Introduction

About This Policy

Your medical coverage is provided under a Policy issued by Cigna Health and Life Insurance Company ("Cigna"). This Policy is a legal contract between You and Us.

Under this Policy, "We," "Us," and "Our" mean Cigna. "You" or "Your" refers to the Policyholder whose application has been accepted by Us under the Policy issued. When We use the term "Insured Person" in this Policy, We mean You and any eligible Family Member(s) who are enrolled for coverage under this Policy. You and all Family Member(s) covered under this Policy are listed on the Policy specification page.

The benefits of this Policy are provided only for those services that are Medically Necessary as defined in this Policy and for which the Insured Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Policy or phone Us at the number shown on your Cigna identification card if you have any questions regarding whether services are covered.

This Policy contains many important terms (such as "Medically Necessary" and "Covered Service") that are defined in the section entitled "Definitions." Before reading through this Policy, be sure that You understand the meanings of these words as they pertain to this Policy.

We provide coverage to You under this Policy based upon the answers submitted by You and Your Family Member(s) on Your signed individual application. In consideration for the payment of the Premiums stated in this Policy, We will provide the services and benefits listed in this Policy to You and Your Family Member(s) covered under the Policy.

IF, WITHIN 2 YEARS AFTER THE EFFECTIVE DATE OF YOUR PARTICIPATION IN THE POLICY, WE DISCOVER ANY FRAUD OR MATERIAL FACTS THAT WERE INTENTIONALLY MISREPRESENTED OR THAT ANY PERSON APPLYING FOR COVERAGE KNEW, BUT DID NOT DISCLOSE IN YOUR APPLICATION, WE MAY RESCIND THIS COVERAGE AS OF THE ORIGINAL EFFECTIVE DATE. IF WE RESCIND YOUR COVERAGE, WE WILL PROVIDE YOU WITH 30 DAYS ADVANCE NOTICE AND WE WILL REFUND ALL PREMIUMS YOU PAID FOR YOUR POLICY LESS THE AMOUNT OF ANY CLAIMS PAID BY CIGNA. RESCISSION OF YOUR COVERAGE WILL RESULT IN DENIAL OF ALL PENDING CLAIMS AND, IF CLAIM PAYMENTS EXCEED TOTAL PREMIUMS PAID, THEN CLAIMS PREVIOUSLY PAID BY CIGNA WILL BE RETROACTIVELY DENIED, OBLIGATING YOU TO PAY THE PROVIDER IN FULL FOR SERVICES RENDERED AT THE PROVIDER'S REGULAR BILLED RATE, NOT AT THE CIGNA NEGOTIATED RATE.

Choice of Hospital and Physician: Nothing contained in this Policy restricts or interferes with an Insured Person's right to select the Hospital or Physician of their choice. However, non-Emergency Services from a Non-Participating Provider are not covered by this Policy.

THIS IS AN EXCLUSIVE PROVIDER POLICY

That means this Policy does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Services for Stabilization and initial treatment of an Emergency Medical Condition, or
- Two sessions per Year for the purpose of diagnosis or assessment of mental health, or
- Medically Necessary services that are not available through an In-Network Provider.

In-Network Providers include Physicians, Hospitals, and Other Health Care Facilities. Check the provider directory, available at www.mycigna.com, or call the number on your ID card to determine if a Provider is In-Network.

Choosing a Primary Care Physician (PCP)

A Primary Care Physician may serve an important role in meeting health care needs by providing or arranging for medical care for each Insured Person. For this reason, when you enroll as an Insured Person, you will be asked to select a Primary Care Physician ("PCP"). Your PCP will provide your regular medical care and assist in coordinating your care. You may select your PCP by calling the customer service phone number on your ID card or by visiting Our website at www.mycigna.com. The Primary Care Physician You select for Yourself may be different from the Primary Care Physician You select for each of Your Family Member(s). You have the right to designate any Primary Care Physician who participates in Our network for this plan and is available to accept You or Your Family Members.

If You Need a Specialist

Your PCP is important to the coordination of your care. While this Policy does not require referrals to visit specialists, it is very important that you work with your PCP to help manage your care and keep your PCP apprised of all your health care needs. Please be aware that obtaining a referral is not itself a guarantee of payment for services.

Changing Primary Care Physicians

You may voluntarily change your PCP but not more than once in any calendar month. We reserve the right to determine the number of times during a plan Year that you will be allowed to change your PCP. You may request a change from one Primary Care Physician to another by going to www.mycigna.com, clicking on "Manage My Health Team," click "Additional info on PCP selection," and follow the directions displayed or by contacting Us at the customer service number on your ID card.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, We will notify you 30 days in advance, for the purpose of selecting a new Primary Care Physician.

If Your Physician Leaves the Network

If your PCP or specialist ceases to be a Participating Physician, We will notify you in writing of his or her impending termination at least 30 days in advance of the date the PCP leaves the network and provide assistance in selecting a new PCP or identifying a new specialist to continue providing Covered Services. If you are receiving treatment from a Participating Provider at the time his or her Participating Provider agreement is terminated, for reasons other than medical incompetence or professional misconduct, you may be eligible for continued care with that Provider.

Continuity of Care

If your PCP or specialist ceases to be a Participating Physician, We will notify you. Under certain medical circumstances, We may continue to reimburse Covered Expenses from your PCP or a specialist you've been seeing at the Participating Provider benefit level even though he or she is no longer affiliated with Cigna's network. If you are undergoing an active course of treatment for an acute or chronic condition and continued treatment is Medically Necessary, you may be eligible to receive continuing care from the Non-Participating Provider for a specified time, subject to the treating Provider's agreement. You may also be eligible to receive continuing care during your pregnancy. In this case, continued care may be extended through your delivery and include a period of postpartum care.

Such continuity of care must be approved in advance by Cigna, and your Physician must agree to accept Our reimbursement rate and to abide by Cigna's policies and procedures and quality assurance requirements. There may be additional circumstances where continued care by a Provider who ceases to be a Participating Provider will not be available, such as when the Provider loses his/her license to practice or retires.

You may request continuity of care from Cigna after your Participating Provider's termination from Cigna's network; start by calling the toll-free number on your ID card. Continuity of care must be Medically Necessary and approved in advance by Us. Continuity of care will cease upon the earlier of:

- Successful transition of your care to a Participating Provider; or
- Completion of your treatment; or
- The length of time approved for continuity of care ends.

Such course of treatment shall be provided and cease upon the earlier of:

- The 90-day period that began on the date you were notified; or
- The date on which such individual is no longer a continuing care patient with respect to such Provider or facility.

Confined to a Hospital

If you are confined in a Hospital on the Effective date of your coverage, you must notify Us of such a hospitalization within two (2) days, or as soon as reasonably possible thereafter. When you are enrolled as an Insured Person, you agree to permit Cigna to assume direct coordination of your health care. We reserve the right to transfer you to the care of a Participating Provider and/or Participating Hospital if Cigna, in consultation with your attending Physician, determines that it is medically safe to do so.

If you are hospitalized on the Effective Date of coverage and you fail to notify Us of this hospitalization, refuse to permit Us to coordinate your care, or refuse to be transferred to the care of a Participating Provider or Participating Hospital, We will not be obligated to pay for any medical or Hospital expenses that are related to your hospitalization following the first two (2) days after your coverage begins.

Important Information Regarding Benefits

Prior Authorization Program

Cigna provides you with a comprehensive personal health solution medical management program which focuses on improving quality outcomes and maximizes value for you.

PRIOR AUTHORIZATION FOR INPATIENT SERVICES

Prior Authorization is required for all non-emergency inpatient admissions, and certain other admissions, in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO AN ELECTIVE ADMISSION to a Hospital or certain other facilities MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.

Prior Authorization can be obtained by the Provider by calling the number on the back of your ID card. Prior Authorizations are performed through a utilization review program by a Review Organization with which Cigna has contracted.

To verify Prior Authorization requirements for inpatient services, including which other types of facility admissions require Prior Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- check www.mycigna.com, under “Coverage” then select “Medical.”

Please note that emergency admissions will be reviewed post admission.

Inpatient Prior Authorization reviews both the necessity for the admission and the need for continued stay in the Hospital.

PRIOR AUTHORIZATION FOR OUTPATIENT SERVICES

Prior Authorization is also required for certain outpatient procedures and services in order to be eligible for benefits. FAILURE TO OBTAIN PRIOR AUTHORIZATION PRIOR TO CERTAIN ELECTIVE OUTPATIENT PROCEDURES AND SERVICES MAY RESULT IN A PENALTY OR DENIAL OF PAYMENT FOR THE SERVICES PROVIDED.

Prior Authorization can be obtained by the Provider by calling the number on the back of your ID card. Outpatient Prior Authorization is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Prior Authorization should only be requested for nonemergency procedures or services, and We recommend making the request four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

To verify Prior Authorization requirements for outpatient procedures and services, including which procedures and services require Prior Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- check www.mycigna.com, under “Coverage” then select “Medical.”

PRIOR AUTHORIZATION IS NOT A GUARANTEE OF PAYMENT. Prior Authorization does not guarantee payment of benefits. Coverage is always subject to other requirements of this Policy limitations and exclusions, payment of Premium and eligibility at the time care and services are provided.

Payment for authorized services may only be denied, and an authorization may only be retracted, if:

- Such authorization is based on a material misrepresentation or omission about the treated person's health condition or the cause of the health condition; or
- The health benefit plan terminates before the health care services are provided; or
- The covered person's coverage under the health benefit plan terminates before the health care services are provided.

Retrospective Review

If Prior Authorization was not performed, Cigna will use Retrospective Review to determine if a scheduled or emergency admission was Medically Necessary. In the event the services are determined to be Medically Necessary, benefits will be provided as described in this Policy. If it is determined that a service was not Medically Necessary, Cigna will not cover any Charges for that service. For Retrospective Review determinations, Cigna shall make the determination within thirty working days of receiving all necessary information. Cigna shall provide notice in writing of Cigna's determination to a covered person within ten working days of making the determination.

PRIOR AUTHORIZATION FOR PRESCRIPTION DRUGS

Prior Authorization is required for certain Prescription Drugs and Related Supplies. **For complete, detailed information about Prescription Drug Authorization procedures, exceptions and Step Therapy, please refer to the section of this Policy titled "Prescription Drug Benefits."**

To verify Prior Authorization requirements for Prescription Drugs and Related Supplies, including which Prescription Drugs and Related Supplies require Authorization, you can:

- call Cigna at the number on the back of your ID card, or
- log on to www.cigna.com/ifp-drug-list.

NOTE REGARDING PRIOR AUTHORIZATION OF INPATIENT SERVICES, OUTPATIENT SERVICES AND PRESCRIPTION DRUGS

Some services or therapies may require you to use particular Providers approved by Cigna for the particular service or therapy, and will not be covered if you receive them from any other Provider regardless of participation status.

Missouri Utilization Review Decisions and Procedures

For determinations, Cigna shall make the determination within thirty-six hours, which shall include one working day, of obtaining all necessary information regarding a proposed admission, procedure or service requiring a review determination. For purposes of this section, "necessary information" includes the results of any face-to-face clinical evaluation or second opinion that may be required:

- In the case of a determination to certify an admission, procedure or service, Cigna shall notify the provider rendering the service by telephone or electronically within 24 hours of making the certification, and provide written or electronic confirmation of a telephone or electronic notification to the covered person and the provider within two working days of making the certification;
- In the case of an adverse determination, Cigna shall notify the provider rendering the service by telephone or electronically within 24 hours of making the adverse determination; and shall provide written or electronic confirmation of a telephone or electronic notification to the covered person and the provider within one working day of making the adverse determination.

For concurrent review determinations, Cigna shall make the determination within one working day of obtaining all necessary information:

- In the case of a determination to certify an extended stay or additional services, Cigna shall notify by telephone or electronically the provider rendering the service within one working day of making the certification, and provide written or electronic confirmation to the covered person and the provider within one working day after telephone or electronic notification. The written notification shall include the number of extended days or next review date, the new total number of days or services approved, and the date of admission or initiation of services;
- In the case of an adverse determination, Cigna shall notify by telephone or electronically the provider rendering the service within twenty-four hours of making the adverse determination, and provide written or electronic notification to the covered person and the provider within one working day of a telephone or electronic notification. The service shall be continued without liability to the covered person until the covered person has been notified of the determination.

For Retrospective Review determinations, Cigna shall make the determination within thirty working days of receiving all necessary information. Cigna shall provide notice in writing of Cigna's determination to a covered person within ten working days of making the determination.

When conducting utilization review or making a benefit determination for emergency services, Cigna shall cover emergency services necessary to screen and stabilize a covered person and shall not require prior authorization of such services. When a covered person receives an emergency service that requires immediate post evaluation or post stabilization services, Cigna shall provide an authorization decision within 60 minutes of receiving a request; if the authorization decision is not made within 60 minutes, such services shall be deemed approved.

A written notification of an adverse determination shall include the principal reason or reasons for the determination, including the clinical rationale, and the instructions for initiating an appeal or reconsideration of the determination. Cigna shall provide the clinical rationale in writing for an adverse determination, including the clinical review criteria used to make that determination, to the health care provider and to any party who received notice of the adverse determination.

Cigna shall have written procedures to address the failure or inability of a provider or a covered person to provide all necessary information for review. In cases where the provider or a covered person will not release necessary information, Cigna may deny certification of an admission, procedure or service.

If an authorized representative of Cigna authorizes the provision of health care services, Cigna shall not subsequently retract its authorization after the health care services have been provided, or reduce payment for an item or service furnished in reliance on approval, unless such authorization is based on a material misrepresentation or omission about the treated person's health condition or the cause of the health condition, the health benefit plan terminates before the health care services are provided or the covered person's coverage under the health benefit plan terminates before the health care services are provided.

In a case involving a determination or a concurrent review determination, a health carrier shall give the provider rendering the service an opportunity to request on behalf of the enrollee a reconsideration of an adverse determination by the reviewer making the adverse determination.

The reconsideration shall occur within one working day of the receipt of the request and shall be conducted between the provider rendering the service and the reviewer who made the adverse determination or a clinical peer designated by the reviewer if the reviewer who made the adverse determination is not available within one working day.

If the reconsideration process does not resolve the difference of opinion, the adverse determination may be appealed by the enrollee or the provider on behalf of the enrollee. Reconsideration is not a prerequisite to a standard appeal or an expedited appeal of an adverse determination.

BENEFIT SCHEDULE

The following is the Policy benefit schedule, including medical, prescription drug and pediatric vision benefits. The Policy sets forth, in more detail, the rights and obligations of all Insured Persons and Cigna. It is, therefore, important that all Insured Persons **READ THE ENTIRE POLICY CAREFULLY!**

Remember, services from Non-Participating (Out-of-Network) Providers are not covered except for initial care to treat and Stabilize an Emergency Medical Condition and two sessions per Year for the purpose of diagnosis or assessment of mental health. For additional details see the “How The Policy Works” section of Your Policy.

When Can I Apply?

Application to Enroll or Change Coverage

The Patient Protection and Affordable Care Act of 2010 (PPACA) specifies that an eligible person must enroll for coverage or change plans during the Annual Open Enrollment Period. Persons who fail to enroll or change plans during the Annual Open Enrollment Period must wait until the next Annual Open Enrollment Period to enroll in a plan or to change plans. However, if a person experiences a triggering event as described below, the triggering event starts a 60-day special enrollment period during which an eligible person can enroll and an Insured Person can add dependents and change coverage.

The Annual Open Enrollment Period and special enrollment period are explained below.

Annual Open Enrollment Period

The Annual Open Enrollment Period is a specified period of time each Year during which individuals who are eligible as described above can apply to enroll for coverage or change coverage from one plan to another.

To be enrolled for coverage under this Policy, You must submit a completed and signed application for coverage under this Policy for Yourself and any eligible dependent(s), and We must receive that application during the Annual Open Enrollment Period.

Your coverage under this Policy will then become effective upon the earliest day allowable under federal rules for that Year's Annual Open Enrollment Period. **Note: If You do not apply to obtain or change coverage during the Annual Open Enrollment Period, You will not be able to apply again until the following Year's Annual Open Enrollment Period** unless You qualify for a special enrollment period as described below.

Special Enrollment Periods

A special enrollment period occurs when a person experiences a triggering event.

If You experience one of the triggering events listed below, You can enroll for coverage and enroll Your eligible dependent(s) during a special enrollment period instead of waiting for the next Annual Open Enrollment Period.

Triggering events for a special enrollment period OFF Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth, adoption or placement for adoption, or through a child support order or other court order; or

- An eligible individual loses his or her dependent child status under a parent's employer-sponsored health plan; or
- An individual who was not previously a citizen, national or lawfully present individual gains such status; or

In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a QHP. The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Enrollment Area of the individual's current plan); or
- An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA); or
- An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

Triggering events **do not** include loss of coverage due to failure to make Premium payments on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage; and situations allowing for a rescission as specified in 45 CFR 147.128.

The special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care; or
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month; or
- In the case of untimely notice of a triggering event, the exchange must provide the earliest Effective Date that would have been available based on the applicable triggering event.

For all other triggering events the Effective Dates are:

- For an application made between the first and the 15th day of any month, the Effective Date of coverage will be the first day of the following month; or
- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Triggering events for a special enrollment period ON Marketplace are:

- An eligible individual, and any dependent(s), loses his or her minimum essential coverage, pregnancy-related Medicare/Medicaid coverage, or medically needy coverage (only once per Calendar Year), or the qualified individual or dependent is enrolled in any non-calendar year group or individual health insurance coverage (even if they have the option to renew such coverage). The date of the loss of minimum essential coverage, pregnancy-related coverage, or medically needy coverage is the last day the individual would have coverage under the plan. The date of loss of non-calendar year insurance is the last day of the plan or policy year; or
- An eligible individual and his or her dependent(s) lose employer-sponsored health plan coverage due to voluntary or involuntary termination of employment for reasons other than misconduct, or due to a reduction in work hours; or
- An eligible individual gaining or becoming a dependent through marriage (NOTE: special enrollment for marriage only applies if at least one spouse was enrolled in an exchange plan at least 1 day in the 60 days before marriage; or lived abroad for 1 or more days in the 60 days before marriage; or is an American Indian or Alaska Native), birth adoption or placement for adoption, or through a child support order or other court order; or

In such cases, the Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation or action; or
- An eligible individual adequately demonstrates to the Marketplace that the QHP in which he or she is enrolled substantially violated a material provision of its contract in relation to that person; or

- An eligible individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a change in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan:
 - The enrollee or dependent is determined newly eligible or ineligible for the advanced premium tax credit (APTC) or has a change in eligibility for cost-sharing reductions;
 - A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for APTC based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage;
 - A qualified individual who was previously ineligible for APTC because of a household income below 100% of the federal poverty level (FPL) and who was also ineligible for Medicaid because he or she was living in a non-Medicaid expansion state, either experiences a change in income or moves to a different state, making them newly eligible for APTC.
- The Marketplace must permit individuals whose existing coverage through an eligible employer-sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan; or
- An eligible individual gains access to a new QHP as a result of a permanent move (including a move outside the Enrollment Area of the individual's current plan) and either (1) had minimum essential coverage for one or more days during the 60 days preceding the date of the move, or (2) was living outside of the United States; or
- The qualified individual who gains or maintains status as an Indian or an Alaska Native, as defined by section 4 of the Indian Health Care Improvement Act (or their dependent), may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
- An eligible individual or enrollee demonstrates to the Marketplace, in accordance with guidelines issued by HHS, that he or she meets other exceptional circumstances as the Marketplace may provide; or a qualified individual (or their dependent) who is enrolled in minimum essential coverage and is a victim of domestic abuse or spousal abandonment seeks to enroll in coverage separate from the perpetrator; or
- A qualified individual or dependent applies for Marketplace or Medicaid or CHIP coverage during open enrollment or due to a qualifying life event, but is determined ineligible for Medicaid or CHIP after the exchange Annual Open Enrollment Period has ended or more than 60 days after a qualifying life event; or
- The qualified individual or enrollee (or their dependent) adequately demonstrates to the Marketplace that a material error related to plan benefits, Service Area or Premium influenced their decision to purchase a QHP; or
- At the option of the Marketplace, the qualified individual provides satisfactory evidence to verify eligibility for an insurance affordability program or enrollment in a QHP following termination of exchange enrollment due to a failure to verify such status within established time periods, or is under 100% of the federal poverty level and did not enroll in coverage while waiting for HHS to verify citizenship, status as a national or lawful presence; or

- An eligible individual newly gains access to an employer sponsored individual coverage health reimbursement account (ICHRA); or
- An eligible individual newly gains access to a qualified small employer health reimbursement arrangement (QSEHRA).

The special enrollment period begins on the date the triggering event occurs, and ends on the 61st day following the triggering event. Persons who enroll during a special enrollment period will have coverage Effective Dates determined as follows:

- In the case of birth, adoption, placement for adoption, or placement in foster care, coverage is effective for a qualified individual or enrollee on the date of birth, adoption, placement for adoption, or placement in foster care; or
- In the case of marriage, or in the case where a qualified individual loses minimum essential coverage, coverage is effective for a qualified individual or enrollee on the first day of the following month; or
- In the case of untimely notice of a triggering event, the exchange must provide the earliest effective date that would have been available based on the applicable triggering event.

For all other triggering events the Effective Dates are:

- For an application made between the 16th and the last day of the month, the Effective Date of coverage will be the first day of the second following month.

Specific Causes for Ineligibility

Except as described in the Continuation section, an Insured Person **will become ineligible for coverage** under the Policy:

- When Premiums are not paid according to the due dates and grace periods described in the Premium section.
- For the spouse - when the spouse is no longer married to the Policyholder.
- For You and Your Family Member(s) when you no longer meet the requirements listed in the Eligibility Requirements section.
- The date the Policy terminates.
- When the Insured Person no longer lives in the Enrollment Area. This does not apply to a dependent child living outside of the Enrollment Area.

Remember, it is Your responsibility to notify Cigna immediately of any changes affecting You or any of Your Family Member(s') eligibility for benefits under this Policy.

Active Duty Military Service

Conditions occurring while an Insured Person is participating in the military service are not covered by this Plan. If an Insured Person becomes an active duty member of any branch of military service, he or she must notify Us. We will, following receipt of such notification, issue a pro-rata refund of unearned premium.

Continuation

If an Insured Person's eligibility under this Policy would terminate due to the Policyholder's death, divorce or if other Family Member(s) would become ineligible due to age or no longer qualify as dependents for coverage under this Policy, except for the Policyholder's failure to pay Premium, that Family Member has the right to continuation of his or her insurance. Coverage will be continued if the Family Member exercising the continuation right notifies Cigna and pays the appropriate monthly Premium within 60 days following the date this Policy would otherwise terminate. In such a case, coverage will continue without evidence of insurability.

How The Policy Works

Note: Services performed by a Non-Participating (an Out-of-Network) Provider are not covered under this Policy except for Emergency Services and two sessions per year for the purpose of diagnosis or assessment of mental health.

Benefit Schedule

The benefit schedule shows the Individual and Family Deductible and Out-of-Pocket Maximums, and the maximum Covered Expense for each type of benefit.

No benefits are payable unless the Insured Person's coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms, conditions, limitations and exclusions of this Policy.

In addition, no benefits are payable unless the Insured Person receives services from a Participating Provider, except as indicated below under "Special Circumstances."

Participating Hospitals, Participating Physicians and Other Participating Providers

Covered Expenses for services provided by Participating Providers are based on Our Negotiated Rate. Participating Providers have agreed **NOT** to charge more than the Cigna Negotiated Rates for Covered Services. Participating Providers may charge the Insured Person for services that are not Covered Services under the Policy. In addition, Participating Providers will file claims with Us for the Insured Person, and will request Prior Authorization when it is required.

Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cigna.

Special Circumstances

This Policy does not cover Charges incurred for services provided by Non-Participating Providers except in the limited situations described below.

Please be aware that Non-Participating Providers may balance bill you for any amounts over the Allowed Expense as described in the "Definitions" section of this Policy.

▪ Emergency Services

Covered Expenses incurred for the treatment of an Emergency Medical Condition provided in the emergency department of a Non-Participating Hospital are paid consistent with applicable law. Any expenses incurred for services of a Non-Participating Provider after the patient is Stabilized and his/her condition permits transfer to a Participating Hospital and/or to the care of a Participating Physician are not covered.

▪ **Other Circumstances**

Covered Expenses for non-emergency, Medically Necessary services of a Non-Participating Provider will be paid according to the Participating Provider Cost Share shown in the benefit schedule in the following cases:

- charges for non-emergency services provided by a Non-Participating Provider at a Participating Hospital: (i) are payable at the In-Network cost-sharing level and (ii) the Allowed Expense used to determine the Policy's benefit payment to the Provider is determined by applicable state or federal law.
- when those services are unavailable from a Participating Provider, or
- two sessions per Year for the purpose of diagnosis or assessment of mental health; or
- for any other reason We determine it is in your best interests to receive services from a Non-Participating Provider.

Deductibles

Deductibles are prescribed amounts of Covered Expenses the Insured Person must pay before this Policy will pay your claims. Deductibles apply to all Covered Expenses as described in the "Definitions" section of this Policy, unless expressly stated otherwise in the benefit schedule. Deductibles do not include any amounts in excess of Allowed Expense, any penalties, or expenses that are not Covered Expenses.

Deductibles will be applied in the order in which an Insured Person's claims are received and processed by Us, not necessarily in the order in which the Insured Person received the service or supply.

Deductible

The Deductible is stated in the benefit schedule. The Deductible is the amount of Covered Expenses you must pay for **any** Covered Services (except as specifically stated otherwise in the benefit schedule) incurred from Participating Providers each Year before this Policy will pay your claims. There are two ways an Insured Person can meet his or her Deductible:

- When an Insured Person meets his or her Individual Deductible, that Insured Person's benefits will be paid accordingly, whether any applicable Family Deductible is satisfied or not.
- If one or more Family Members are enrolled for coverage under this Policy, the Family Deductible will apply. Each Insured Person can contribute up to the Individual Deductible amount toward the Family Deductible. Once this Family Deductible is satisfied, no further Individual or Family Deductible is required for the remainder of that Year.

Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the maximum amount of Deductible, Copayment and Coinsurance each Family Member incurs in Covered Expenses in a Year.

- The Individual Out-of-Pocket Maximum is an accumulation of Covered Expenses. It includes Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services. Once the Individual Out-of-Pocket Maximum has been met for the Year for In-Network Covered Services, You will no longer have to pay any Coinsurance or Copayment for medical or pharmacy services for Covered Expenses incurred In-Network during the remainder of that Year. Non-compliance penalty charges do not apply to the Individual Out-of-Pocket Maximum and will always be paid by you. The amount of the Individual Out-of-Pocket Maximum is described in the benefit schedule section of this Policy.

- The Family Out-of-Pocket Maximum applies if You have a family plan and You and one or more of Your Family Member(s) are enrolled for coverage under this Policy. It is an accumulation of the Individual Covered Expenses, including Deductibles, Copayments and Coinsurance for medical and Prescription Drug Covered Services, paid by each Family Member for Covered Expenses during a Year. If You cover other Family Member(s), each Insured Person's Covered Services accumulate toward the Family Out-of-Pocket Maximum. Each Insured Person can contribute up to the Individual Out-of-Pocket amount toward the Family Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum for In-Network Covered Services has been met, the Family Members will no longer have to pay any Deductible, Coinsurance or Copayments for Covered Expenses incurred In-Network during the remainder of that Year. The amounts of the Individual and the Family Out-of-Pocket Maximum are described in the benefit schedule section of this Policy.

Special Limits

Prescription Drug Benefits

Pharmacy Payments

For Definitions associated with Prescription Drug Benefits, refer to the “Definitions” section of this Policy. Prescription Drug Benefits are subject to the provisions within this section, and all other Policy provisions.

Covered Prescription Drugs and Related Supplies purchased at a Pharmacy are subject to the Deductible shown in the benefit schedule, and, once the Deductible is satisfied, subject to any applicable Copayments and/or Coinsurance shown in the benefit schedule. For additional information on the Deductible, please refer to the “Definitions” section of the Policy.

Cigna's Prescription Drug List is available upon request by calling the customer service number on your ID card or at www.cigna.com/ifp-drug-list.

In the event that you request a Brand Name Drug that has a Generic equivalent, you will be financially responsible for the amount by which the cost of the Brand Name Drug exceeds the cost of the Generic Drug, plus the Generic Copayment or Coinsurance shown in the benefit schedule.

Your responsibility for covered Prescription Drugs and Related Supplies will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug; or
- Cigna's discounted rate for the Prescription Drug; or
- the Pharmacy's Usual and Customary (U&C) charge for the Prescription Drug.

Usual & Customary (U&C) means the established Pharmacy retail cash price, less all applicable customer discounts that Pharmacy usually applies to its customers, regardless of the customer's payment source.

However, they may still be subject to Prescription Drug Prior Authorization or Step Therapy requirements.

For certain Limited Distribution Drugs covered under the medical benefits of this Policy, the Provider who administers the drug must obtain the drug directly from Accredo, Cigna's specialty Pharmacy, or through Cigna's home delivery Pharmacy, Express Scripts in order for that drug to be covered. If you have questions about where your Physician purchased the drugs being administered to you, please consult your Provider.

Split Fill Dispensing Program

This program applies for the first 30 days when you start a new therapy on certain Limited Distribution Drugs and Specialty Prescription Drugs. The split fill dispensing program is designed to prevent wasted Prescription Drugs if your Prescription Drug or dose changes. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and reactions. You will initially get up to a 15-day supply of your Prescription Order for certain drugs filled at Accredo or Express Scripts, Our home delivery pharmacy instead of the full Prescription Order. You pay half the 30-day Cost Share for this initial 15-day supply, and would be responsible for the other half of the 30-day Cost Share if an additional 15-day supply is provided. The therapeutic classes of Prescription Drugs that are included in this program are determined by Cigna and will be managed for continuation in this program as new clinical guidelines and dispensing experience dictates.

Prescription Drug List Management

The Prescription Drug List is managed by the Business Decision Team, which makes, subject to the P&T Committee's review and approval of the Prescription Drug List, coverage tier placement decisions of Prescription Drugs or Related Supplies and/or applies utilization management requirements to certain Prescription Drugs or Related Supplies. Your Policy's coverage tiers may contain Prescription Drugs or Related Supplies that are Generic Drugs, Brand Name Drugs or Specialty Medications. Placement of any Prescription Drug or Related Supplies in a specific tier, and application of utilization management requirements to a Prescription Drug, depends on a number of clinical and economic factors. Clinical factors include, without limitation, the P&T Committee's evaluations of the place in therapy, or relative safety or relative efficacy of the Prescription Drug or Related Supplies, and economic factors include, without limitation, the cost and/or available rebates for Prescription Drugs or Related Supplies. Whether a particular Prescription Drug or Related Supplies is appropriate for You or any of Your Family Member(s), regardless of its eligibility coverage under Your Policy, is a determination that is made by You (or Your Family Member) and the prescribing Physician.

The coverage status of a Prescription Drug or Related Supply may change periodically during the Year for various reasons. For example, a Prescription Drug or Related Supply may be removed from the market, a new Prescription Drug in the same therapeutic class may become available, or the cost of a Prescription Drug or Related Supply may increase.

As a result of coverage changes, you may be required to pay more or less for that Prescription Drug or Related Supply, or try another covered Prescription Drug or Related Supply. Please access www.mycigna.com through the Internet or call Customer Service at the telephone number on your ID card for the most up-to-date coverage tier status, utilization management, or other coverage limitations for Prescription Drugs or Related Supplies.

Covered Expenses

If an Insured Person, while covered under this Policy, incurs expenses for Charges made by a Pharmacy for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna will provide coverage for those expenses as shown in the benefit schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to You or Your Family Members by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When You or Your Family Members are issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by Cigna as if filled by a Participating Pharmacy. Coverage also includes charges for the refilling of an eye drop prescription prior to the last day of the prescribed dosage period without regard to a coverage restriction for early refill of prescription renewals provided the prescribing Physician authorizes such early refill.

Patient Assurance Program

Your Policy offers additional discounts for certain covered Prescription Drugs that are dispensed by a Pharmacy included in what is known as the “Patient Assurance Program.” As may be described elsewhere in this Policy, from time to time Cigna may directly or indirectly enter into arrangements with pharmaceutical manufacturers for discounts that result in a reduction of your out of pocket expenses for certain covered Prescription Drugs for which Cigna directly or indirectly earns the discounts. Specifically, some or all of the Patient Assurance Program discount earned by Cigna for certain covered Prescription Drugs included in the Patient Assurance Program is applied or credited to a portion of your Copayment or Coinsurance, if any. The Copayment or Coinsurance, if any, otherwise applicable to those certain covered Prescription Drugs as set forth in the benefit schedule may be reduced in order for Patient Assurance Program discounts or other payments earned by Cigna to be applied or credited to the Copayment or Coinsurance, if any, as described above.

For example, certain insulin drugs covered under the Prescription Drug benefit for which Cigna directly or indirectly earns a discount in connection with the Patient Assurance Program may result in a credit toward some or all of your Copayment or Coinsurance, if any, which, as noted, may be reduced from the amount set forth in the benefit schedule, for the insulin drugs. In addition, the covered insulin drugs eligible for Patient Assurance Program discounts may not be subject to any applicable Deductible, if any.

Any Patient Assurance Program discount that is used to satisfy your Copayment or Coinsurance, if any, for covered Prescription Drugs under the Patient Assurance Program applies toward your Out-of-Pocket Maximum.

Please note that the Patient Assurance Program discounts that Cigna may earn for Prescription Drugs, and may apply or credit to your Copayment or Coinsurance, if any, in connection with the Patient Assurance Program are unrelated to any rebates or other payments that Cigna may earn from a pharmaceutical manufacturer for the same or other Prescription Drugs. Except as may be noted elsewhere in this Policy, you are not entitled to the benefit of those rebates or other payments earned by Cigna because they are unrelated to the Patient Assurance Program. Additionally, the availability of the Patient Assurance Program, as well as the Prescription Drugs included in the Patient Assurance Program and/or your Copayment or Coinsurance, if any for those eligible Prescription Drugs, may change from time to time depending on factors including, but not limited to, the continued availability of the Patient Assurance Program discount(s) to Cigna in connection with the Patient Assurance Program. More information about the Patient Assurance Program, including the Prescription Drugs included in the program, is available at the website shown on your ID card or by calling member services at the telephone number on your ID card.

How to find out if a specific Prescription Drug is on the Prescription Drug List:

You can also view the Prescription Drug List at www.cigna.com/ifp-drug-list.

Supplemental Drug Discount program

You are responsible for paying 100% of the cost for any Prescription Drugs or Related Supplies excluded by this plan. However, the Supplemental Drug Discount Program allows participating pharmacies to charge You and Your Family Member(s) the discounted cost of non-covered Prescription Drugs and Supplies. This means you will pay 100% of the discounted cost, rather than the full cost, of Prescription Drugs and Supplies the plan does not cover. Please Note: the out-of-pocket costs that You and Your Family Member(s) pay for any Prescription Drugs or Related Supplies the plan does not cover will not be applied to the Insured Person's Deductible or Out-of-Pocket Maximum.

Authorization, Exception and Appeal Process for Prescription Drugs and Related Supplies

Authorization from Cigna is required for certain Prescription Drugs and Related Supplies, meaning that your Physician must obtain Authorization from Cigna before the Prescription Drug or Related Supply will be covered.

Prior Authorization

When your Physician prescribes certain Prescription Drugs or Related Supplies, including high cost and Specialty Medications, Cigna requires your Physician to obtain Authorization before the prescription or supply can be filled. To obtain Prior Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Step Therapy

Step Therapy is a type of Prior Authorization. Cigna may require an Insured Person to follow certain steps before covering some Prescription Drugs and Related Supplies, including without limitation, some higher-cost and Specialty Medications. If a Prescription Drug or Related Supply is subject to a Step Therapy requirement, then you must try one or more similar Prescription Drugs and Related Supplies before the Policy will cover the requested Prescription Drug or Related Supply. The Prescription Drugs and Related Supplies that require Step Therapy can be identified on the Prescription Drug List at www.mycigna.com. To obtain Step Therapy Authorization, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Exceptions for Prescription Drugs and Related Supplies not on the Prescription Drug List

If your Physician prescribes a Prescription Drug or Related Supply that is not on Cigna's Prescription Drug List, he or she can request that Cigna make an exception and agree to cover that drug or supply for your condition. To obtain an exception for a Prescription Drug or Related Supply, your Physician must follow the Prescription Drug and Related Supply Authorization and Exception Request Process as described below.

Prescription Drug and Related Supply Authorization and Exception Request Process

To obtain an exception, your Physician may call Cigna, or complete the appropriate form and fax it to Cigna to request an exception. Your Physician can certify in writing that you have previously used a Prescription Drug or Related Supply that is on Cigna's Prescription Drug List or in a Step Therapy Protocol, and the Prescription Drug or Related Supply has been detrimental to your health or has been ineffective in treating your condition and, in the opinion of your Physician, is likely to again be detrimental to your health or ineffective in treating the condition. The exception request will be reviewed and completed by Cigna within 72 hours of receipt.

Expedited Review of a Prior Authorization, Step Therapy or Prescription Drug Exception Request

An expedited review may be requested by your Physician when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Prescription Drug or Related Supply not on Cigna's Prescription Drug List. The expedited review will be reviewed and completed by Cigna within 24 hours of receipt. This section does not apply to Emergency Services necessary to screen and stabilize an Insured Person. Authorization for such Emergency Services is addressed in this policy under Missouri Utilization Review Decisions and Procedures.

If the request is approved, your Physician will receive confirmation. The Authorization/Exception will be processed in Cigna's pharmacy claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the Authorization will be granted until you no longer use the Prescription Drug or Related Supply for which the Authorization or Exception was approved. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, you and your Physician will be notified that coverage for the Prescription Drugs or Related Supplies was not authorized.

Appeal of a Prior Authorization, Step Therapy or Prescription Drug Exception Denial

If you, a person acting on your behalf or the prescribing Physician or other prescriber disagree with a coverage decision, you, a person acting on your behalf or the prescribing Physician or other prescriber may appeal that decision in accordance with the provisions of this Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered. Please see the section of this Policy entitled "When You Have a Complaint or an Appeal" which describes the process for the External Independent Review.

If you have questions about specific Prescription Drug List exceptions, Prior Authorization or a Step Therapy request, call Customer Service at the toll-free number on the back of your ID card.

Coverage of New Drugs

The P&T Committee makes a reasonable effort to review all new FDA approved Prescription Drugs or Related Supplies (or new FDA approved indications) within 90 days of its release to the market. General Provisions

Alternate Cost Containment Provision

We may, in certain situations, approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Policy. The alternate treatment plan must be mutually agreed to by Us, the Insured Person, and the Physician, Provider, or other healthcare practitioner. Our offering an alternate treatment plan in a particular case in no way commits Us to do so in another case, nor does it prevent Us from strictly applying the express benefits, limitations, and exclusions of the Policy at any other time or for the Insured Person.

Medicare Eligibles

If an Insured Person is eligible for Medicare, Cigna will calculate the claim payment for Covered Services according to the benefit levels of this Policy based on the allowed amount defined below, and pay this amount minus any amount paid by Medicare. Cigna will estimate the amount Medicare would have paid and reduce benefits by this amount for any Insured Person who is eligible to enroll in Medicare but is not enrolled. In no event will the amount paid exceed the amount that Cigna would have paid if it were the sole insurance carrier.

Under this scenario, the allowed amount will be the lesser of:

- The amount Medicare allowed; or
- Cigna's Negotiated Rate for a Participating Provider; or
- Cigna's Allowed Expense for a Non-Participating Provider.

NOTICE OF GRIEVANCE

The Grievance provision in this certificate may be superseded by the law of your state if you are not a Missouri resident and if such other state's Grievance provision is more favorable than that which is provided in this certificate. Please see your explanation of benefits for the applicable Grievance procedure.

WHEN YOU HAVE A COMPLAINT OR GRIEVANCE

For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start with Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, an initial eligibility denial, or a rescission of coverage, you can call our toll-free number and explain your concern to one of our Customer Service representatives. Please call us at the Customer Service Toll-Free Number that appears on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the Grievance procedure.

Level One Grievance

Cigna has a Grievance procedure for resolving disputes regarding (a) availability, delivery or quality of health care services, including a complaint regarding an adverse determination made pursuant to utilization review; (b) claims payment, handling or reimbursement for health care services; or (c) matters pertaining to the contractual relationship between an covered person and a health carrier.

To initiate a Grievance, you must submit a request for a Grievance in writing, no more than 180 days from the date of receipt of a denial notice, to the following address:

Cigna National Appeals Organization (NAO)
PO Box 188011
Chattanooga, TN 37422

You should state the reason why you feel your Grievance should be approved and include any information supporting your Grievance.

We will acknowledge the receipt of your Grievance within ten working days.

We will conduct a complete investigation and will respond in writing with a decision within twenty business days. If the investigation cannot be completed within twenty business days after receipt of the grievance, we will notify you in writing on or before the twentieth business day after receipt of the grievance to request an extension of up to thirty business days and to specify any additional information needed to complete the review. In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the grievance, Cigna will provide this information to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

Within five business days after the investigation is completed, someone not involved in the case must decide upon the appropriate resolution of the Grievance and you will be notified in writing of Cigna's decision regarding your Grievance and of the right to appeal for a second-level review.

We will notify the person who submitted the grievance of Cigna's decision within fifteen business days after the investigation has been completed.

Level Two Grievance

If you are dissatisfied with our level one grievance decision, you may request a second review. To initiate a level two grievance, follow the same process required for a level one grievance. We will acknowledge the receipt of your level two grievance within ten working days and schedule a Committee review.

Level Two grievances must be reviewed by a Committee consisting of individuals, with the following qualifications: (a) other covered persons, b) representatives of Cigna that were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance. Where the grievance involves an adverse determination, and the grievance advisory panel makes a preliminary decision that the determination should be upheld, Cigna shall submit the grievance for review to two independent clinical peers in the same or similar specialty as would typically manage the case being reviewed who were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance. In the event that both independent reviewers concur with the grievance advisory panel's preliminary decision, the panel's decision shall stand. In the event that both independent reviewers disagree with the grievance advisory panel's preliminary decision, the initial adverse determination shall be overturned. In the event that one of the two independent reviewers disagrees with the grievance advisory panel's preliminary decision, the panel shall reconvene and make a final decision in its discretion.

Review by the level two grievance panel shall follow the same time frames as a first level review. Any decision of the grievance advisory panel shall include notice of your, Cigna's, or the plan sponsor's rights to file an appeal with the director's office of the grievance advisory panel's decision. The notice will contain the toll-free telephone number and address of the director's office.

Expedited Review Procedure

You may request that the Grievance process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function.

If you request that your Grievance be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one Grievance would be detrimental to your medical condition.

When a Grievance is expedited, we will respond orally with a decision within 72 hours, followed up in writing within 3 working days of providing notification of the determination.

Independent Review Procedure

If you are not fully satisfied with the decision of Cigna's review regarding your Medical Necessity Grievance regarding a difference of opinion between a treating health care professional and Cigna concerning the medical necessity, appropriateness, health care setting, level of care, or effectiveness of a health care service, you or your representative has the option to submit the dispute to the Missouri Department of Commerce & Insurance for resolution (which is binding upon Cigna and the plan) by an independent external reviewer. The Independent Review Organization is composed of persons who are not employed by Cigna HealthCare or any of its affiliates. A decision to request a Grievance to an Independent Review Organization will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

To request a review, you must notify the Missouri Department of Commerce & Insurance following receipt of Cigna's denial. The Missouri Department of Commerce & Insurance may select an Independent Review Organization to review your issue.

The Missouri Department of Commerce & Insurance will provide the Independent Review Organization and upon request the enrollee, enrollee's representative or health carrier copies of all medical records and any other relevant documents which the Missouri Department of Commerce & Insurance has received from any party. The enrollee, enrollee's representative and health carrier may review all the information submitted to the Independent Review Organization for consideration.

The enrollee, enrollee's representative or health carrier may also submit additional information to the Missouri Department of Commerce & Insurance which the Missouri Department of Commerce & Insurance shall forward to the Independent Review Organization. All additional information must be received by the Missouri Department of Commerce & Insurance. If an enrollee, enrollee's representative or health carrier has information which contradicts information already provided the Independent Review Organization, they should provide it as additional information. All additional information should be received by the Missouri Department of Commerce & Insurance within fifteen (15) working days from the date the Missouri Department of Commerce & Insurance mailed that party copies of the information provided the Independent Review Organization. An envelope's postmark shall determine the date of mailing. Information may be submitted to the Missouri Department of Commerce & Insurance by means other than mail if it is in writing, typeset or easily transferred into typeset by the Missouri Department of Commerce & Insurance's technology and a date of transmission is easily determined by the Missouri Department of Commerce & Insurance. At the Missouri Department of Commerce & Insurance's discretion, additional information which is received past the fifteen (15) working-day deadline may be submitted to the Independent Review Organization.

The Independent Review Organization will render an opinion to the Missouri Department of Commerce & Insurance within 20 calendar days after receipt of the request for external review. The Department of Commerce & Insurance will notify you of its decision within 25 days after it receives the Independent Review Organization's opinion. In no event shall the time between the date the IRO receives the request for external review and the date the enrollee and the health carrier are notified of the director's decision be longer than forty-five (45) days.

When requested and if (a) a delay would be detrimental to your condition, as determined by Cigna's Physician reviewer, or if (b) your grievance concerns admission, availability of care, continued stay, or health care item or service for which you received emergency services but you have not yet been discharged from a facility, the review shall be completed within 72 hours after the receipt of the request for expedited external review by the Independent Review Organization, and the director shall issue notice to the enrollee and the health carrier of the director's determination and may issue a decision to uphold or reverse the adverse determination. If the notice is not in writing, the director must provide the written decision within forty-eight (48) hours after the date of the notice of the determination.

Coverage will continue during the grace period. If We do not receive Your Premium due in full before the end of the grace period, Your coverage will be terminated as of the last date for which You have paid Premiums.

If You purchased Your Policy from a Marketplace and You have elected to receive advanced premium tax credit (APTC), there is a grace period of ninety (90) consecutive days during which the Premiums may be paid without loss of coverage. Coverage will continue during the grace period, however claims for services rendered after the first 30 days of the grace period will be either pended or denied until such time as Your Premium is paid. However, if We do not receive Your Premium due in full before the end of the grace period, Your coverage will be terminated as of the last day of the first month of the grace period.

Please see the provisions titled "Cancellation" and "Reinstatement" for further information regarding cancellation and reinstatement. In no event shall Cigna have any obligation to provide a reminder notice for Premiums which are not received prior to the expiration of the grace period. Only Insured Persons for whom the payments are actually received by Cigna shall be entitled to health care services hereunder, and then only for the period for which payment is received.

How to File a Claim for Benefits

Notice of Claim: There is no paperwork for claims for services from Participating Providers. You will need to show your ID card and pay any applicable Copayment; your Participating Provider will submit a claim to Us for reimbursement. Claims for Emergency Services from Non-Participating Providers can be submitted by the Provider if the Provider is able and willing to file on your behalf. If a Non-Participating Provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on your ID card.

If your provider does not submit a claim for you, written notice of claim must be given to Us within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by you or on your behalf by your beneficiary sent to the claims address on your ID card, or to any authorized agent of Cigna, with information sufficient to identify the Insured Person, shall be deemed notice to Cigna.

Claim Forms: You may get the required claim forms from www.cigna.com under Health Care Providers, Coverage and Claims, or by calling Member Services using the toll-free number on your identification card.

Cigna, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss.

If such forms are not furnished within 15 days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

Claim Reminders:

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CLAIM FORMS, OR WHEN YOU CALL YOUR Cigna CLAIM OFFICE.
 - YOUR MEMBER ID IS SHOWN ON YOUR ID CARD.
 - YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR ID CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM.

Proof of Loss: Written proof of loss must be furnished to Us in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss, within ninety days after the termination of the period for which We are liable; and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

Proof of loss is a claim form as described above. Canceled checks or receipts are not acceptable. Cigna will not be liable for benefits if it does not receive written proof of loss within this time period.

Assignment of Claim Payments:

Medical benefits are assignable to the Provider; when you assign benefits to a Provider, you have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting a patient's payment on the Charge, it is the Provider's responsibility to reimburse the patient. Because of Cigna's contracts with Providers, all claims from contracted Providers should be assigned.

We will recognize and consider any assignment made under the Policy, only if:

1. it is duly executed on a form acceptable to Us; and
2. a copy is on file with Us; and
3. it is made by a Provider licensed and practicing within the United States.

We may, at Our option, make payment to You for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Family Member(s), You or Your Family Member(s) are responsible for paying the Non-Participating Provider and Our payment to You will be considered fulfillment of Our obligation.

We assume no responsibility for the validity or effect of an assignment.

Timely Payment of Claims: Benefits will be paid immediately upon receipt of due written proof of loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: Any benefits payable under this Policy for Covered Services provided by a Participating Provider will be paid directly to that Participating Provider unless you direct otherwise, in writing, by the time proofs of loss are filed. Any benefits payable under this Policy for Covered Services provided by a Non-Participating Provider will be paid directly to you unless you direct otherwise, in writing, by the time proofs of loss are filed. In the event of your death, We will issue any benefits payable to you to the beneficiary of your estate as determined by applicable law.

Premiums

The monthly Premium amount is listed on the Policy specification page which was sent with this Policy.

You will be responsible for an additional \$45 charge for any check or electronic funds transfer that is returned to Us unpaid. This additional charge is part of Your Premium obligation. You will not be considered to have paid Your Premium until Your Premium amount and any additional charges incurred by You are received by Cigna.

Your Premium may change due to (but not limited to):

- a. Deletion or addition of a new eligible Insured Person(s)
- b. A change in age of any Insured Person which results in a higher Premium
- c. A change in residence
- d. Application of any additional charges as a result of a late or returned payment

These changes will be effective on the first of the month following the change, unless as otherwise stated on Your Premium notice.

Cigna also reserves the right to change the Premium on 30 days' prior written notice to You. However, We will not modify the Premium schedule on an individual basis, but only for all Insured Persons in the same class and covered under the same Policy as You. The change will become effective on the date shown on the notice, and payment of the new Premiums will indicate acceptance of the change.

Premiums are to be paid by You to Us.

Cigna will not accept the direct or indirect payment of Premiums by any person or entity other than You, Your Family Members or an Acceptable Third Party Payor, except as expressly permitted by Cigna in writing. Cigna may request and upon request, You shall provide a certified statement from You that You are not receiving payment or other remuneration from anyone other than an Acceptable Third Party Payor as defined above for the partial or full payment of Your Premium or other cost-sharing obligations under this Policy.
