

SAME PROTECTION. NEW PACKAGE.

You may notice that this shipment of your medicine is in a different type of cooler. This new packaging keeps your medicine at the same safe temperature, but is easier to recycle. After removing the contents, just toss the box in your recycle bin.

Safe for your medicine. Safe for the planet.

Made with 90%

Safe shipping with science

To make sure your medicine stays at the right temperature on its way to you, we use a scientific formula that plans for time, weather forecast, mode of transit and more. Then, we use a specific number of ice packs to make sure your medicine stays safe. Here are two examples of how it works. One cooler is traveling from New Castle, DE to Boston, MA. The other from New Castle, DE to Los Angeles, CA.

Los Angeles

Shipped via
FedEx Air

2-day
shipping

Large cooler
11 ice packs*

LOS ANGELES, CA
91°

BOSTON, MA
45°

NEW CASTLE, DE
62°

Boston

Shipped via
UPS Ground

2-day
shipping

Medium cooler
4 ice packs*

SMART ICE PACKS

If your ice packs melted during the trip, don't worry!
We plan for the packs to melt. This helps keep
your package at the right temperature the whole way.

If you have any questions, please call the toll-free number on your prescription label.

*Number of ice packs listed is for example purposes only.
