

PRESCRIPTION DRUG LIST CHANGES

Cigna Pharmacy Management®

2021

To help make sure you have access to coverage for safe, clinically effective and low-cost medications, we regularly review and update the Cigna Prescription Drug List. **You can see a list of these changes below.** Changes are listed by drug list name, the date the change starts and by the type of change that's taking place. Medications are then listed alphabetically by drug class.

If you have Cigna-administered pharmacy benefits and you're affected by one of these changes, we'll send you a letter with specific information on next steps.

* State laws in **Texas** and **Louisiana** may require your plan to cover your medication at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval from Cigna before your plan will cover it, these changes may not begin until your plan's renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on your Cigna ID card.

** State law in **Illinois** may require your plan to cover your medications at your current benefit level until your plan renews. This means that if you currently have approval through a review process for your plan to cover your medication, the drug list change(s) listed here may not affect you until your plan renewal date. If you don't currently have approval through a coverage review process, you may continue to receive coverage at your current benefit level if your doctor requests it. To find out if this state law applies to your plan, please call Customer Service using the number on your Cigna ID card.

^ **These changes may not apply to your specific plan.** That's because some plans don't have prior authorization, quantity limits and/or Step Therapy. Log in to the myCigna App or website, or check your plan materials, to find out if your plan includes these extra coverage requirements.

^^ These medications need approval from Cigna before your plan will cover them. If your doctor feels an alternative medication isn't right for you, he or she can ask Cigna to consider approving coverage of your medication. If you don't get approval and you continue to fill this prescription, you'll pay the full cost of the medication out-of-pocket directly to the pharmacy and the cost can't be applied to your annual deductible or out-of-pocket maximum.

1. This is a specialty medication. For plans that cover specialty medications on a specialty tier, this change won't affect the cost of the medication. Please log in to the myCigna App or website, or check your plan materials, to learn more about how your plan covers specialty medications.

2. Please log in to the myCigna App or website, or check your plan materials, to learn more about how your plan covers brand name medications that have a generic equivalent available. Depending on your plan, you may have to pay an additional charge (on top of your plan's cost-share) for filling the brand name medication.

3. These changes may not apply to your specific plan. That's because some plans don't have prior authorization, quantity limits and/or Step Therapy. Log in to the myCigna App or website, or check your plan materials, to find out if your plan includes these extra coverage requirements.

4. If you're currently taking this medication, this change won't affect you.

5. If you currently have approval for your plan to cover this medication, it's important to know that your approval will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process.

6. This medication needs approval from Cigna before your plan will cover it. If your doctor feels an alternative medication isn't right for you, he or she can ask Cigna to consider approving coverage of your medication. If you don't get approval and you continue to fill this prescription on or after January 1st, you'll pay the full cost of the medication out-of-pocket directly to the pharmacy and the cost can't be applied to your annual deductible or out-of-pocket maximum.

7. If Cigna approves coverage of this medication through a review process, it may cost you more as of January 1st. You'll pay your tier 3 (non-preferred brand) copay or coinsurance when you fill it.

8. This medication will no longer be part of Step Therapy as of 1/1/21. If you currently have approval for your plan to cover this medication, your approval will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process. If Cigna approves coverage of this medication through a review process, it may cost you more as of January 1st. You'll pay your tier 3 (non-preferred brand) copay or coinsurance when you fill it.

9. This medication will no longer be part of Step Therapy as of 1/1/21. If you currently have approval for your plan to cover this medication, it's important to know that your approval will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process.

10. If you currently have approval for your plan to cover this medication, it's important to know that your approval will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process. If Cigna re-approves coverage, it may cost you more as of January 1st. You'll pay your tier 3 (non-preferred brand) copay or coinsurance when you fill it.

11. **This change will only affect you if you're taking this medication to treat a seizure condition.** Also, it's important to know that your current approval to receive coverage for this medication will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process.

12. If Cigna approves coverage of this medication through a review process, it may cost you more as of January 1st. You'll pay your tier 3 (non-preferred brand) copay or coinsurance when you fill it. Also, because this medication has a generic equivalent available, you may have to pay an additional charge on top of your non-preferred brand cost-share. Please check your plan materials to find out how your plan covers brand name medications.

13. If you currently have approval for your plan to cover this medication, you can continue to receive coverage until your approval ends.

14. Starting 1/1/21, this medication will also need approval from Cigna before your plan will cover it.

15. Starting 1/1/21, this medication will also be part of the Step Therapy program. If you currently have approval for your plan to cover this medication, it's important to know that your approval will end on 1/1/21. If your doctor wants you to continue taking this medication, ask his or her office to contact Cigna to start the coverage review process.

16. If your doctor feels an alternative medication isn't right for you, he or she can ask Cigna to consider approving coverage of your medication. If you don't get approval and you continue to fill this prescription on or after January 1st, you'll pay the full cost of the medication out-of-pocket directly to the pharmacy and the cost can't be applied to your annual deductible or out-of-pocket maximum.

Cigna reserves the right to make changes to the Drug List without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan. Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
