior Authorization of Cigna.

**Notification, Proof of a Claim, and Payment.** Inpatient hospitalization for any Emergency Services or urgent care requires notification to and Authorization by Cigna. Notification of inpatient hospitalization is required as soon as reasonably possible, but no later than within forty-eight (48) hours of admission. This requirement shall not cause denial of an otherwise valid claim if you could not reasonably comply, provided that notification is given to Us as soon as reasonably possible. If you receive Emergency Services or urgent care from Non-Participating Providers, you must submit a claim to Us as soon as is reasonably possible. The claim shall contain an itemized statement of treatment, expenses, and diagnosis. This requirement shall not cause denial of an otherwise valid claim if you could not reasonably comply, provided you submit the claim and the itemized statement to Us as soon as reasonably possible. Coverage for Emergency Services and urgent care received through Non-Participating Providers shall be limited to Covered Services to which you would have been entitled under this EOC, and you will be reimbursed for only the costs that you incur which you would have incurred if you received the services from a Participating Provider.

## **Deductibles**

Deductibles are prescribed amounts of Covered Expenses the Member must pay before this EOC will pay your claims. Deductibles apply to all Covered Expenses as described in the "Definitions" section of this EOC, unless expressly stated otherwise in the benefit schedule. Deductibles do not include any amounts in excess of Allowed Expense, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which a Member's claims are received and processed by Us, not necessarily in the order in which the Member received the service or supply.

### **Deductible**

The Deductible is stated in the benefit schedule. The Deductible is the amount of Covered Expenses you must pay for **any** Covered Services (except as specifically stated otherwise in the benefit schedule) incurred from Participating Providers each Year before this EOC will pay your claims. There are two ways a Member can meet his or her Deductible:

- When a Member meets his or her Individual Deductible, that Member's benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are enrolled for coverage under this EOC, the Family Deductible will apply. Each Member can contribute up to the Individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.
- Any Covered Expenses incurred from October through December that are applied toward the Member's Deductible for that Calendar Year will also be applied toward the Deductible for the next Calendar Year.

## **Out-of-Pocket Maximum**

The Out-of-Pocket Maximum is the maximum amount of Deductible, Copayment and Coinsurance each Family Member incurs in Covered Expenses in a Year.

- The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services. Once the Individual Out-of-Pocket Maximum has been met for the Year for In-Network Covered Services, you will no longer have to pay any Coinsurance or Copayment for medical or pharmacy services for Covered Expenses incurred In-Network during the remainder of that Year. Non-compliance penalty charges do not apply to the Individual Out-of-Pocket Maximum and will always be paid by you. The amount of the Individual Out-of-Pocket Maximum is described in the benefit schedule section of this EOC.
- The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of Your Family Member(s) are enrolled for coverage under this EOC. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services, paid by each Family Member for Covered Expenses during a Year. If You cover other Family Member(s), each Member's Covered Services accumulate toward the Family Out-of-Pocket Maximum. Each Family Member can contribute up to the Individual Out-of-Pocket amount toward the Family Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum for Covered Services has been met, the Family Members will no longer have to pay any Deductible, Coinsurance or Copayments for Covered Expenses incurred during the remainder of that Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the benefit schedule section of this EOC.

## **Prescription Drug Benefits**

### **Pharmacy Payments**

For Definitions associated with Prescription Drug Benefits, refer to the "Definitions" section of this EOC. Prescription Drug Benefits are subject to the provisions within this section, and all other EOC provisions.

Covered Prescription Drugs and Related Supplies purchased at a Pharmacy are subject to the Deductible shown in the benefit schedule, and, once the Deductible is satisfied, subject to any applicable Copayments and/or Coinsurance shown in the benefit schedule. For additional information on the Deductible, please refer to the "Definitions" section of the EOC.

**Cigna's Prescription Drug List is available upon request by calling the customer service number on your ID card or at [www.cigna.com/ifp-drug-list](http://www.cigna.com/ifp-drug-list).**

In the event that you request a Brand Name Drug that has a Generic equivalent, you will be financially responsible for the amount by which the cost of the Brand Name Drug exceeds the cost of the Generic Drug, plus the Generic Copayment or Coinsurance shown in the benefit schedule.

Your responsibility for covered Prescription Drugs and Related Supplies will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug; or
- Cigna's discounted rate for the Prescription Drug; or
- the Pharmacy's Usual and Customary (U&C) Charge for the Prescription Drug.

Usual & Customary (U&C) means the established Pharmacy retail cash price, less all applicable customer discounts that Pharmacy usually applies to its customers, regardless of the customer's payment source.

## **Prescription Drugs Covered under the Medical Benefits**

When Prescription Drugs on Cigna's Prescription Drug List are administered in a health care setting by a Physician or health care professional, and are billed with the office or facility Charges, they will be covered under the medical benefits of this EOC. However, they may still be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

For certain Limited Distribution Drugs covered under the medical benefits of this EOC, the Provider who administers the drug must obtain the drug directly from Accredo, Cigna's specialty Pharmacy, or through Cigna's home delivery Pharmacy, Express Scripts in order for that drug to be covered. If you have questions about where your Physician purchased the drugs being administered to you, please consult your Provider.

## **Split Fill Dispensing Program**

This program applies for the first 30 days when you start a new therapy on certain Limited Distribution Drugs and Specialty Prescription Drugs. The split fill dispensing program is designed to prevent wasted Prescription Drugs if your Prescription Drug or dose changes. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and reactions. You will initially get up to a 15-day supply of your Prescription Order for certain drugs filled at Accredo or Express Scripts, Our home delivery pharmacy instead of the full Prescription Order. You pay half the 30-day Cost-Share for this initial 15-day supply, and would be responsible for the other half of the 30-day Cost Share if an additional 15-day supply is provided. The therapeutic classes of Prescription Drugs that are included in this program are determined by Cigna and will be managed for continuation in this program as new clinical guidelines and dispensing experience dictates.

## **Prescription Drug List Management**

The Prescription Drug List is managed by the Business Decision Team, which makes, subject to the P&T Committee's review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your EOC's coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Name Drugs or Specialty Medications. Placement of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supplies is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your EOC, is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The coverage status of a Prescription Drug or Related Supply may change periodically during the Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, you may be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access [www.mycigna.com](http://www.mycigna.com) through the Internet or call Customer Service at the telephone number on your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

## **Covered Expenses**

If a Member, while covered under this EOC, incurs expenses for Charges made by a Pharmacy for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna will provide coverage for those expenses as shown in the benefit schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to You or Your Family Members by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When You or Your Family Members are issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by Cigna as if filled by a Participating Pharmacy.

## **Patient Assurance Program**

Your EOC offers additional discounts for certain covered Prescription Drugs that are dispensed by a Pharmacy included in what is known as the "Patient Assurance Program." As may be described elsewhere

in this EOC, from time to time Cigna may directly or indirectly enter into arrangements with pharmaceutical manufacturers for discounts that result in a reduction of your out of pocket expenses for certain covered Prescription Drugs for which Cigna directly or indirectly earns the discounts. Specifically, some or all of the Patient Assurance Program discount earned by Cigna for certain covered Prescription Drugs included in the Patient Assurance Program is applied or credited to a portion of your Copayment or Coinsurance, if any. The Copayment or Coinsurance, if any, otherwise applicable to those certain covered Prescription Drugs as set forth in the benefit schedule may be reduced in order for Patient Assurance Program discounts or other payments earned by Cigna to be applied or credited to the Copayment or Coinsurance, if any, as described above.

For example, certain insulin drugs covered under the Prescription Drug Benefit for which Cigna directly or indirectly earns a discount in connection with the Patient Assurance Program may result in a credit toward some or all of your Copayment or Coinsurance, if any, which, as noted, may be reduced from the amount set forth in the benefit schedule, for the insulin drugs. In addition, the covered insulin drugs eligible for Patient Assurance Program discounts may not be subject to any applicable Deductible, if any.

Any Patient Assurance Program discount that is used to satisfy your Copayment or Coinsurance, if any, for covered Prescription Drugs under the Patient Assurance Program applies toward your Out-of-Pocket Maximum.

Please note that the Patient Assurance Program discounts that Cigna may earn for Prescription Drugs, and may apply or credit to your Copayment or Coinsurance, if any, in connection with the Patient Assurance Program are unrelated to any rebates or other payments that Cigna may earn from a pharmaceutical manufacturer for the same or other Prescription Drugs. Except as may be noted elsewhere in this EOC, you are not entitled to the benefit of those rebates or other payments earned by Cigna because they are unrelated to the Patient Assurance Program. Additionally, the availability of the Patient Assurance Program, as well as the Prescription Drugs included in the Patient Assurance Program and/or your Copayment or Coinsurance, if any for those eligible Prescription Drugs, may change from time to time depending on factors including, but not limited to, the continued availability of the Patient Assurance Program discount(s) to Cigna in connection with the Patient Assurance Program. More information about the Patient Assurance Program, including the Prescription Drugs included in the program, is available at the website shown on your ID card or by calling member services at the telephone number on your ID card.

## Supplemental Drug Discount program

You are responsible for paying 100% of the cost for any Prescription Drugs or Related Supplies excluded by this plan. However, the Supplemental Drug Discount Program allows participating pharmacies to charge Members the discounted cost of non-covered Prescription Drugs and Supplies. This means you will pay 100% of the discounted cost, rather than the full cost, of Prescription Drugs and Supplies the plan does not cover. Please Note: the out-of-pocket costs that You and Your Family Member(s) pay for any Prescription Drugs or Related Supplies the plan does not cover will not be applied to the Member's Deductible or Out-of-Pocket Maximum.

## Medication Synchronization

Cigna will synchronize the refilling of any medication prescribed for the treatment of an illness and apply a prorated daily Cost Share rate to Prescription Drugs that are dispensed by a Participating Pharmacy for less than a 30-day supply. Dispensing fees will be based on the total number of prescriptions dispensed and not prorated.

## Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna is required for certain Prescription Drugs and Related Supplies, meaning that your Physician must obtain Authorization from Cigna before the Prescription Drug or Related Supply will be covered.

### Prior Authorization

When your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna requires your Physician to obtain Authorization before the prescription or supply can be filled. To obtain Prior Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

## Step Therapy

Step Therapy is a type of Prior Authorization. Cigna may require a Member to follow certain steps before covering some Prescription Drugs and Related Supplies, including without limitation, some higher-cost and Specialty Medications. If a Prescription Drug or Related Supply is subject to a Step Therapy requirement, then you must try one or more similar Prescription Drugs and Related Supplies before the EOC will cover the requested Prescription Drug or Related Supply. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at [www.mycigna.com](http://www.mycigna.com). To obtain Step Therapy Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy or history of drug failure will not be required for Prescription Drugs related to the treatment of stage four, advanced metastatic cancer, provided the use of such drugs is consistent with best practices for the treatment of stage four advanced, metastatic cancer and is supported by peer reviewed medical literature. Cigna will not exclude coverage of a drug prescribed for cancer treatment solely because the drug has not been approved by the FDA for that specific type of cancer.

### **Exceptions for Prescription Drugs and Related Supplies not on the Prescription Drug List**

If your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna's Prescription Drug List, he or she can request that Cigna make an exception and agree to cover that drug or supply for your condition. To obtain an exception for a Prescription Drug or Related Supply, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

### **Prescription Drug and Related Supply Authorization and Exception Request Process**

To obtain an exception, your Physician may call Cigna, or complete the appropriate form and fax it to Cigna to request an exception. Your Physician can certify in writing that you have previously used a Prescription Drug or Related Supply that is on Cigna's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to your health or has been ineffective in treating your condition and, in the opinion of your Physician, is likely to again be detrimental to your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna within 72 hours of receipt.

### **Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request**

An expedited review may be requested by your Physician when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Prescription Drug or Related Supply not on Cigna's Prescription Drug List. The expedited review will be reviewed and completed by Cigna within 24 hours of receipt.

If the request is approved, your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna's pharmacy claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until you no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, you and your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

### **Appeal of a Prior Authorization, Step Therapy or Prescription Drug Exception Denial**

If you, a person acting on your behalf or the prescribing Physician or other prescriber disagree with a coverage decision, you, a person acting on your behalf or the prescribing Physician or other prescriber may appeal that decision in accordance with the provisions of this EOC, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered. Please see the section of this EOC entitled "When You Have a Complaint or an Appeal" which describes the process for the External Independent Review.

If you have questions about specific Prescription Drug List exceptions, Prior Authorization or a Step Therapy request, call Customer Service at the toll-free number on the back of your ID card.

### **Coverage of New Drugs**

All new Food and Drug Administration (FDA)-approved Prescription Drugs or Related Supplies (or new FDA-approved indications) are designated as Non-Prescription Drug List Prescription Drugs or Related Supplies until the Cigna Business Decision Team makes a placement decision on the new Prescription Drug or Related Supply (or new indication), which decision shall be based in part on the P&T Committee's clinical review of the drug. The P&T Committee makes a reasonable effort to review all new FDA approved Prescription Drugs or Related Supplies (or new FDA approved indications) within 90 days of its release to the market. The Business Decision Team must make a decision on each new FDA approved drug product (or new FDA approved indication) within 180 days of its release onto the market, or a clinical justification must be documented if this timeframe is not met.

## **General Provisions**

### **Third Party Liability**

You agree to advise Us, in writing, within a reasonable time of your claim against the third party and to take such action, provide such information and assistance, and execute such documents as We may reasonably require to facilitate enforcement of the claim. You also agree to take no action that may prejudice the rights or interests of Us under this EOC. Failure to provide notice of a claim or to cooperate with Us, or actions that prejudice our rights or interests, may be considered to be a material breach by Us and may subject you to legal action.

We may have a right to a lien, to the extent of benefits advanced, upon any recovery that you receive from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by Us under this EOC for the treatment of the Illness, disease, Injury or condition for which the third party is liable. We will be entitled to collect on our lien even if the amount recovered by or for the Member (or his or her estate, parent or legal guardian) from or for the account of such third party as compensation for the Injury, Illness or condition is less than the actual loss suffered by the Member. Note: The coverage under this EOC is secondary to any automobile no-fault or similar coverage.

In addition, if a Member incurs expenses for Illness or Injury that occurred due to the negligence of a third party:

- We have the right to reimbursement for all benefits we paid from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the Member, Member's parents, if the Member is a minor, or Member's legal representative as a result of that Illness or Injury; and
- We are assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits we paid for that Illness or Injury.
- We shall have the right to first reimbursement out of all funds the Member, the Member's parents, if the Member is a minor, or the Member's legal representative, is or was able to obtain for the same expenses we have paid as a result of that Illness or Injury.

You are required to furnish any information or assistance or provide any documents that we may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

### **Alternate Cost Containment Provision**

We may, in certain situations, approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the EOC. The alternate treatment plan must be mutually agreed to by Us, the Member, and the Physician, Provider, or other healthcare practitioner. Our offering an alternate treatment plan in a particular case in no way commits Us to do so in another case, nor does it prevent Us from strictly applying the express benefits, limitations, and exclusions of the EOC at any other time or for the Member.

## **COORDINATION OF BENEFITS**

This section describes what this EOC will pay for Covered Expenses that are also covered under one or more other plans. You should file all claims with each plan.

## Definitions

For the purposes of this section, the following terms have the meanings set forth below:

### Plan

Any of the following that provides benefits in the form of payment or services for:

- An insurance plan issued to an individual/nongroup or a group; or a self-insured group health plan providing benefits in the form of reimbursement or services for medical care or treatment/items.
- Governmental benefits as permitted by law, except for Medicaid, Medicare and Medicare supplement policies.
- Medical benefits coverage under any form of group or individual automobile insurance.

Each plan or part of a plan which has the right to coordinate benefits will be considered a separate plan.

### Primary Plan

The plan that pays first as determined by the Order of Benefit Determination Rules below.

### Secondary Plan

The plan that pays after the Primary Plan as determined by the Order of Benefit Determination Rules below. The benefits under the Secondary Plan are reduced based on the benefits under the Primary Plan.

### Allowable Expense

The portion of a Covered Expense used in determining the benefits this plan pays when it is the Secondary Plan. The Allowable Expense is the lesser of:

- the charge used by the Primary Plan in determining the benefits it pays;
- the charge that would be used by this plan in determining the benefits it would pay if it were the Primary Plan, and
- the amount of the Covered Expense.

If the benefits for a Covered Expense under your Primary Plan are reduced because you did not comply with the Primary Plan's requirements (for example, getting pre-certification of Hospital admission or a second surgical opinion), the amount of the Allowable Expense is reduced by the amount of the reduction.

### Claim Determination Period

A Calendar Year, but does not include any part of a year during which you are not covered under this plan or any date before this section or any similar provision takes effect.

### Order of Benefit Determination Rules

A plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one that applies:

- The plan that covers you as an enrollee or an employee shall be the Primary Plan and the plan that covers you as a dependent shall be the Secondary Plan;
- If you are a dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the plan which covers the parent whose birthday falls first in the Calendar Year as an enrollee or employee;
- If you are the dependent of divorced or separated parents, benefits for the dependent shall be determined in the following order:

- first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the plan of the parent with custody of the child;
  - then, the plan of the spouse of the parent with custody of the child;
  - then, the plan of the parent not having custody of the child; and
  - finally, the plan of the spouse of the parent not having custody of the child.
- The plan that covers you as an active employee (or as that employee's dependent) shall be the Primary Plan and the plan that covers you as a laid-off or retired employee (or as that employee's dependent) shall be the Secondary Plan. If the other plan does not have a similar provision and, as a result, the plans cannot agree on the order of benefit determination, this paragraph shall not apply.
  - The plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the plan that covers you as an active employee or retiree (or as that employee's dependent) shall be the Primary Plan. If the other plan does not have a similar provision and, as a result, the plans cannot agree on the order of benefit determination, this paragraph shall not apply.
  - If one of the plans that covers you is issued out of the state whose laws govern this plan, and determines the order of benefits based upon the gender of a parent, and as a result, the plans do not agree on the order of benefit determination, the plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the plan that has covered you for the longer period of time shall be primary.

### **Effect on the Benefits Payable**

- If this plan is the Primary Plan, the amount this plan pays for Covered Expenses will be determined without regard for the benefits payable under any other plan.
- If this plan is the Secondary Plan, the amount this plan pays for Covered Expenses is the Allowable Expense less the amount paid by the Primary Plan during a Claim Determination Period.

If while covered under this plan, you are also covered by another Cigna individual or group plan, you will be entitled to the benefits of only one plan. You may choose this plan or the plan under which you will be covered. Cigna will then refund any Premium received under the other plan covering the time period both policies were in effect. However, any claim payments made by Cigna under the plan you elected to cancel will be deducted from any such refund of Premium.

### **Recovery of Excess Benefits**

If this plan is the Secondary Plan and Cigna pays for Covered Expenses that should have been paid by the Primary Plan, or if Cigna pays any amount in excess of what it is obligated to pay, Cigna will have the right to recover the actual overpayment made. Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If We request, you must execute and deliver to Us such instruments and documents as We determine are necessary to secure the right of recovery.

### **Right to Receive and Release Information**

Cigna, without consent or notice to you, may obtain information from and release information to any other plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information We request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required

before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

### **Medicare Eligibles**

If a Member is eligible for Medicare, Cigna will calculate the claim payment for Covered Services according to the benefit levels of this EOC based on the allowed amount defined below, and pay this amount minus any amount paid by Medicare. Cigna will estimate the amount Medicare would have paid and reduce benefits by this amount for any Member who is eligible to enroll in Medicare but is not enrolled. In no event will the amount paid exceed the amount that Cigna would have paid if it were the sole insurance carrier.

Under this scenario, the allowed amount will be the lesser of:

- The amount Medicare allowed; or
- Cigna's Negotiated Rate for a Participating Provider; or
- Cigna's Allowed Expense for a Non-Participating Provider.

### **WHEN YOU HAVE A COMPLAINT OR AN APPEAL**

For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care and services you receive. That is why we have established a process for addressing your concerns and solving your problems.

#### **Start With Customer Service**

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you can call our toll-free number and explain your concern to one of our Customer Service representatives. Please call us at the Customer Service Toll-Free Number that appears on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

#### **Appeals Procedure**

Cigna has a two step appeals procedure for coverage decisions. To initiate an appeal for most claims, you must submit a request for an appeal, within 365 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal. Appeals may be submitted to the following address:

[Cigna HealthCare Inc.  
National Appeals Organization (NAO)  
PO Box 188011  
Chattanooga, TN 37422]

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call us at the toll-free on your Benefit Identification card, explanation of benefits or claim form. If Cigna fails to strictly adhere to all the requirements of the internal claims and appeals process, you may initiate an external Independent Review and/or pursue any available remedies under applicable law.

#### **Level-One Appeal**

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level-one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

### **Step Therapy Override Appeals**

Cigna will grant or deny a step therapy exception or appeal of a step therapy exception within:

- Twenty-four hours in an urgent health care situation; and
- Two business days from the date such request or appeal is submitted in a non-urgent health care situation.

### **Level Two Appeal**

If you are dissatisfied with our level one appeal decision, you may request a second review. To start a level two appeal, follow the same process required for a level one appeal.

Requests for a level-two appeal regarding the Medical Necessity or clinical appropriateness of your issue will be conducted by a Committee, which consists of at least three people not previously involved in the prior decision. The Committee will consult with at least one Physician in the same or similar specialty as the care under consideration, as determined by Cigna's Physician Reviewer. You may present your situation to the Committee in person or by conference call.

For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For post-service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. In the event any new or additional information (evidence) is considered, re-lie upon or generated by Cigna in connection with the level-two appeal, Cigna will provide this information to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You will be notified in writing of the Committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. Cigna's Physician Reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

You are entitled to a prompt and meaningful hearing for issues related to a denial, in whole or in part, of a health care service, treatment, or claim following exhaustion of all standard appeals requirements. The grievance hearing will be conducted by a panel of not less than 3 persons, including a Physician other than the medical director of the plan, and a health care provider competent in the treatment or procedure which has been denied. You will be provided prompt notice in writing of the resolution. Immediate appropriate relief will be granted to You when the outcome is favorable to You. For Adverse Determinations, the notice will include specific findings related to the care, the policies, and procedures relied upon in making the determination, the Physician's and provider's recommendations, including any recommendations for alternative procedures or services, and a description of the procedures, if any, for reconsideration of the adverse decision.

### **Independent Review Procedure**

If you are not fully satisfied with the decision of Cigna's level-two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The request for independent review may be submitted only by an insured, the parent or guardian of an insured who is a minor, or a legal guardian or representative of an insured who is incapacitated. The Independent Review Organization is composed of persons who are not employed by Cigna HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply: the cost of the service must be \$500 or more; you must have exhausted the above appeals procedures and remain dissatisfied; c. the reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by Cigna; or d. the proposed treatment is excluded as experimental, and you have a terminal condition with a substantial probability of causing death within two years or impairing your ability to regain or maintain maximum function; the standard treatments have been exhausted and the treating Physician certifies that there is no standard treatment available under this certificate more beneficial than the proposed treatment; the treating Physician has certified in writing the treatment is likely to be more beneficial than any available standard treatment; and the treating Physician has certified in writing that scientifically valid studies demonstrate that the proposed treatment is likely to be more beneficial to you than available standard treatment. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must complete the written request form and forward it to the Georgia state planning agency. The planning agency will select an Independent Review Organization to review the issue and the Independent Review Organization will make a determination that is binding upon Cigna.

The Independent Review Organization will render an opinion within 15 working days following receipt of all necessary information. When requested and when a delay would be detrimental to your condition, as determined by the treating health care provider, the review shall be completed within 72 hours of receipt of all necessary information.

The Independent Review Program is a voluntary program arranged by Cigna. If you are not fully satisfied with the decision of Cigna's level two appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization who are not employed by Cigna HealthCare or any of its affiliates. A decision to request an appeal to an Independent Review Organization will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

To request a review, you must notify the Appeals Coordinator within 180 days of your receipt of Cigna's level two appeal review denial. Cigna will then forward the file to the Independent Review Organization. The Independent Review Organization will render an opinion within 45 days. When requested and if a delay would be detrimental to your condition, as determined by Cigna's Physician Reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from the facility, the review shall be completed within 72 hours.

### **How to File a Claim for Benefits**

**Notice of Claim:** There is no paperwork for claims for services from Participating Providers. You will need to show your ID card and pay any applicable Copayment; your Participating Provider will submit a claim to Us for reimbursement. Canceled checks or receipts are not acceptable. Cigna will not be liable for benefits if it does not receive written proof of loss within this time period.

**Assignment of Claim Payments:**

Medical benefits are assignable to the Provider; when you assign benefits to a Provider, you have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting a patient's payment on the Charge, it is the Provider's responsibility to reimburse the patient. Because of Cigna's contracts with Providers, all claims from contracted Providers should be assigned.

We will recognize and consider any assignment made under the EOC, only if:

1. it is duly executed on a form acceptable to Us; and
2. a copy is on file with Us; and
3. it is made by a Provider licensed and practicing within the United States.

We may, at Our option, make payment to You for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Family Member(s), You or Your Family Member(s) are responsible for paying the Non-Participating Provider and Our payment to You will be considered fulfillment of Our obligation.

We assume no responsibility for the validity or effect of an assignment.

**Timely Payment of Claims:** Benefits will be paid immediately upon receipt of due written proof of loss.

**Payment of Claims:** Any benefits payable under this EOC for Covered Services provided by a Participating Provider will be paid directly to that Participating Provider unless you direct otherwise, in writing, by the time proofs of loss are filed. In the event of your death, We will issue any benefits payable to you to the beneficiary of your estate as determined by applicable law.

**Claim Determination Procedures Under Federal Law (Provisions of the laws of this state may supersede.)****Procedures Regarding Medical Necessity Determinations**

In general, health services and benefits must be Medically Necessary to be covered under the EOC. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a pre-service, concurrent, or post-service basis, as described below.

Certain services require Prior Authorization in order to be covered. This Prior Authorization is called a "pre-service Medical Necessity determination." The EOC describes who is responsible for obtaining this review. The Member or their authorized representative (typically, their health care Provider) must request Medical Necessity determinations according to the procedures described below, in the EOC, and in the Member's Provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, the Member or their representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the EOC, in the Member's Provider's network participation documents, and in the determination notices.

### **Pre-service Medical Necessity Determinations**

When the Member or their representative requests a required Medical Necessity determination prior to care, Cigna will notify the Member or their representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify the Member or their representative within 15 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Member or their representative responds to the notice.

If the determination periods above would (a) seriously jeopardize the Member's life or health, their ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of the Member's health condition, cause them severe pain which cannot be managed without the requested services, Cigna will make the pre-service determination on an expedited basis. Cigna's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. Cigna will notify the Member or their representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify the Member or their representative within 24 hours after receiving the request to specify what information is needed. The Member or their representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify the Member or their representative of the expedited benefit determination within 48 hours after the Member or their representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If the Member or their representative fails to follow Cigna's procedures for requesting a required pre-service Medical Necessity determination, Cigna will notify them of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless the Member or their representative requests written notification.

### **Concurrent Medical Necessity Determinations**

When an ongoing course of treatment has been approved for a Member and they wish to extend the approval, the Member or their representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When the Member or their representative requests such a determination, Cigna will notify them of the determination within 24 hours after receiving the request.

### **Post-service Medical Necessity Determinations**

When a Member or their representative requests a Medical Necessity determination after services have been rendered, Cigna will notify them of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Member or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date the Member or their representative responds to the notice.

### **Post-service Claim Determinations**

When a Member or their representative requests payment for services which have been rendered, Cigna will notify them of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify the Member or their representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and the Member or their representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and resume on the date the Member or their representative responds to the notice.

### **Notice of Adverse Determination**

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) information sufficient to identify the claim; (2) the specific reason or reasons for the adverse determination; (3) reference to the specific plan provisions on which the determination is based; (4) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, Experimental treatment or other similar exclusion or limit; (6) information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and (7) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

You will be responsible for an additional \$45 charge for any check or electronic funds transfer that is returned to Us unpaid. This additional charge is part of Your Premium obligation. However, We will not modify the Premium schedule on an individual basis, but only for all Members in the same class and covered under the same EOC as You. The change will become effective on the date shown on the notice, and payment of the new Premiums will indicate acceptance of the change.

Premiums are to be paid by You to Us.

Cigna will not accept the direct or indirect payment of Premiums by any person or entity other than You, Your Family Members or an Acceptable Third Party Payor, except as expressly permitted by Cigna in writing. Cigna may request and upon request, You shall provide, a certified statement from You that You are not receiving payment or other remuneration from anyone other than an Acceptable Third Party Payor as defined above for the partial or full payment of Your Premium or other cost-sharing obligations under this EOC.
