## Preguntas frecuentes

Aquí encontrará respuestas a preguntas que puede tener sobre su Lista de medicamentos y la cobertura de medicamentos con receta.

### **P. ¿Por qué hacen cambios en la Lista de medicamentos?**

**R.** Revisamos y actualizamos la Lista de medicamentos en forma regular para garantizar la cobertura de medicamentos seguros, eficaces y de bajo costo. Hacemos cambios por varios motivos; por ejemplo, cuando surge un medicamento nuevo, cuando algún medicamento deja de estar disponible o cuando cambia el precio de un medicamento. Estos cambios pueden incluir:

- Pasar un medicamento a un nivel de costos más bajo.
- Pasar un medicamento de marca a un nivel de costos más alto cuando haya un genérico disponible.
- Pasar un medicamento a un nivel de costos más alto y/o dejar de cubrir un medicamento.
- Agregar reglas (requisitos) de cobertura adicionales para un medicamento.

Cuando hacemos un cambio que afectará su medicamento (por ejemplo, empezará a costar más, dejará de estar cubierto y/o empezará a tener un requisito de cobertura adicional), le avisamos antes de que el cambio entre en vigor. De esta manera, usted tiene tiempo de hablar con su médico sobre las opciones disponibles. Solo usted y su médico pueden decidir qué es lo mejor para su tratamiento.

### **P. ¿Por qué mi plan no cubre determinados medicamentos?**

**R.** Para ayudar a reducir sus costos de cuidado de la salud totales, su plan no cubre determinados medicamentos de marca de alto costo que tienen alternativas de menor costo que pueden tratar la misma condición. Si su medicamento no está cubierto y su médico considera que un medicamento diferente no es adecuado para usted, el personal del consultorio puede pedirnos que lo cubramos a través de nuestro proceso de revisión.

También hay algunos medicamentos y productos que su plan no cubrirá en ningún caso, porque son una “exclusión del plan (o del beneficio)”. Esto significa que el medicamento o el producto no está en su Lista de medicamentos, y no existe la opción de pedirnos que lo cubramos a través de nuestro proceso de revisión de medicamentos. Por ejemplo, su plan no cubre (o “excluye”) medicamentos que no están aprobados por la FDA.

### **P. ¿Cómo deciden qué medicamentos cubrir?**

**R.** La Lista de medicamentos con receta es manejada por el Comité de Evaluación del Valor de

los Planes de Salud (HVAC, por sus siglas en inglés) que, sujeto a la revisión y aprobación de la Lista de medicamentos con receta por parte del Comité de Farmacia y Terapéutica (P&T, por sus siglas en inglés), toma decisiones sobre la asignación de niveles de cobertura de los medicamentos con receta o suministros relacionados y/o aplica requisitos de administración de la utilización a determinados medicamentos con receta o suministros relacionados.

Es posible que los niveles de cobertura de su Póliza/ Acuerdo de servicios contengan medicamentos con receta o suministros relacionados que sean medicamentos genéricos, medicamentos de marca o medicamentos de especialidad. La asignación de cualquier medicamento con receta o suministros relacionados a un nivel específico, y la aplicación de requisitos de administración de la utilización a un medicamento con receta, dependen de varios factores clínicos y económicos. Los factores clínicos incluyen, a modo de ejemplo, las evaluaciones del lugar de terapia, la seguridad relativa o la eficacia relativa del medicamento con receta o los suministros relacionados por parte del Comité de P&T, y los factores económicos incluyen, a modo de ejemplo, el costo y/o los reembolsos disponibles para los medicamentos con receta o los suministros relacionados.

Usted (o el miembro de su familia) y el médico que le receta medicamentos determinarán si un medicamento con receta o suministro relacionado en particular son apropiados para usted o cualquiera de los miembros de su familia, sin importar su elegibilidad para estar cubiertos por su Póliza/ Acuerdo de servicios.

### **P. ¿Por qué algunos medicamentos necesitan aprobación para que mi plan los cubra?**

**R.** El proceso de revisión ayuda a garantizar que usted esté recibiendo cobertura para el medicamento correcto, al costo correcto, en la cantidad correcta y para la situación correcta.

### **P. ¿Cómo sé si un medicamento necesita aprobación?**

**R.** Consulte su Lista de medicamentos o inicie sesión en la aplicación myCigna o en **myCigna.com** y use la herramienta *Price a Medication* (Conozca los precios de los medicamentos). Si al lado del nombre del medicamento aparece:

- **PA** (autorización previa) o **ST** (tratamiento escalonado), necesita aprobación para que su plan lo cubra.

## Preguntas frecuentes (cont.)

- **QL** (límite a la cantidad), es posible que necesite aprobación según la cantidad que le estén despachando de una vez.
- **AGE** (requisito de edad), es posible que necesite aprobación según su edad.

### P. ¿Qué tipos de medicamentos generalmente necesitan aprobación?

R. Medicamentos que:

- Pueden no ser seguros si se toman con otros medicamentos.
- Tienen alternativas de menor costo que son igual de eficaces para tratar la misma condición.
- Solo deberían usarse para determinadas condiciones médicas.
- Suelen usarse de manera incorrecta o presentan riesgo de abuso (tomarlos con mayor frecuencia de la recomendada).

### P. ¿Qué tipos de medicamentos generalmente tienen límites a la cantidad?

R. Medicamentos que:

- Se toman en una cantidad mayor o durante más tiempo del recomendado.
- Se usan de manera incorrecta o presentan riesgo de abuso (tomarlos con mayor frecuencia de la recomendada).

### P. ¿Qué medicamentos forman parte del programa de tratamiento escalonado?

R. En general, medicamentos de alto costo que se usan para tratar ciertas condiciones, tales como:

- |                                            |                                           |
|--------------------------------------------|-------------------------------------------|
| • Trastorno por déficit de atención (TDA)/ | • Pirosis/úlceras/acidez estomacal        |
| Trastorno por déficit de atención con      | • Presión arterial alta                   |
| hiperactividad (TDAH)                      | • Colesterol alto                         |
| • Alergias                                 | • Salud mental                            |
| • Asma/EPOC                                | • Vejiga hiperactiva/ problemas de vejiga |
| • Salud cardiovascular                     | • Control del dolor                       |
| • Diabetes                                 | • Trastornos del sueño                    |

### P. ¿Por qué mi medicamento tiene un requisito de edad?

R. No todos los medicamentos son adecuados para todas las edades. Algunos medicamentos son más eficaces en personas de cierta edad o dentro de un rango de edad específico. Con el paso del tiempo, los cambios en el organismo pueden disminuir la capacidad para descomponer o eliminar ciertos medicamentos, lo que hace que permanezcan más

tiempo en el cuerpo. Por esta razón, una persona adulta mayor podría necesitar una dosis más baja o un medicamento diferente que sea más seguro.

### P. ¿Cómo obtengo la aprobación (autorización previa) para mi medicamento?

R. Pídale al personal del consultorio de su médico que se comuniquen con nosotros para comenzar el proceso de revisión de la cobertura. Ellos saben cómo funciona el proceso de revisión y se ocuparán de todo por usted. Por si el personal del consultorio pregunta, pueden descargar un formulario de solicitud desde nuestro portal para proveedores en **cignaforhcp.com**.

Revisaremos la información que nos envíe su médico para asegurarnos de que usted cumpla con las reglas (los requisitos) de cobertura del medicamento. Les enviaremos una carta a usted y a su médico para comunicarles nuestra decisión (aprobado/no aprobado) y los próximos pasos. Esto puede demorar hasta cinco (5) días hábiles. Puede comunicarse con el consultorio de su médico en cualquier momento para averiguar si ya tomamos una decisión. O puede iniciar sesión en la aplicación myCigna o en **myCigna.com** para saber en qué parte del proceso de revisión está su medicamento o para leer la decisión que tomamos.

Muchas veces no recibimos toda la información necesaria del consultorio para poder aprobar la cobertura. Si no aprobamos su medicamento, su médico puede enviarnos más información para que la revisemos, usando el mismo proceso que antes. Con gusto revisaremos la solicitud nuevamente. Según lo que su médico envíe esta vez, es posible que podamos aprobar la cobertura. Si no es así, usted y su médico pueden apelar la decisión enviándonos una solicitud por escrito en la que se expliquen los motivos por los que deberíamos cubrir el medicamento.

### P. ¿Qué pasa si trato de que me despachen un medicamento con receta que necesita aprobación, pero no la obtengo de antemano?

R. Cuando su farmacéutico trate de despacharle la receta, verá que el medicamento necesita nuestra aprobación para tener cobertura. Como usted no obtuvo la aprobación de antemano, su plan no cubrirá el costo.

Podrá adquirir el medicamento de todos modos (sin usar su plan/seguro), pero pagará el precio total en la farmacia. En ese caso, lo que pague no podrá aplicarse a su deducible anual ni al desembolso máximo.

## Preguntas frecuentes (cont.)

**P. ¿Qué pasa si trato de que me despachen un medicamento con receta que tiene un límite de cantidad?**

**R.** Su farmacéutico solo le despachará la cantidad que cubra su plan. Si usted quiere que le despachen más de la cantidad permitida, el personal del consultorio puede pedirnos que cubramos esa cantidad mayor a través de nuestro proceso de revisión.

**P. ¿Todos los medicamentos incluidos en esta Lista de medicamentos están aprobados por la FDA?**

**R.** Sí.

**P. ¿Mi plan cubre medicamentos aprobados recientemente por la FDA?**

**R.** Nosotros revisamos todos los medicamentos y productos recientemente aprobados para determinar si deberían estar cubiertos y, en ese caso, con qué costo compartido (en qué nivel). Esto incluye, a modo de ejemplo, medicamentos, suministros médicos y/o dispositivos cubiertos por los beneficios de farmacia estándares. Desde la fecha de aprobación de la FDA, nuestra decisión puede demorar hasta seis meses.

Si su médico quiere usar un medicamento recientemente aprobado, el personal del consultorio puede pedirnos que lo cubramos a través de nuestro proceso de revisión.

**P. ¿Qué son los medicamentos preventivos?**

**R.** Los medicamentos preventivos pueden ayudarle a evitar ciertas condiciones médicas a largo plazo, como por ejemplo, asma, depresión, diabetes, ataque al corazón, presión arterial alta, colesterol alto, osteoporosis, carencia nutricional prenatal y derrame cerebral. Estos medicamentos mejoran sus probabilidades de mantenerse saludable y vivir más tiempo.

**P. ¿Qué medicamentos están cubiertos en virtud de la ley de reforma del cuidado de salud?**

**R.** La Ley de Protección al Paciente y Cuidado de Salud a Bajo Precio (PPACA, por sus siglas en inglés), conocida como la “reforma del cuidado de salud”, ayuda a que el cuidado de la salud y el cuidado preventivo sean más accesibles. La PPACA exige que los planes cubran el costo total de ciertos medicamentos preventivos y productos de venta sin receta (OTC, por sus siglas en inglés) preventivos. Esto significa que usted no tiene que pagar nada, ni siquiera un copago, coseguro o deducible, por estos productos.

Para ver una lista de los medicamentos que cuestan \$0, visite **Cigna.com/PDL** y haga clic en el vínculo *IFP PPACA No Cost-Share Preventive Drug List* (Lista de medicamentos preventivos sin costos compartidos según la PPACA de IFP).

**P. ¿Cómo puedo averiguar cuánto me costará mi medicamento?**

**R.** Cuando usted y su médico estén evaluando el medicamento correcto para su tratamiento, saber cuánto cuesta, qué opciones de menor costo están disponibles y qué farmacias tienen los mejores precios puede ayudarle a evitar sorpresas. Inicie sesión en la aplicación myCigna o en **myCigna.com** y use la herramienta *Price a Medication* (Conozca los precios de los medicamentos) para saber cuánto cuesta su medicamento antes de ir a la farmacia o incluso antes de irse del consultorio de su médico.<sup>3</sup>

**P. ¿Qué es el costo compartido?**

**R.** Es la cantidad que usted paga de su bolsillo por un medicamento con receta cubierto y/o un servicio de cuidado de la salud o un servicio relacionado elegible. Para algunos planes, el costo compartido es un copago; para otros planes, es un coseguro.

**P. ¿Cómo puedo ahorrar dinero en mis medicamentos con receta?**

**R.** Puede pensar en la posibilidad de usar un medicamento que esté cubierto en un nivel inferior, como un medicamento genérico o de marca preferida, o en pedir que le despachen un suministro para 90 días (si su plan lo permite). Pregúntele a su médico si alguna de estas opciones puede ser adecuada para usted.

**P. ¿Qué es un medicamento genérico?**

**R.** Un genérico es igual que su versión de marca. Tiene los mismos ingredientes activos, y la misma concentración y formulación, trata la(s) misma(s) condición(es), y actúa de la misma manera. Además, en general, cuesta menos.<sup>2</sup> Los medicamentos genéricos suelen venderse con su nombre químico o científico, en lugar del nombre de marca.

**P. ¿Los genéricos actúan de la misma manera que los medicamentos de marca?**

**R.** Sí. Los medicamentos genéricos actúan de la misma manera y tienen el mismo beneficio clínico que los medicamentos de marca.<sup>2</sup>

**P. ¿Cuáles son las diferencias entre los medicamentos genéricos y los de marca?**

**R.** Los medicamentos genéricos y los de marca pueden:<sup>2</sup>

## Preguntas frecuentes (cont.)

- Tener un aspecto diferente. Por ejemplo, los medicamentos genéricos pueden tener una forma, un tamaño o un color diferente a sus versiones de marca.
- Tener un sabor diferente y/o utilizar distintos conservantes, venir en un envase diferente y/o con un etiquetado distinto, y pueden tener una fecha de vencimiento diferente.

Es importante que sepa que estas diferencias no afectan la manera en que actúan los genéricos.

### **P. Mi farmacia no está en la red de mi plan. ¿Me pueden seguir despachando medicamentos con receta allí?**

**R.** Su plan no ofrece cobertura fuera de la red. Esto significa que tendrá que usar una farmacia de la red para que su medicamento tenga cobertura.

### **P. ¿Me pueden despachar mis recetas por correo?**

**R.** Sí.<sup>4</sup>
