These listings may include participating Nurse Practitioners (NPs) and Physician Assistants (PAs) who offer primary care services. Please note that while you may receive care from these providers, Cigna Healthcare currently does not allow NPs or PAs to be designated as your Primary Care Provider (PCP). If you utilize an NP or PA as your primary source of care, a participating physician from the same medical group should be selected as your PCP.

Cigna Healthcare is in the process of updating its directory to include additional participating NPs and PAs. If your provider does not appear, you may contact them or Cigna Healthcare Customer Service at 1-800-668-3813 (TTY 711) to validate whether they participate with your Cigna Healthcare plan.

Section I – Introduction

Network Providers

This directory provides a list of your plan's network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage* (EOC).

Cigna Healthcare is committed to building a trusted network of health care providers. The doctors, hospitals, facilities, and other providers we contract with must meet certain credentialing requirements. They must also agree to our billing rates. This helps make sure you have access to quality, cost-effective care. To build our network, we look at how many primary care and specialty doctors are in a specific area. We also look at what hospitals, labs, and other facilities are in that area. Our goal is to build a network that gives you choice and convenient access to treatment and services. Provider networks vary by state and plan, and include doctors, hospitals, and health care facilities in your local area.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP is a physician who is trained to provide general medical care. Your PCP can also coordinate the rest of the covered services you need.

The network providers listed in this directory have agreed to provide you with your health care, vision and/or dental services, as applicable.

If your plan includes a Cigna Dental HMO dental benefit, you must see a Cigna Dental Care (DHMO) contracted dentist or specialist to be covered. All services listed on the Patient Charge Schedule are covered and you are responsible for paying the copayment amount listed. To see a list of these covered services go to **[CignaMedicare.com/resources](https://www.cigna.com/medicare/resources)**. Please call the dental office to confirm that they are still open and accepting new Cigna Dental HMO customers before making an appointment. Once you have selected a dentist, you will need to notify Cigna Healthcare Customer Service.

If your plan includes a Cigna Dental Allowance dental benefit, plan designs and coinsurance amounts will vary by product and state. Services are covered up to your specific annual maximum allowance amount. Some plans allow you to see any licensed dentist who is not excluded by Medicare for your treatment. If you see a Cigna Dental Allowance (DPPO) contracted dentist, you can take advantage of plan negotiated discounts. If your plan does not cover out-of-network services, you must use a Cigna Dental Allowance (DPPO) network provider, otherwise, those services won't be covered. And there are some plans that cover you at 50%, so if you use an out-of-network provider your allowance only pays half the costs of covered services. Please refer to your *Evidence of Coverage* (EOC) to determine your coverage. Please call the dental office to confirm that they are still participating in the Cigna Dental Allowance (DPPO) network before making an appointment.

For health care, you may go to any of our network providers listed in this directory. In some cases, you may get covered services from non-network providers.

Appointment Wait Times

Primary care providers will make their best effort to see you within 30 business days of your appointment request.

When seeking behavioral health services, your appointment wait time will depend on your individual circumstances. For example, behavioral health providers will make their best effort to:

- Offer urgently needed or emergency behavioral health services immediately;
- Offer behavioral health services within 7 business days of your appointment request when these services are not urgently needed or considered an emergency, but you require medical attention; and
- Offer routine and preventive behavioral health services within 30 business days of your appointment request.

Provider Network Relationships

Cigna Healthcare Medicare Advantage has different types of provider relationships. We may have contracts with independent physicians, Independent Physician Associations, Physician Organized Delivery system and clinic-based providers in your area. The following paragraphs describe the relationship these providers have with us.

- **Independent Physician Associations (IPA)**

Independent Physician Associations (IPAs) consist of primary care and specialist physicians located in and around your area. If you select a PCP who belongs to an IPA, you should be aware that your PCP will refer you to specialists and hospitals affiliated with the same IPA and with whom they work closely to coordinate your care. You will receive all of your care, including gynecological and specialty care from the physicians within the same IPA. Gynecological care can be accessed by any Gynecologist in the network.

Your IPA is designed to provide a team of primary care and specialty physicians who can manage your care needs. However, if your medical condition should ever require you to seek care outside the IPA, your primary care physician will continue to assist you in the coordination of any needed prior authorizations or referrals for services outside the IPA.

- **A Physician Organized Delivery (POD) system** represents a network of physicians with similar referral patterns, organized to administer health care services to the plan's customers. If you select a PCP who belongs to a POD, you should be aware that your PCP will refer you to specialists affiliated with the same POD and with whom they work closely to coordinate your care. However, your PCP can refer you to any other in-network physician outside of the POD, and your PCP will continue to assist you in the coordination of any needed services outside the POD.

- **Independent physicians**

Independent physicians are primary care and specialist physicians located in and around your area that are not part of an Independent Physician Association (IPA) or Physician Organized Delivery system (POD). If you select an independent PCP you should be aware that your PCP will refer you to specialists and hospitals with whom he/she is affiliated and with whom they work closely to coordinate your care. Please confirm whether the referred physician or hospital is a network provider with your plan. You will receive all of your care, including gynecological and specialty care from the physicians affiliated with your PCP. Gynecological care can be accessed through any independent Gynecologist.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should contact Customer Service or send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. (Please note that we cannot pay a provider who has opted out of the Medicare program. Check with your provider before receiving services to confirm that they have not opted out of Medicare.) If we determine that the services are not covered or were not medically necessary, we may deny coverage and you will be responsible for the entire cost.

Emergency and Urgent Care

You may get emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Please refer to your Evidence of Coverage for details. You may also get covered emergency medical care whenever you need it, anywhere in the world. If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

You must use plan providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers neither Medicare nor Cigna Healthcare will be responsible for the costs.

Telehealth Services

When you need nonemergency urgent care and your health care provider isn't available, reach out to an MDLIVE telehealth provider. They're always available to help—by smart phone computer or tablet. And you can talk to them about many health issues. They include allergies, cough, headache, sore throat, and other minor illnesses. MDLIVE offers other telehealth services too, including mental health therapy and dermatology virtual care. To learn more about this benefit, call Customer Service at **1-800-668-3813 (TTY 711)**.

Behavioral Health Services

Behavioral health services, including mental health and substance abuse services are covered by the plan. Customers and providers may access behavioral health services by calling Customer Service at **1-800-668-3813 (TTY 711)**. Our representatives can help locate behavioral health care providers or arrange inpatient admission authorization

What is the service area for your plan?

How do you find Plan Providers that serve your area?

You can also call Customer Service at **1-800-668-3813 (TTY 711)** for assistance or visit **CignaMedicare.com**. When you select a PCP, you will find a space on your Enrollment Application to enter the PCP's name. If you choose a PCP after your Enrollment Application has been submitted, call Customer Service and inform them of your PCP selection. Please keep in mind that if you do not select a PCP at the time of enrollment, we will select one for you based on where you live. If you want to change to another PCP, you may do so at any time by calling Customer Service.

2025 Pharmacy Directory

This Pharmacy Directory was updated in November 2025. For more recent information or other questions, please contact Cigna Healthcare Customer Service at **1-800-668-3813** (TTY 711), October 1 - March 31, 8 a.m. - 8 p.m. local time, 7 days a week. April 1 - September 30, 8 a.m. - 8 p.m. local time, Monday - Friday. Messaging service used weekends, after hours and on federal holidays. You can also visit **CignaMedicare.com**.

Introduction

When this Pharmacy Directory refers to “we,” “us,” or “our,” it means Cigna Healthcare Medicare Advantage. When it refers to “plan” or “our plan,” it means Cigna Preferred Medicare (HMO), Cigna TotalCare (HMO D-SNP), Cigna TotalCare Plus (HMO D-SNP).

This directory provides a list of your plan’s network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and your plan’s formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan enrollees. In most cases, your prescriptions are covered under your plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of November 2025. For the most current list, please call Customer Service at **1-800-668-3813** (TTY 711).

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with a gray box to distinguish them from other pharmacies in our network that offer standard cost-sharing. If you are a customer of our Cigna Medicare Advantage Primary HMO or Cigna Medicare Advantage TotalCare HMO plans, your cost-share is the same at a standard network pharmacy as it would be at a preferred network pharmacy.

You can get prescription drugs shipped to your home through our network mail order delivery program. Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order and your method of payment. If you do not receive your prescription drug(s) within this time, please let us know. For more information, please contact us or see the mail order section of this *Pharmacy Directory*.

This directory is for **Florida Counties:** Bay, Escambia, Okaloosa, Santa Rosa and Walton. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our plan.

For information on more pharmacies in our plan network not listed in this directory or for any other questions about this directory, please call Customer Service at **1-800-668-3813** (TTY 711).
